

## DYNAMITERS RENEW THEIR DEMANDS.

Threaten to Destroy Northern Pacific Railway if They Are Not Complied With.

GIVEN FIFTEEN DAYS' TIME.

Officials Say There Will be No Yielding and They Make Full Preparation.

Helena, Mont., Oct. 23.—The circumstance of a Northern Pacific train passing over a large quantity of dynamite, which, however, failed to explode, has led the officials of the railway to believe that the mysterious individuals who are demanding from them \$50,000 for fancied injuries mean business with their demand threats.

Under full steam in the Helena yards city stands day and night an engine coupled to two cars, one containing a score of armed men-hunters, many with well-earned reputations, and the other containing six bloodhounds imported from Texas and Nebraska, and a number of horses, all ready to start out on a chase after dynamiters at a moment's notice.

The total reward of \$10,000 for the apprehension and conviction of the dynamiters has caused hundreds of private detectives and noted Montana sheriffs to participate in the chase.

About two months ago the first of the seven letters was received by Vice President J. M. Hannaford. Soon after another was sent. These were mailed from Helena and Butte and demanded \$50,000 indemnity. The only reason given for the making of the demands was that the writers had been injured. The first of these threatening letters was as follows:

"July 16, 1903.

Dear Sir:—We write you this letter to notify you that we hold the Northern Pacific company for twenty-five thousand dollars (\$25,000) ransom, and if necessary, we will destroy your railroad

property until same is paid. "We will give you 15 days from date to think this matter over, and if at the expiration of this time you have decided to comply with our demands you can notify us of your decision in the following way: Tie a piece of white cloth to the drawhead of the last coach of each of your passenger trains running between St. Paul, Minn., and Spokane, Wash. Carry this signal until you are notified how to deliver the money. If at the expiration of 15 days from date you have not carried the signal mentioned above, we will begin destroying your property, and will continue to do so until the signal is carried. We wish to assure you that we mean business, and are willing to go the limit to gain our ends, and if it is necessary to destroy your property to bring you to terms, the danger will be of a very serious nature. We only ask a small part of what rightfully belongs to us, and when you people settle up to us, we will call it square. Thereafter, give the workmen more justice and you will avoid this kind of trouble. If we have to go to extremes in this matter we will increase the amount of the ransom. This letter must be delivered with the money. Yours truly, (No signature.)

This President Hannaford at once made the statement that "there shall be no yielding to any such preposterous demand." A posse of man-hunters was at once formed and large rewards were offered to no avail. Hundreds of detectives have been scouring the country for the dynamiters, but the nearest any one has come to locating the outlaw was the arrest of two men who are now being held in Helena, suspected of having committed the first two outrages—those at Livingston and Bozeman.

The day following the receipt of this letter saw the first attempt made to capture the dynamiters. The next day an attempt was made to blow up the steel bridge across the Yellowstone river at Livingston. The damage was slight. The following day a freight engine was dynamited at Bozeman.

The railroad company then received the fourth letter. Later a ton of dynamite was stolen from the warehouse of a local hardware concern. Soon after the fifth missive was received.

Then came a letter from Butte. Naturally the company did not pay the money, and as a consequence the ransom was doubled to \$50,000. Then an attempt was made to wreck the Helena connection of the North Coast Limited passenger train in Helena, but only slight damage was done.

The next step taken by the gang was to dynamite a freight train in Birdseye, eight miles west of Helena. The latest developments have come. A farmer of Townsend has discovered 70 pounds of dynamite hidden in a straw stack 25 miles from here. It is believed that the dynamite was placed there by a mounted man. This, coupled with the fact that horse tracks were discovered at the scene of the explosion near Bloss-

"THE NAME IS EVERYTHING."

## Esterbrook

on a pen is an absolute guarantee of its excellence. No. 130. Is exactly what its name implies. Try it. Over 150 varieties of other styles to suit every purpose. All stationers have them. Accept no substitute.

THE ESTERBROOK STEEL PEN CO. Works, Canada, N. J. 25 John Street, N. Y.

burg, seems to indicate that the men have a rendezvous somewhere near here, from which they sally forth on their raids.

