

SENIORS WANT SEPARATE SHOW.

Petition Faculty to Graduate Them Apart From Normals.

CHRONICLE FAVORS MOVE.

Holds That Combined Graduations Cheapen the B. A. Degree, and Retard School's Growth.

The discussion at the University of Utah on the question of separate graduation exercises for the college seniors and those who leave the normal course, took rather decided form yesterday afternoon when the senior class met and formally petitioned the faculty to grant separate exercises. Many in the meeting were in favor of more radical action, and it is stated by some of those present that a motion was made pledging the class to refuse to graduate in case the petition was not granted. The motion was withdrawn finally, and a more conservative one substituted, merely asking for separate graduation.

WHAT THE CHRONICLE SAYS.

The Chronicle, taking up the matter editorially, claims that it is a "cheapening of the B. A. degree" to have graduates of the normal school treated with the same consideration as graduates of the University, and also declares that this process of cheapening the degree has alienated many young men from the University, as they have preferred to go abroad for education to Stanford, Berkeley, Michigan, or Cornell, where the B. A. degree stands for something. Dr. Jordan is quoted as having said when he was here that the University must abolish its preparatory department and cease to cheapen its B. A. degree before it could become a big university. This action, the Chronicle declares, is now necessary to future growth.

STUDENT BODY AN ESSENTIAL.

In the same issue of the Chronicle, is an article on the education of the student body, which is now being investigated by a commission under Governor Cutler. It holds that a student body is one of the essentials of a university, and that the various schools of the state going under the name of universities, hold away from the University of Utah about 100 students who would greatly increase the efficiency of the central institution, and make it strong enough to cope with Idaho, Colorado, and Nevada institutions. It advocates making all schools except the University secondary schools, contributing prestige and influence to it as the center of the state system.

ITCH—RINGWORM.

E. P. Lucas, Wingo, Ky., writes, April 23, 1905: "For 10 to 12 years I have been afflicted with a malady known as the 'itch' or 'ringworm' which was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, but to no avail. I was told that a single application of Ballard's Pink Pills cured me completely and permanently. Since then I have used them on two separate occasions for ring worm and it cured completely. See bottle and bottle, Wingo, Ky. Z. C. M. I. Drug Dept., 112-114 South Main Street, St. Louis, Mo."

THE BLACK CAT RAID.

Results in Punishment of Women Inmates—No Penalty for Proprietor.

The principal case that came before the criminal division of the city court yesterday afternoon was that of the women arrested the previous night for resorting to the Black Cat saloon during the restricted hours. Three of the women appeared before the court, one being unable to be present, on account of sickness. Two of the accused pleaded guilty, and were fined \$5 each. The third, Olive Olson, through her attorney, James F. Smith, tried to prove her innocence, but was unsuccessful. She made admissions, and her counsel, in an attempt to show that the offense committed was not that of vagrancy, but prostitution. The court was displeased with the attorney's method of conducting the case, and threatened to end the case they and there unless different methods were pursued.

Some time ago the "News" made an expose of the disreputable joint known as the Black Cat, and suggested that it receive an official overhauling. The suggestion has been followed, to some extent, and the public will most heartily approve the action of the police in its raid upon the joint, but will fall to understand why the misguided women inmates only should be punished in such a case. The most effectual way in which to put a stop to the existence and practices of such dives is to withhold a license or withdraw the one already given. In that manner the trouble may be absolutely solved and future concern and visits of the police to the notorious resort be avoided.

THEY RATIFIED.

Student Body of the L. D. S. University Holds Lively Inauguration Meeting.

Yesterday in Barratt Hall the students of the Latter-day Saints University met in general class meeting to celebrate the inauguration of the new officers of the student society.

The officers elected for the ensuing semester are as follows:
President, Clyde W. Lindsay; vice president, Russell Y. Rosseter; treasurer, Horace W. Bond; secretary, Ethel Hepworth; athletic committee representative, Joe W. Mills.

The election occurred several days ago, and the independent ticket was successful by an average majority of about 16. The election was conducted on the Australian ballot system with printed ballots and regular election officers.

EVANGELIST COBURN'S SERMON

Preached Last Evening on Subject of The Three Crosses.

Evangelist Coburn preached last night on the three crosses at Calvary, with particular reference to the dying thief to whom the Savior said, "This day shalt thou be with me in paradise." The evangelist represented the cross of self-justification, while Christ represented the cross of salvation, and the repentant thief the cross of complete submission and surrender, with justification through Christ. There were nine converses. The meetings continue today, as usual, at the First Presbyterian church, 3 p. m., and in the Y. M. C. A. at 7:30 p. m. Tomorrow will be the last of the week-day meetings, and Sunday will complete the entire six weeks' series which Dr. Coburn has conducted in this city.

A MENACE TO HEALTH.

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities of the kidneys, and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. WOODMEN GIVE SMOKER.

