papers sent to subscribers by mail have the names stamped upon them, with figures opposite to indicate when the subscriptions will expire. For instance, John Smith, 4-11-7, means that John Smith's subscription will expire on the 4th day of the 11th month of this year, or November 4th, 18-7. Subscribers will please notice the figures on their papers, to see that they have their proper credits, and also to know when to renew their subscriptions, the rule being to stop the paper when the subscription expires.

THE DESERET NEWS CO.,  
SALT LAKE CITY, UTAH.

FROM TUESDAY'S DAILY, AUG. 2.

### Bound Over.

Olas Johnson, who was brought from Sandy yesterday afternoon on a charge of unlawful cohabitation, was taken before Commissioner Norrell and pleaded guilty. He was placed under \$1000 bonds to appear in the Third District Court at the September term.

### Dismissed.

The proceedings in the unlawful cohabitation case against Dr. Semour B. Young, before Commissioner McKay, have been dismissed. The reason alleged by the prosecution for this action was that it was impossible to obtain any witnesses.

### Served His Second Term.

Brother Andrew W. Cooley, who was sentenced last March, for the second time, to the full term under the Edmunds law for living with his wives, is again at liberty, having served his second term of imprisonment. He has been sick during the entire term of his imprisonment, and is now in a very delicate state of health.

### Will Not Interfere.

A petition having been presented to Governor West by Messrs. Williams and Sheeks, the attorneys for Fred Hopt, in his trial for the murder of John F. Turner, asking that the Governor commute the sentence to imprisonment for life. His Excellency declined to take any action in the matter, the reasons advanced being insufficient to cause his interference with the due course of law. Hopt will therefore die on August 11th.

### Allowed to Attend the Funeral.

A day or two ago a four months' old child of Brother David John, of Provo, died. Brother John was in the penitentiary, serving a term, which does not expire till Saturday next, for living with his wives. Application was made by the family for permission for Brother John to attend the funeral of his little one, and Marshal Dyer kindly granted the request. Yesterday Brother John went down to Provo, in the custody of Deputy Cannon, and attended the funeral service, and returned to the penitentiary last evening. The bereaved family and friends are grateful to the Marshal for his courtesy and kindness under the circumstances.

### Memorial Services.

A correspondent "Desereter," writes from Deseret, Millard County, July 29th, as follows:

"On the 25th inst., as per programme, the citizens assembled at the bower to celebrate Pioneer Day. As the procession was being formed, the Bishop received a telegram informing him of the serious illness of President Taylor.

The programme was dispensed with and the assembly was addressed by the Bishop and others, in a manner suitable to the occasion.

On receipt of the news of the death of President Taylor, the sisters of the Relief Society draped the school-house, and large portraits of Joseph Smith, Brigham Young and President Taylor were beautifully

DRAPED IN CRAPE.

At 7 o'clock a.m. to-day the bell tolled the death knell of our beloved Presi-

dent. Promptly at noon the Saints assembled and were addressed by the Bishop, his Counselors and others, upon the prominent events of the life of the departed. Many were the tears that fell for the memory of our beloved President.

The business houses of the Saints were closed and with the Bishop's residence, were tastefully draped in black."

### HOMICIDE AT PARK CITY.

A Political Quarrel Results in a Shooting Scrape.

Yesterday was a lively one at Park City, owing to the election, but general good feeling seemed to prevail, and whatever disputes there were over political issues were chiefly of a good-natured order. Just before the polls closed, however, a shooting affair, growing out of a quarrel about politics, threw the town into a fever of excitement.

During the day three tickets had been in the field. Two of these were the regular People's and "Liberal" party tickets; the third was called the Independent ticket, which was the same as the "Liberal," with the exception of the name of D. C. McLaughlin, for representative in the Legislature, the independent substituting Charles Street. Shortly after 7 o'clock last evening a number of men were in Cupit & Brennan's saloon discussing the political situation. Two of these were Neal Mulloy and Joseph Hughes. They were having a wordy wrangle over McLaughlin, and soon got to quarreling and calling each other bad names. By this time the men had got outside of the saloon, at the back, and Mulloy drew a revolver and fired at Hughes. The bullet entered the latter's body, near the heart. The entrance was just below the left nipple.

