GREEK'S INJURIES PROVED FATAL

George Dupas Crushed Beneath Car in Southern Pacific Yards.

BISHOP RACKHAM HONORED.

Appointments Made by Industrial School Board—Bound Over to Keep Peace.

Ogden, Utah, Nov. 9.—George Dupas died from the injuries he received in the Union depot yards yesterday. He was employed as assistant car repairer for the Southern Pacific, and with the gang of men was working on a car. Switch engine No. 1109, in charge of Engineer Murphy and Fireman Williams, was switching some cars on the same track as the car was standing being repaired. Foreman Jenkins seeing the danger, warned the men to get away, which they did, including Dupas, who went back supposedly for something he had left under the car and was caught beneath the wheels and so badly crushed that he died within a few hours. Dupas was a Greek, who has lived here for some time past. He was 45 years of age and had a wife and family in his native land.

AN OCTOGENARIAN.

The eightieth birthday of Bishop John Rackham was celebrated yesterday by a family reunion held last evening at the Fifth ward amusement hall, which was participated in by his sons, numbering almost 100, and a large number of neighbors and old friends, who enjoyed themselves until the midnight hour. His grandson, Joshua Rackham, Jr., was master of ceremonies. A sumptuous banquet was served in the large hall, two tables reaching almost the entire length being spread with all the delicacies desirable. The tables were decorated with cut flowers. The following program was rendered: The assembly sang, "O Ye Mountains High," address of welcome, Walter Crane; fancy drill by the grandchildren, under direction of Mrs. Elizabeth Lech; violin solo, James Rackham; essay, Mrs. Annie Bolander; reminiscences of his association with the host, Charles Kent; solo, Rachael Rackham; solo, Tillie Hancock; remarks, John Rackham; selection by orchestra; recitation, Birtie Cunningham; solo, Katie Rackham; remarks, President C. F. Middleton; solo, Joshua Rackham, Jr.; remarks, John Crawford. John Rackham was born at Weston, England, Nov. 3, 1826. When a young man he joined the Latter-day Saint church and emigrated to Utah. For many years he was baggage master for the Utah Central railroad. He was bishop of the Warder ward for about 15 years, having been honorably released a few months ago because of advanced age. He has been blessed with 14 children, 70 grandchildren and 2 great-grandchildren.

APPOINTMENT OF FUNDS.

The board of trustees of the state industrial school has fixed the estimate for running the institution during the year of 1907 at \$136,000, for the following purposes: General maintenance, \$50,000; new site and building for \$20,000; manual training, \$10,000; improvements and repairs, \$5,000; laying of waterworks system to the school, \$2,000; purchasing of additional farming land, \$2,000. The report asking for that amount will be forwarded to the governor to be presented to the legislature.

BIDS FOR PIPE LINE.

Bids were opened for the laying of the pipe line from Moore's spring to the school buildings, and was awarded to the Washington Pipe & Foundry company of Seattle, who will lay 6,200 feet of six-inch pipe, and 6,800 feet of three-inch pipe. Several inmates were released; \$1,250 was ordered as a loan to pay for the damage done to the school buildings by the recent storms.

BLAMED THE GIRL.

Henry Oertley, an employee of the Utah Light & Railway company, who was given a hearing before Judge Murray on the charge of threatening the life of George Thurston of Huntsville, was placed under \$500 bonds to keep the peace by the court, which were forfeited, and he was released from custody. The evidence in the case went to show that Oertley had been guilty of the offense charged, but he moved by several witnesses that he is an industrious young man, of a generally quiet disposition, but had fallen in love with a young girl named Bruns, whom he had courted for a time but she gave him up, as he supposed, for Thurston, which aroused his jealous nature and he threatened him, but it is believed he has been taught a lesson and will profit by it.

TWO CASES DISMISSED.