Excelsior camp No. 10,852, Modern Woodmen of America, gave a smoker to its members and their friends last evening in Federation of Labor Hall. State Lecturer G. M. Sullivan was the principal speaker of the evening, and he was given a hearty reception. State District Deputy McGuire of this city and Neigh-neighbor of Chicago also spoke of the progress of the order. Other numbers on the program were piano selections, songs, a Chinese monologue, banjo solo, step-dancing and a four-round boxing contest. During the evening cigars were passed around among those present and punch was also served. There was a large attendance and an enjoyable time was had by all.

LA GRIPPE AND PNEUMONIA.

Pneumonia often follows La Grippe, but never follows the use of Foley's Honey and Tar. It cures La Grippe coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, of 157 Osgood St., Chicago, writes: "My wife had a severe case of La Grippe three years ago, and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Refuse substitutes. For sale by F. J. Hill Drug Co.

VERDICT FOR PLAINTIFF.

A. B. Wright Wins Suit Against Campbell Building Company.

The jury in the damage suit of Alonzo B. Wright, against the Campbell Building company, which has been on trial in Judge Lewis' court for the past 11 days, yesterday afternoon returned a verdict in favor of plaintiff for \$2,000. Wright sued to recover \$25,000 for injuries received in an elevator accident at the federal building during its construction. It was contended by the defendant that plaintiff had no right on the elevator and had been warned repeatedly not to ride on it. The case was argued and submitted to the jury late yesterday afternoon and after being out a short time the verdict, as given above, was rendered.

ALLEGES EXTREME CRUELTY.

Mrs. Evelyn Thomas Files Suit for Separate Maintenance.

Evelyn M. Thomas has filed suit for separate maintenance in the district court against Frank E. Thomas on the grounds of cruelty, desertion and non-support. The complaint alleges that the parties were married at Yuma, Ariz., April 1, 1905, and that ever since said marriage the defendant has failed to support plaintiff according to her station in life, and has failed to furnish her

BETTER THAN PIE.

Not Only the New Food But the Good Wife As Well.

When they brought the new food, Grape-Nuts, into the house the husband exclaimed: "It's first class, it's better than pie!" When it brought back the glow of health to the wife's cheeks, his admiration for it and her was increased, so she says, and the rest of her story follows:
"From childhood I was troubled with constant and often acute indigestion, and when my baby was born it turned out that he had inherited the awful ailment."
"A friend told me of Grape-Nuts and I invested in a box and began to eat according to directions. It was after only a few days that I found my long abused stomach was growing stronger and the attacks of indigestion were growing less frequent, and in an incredible short time they ceased altogether. With my perfect digestion restored came strong nerves, clear active brain, the glow of health to my cheeks, and I know I was a better wife and mother and more agreeable to live with under the new conditions."

"When the boy came to be 10 months old he developed such an appetite (his dyspepsia disappeared with mine) that his mother's milk was not sufficient for him. He rejected all baby foods, however, till I tried Grape-Nuts food, at Husband's suggestion. The youngster took to it at once and has eaten it daily ever since, thriving wonderfully on it. He now demands it at every meal and was much put out when he dined at a hotel a few days ago because the waitress could not fill his order for Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

with suitable clothing and money to satisfy her personal needs. It is further alleged that he has frequently deserted her and stayed away for a week at a time without cause and without providing her with means for her support. On Feb. 2, 1905, she alleges that he left their home and told her that he would never return to her or provide for her. Since that time she has not seen him and does not know where he is.

DAMAGE SUIT FILED.

William Clayton Asks for \$2,500 as Result of Street Car Accident.

The first damage suit against the Utah Light & Railway company on account of the recent accidents caused by the heavy fog has been filed in the district court by William Clayton, who was injured in a collision between two of defendant's cars on Ninth East between Tenth and Eleventh South streets on Jan. 23, 1906. Plaintiff alleges that he was a passenger on an Ashton avenue car at the time of the collision and that he received injuries to his head and body, and two of his ribs were fractured, and he asks damages in the sum of \$2,500.

DECREE FOR DEFENDANT.

A decree in favor of defendant has been rendered by Judge Morse in the case of Josephine Alcock against Ida Fitzgerald. Plaintiff sought to have a deed to certain property transferred by her to defendant, set aside on the ground of fraud. She claimed that defendant paid nothing for the property. Mrs. Fitzgerald, however, claimed that she paid plaintiff \$3,000 in cash for the property and a deed was given for it and placed on record in the county recorder's office. Judge Morse held that in his opinion there must have been some consideration for the deed and hence it was allowed to stand. Judgment was also rendered in favor of the Russell L. Tracy company for \$500, the amount of its mortgage on the property.

COURT NOTES.

Suit for divorce has been filed in the district court by Margaret Wagstaff against Roy Wagstaff on the ground of failure of support. They were married on March 29, 1905, and have one child, of which plaintiff asks the custody.

