Toomis City; Aug. 8th, 1871. Editor Deseret News, Dear Sir :- Your correspondent wishes to represent to you TO OPEN was an auspicious day, it being the day of constal Election for County, Territorial and other officers.

The election passed off pleasantly, without any stump speaking or opposition, as far as known, the ladies, "the better half of humanity," availed themselves of the privilege of citizenship granted to them, and consequently deposited their votes.

Everything taken into consideration, the election passed off with a vim unparalleled in the history of Elections in Utah. Sucose to the right!

FRANCIS J. HAMBBLUND.

WANTS TO KNOW. - Frederick Springman, address: Corner 27th and Pennsylvania Street, Pittaburg, Pa., desires to know the whereabouts of his brother, who, he understands, resides in this Territory. Prederick castited to furnish us with his Lrother's name.

THE NEXT PRESIDENT.-We have reseived a circular signed "The Victoria Leegue," in which the announcement is made that that association is organized, equipped and in working order, having its head-quarters in New York, and its soperative agencies in Boston, Philadelphia, Francisco. Its mission is to form the Requal Rights Party Consisting of both sexes, slaiming that the fourteenth and fifteenth amendments to the Constitution vest the right of suffrage by women as well as in men. It nominates and will support, and expects to elect Mgs. Victoria Woodhall, of New York, as the next President of

the United States. SALT LAKE CITY. August 10th, 1871. Editor News:- I was pleased to see in your issue of yesterday, some valuable aints with regard to the deleterious effects, ponthe human system, of the tainted and monreatmosphere around out-houses, etc. n some parts of this city, and also your information with regard to the most efficaci-ous disinfectants. I think it impossible to be too careful about matters sanitary. Hav-ing had frequent occusion lately to pass slong the south side of the U. C. R. R. de pot, my attention, through the medium of my offactories, has been very strongly irawa to a large how pen in that vicinity.

I am ignorant as to who the owner of the institution is, but am of opinion that its removal would be a sanitary boom, not only residents in that locality, but also to those having occasion to pass that way. When a gentle southerly breeze is blowing should imagine that passengers arriving

NEW REPORM.-The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a ST thirety one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more deligious in taste than anything yet discovered? We THE UNION PACIFO R. R.