At the request of District Attorney George Halverson, two cases were dismissed by Judge Howell in the district court. In the case of Lauritz Farse of Salt Lake, charged with assault with at-

We "START-UP" to-date Candies

THE NEW CANDY EVERYBODY LIKES—BRITTLE-NUT CENTER. Packages only: 5, 10, 25, and 50 cents boxes at all dealers. "Weedle" Brand. STARTUP CANDY CO. 149 W. 2nd South Ind. Phone 1904.

tempt to commit murder on a young man named Farse, the court dismissed the suit because the complainant cannot be found. He was charged with inducing young Page to accompany him to the mountain side in Ogden canyon and there striking him a blow on the head, felling him to the ground. The other case was the state against Wm. McMannus, who was charged with a felony, for lack of evidence, was also dismissed. In the case of Charles Duchman against the Utah and Oregon Lumber company, brought to recover rent alleged to be due for occupancy by the defendants of a small piece of land belonging to the plaintiff and wherein he asked for \$5 per month for seven years back, the jury only awarded him a verdict of \$50.

RECEIVER GAVE BONDS.

Craigie Thorburn, who was appointed receiver for the A. O. U. W., furnished his bond of \$25,000 with H. C. and A. P. Bigelow as sureties.

DIED FROM DIPHTHERIA.

The dreaded disease, diphtheria, has visited the home of Rev. James Thompson of the Park Presbyterian church, as he died yesterday afternoon from the same, at the family residence. The funeral was private this afternoon from the home, Rev. Carver officiating at the grave. The symptoms of many friends goes out to Rev. Thompson and family in their sorrow.

HIGH SCHOOL CADETS.

A meeting of the students of the Ogden High school who desire to take military training was held yesterday

afternoon at 4 o'clock with Second Lieutenant Louder of Company B, National Guard of Utah, who explained to the prospective cadets what will be expected of them in the training, and discussed favorably on the same, after which an adjournment was taken until next week when the company will be organized.

STREET CAR FRANCHISE.

General Manager Robert S. Campbell of the Utah Light and Railway company was in Ogden yesterday on business for the company. He stated that if the company is granted the franchise it has asked for, to extend its lines through Weber county, so as to be able to furnish the people living outside the city with light, he will recommend to the management the expenditure of over \$2,000,000 in improving their holdings here.

WEDDING PERMIT.

A license to wed was granted to Wisconsin Evans, 23, and Miss Mollie Webb, 22, both of Ogden.

BRIEFS AND PERSONALS.

Attorney General Breeden and United States Marshal Spry of Salt Lake visited Ogden yesterday on business. The "Lion and the Mouse" company will be seen Saturday night at the Grand Opera House, and tonight "The Convict's Daughter" will be witnessed. George W. Larkin was summoned to Blackfoot, Idaho, on account of the serious illness of his nephew. At the Hollanders meeting tonight Elder Herman Westbroek will speak on his mission work.

TO BUILD BOULEVARD.

Report of Utah County Fish and Game Commissioner.

Special Correspondence. Provo, Nov. 9.—County Fish and Game Warden Jones has forwarded his annual report to State Fish and Game Commissioner Sharp. The report is as follows:

Provo, Utah, Nov. 8, 1906. Hon. John Sharp, State Fish and Game Commissioner, Salt Lake City, Utah: Dear Sir—I herewith submit my report on the Utah county fish and game conditions for the years 1905 and 1906.

FRY PLANTED.

May 9, 1905, in Hobbie Creek, Wardsworth Fork, Eastern brook trout, 35,000
May 9, 1905, in Spring Creek, Eastern brook trout, 17,000
May 11, 1905, in Payson creek, above the power plant, Eastern brook trout, 25,000
May 11, 1905, in South Fork, Provo canyon, Eastern brook trout, 30,000
Sept. 26, 1905, in Dry Creek, above Alpine, native trout, 15,000
Sept. 26, 1905, in American Fork canyon, native trout, 25,000
Sept. 26, 1905, in South Fork, Provo canyon, native trout, 25,000
Sept. 26, 1905, in Spring branch at Tanner farm, two cans Eastern brook, one can rainbow, two cans mountain trout, 25,000
Sept. 26, 1905, in Hobbie Creek, Eastern brook, mixed, 75,000
Total, 272,000