After the shooting, Mulloy ran out into a back street and made for the hills. Sheriff Allison and Mr. Bennett were standing on the steps of a building opposite the front of the saloon. Their attention was attracted by the report of the pistol and by some one at the saloon calling out that there was some shooting going on. They at once started on a run, jumping over fences, and quickly gaining on Mulloy, whom they had discovered in his flight. Mr. Bennett was the first to get to the fleeing man, and took him into custody. In going to the saloon the officers arrested a man named Sweeney, who, it is alleged, handed Mulloy the pistol as he went out of the premises.

Hughes was taken for surgical attendance, but the medical men at once pronounced his case hopeless. He was an employe at the Ontario mine, and had been in the camp four or five years, having once been a section hand on the Utah Eastern. He was not considered to be a bad man, though he was rather brusque in his manners.

As the news of what had occurred became known, the excitement among some of the miners became intense. Some one proposed lynching, and the idea was taken up and spread like wildfire. Sheriff Allison and City Marshal Kescil soon became aware of what was going on, and remembering the lynching of Murphy at the Park a few years ago, determined to prevent a recurrence of such a spectacle. They obtained a vehicle, in which they placed their prisoner, and started down the cañon for Salt Lake. They arrived here early this morning and placed Mulloy in the penitentiary for safe-keeping. He has expressed a desire to waive the preliminary examination before the Commissioner, and this will probably be allowed and the case be sent to the next grand jury. Mulloy has been at the Park a year or so, and formerly worked at the Ontario, but was discharged last June owing to a dispute in which he had taken part. He is a kind of bully, being, as the officers describe him, "one of those men who know it all."

### THE ELECTION.

The People's Party Voters Do Their Duty Nobly.

VARIAN BAULY BEATEN IN THE SECOND PRECINCT.

THE LIBERALS ONLY SECURE FOUR IN THE NEXT LEGISLATURE.

Yesterday was the first general election in this Territory under the Edmunds-Tucker law passed last Congress. The number of voters had been considerably reduced by the disfranchisement of the women voters, and in several districts the "Liberal" voters had been largely increased. By the political ferry-mandering in re-districting the Territory, it was hoped to elect a large number of "Liberal" members to the next Legislature, and three months ago that party openly boasted that it would get a fair working majority. Their strongholds, however, were in the districts which included Park City, Ogden, Frisco, Bing-

ham, Stockton, and the First, Second and Fifth precincts, Salt Lake City. The result of yesterday's election, shows that the "Liberals" have secured at most but four out of the thirty-six members which make up the Legislature, these being Thomas Marshall, Fifth Council District, John M. Young, Fourth Council District, E. D. Hoge, Twelfth Representative District, and D. C. McLaughlin, Seventh Representative District. McLaughlin's district, which included Summit County, elected the whole "Liberal" county ticket.

#### IN THE FIRST PRECINCT

of this city, the voting was full, but there was little if any excitement. The result was that the People's candidate for the Legislature, Hon. W. W. Ritter, received 128 majority over H. W. Lawrence, "Liberal." The vote stood:

People..... 304  
Liberal..... 176

#### VOTE ON THE CONSTITUTION.

Yes..... 395  
No..... 4

#### SECOND PRECINCT.

The polling place for this precinct was at the County Court House. One of the judges of election appointed by the Utah Commission, A. H. Kelly, arrived on the scene too late, and a People's Party man, L. C. Shaw, was elected by the voters. The tardy judge did not like it, and looked pretty blue the rest of the day, but he had to accept the inevitable. In the morning the People voted heavy, and three-fourths of their vote was in by noon. Between 1 and 3 the "Liberals" began to roll up their votes. They engaged nearly all the excursion wagons in town, and drummed up voters at every place where they were to be found. They slowly crept up until at 4 p. m. they were estimated to be within about 30 of the People's vote. The committee of the latter party, however, were determined on holding the fort. They gathered in their voters one by one, casting ballot for ballot with the other side. In fact, it can be said that this precinct had the best management and showed the closest work that has ever been done at any election in Utah. During the afternoon Mr. Varian spent a great portion of his time at the Court House, and freely offered a wager that he was elected, but the boys "bluffed" him and enjoyed themselves hugely at his expense. The result of the day was that in this precinct, where the "Liberals" have over 100 majority on the registry list, the people won the day by 33 majority.