An attachment suit has been filed in the district court by the Utah Commercial & Savings bank against Martin A. Beckstead to recover \$4,500 alleged to be due on a promissory note executed by defendant on Jan. 11, 1902. Judgment is also asked for \$500 as attorney's fees.

Suit for divorce has been filed in the district court by Clara Moebest, against Clement H. Moebest, on the ground of cruelty. They were married in this city on April 1, 1905, and it is alleged by Mrs. Moebest that her husband has repeatedly used vile language towards her and has accused her of infidelity.

Judge Armstrong yesterday authorized Mrs. Helena W. Ewing, administratrix of the estate of Samuel C. Ewing, deceased, to sell the interest of the deceased in the Cullen hotel furniture and fixtures and also in the Cullen bar. The sale may be made publicly or privately without notice except in such terms as the court may require.

The information against Thomas Shear and Frank Warren has been dismissed by Judge Armstrong in the criminal division of the district court upon motion of Dist. Atty. Lofthouse on the ground of insufficiency of the evidence to convict. The two men were charged with burglarizing a Rio Grande Western boxcar at Bingham Junction on the night of Dec. 6, 1905.

The will of C. A. North, who died in this county on Jan. 31, 1906, has been filed for probate in the district court together with the petition of Alberine J. North, asking for letters testamentary upon the estate. The property of the estate consists of 65 acres of land in Mill Creek, together with stock and other personal property valued at about \$500.

A petition for letters of administration of the estate of Edwin C. Richmond, deceased, has been filed in the probate division of the district court by William P. Cooper. The decedent died in Pueblo, Colo., on Oct. 16, 1905, leaving an estate in Utah consisting of \$1,100 in cash and 1,000 shares of stock in the Richmond and Anaconda mining company. The heirs of the estate are residents of Stove, Vt.

PERSONALS.

Chief Deputy Sheriff J. Parley White has returned from a trip to San Francisco, after being gone for 10 days.

Mr. and Mrs. G. G. Wright are in the city from Idaho Falls, and are visiting for a few days with Mr. and Mrs. G. T. Odell.

City Treasurer Frank Swenson has been on the sick list for a day or two unable to be at his office. He has an attack of the la grippe.

J. E. Orbeson, formerly a teller at the National Bank of the Republic, and now a resident of San Francisco, has been made cashier of the State Savings & Commercial bank of that city.

John Duder has resigned his position as railway and construction engineer with the Utah Light & Railway company, and taken the position as engineer of streets under direction of L. C. Kelsey, city engineer.

Judge Johnson is at the Cullen from Spring City, and says that there is fog down there too, but not so much as there is here. There has been considerable snow, and the farmers are expecting good crops this summer.

Daniel E. McAllister, secretary and assistant general manager of the McAllister Lumber Supply company of Boulder, Colo., is in Salt Lake today on his way to Mexico City. He will also visit the Puget Sound lumber districts ere he returns home.

L. E. Hall and wife will remain through the month of February in southern California. They find the climate delightful down there, but are satisfied to retain their residence in Salt Lake. Dr. Beatty says of the southern climate that to live there would be like living on candy—very nice for a while, but it would hardly do all the time.

CHURCH NOTICES.

The quarterly conference of the Granite stake of Zion will be held at the stake tabernacle on Saturday and Sunday, Feb. 17 and 18, meetings to commence at 10 a. m. and 2 p. m. It is especially requested that the heads of all quorums, stake and ward organizations be present at the meetings to be held on Saturday.

A New Magazine for You

I am bringing out another new magazine that you will come pretty close to liking. I wouldn't be surprised if it hit you harder than anything in the shape of a magazine you have ever seen. There isn't much style to it, but it has the stuff in it that you and everybody else will want to read. It is called

THE SCRAP BOOK

Something New in Magazine Making

THE SCRAP BOOK is the most elastic thing that ever happened in the way of a magazine—elastic enough to carry anything from a tin whistle to a battleship. Everything that appeals to the human brain and human heart comes within its compass—fiction, which is the backbone of periodical circulation; biography, review, philosophy, science, art, poetry, wit, humor, pathos, satire, the weird, the mystical—everything that can be classified and everything that cannot be classified. A paragraph, a little bit, a saying, an editorial, a joke, a maxim, an epigram.

Nothing Like It in the World

There isn't anything in the world just like THE SCRAP BOOK. It is an idea on which we have been working for several years, and for which we have been gathering materials. We have bought hundreds and hundreds of scrap books from all over the country, some of them a century old, and are still buying them. From these books we are gathering and classifying an enormous number of gems, and facts and figures, and historical and personal bits that are of rare value. Furthermore, we have a corps of people ransacking libraries, reading all the current publications, the leading daily papers, and digging out curious and quaint facts and useful facts and figures from reference book, cyclopedias, etc., etc.

Don't fail to get a copy of this first issue of THE SCRAP BOOK. It sells at the price at which all our other magazines sell—Ten Cents a Copy and One Dollar by the Year.