The number of line barns spawned shipped during the years 1905 and 1906 is as follows:

To Manti Gun club for Funk's lake, 37
To Simon Bamberger, Salt Lake City, for Lagoona, 48
To Hoover's ranch, Wasatch Co., 24
Total, 109

The following amounts of fish were taken in Utah county from Oct. 1, 1905, to March 1, 1906, by seining, spearing and grappling, said fish being of the sucker species:

By Brig Madsen and brothers, 208,000
By Westphal and Carpenter, 110,000
By Crockett, of American Fork, 25,000
By Holmsted, of South Fork, 49,000
By seine in charge of Thos. Callister, 34,000
Total, 426,000

Amounts of fish taken from the Provo river, of the sucker species, by grappling will reach not less than 100,000 lbs. per year, or for the two years 200,000. During the years 1905, the fish destroyed are estimated as follows:

From natural causes, together with the losses in Utah lake, not less than 700,000 lbs. of the sucker species; while in 1906 the amount will reach 500,000 lbs. Total, 1,200,000.

The losses in 1906 did not occur from lack of water as there was ample for the fish to return to the lake. The run of fish up Provo river, during 1905, was very small owing to the lack of water; and in 1906, during the months of May and June, the run of Utah Lake trout was very large—far in excess of any season during the past ten years. The fish returned to the lake during high water with very slight loss.

The fishing in the divers streams in Utah county, during the past two years, compares favorably with previous years.

In 1905 at different points on the county, different species of our mountain fowls were fairly plentiful, while in 1906 there has been a general complaint of the extreme scarcity of the mountain grouse all along the line.

In 1905 the duck shooting on Spring Creek lake and surroundings was very favorable, but in 1906 ducks throughout the county have been very scarce.

CRIMINAL CASES.

Two cases for violating the fish and

that certain existing conditions were worth from 30 to 35 dollars per annum to the defendant. The Telluride Power company, and that the case had been set up on a wrong thing.

In 1906 a case brought against the Telluride Power company was for killing fish. In this instance between two and three hundred dead trout were in defendant's tail race, immediately its water wheels, mangled and chopped, with such unmistakable evidence as to show how they came there in that condition and how they were killed. And yet on the testimony of one man, who had taken a positive position that Mr. John Sharp and County Warden Newell had passed and accepted the defendant's story in 1901, being so hotly contested he was driven back two years further, and yet on such evidence the case was dismissed.

There are seven cases of forfeiture of bonds reported to me, or rather to the treasurer's office, without offenders' names. With deputies who receive no remuneration for their services, this is all we can expect.

I do not wish to cast any reflections on our county commissioners. The burden of the county is weighty already, when it comes to matters of finance, but these things ought to convince our state officials that they should take charge of the entire department and so something to advance our fish industry, or abolish the existing laws as there is no avail under existing conditions. By so doing they will end this farce. Respectfully submitted,

J. V. JONES, Warden, Utah county.

WILL BUILD BOULEVARD.

At a special meeting of the Provo Commercial club the committee appointed to secure new quarters reported favorably on the upper story of the building owned by C. E. Loose adjoining the Smoot Drug company's store on the west, and the recommendation of the committee was adopted. Col. Loose will have the quarters repaired and renovated, and the club will take possession as soon as possible.

LOGAN DEPARTMENT

The "News" is delivered by carrier in Logan every night (Sunday excepted) at 75 Cents Per Month. All payments and complaints regarding delivery, should be made to F. A. Mitchell, Agent for Daily, Saturday and Semi-Weekly News, 405 E. Center Street. Phone 87-d Independent.

STRICKEN WHILE VOTING.

Meeting of City Council—Program in Parry School.