The figures are as follows:

People..... 437  
"Liberals"..... 338

#### ON THE CONSTITUTION.

Yes..... 425  
No..... 2

#### THIRD PRECINCT.

This is a People's stronghold, but like the other districts, there was no lack of energy, the voters coming out strong. Here the vote stood:

People..... 392  
"Liberals"..... 46

#### CONSTITUTION.

Yes..... 390  
No..... 3

#### FOURTH PRECINCT.

The polling place of this precinct was the Twentieth Ward schoolhouse. The People's Party turned out well. The total of votes polled was 362. Of these the People's Party cast 333; of the "Liberals" 59. Following are the votes cast for the respective candidates:

#### FOR COUNCILOR:

Elias A. Smith..... 303  
J. L. Rawlins..... 10  
W. W. Woods..... 2  
F. Armstrong..... 1  
H. Anderson..... 2

#### FOR REPRESENTATIVE:

James H. Moyle..... 302  
W. W. Woods..... 13  
W. E. Smedley..... 1  
J. L. Rawlins..... 1  
A. Pratt..... 1  
W. C. Dunbar..... 1  
P. L. Williams..... 2

The "Liberals" scattered their little strength among candidates for the legislature, but centered it on their candidates for county officers, giving them 58 and 59 votes each.

It will be observed that some apparently random and aimless scratching was done in this precinct.

#### FIFTH PRECINCT.

In the Fifth Precinct the work of the People was known to be a forlorn hope. But the People's Party did their best, and the "Liberals" were left without much to crow over. They gained the precinct, but only by 86 votes. E. D. Hoge was elected over Thos. Williams, to the Legislature, by this vote:

People..... 231  
"Liberals"..... 317

#### CONSTITUTION.

Yes..... 250  
No..... 1

#### THE TOTAL

vote of the city precincts is as follows:

#### Fifth Council District.

John R. Winder (People)..... 655  
Thomas Marshall ("Liberal")..... 724  
F. Little..... 1

#### Sixth Council District.

E. A. Smith (People)..... 694  
J. L. Rawlins..... 10  
Scattering..... 5

#### Eleventh Representative District.

J. H. Moyle (People)..... 695  
W. W. Woods ("Liberal")..... 25  
Scattering..... 9

#### COUNTY TICKET.

Selectman:  
E. M. Weiler..... 1,667  
M. Gibbons..... 994

Treasurer:  
M. E. Cummings..... 1,606  
H. D. Rupperto..... 992

Collector:  
L. G. Hardy..... 1966  
J. W. Greenman..... 994

Superintendent of Schools:  
W. M. Stewart..... 1,606  
J. F. Millepugh..... 995  
Jos. T. Kingsbury..... 1

Commissioners to Locate University Lands:  
F. A. Mitchell..... 1,861  
I. M. Waddell..... 1,667  
R. A. Ballantyne..... 1,667  
L. S. Halls..... 1  
M. Gibbons..... 1

The People made a clean sweep of all the offices.

The city vote was as follows on the CONSTITUTION:

Yes..... 1637  
No..... 12

#### OGDEN.

The number of registered voters in Ogden is a little under 1,000. Of these, 727 voted.

The vote stood as follows for the Ogden precinct:

For Commissioners to locate University Lands:  
F. A. Mitchell..... 508  
I. M. Waddell..... 508  
R. A. Ballantyne..... 508

For Councilor to the Legislative Assembly for the Third Council District:  
Lewis W. Shurtliff..... 504  
Abbot R. Heywood..... 219

A majority for Mr. Shurtliff, the People's Party candidate, of 285.

For Representative to the Legislative Assembly for the Fourth District:  
Charles C. Richards..... 568  
Edwin A. McDaniel..... 216

A majority for Mr. Richards of 287.

For Selectman:  
Thomas Wallace..... 505  
Charles Webb..... 219

A majority for the People's Party candidate, Mr. Wallace, of 286.

For Superintendent of District Schools:  
E. H. Anderson..... 506  
H. W. King..... 219

A majority for Mr. Anderson, People's Party candidate, 287.

For County Recorder:  
Jos. A. West..... 479

The Liberal party put up no candidate for this office.

For Justice of the Peace of Ogden Precinct:  
Thomas D. Dee..... 502  
Lindsay R. Rogers..... 217

The People's Party candidate, Mr. Dee, secured a majority of 285.

The vote on the State Constitution was: Yeas, 504; No, 2.

Nath'l Montgomery is elected in the fifth representative district, comprising all of Weber County outside the city.

#### BRIGHAM CITY.

In this, the principal precinct of Box Elder County, the People's Party cast 167 votes, the "Liberals" only 3. The vote on the Constitution was, Yes, 165; No, none.

#### OTHER NOTES.

The Council district, embracing Stockton and Bingham, will elect the People's candidate, Richard Howe, though those two points gave the "Liberals" 223 majority. The House district, comprising all of Tooele County and the above precincts, will elect D. D. Houtz, the People's candidate.

