THE MEDICAL SUCCESS OF THE AGE.—Leading druggists who have been in the business for half a life time, state that they have never known a medicine to enlist the entire and universal confidence of the public, as rapidly as HALE'S HONEY OF HORSKHOOD AND TAR. Although it has only been a few years in use, it has already taken precedence of all other medicines advertised as remedies for Coughs, Colds, and Incipient Consumption, and its annual sales are without a parallel in the history of this class of preparations.

## LOCAL AND OTHER MATTERS.

Thermometer 68 degrees F. in the shade, at 1 p.m. to-day. Fine, Some Clouds.

The Eclipse.—The biggest part of the eclipsing on Saturday night was done by floating clouds, and numbers of sky-gazers were disappointed thereat.

Theatre.—The play of "Christie Johnson" was presented again on Saturday evening, and was excellently played, L. H. Stevenson and Messrs. Graham and Thorne and others of the company appearing to good advantage.

Looking Ahead.—An attorney of this city computes that, providing the business of the Third District Court continues to be disposed of at the same daily ratio as since the beginning of the present term, there is sufficient now in hand to last for the next five years.

"Self-Government."—On Wednesday evening Brother Geo. Teasdale will deliver a lecture, under the auspices of the 19th Ward Young Men's Institute, at the Literary Institute building of that Ward, commencing at 7 o'clock; subject—"Self-Government." Bro. Teasdale is a pleasing and instructive lecturer, and will doubtless have a large audience. Admission free.

Why They Should Not.—The reason why the crusaders' ring should not be permitted to carry out their designs upon the "Mormon community are numerous and obvious. Some of the most prominent are—

First.—Every principle of justice would be outraged in harassing, annoying and expending an innocent and law-abiding people.

Second.—People cannot be driven any farther than the wall, and when they get there and are still pushed and jostled the consequences might be even too bad for contemplation. The "Mormons" are a most patient people, but there is a point beyond which human endurance does not extend.

Third.—The carrying out of certain schemes and conspiracies of the ring would be destructive of every business interest in this portion of the country, and because of this and other considerations the evil consequences would be felt by all classes of citizens, without exception.

For these and other reasons, too numerous to mention, the "Mormons" should be let alone in the enjoyment of their religious and political rights and privileges.

There is a class of citizens hereabout, not connected with the "Mormon" community, who view the situation dispassionately and fairly, and who are not willing to see undue advantages taken toward the people who have populated and built up the western country, nor to see conspiracies carried out against their peace and prosperity, and the influence of that fair-dealing and conscientious class, we believe, is being strongly felt.

## Our Country Contemporaries.

Ogden Junction, Oct. 24.—The mountain tops are white, and the breezes that come down from the heights, whippers of keen blasts and snowy storms to come before long. The peaks lift up their hoary heads as a reminder that winter is fast approaching, and that preparation should be made for its advent.

There are about fifty men employed on the works of the Ogden Iron and Manufacturing company at the present time, and it is expected that practical operations, by way of manufacturing iron, will be commenced some time during the month of December next.

Postmasters must be on the look out for bogus P. O. orders. From our Ogden correspondent we learn of the robbery of a bundle of 500 blank orders and services from Troy, O., numbered from 9251 to 9750 inclusive. A sharp watch should be set for them, as there is no doubt an attempt will be made to use them in some part of the country.

\$5,000 Trotting Race—Starm-Bronch Among the Democrats.

SAN FRANCISCO, 25.—"Occident," "Emancipator," and "Gleaner" have been entered for six thousand dollar trotting race on November seventh, in this city; betting is quite active.

The storm on Saturday, yesterday and last night was generally distributed throughout the State.

The breach amongst the Nevada Democrats is becoming wider. Williams will not retire, he holds that he is the regular party nominee, and Mitchell's friends are pushing his claims harder than ever.

Burned at Sea.

Parker, a passenger on the *Logan* tender from Tahiti, just arrived, reports that the ship *Algo* was burned at sea, one thousand four hundred miles from Moraynesia Island; the Captain, Freeman, and one crew member were killed.

The *Algo* was bound from Liverpool to this port.

Bad For the Caribbees.

London, 25.—France and Spain have each determined to send war vessels to the river Bidassoa, to

prevent the crossing of supplies for the Caribbees.

Should Brother Reynolds be convicted in the District Court and the verdict be sustained by the Supreme Court of the Territory, it is probable that the case will be carried to the Supreme Court of the United States, when the constitutionality of the anti-polygamy law of 1882 and other points will be tested.