Special Correspondence. Logan, Nov. 8.—The Logan city council met in regular session yesterday with President C. W. Lindquist in the chair. The following business was attended to: N. M. Hansen asked that something be done in reference to the extension of the water main that passes a portion of his place. The matter was referred to the committee on waterworks.

The quarters consist of six rooms, and a hallway, and will make a very acceptable home for the club. Col. Loose is the owner of the building, and he is willing to give a house-warming as soon as it moves into the room.

The question of the construction of a boulevard from Provo to the canyon resort was brought before the club by some of the residents of Olmsted, the beautiful village of the Telluride company at the mouth of Provo canyon. The Olmsted people offer to pay one-third of the expense of constructing and maintaining the drive as far as Olmsted, and the resorts in the canyon, Spring Dell, the Upper Falls and Whitewood are also interested and will constitute to the building of the road. There are three routes to Olmsted under consideration, the Pleasant View route, the river bottoms and the Provo Branch route, on the north side of the river. Each of these routes offers advantages, and either will make a beautiful drive. The people living along the proposed routes have become interested and will contribute to build the road. The following committee was appointed by the club to investigate the matter as to the best route, the cost and the way of obtaining the necessary funds: James Grove, Alex. Hedquist and S. H. Belmont. The drive will be one of the most beautiful in the state so far as the scenic features are concerned, and there are no natural obstacles in the way of building a good road at a reasonable cost.

The committee appointed some time ago to consider the building of a road from Provo to Lake Shore was asked to report at the next meeting. DEPUTY SHERIFF BUCHI RESIGNS. Deputy Sheriff Buchi has tendered his resignation, which will take effect on the 15th. He has received a written statement from Sheriff Harmon to the effect that the causes that led up to the resignation are personal and political and that his official work has been entirely satisfactory.

GARIN CITY NOTES.

S. A. Kenner was down from Salt Lake yesterday. Judge Booth is holding court in Heber. Wm. G. Ritchie, lately returned from a mission to Scotland, has accepted a position with the Moore Drug company.

STRICKEN WHILE VOTING.

Oscar Peterson of the Fifth ward was stricken with a paralytic stroke while voting Tuesday. He had been ailing

for some time but insisted on being taken to the polls, though his friends tried to persuade him not to go. The shock was so severe that he passed away during the night.

The ferry school will render the following program Friday evening commencing at 7:30:

Opening song by school.
Bible reading, Holmer Swenson.
Song, Letta Gilgen and Co.
Quotations from Tennyson by Don Burns.
Mary Twain, by Sant. Cardon.
Closing song by pupils.
Friends of the school are invited.

PAROWAN.

Aged Pioneer Dies of Paralysis—Impetus in Dry Farming.

Special Correspondence. Parowan, Nov. 7.—Robert E. Miller, one of the pioneers of Parowan, died from the effects of a paralytic stroke on the 3rd inst. at the home of his daughter, Mrs. Ellen Davidson. The funeral services were held in the ward

meetinghouse on Sunday, the 4th inst., the speakers being William C. Mitchell, Samuel T. Orton and David Mather, Jr., all of whom spoke of the many good qualities of the deceased. Brother Miller was born in Scotland in 1836. In early life he came to America, and becoming acquainted with the Mormons, embraced their faith and emigrated to Utah in 1860, coming to Parowan in January, 1881, where he has resided until the past few years. He was here on a visit when he was stricken with paralysis, which resulted in his death.

Mr. Henry A. Mitchell and Miss Anna E. Hyatt were united in marriage today, Elder Wm. T. Morris officiating. As a result of a series of mass meetings held, the matter of arid farming has received quite an impetus and the result is that a 32 horse power engine has been ordered from Reeves & Co. of Columbus, Ind., to be shipped Feb. 1, and subscriptions for the stock is being rapidly made. Considerable land is being taken in this vicinity and what has already been taken by homesteaders takes up the majority of the lands in this valley that is available.