The latest advices from Park City, which embraces six polling places, give the following:

#### COUNCIL.

John M. Young..... 703  
Adam Speirs..... 19

#### HOUSE.

D. C. McLaughlin..... 617  
John Boyden..... 19  
Charles Street..... 83

Giving all the other Summit County towns and Sugar House Ward 100 per cent for the registration, this elects the "Liberal" ticket by from 150 to 200 majority. Moore was scratched in favor of Cluff, but inconsiderably.

Joseph Boll, Jr., returned from England on last evening's Utah Central train. He voted the People's ticket.

The result of yesterday's voting in this city shows that the next municipal election in Salt Lake will be carried by the People's Party.

Several voters came up from Mantli to help defeat Varian—and they did it.

The "Liberals" wanted several of the chain gang released so they could vote for their candidates. They didn't get them.

### Election at Springville.

"B." writing from Springville, Utah County, says: "Our election passed off very quietly. We have 414 registered voters here, and 318 votes were cast. A great many of our people are away from home, in Colorado and other places, at work. The State Constitution was well supported by the People's Party. Forty-three votes were polled by the Liberals. The People's Party overwhelmed their adversaries on municipal, county and legislative tickets."

### Poor Mail Service.

A correspondent writes as follows from Lake Town, Rich County, July 29th:

"The News published Tuesday has not yet arrived and will not till tomorrow, Saturday. The old way is being renewed with a vengeance. People are the more anxious on account of President Taylor's death. Often of late our papers have gone via Montpelier, and we are left in disagreeable suspense for a couple of days later in consequence. Kindly try to have the powers that be avoid repetition of these inconveniences."

### A REPLY.

SALT LAKE CITY,  
August 2nd, 1887.

Editor Deseret News:

In your yesterday's issue you had an article headed "Blooded Stock." By permission of space in your valuable paper, I would like to make a brief reply.

You state that the communication was sent in by a "youth who signed himself W. A. L." Thanks for saying it was from a youth, otherwise I should have thought it from a girl, judging from the expressions used and the conclusions arrived at. He says—"I think if the stockmen, instead of talking so much about people being asleep, would import a large number of breed animals, turn them out on a ranch in order that they may multiply, the stockmen in a short time would be able to sell the bred stock much cheaper, etc. Right here the youth shows his inexperience. Everybody who knows anything of fine stock, knows that they need fine care and cannot be turned out on the range to hunt feed and shelter for themselves, like our common cattle. It is care that has made fine stock what they are. There is no fine stock, no matter whether cows, horses, pigs, chickens or any other animals, but what have been made fine stock by improvement—that is, by care in feeding, sheltering etc., and by care in breeding according to the laws of nature, not for a few years only, but for generation after generation. Then by using fine stock, you get the benefit of other men's labor, or what would take you more than a lifetime to obtain otherwise.

Right here lies the reason of "the enormous prices asked by our importers for their 'bred stock.'" The prices asked may appear enormous to many, but those prices are extremely low when you take into consideration the amount of labor that has been used to produce the animals and the amount of improvement made when blooded bulls are used to cross on our common cattle.

They are very low in comparison with other localities. It will not be long before people will become educated up to those prices, (but very little in advance of eastern prices) or, to use a common expression, "see where so much money comes in on them." East they think nothing of paying five hundred dollars for an animal. This last spring there was a whole family (the Duchess family) of shorthorns that sold for an average of sixteen hundred and sixty-six dollars a head.

Now, in conclusion: The substance of the quotation made in the first part of this article is this: The stockmen (who are millionaires) ought to sell fine stock to the farmers (who are poor) at low prices. That is, at prices but little in advance of prices of scrub stock. Now do you think this is proper? To ask stockmen to do this after they have spent years of their time (as those who are referred to have) in working for the welfare of the stockmen and farmers, the selling of stock being an afterthought and a secondary consideration with them? The only way to do is for farmers and stockmen to buy what blooded stock they need. They are all able, but rather too poor to keep the scrub. When they do this it will not be long before Utah will stand foremost in the quality of her stock, for she has the climate and other conditions to produce that result.

Yours, "H. J. JUNIOR."

Says the Heppner (Ore.) Gazette: "At Walla Walla, H. S. Blufford's experimental garden is crossing strawberry plants, sugar-cane and milkweed to produce a new species of vine which will grow sugar and cream in connection with strawberries."