## FARMER AND WIFE SHOT. They Were Sitting by Their Window When Fired On.

Port Jarvis, N. Y., Oct. 24.—Richard Bevans, a farmer, and his wife, who live a mile and a half from Dingman's Ferry, Pa., have been shot as they sat at a window of their home, and are expected to die. The neighborhood is being scoured for the assassin, but no clue to his identity or the motive for the shooting has been obtained. All that is known is that while the farmer and his wife were sitting near a window, after they had had their supper, two shots were fired from a gun loaded with buckshot. Mr. Bevans was struck in the head and arms by the charge. Mrs. Bevans received a mortal wound in the chest. The assassin must have lost no time in making his escape, for it was only a short time before searching parties were scouring and hunting the country, or miles around.

## War Department Estimates.

Washington, Oct. 23.—The estimates for the war department for the fiscal year ending June 30, 1905, shows a net increase over the estimates of the previous year of about \$10,000,000, this including about \$10,000,000 for river and harbor improvements for which no estimates were submitted last year. The estimate for the military establishment, which includes the pay, equip-

ment and supplies for the army, is about \$75,000,000, or \$200,000 less than last year. The estimate for public works of a military character which includes arsenals, forts, barracks, buildings and grounds aggregating \$24,000,000 would be \$16,000,000 less than last year.

## A DASTARDLY ACT. Some Miscreant Turned Water Into Morris Hill Cemetery, Boise.

Butte, Mont., Oct. 23.—A Miner special from Boise, Idaho, says that an unknown miscreant last night turned the water from an irrigating lateral into Morris Hill cemetery, where it did untold damage to the last resting places of numerous former owners of Boise. The identity of the perpetrator of the deed is entirely unknown but the authorities are making every effort to locate him. During the night hours were placed across the irrigating lateral from which water is secured for the watering of the graves of the city of the dead, diverting the full flow of the stream into the cemetery. Following the deed, the various parts of the cemetery graves generally of persons but lately buried were found caved in this morning from the devastating waters and presented a ghastly appearance.

## Rejane Divorce Suit.

Paris, Oct. 23.—Preliminary to the hearings in the divorce suit brought by Mme. Rejane against her husband, M. Porel, her manager and director of the vaudeville theater, and the counter suit brought by M. Porel against Mme. Rejane, the couple appeared before Judge Ditté, president of the tribunal of first instance today for the judicial effort to effect a reconciliation. Only a few minutes were necessary to show the judge that neither of the parties was inclined to a reconciliation, and at the end of the hearing, as witnesses the document drawn up and signed by the judge in his formal decision that no reconciliation could be effected. The judge Ditté conferred the daughter of the couple to Mme. Rejane and gave the custody of their son to M. Porel. Mme. Rejane having the right to receive her son each day at breakfast.

## THAT EXTRA SESSION.

May Take Up Isthmian Canal Question.

Washington, Oct. 23.—While President Roosevelt designated in his proclamation calling Congress into extraordinary session only the subject of reciprocity for Cuba, it is reasonably certain that the senate at least will have the isthmian canal question brought directly to its attention. Senator Morgan of Alabama has indicated his intention of introducing a resolution bearing upon the canal.

Mr. Morgan will endeavor to show that the Panama route is now beyond consideration and he will urge that it is the duty of the president under the Spooner law, to construct the canal immediately by the Nicaragua route. News has reached the isthmus that congress has agreed with the relief executive, to adjourn on the 14th of November, notwithstanding the wish of many congressmen to postpone adjournment until a decision of the canal matter can be reached in the American Congress.

## A "GOOD TIME" DECISION.

Will Have Effect of Releasing Nearly a Hundred Prisoners.

Jackson, Mich., Oct. 23.—Under a decision handed down today by the state supreme court, nearly 100 prisoners in the prison here will be released at once. John Harney, a prisoner under a ten years' sentence for burglary, should have been released some weeks ago if allowed his "good time," but the prison officials claimed that he was a "bad term" and not entitled to "good time." Harney carried the case to the supreme court, where it was held that the sentence Harney had served in the state reformatory for assault and battery should not be reckoned against him in deciding his claim for "good time." The supreme court coincided with this view.