Brother Reynolds is somewhat widely known and as extensively respected. He has been connected with the Church for many years, having been identified with it ever since he was about fourteen years of age, and being now about thirty-five.

During his whole career he has been actively engaged in various departments of the Church. He acted for some time as private secretary to President B. Young.

A year ago last summer he returned from a mission to England, to which he was called at a General Conference held in this City.

While in that country he labored in the editorial department of the *Millennial Star* office, Liverpool, and while Elder Albert Carrington, then President of the European mission, was absent in Utah, two years ago last Winter, Elder Reynolds was left in temporary charge of the mission. Brother Reynolds is a member of the Board of Regents of the University of Deseret.

This case will be watched with keen interest, it being the first indictment, so far as publicly known, for bigamy or polygamy, found by a grand jury empaneled under the recently enacted law of Congress known as the Poland bill.

Swallows.—For the benefit of the party who enquired, through the News, for the address of a family named Swallow, who came to Utah, we informed that they have gone to Fillmore, Millard Co., where some of their relatives resided previously.

Indicted for Illegal Voting.—Indictments having been found by the grand jury against Mr. and Mrs. Nelson, of the Nelson House, Tooele, on a charge of illegal voting, they were brought to the city on Saturday evening, and appeared in court to-day. They held bail for trial at the next term of court in the sum of \$1,000 each, the bonds being promptly furnished.

The Bohemian, No. 1, Vol. 1, an eight-page weekly quarto, designed as an illustrated chronicle of the art, literature and science of California. It promises that "its humor will be without malice and its critical articles written in a spirit of fairness and impartiality." Published every Saturday by Daniel O'Connell, San Francisco.

More Indictments.—Between eleven and twelve o'clock to-day the grand jury filed into court. The clerk called the names when, besides Mr. Husey, now in the east, and Col. Hicks, A. Zuppel, Elias McGuire and W. R. Judd failed to answer. The foreman, Mr. John Chislett, presented seven indictments, which were filed by the clerk, in presence of the jury.

Periodicals.—From Dwyer's Book Store we have received "The Popular Science Monthly," and "St. Nicholas," for November. The November number of "St. Nicholas" is number one of volume two of perhaps the most beautiful journal for girls and boys published in the world. "Popular Science" contains a portrait and sketch of Professor Haeckel, the famous German professor of natural history, and a fund of highly interesting scientific matter.

Home Fruits.—On Saturday Mr. M. B. Shipp, of the 11th Ward, placed before us a number of cans of fruit put up at his establishment, quantities of which will soon be on sale in the various stores. The fruit is from some of the best orchards and is prepared for the market in a most attractive and acceptable manner. Not only is the exterior of the cans as inviting as the imported article, but the contents are excellent, the fruit having been so manipulated as to preserve much of its original freshness and flavor. This home canned fruit will compete in price with the imported article. Let us eat our home raised fruit in preference to that which is imported.

Missionary Returned.—On Saturday Elder John Neff, of Pleasant Grove, Utah Co., returned from a mission to the eastern States. He was absent five months, during which time he visited in former homes in Morgan County, Ill., and Brown County, New York. While in the east he traveled in all about 6,000 miles. He met with many persons who were acquainted with the Prophet Joseph Smith, and the leading members and members of the Church. All his relations and acquaintances visited by him received him with the greatest kindness, and treated him with much consideration.

While in Illinois Elder Neff was interviewed by a reporter of the *Winchester, Ill., Independent*, whom he enlightened upon many points connected with "Mormonism." The result of the interview was subsequently published in that paper. Elder Neff is about eighty years old, but persons unacquainted with his age would take him to be much younger, being in excellent preservation and hale, hearty and sound.

A Genuine Polygamy Indictment.—Elder George Reynolds, of this City, hearing that an indictment had been found against him by the grand jury, for bigamy or polygamy, appeared in court this morning by way of surrendering himself. According to agreement between U. R. District Attorney Carey and one of Elder Reynolds' attorneys, Mr. Sutherland, the bonds were fixed at \$2,500, for which Mayor D. H. Wells, and Messrs. James Sharp and S. W. Sears be-

came forward, for his appearance for trial.

Should Brother Reynolds be convicted in the District Court and the verdict be sustained by the Supreme Court of the Territory, it is probable that the case will be carried to the Supreme Court of the United States, when the constitutionality of the anti-polygamy law of 1882 and other points will be tested.