The decision will give a number of other convicts "good time," and will result, the prison officials say, in the release of nearly 100.

## San Antonio Quarantined.

Austin, Tex., Oct. 23.—Gov. Lanham today quarantined all Texas against San Antonio on account of the yellow fever there. The order is mandatory on all railroads to operate no trains in or out of San Antonio from noon to 10 p. m. or handle any freight or passenger business from that city in any shape whatsoever.

## Emperor William in a Bog.

Berlin, Oct. 23.—Emperor William sank to his knees in a bog during a recent deerstalking at Rominten. The foresters in attendance pulled him out of the mire and he continued to hunt, without changing his clothes until evening.

Later the emperor gave orders that sixty prisoners be sent to Rominten from Koenigsburg to drain the morass and afterwards fill it up with earth.

## GOV. PEABODY SUE.

C. K. Kennison Wants Damages For Being Put in the Bull Pen.

Colorado Springs, Colo., Oct. 23.—A special to the Gazette from Cripple Creek says: C. K. Kennison today filed suit in the district court against Gov. James Peabody, Sherman M. Bell, John Chase and T. C. McClelland for \$10,000 damages. The complaint recites that on Oct. 18 plaintiff was thrown in the bull pen at Camp Goldfield and confined against his wishes and was compelled to sleep on the bare ground with a guard constantly on him; that the plaintiff was in the bull pen for 10 days, during which time he was deprived of his liberty, which greatly humiliated him in mind and he also suffered exposure.

W. F. Davis, another prominent union man, who was confined at the same time, also brings suit for an equal amount.

The complaint is virtually the same as Mr. Kennison's.

## Nome Councilman Indicted.

Seattle, Wash., Oct. 23.—Nome, Alaska, advises state that Councilman E. E. Hill of that city has been indicted by the federal grand jury upon the charge of extorting money from dance hall women.

Four indictments were returned against James C. Beasley, two charging him with forging and two with uttering forged checks for \$500 each and hand. He gave bail in the sum of \$11,500. Beasley was recently apprehended in South Africa and taken back to Nome.

## Fire at Burke, Idaho.

Spokane, Wash., Oct. 23.—Fourteen buildings were destroyed, one woman burned to death and another seriously injured, as the result of a disastrous fire early this morning in the town of Burke, Ida., according to a special to the Chronicle.

Mrs. Brandt was burned to death in the flames, her body being badly charred. M. T. Freeman is fatally burned about the head, face and hands and feet. John Snyder was burned about the hands and face. The fire started in the miners' lodging house from unknown causes. The loss is estimated at \$10,000 with no insurance.

## AN ORDINANCE.

An ordinance confirming and granting to The Rio Grande Western Railway Company a right of way in certain streets in Salt Lake City, Utah, to construct railroad tracks, a passenger depot and a freight depot.

Be it ordained by the City Council of Salt Lake City, Utah:

Section 1. That the franchise heretofore granted to the Salt Lake & Fort Douglas Railway Company and its successors and assigns to construct and operate a line of railroad in Fourth West Street, from Eighth South Street to Fifth North Street, with side and switch tracks and connections, and to which franchise and right of way The Rio Grande Western Railway Company has become the assignee and successor in interest of the grantee, is hereby confirmed and granted to the named company, its successors and assigns, but under and subject to the limitation that the main track shall be maintained on the westerly side of the track of the Oregon Short Line Railroad Company, as now located, and the further right of way is hereby granted to said company, its successors and assigns, to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West Street, from Eighth South Street to Fifth North Street, and thence northwesterly across streets of the city to Ninth North Street, and from the last named point said main standard gauge double track shall connect with its main line as now located, at or near Lincoln Avenue in Superior Addition to Salt Lake City, the intent hereof being to grant to said company a right of way to lay, maintain and operate, with necessary side and switch tracks, cross-overs and connections, a main standard gauge double track on Fourth West
