period in the history of the Church when the delusive spirits that are proud in the world, deceiving the children of men, were more active than they are and have been for the last few years. I have never, in my recollection heard of so many pretended prophets and revelations, special messages, missions and manifestations to purpose individuals.

The Church of God has been or gamized, the Kington of God has been or gamized, the Kington of God has been or ghers, and may say in their hearts, of been established, and the Gospel if do not like such an one; I on the last time; and this work which has fairly begun will never cease, and weaknesses and, therefore, I should be a such as the continuous faults.

the world. They are led to believe that samething is wrong, and the next thing that transpires, they find themselves believing that they are chosen specially to set things right. It is very unfortunate for a man to be taken in this snare; for he it understood by the Latter-day Saints and Long as the servants of God the palhs of right courses and lead people in the palhs of right courses and six and endeavoring to the best of their needs and condition, and is for their needs and condition, and their needs and condition of the co that as long as the servants of God are living pure lives are honoring the Priesthood conferred upon them, and endeavoring to the best of their knowledge to magnify their offices and callings, to which they have been duly choose by the voice of the people and the Priesthood and sanctioned by the approval of God, and this most perfect, most in the Obserth, He will make such communication to make to the children of mer, or any instructions to impart to His Obserth, He will make such communication through the ingally appointed channel of the Priesthood; He will make such communication through the instructions of the Priesthood; He will make such communication through the instructions of the Priesthood; He will make such communication through the instructions of the Priesthood; He will never go but all the purposes as make known in these last days for the gathering of the earth. He will see and as to them through the such communication through the interest that purposes as make known unless they should be without the church of Jesus Christ of Latter. Men may become disagnified one carry to take the blessings of the day saints exists in its present form day Saints exists in its present form on the earth. Every man and woll feel that we confidence in his Bishop or in one or both of his you will have no reason to find fault.

Correction and confusion would be a consistent of the content of t

to be a beginning, and he was the one forcordamed for the position which he occupied and filled. After calling and setting him apart for the work of introducing and establishing this Gospel of the Kingdom, the Lord of course recognized him as His mountables, as His authorized agent, if you please, and it would be absolutely inconsistent, unreasonable and absurd to suppose that after God had called one man and appointed him to this work, that He should pass him by and go to some body else to accomplish the same purpose. No sensible person would accept for one moment such and asy: "The Church had apostatized and ore and the Presidency of the Stake become very wicked, and that God say it is just, and in holding to our lies of the unjustness of the decision, we put our judgment against that of fifteen disinterested men. Who then is to decide on the justice of the Church in good standling, and they are all at variance of the case? They, not me; and it is my business to acknowing at it and yield to it. There is, however, the Twelve or the First Presidency; and they may exercise in some degree the pardoning power, for unto them is given power under the laws of God to forgive. "Whose cupy, and that scores of others who have passed away have occupied."

a proposition. To seriously contemplate any such idea would be charging the Almighty with inconsistency, and with being the author of confusion, discord and scism. The Kingdom of God never could be established on earth in any such in such and say: "The Church has aposta tized, Joseph Smith and Brigham President Taylor holds the kays of that authority in this Church. You may appeal then to the Presidency of the Church, and they may inquire into the justice or injustice of the decision and see if the case is established on earth in any such the man is who rebels against the decision of the High Convellence." special massages, missions and manifestations to various individuals, as have come to my notice within the list few months or perhaps years. Some claim that they are in constant communication with angels others that they have received a direct command from God to accomplish a certain mission, others claim to be Christ, and therefore assume the Christ, and therefore assume the of the Presidency and direct the labors of the Presidency and direct the labors of the Presidency and Twelve, and undertake to correct ond set them right and to show them wherein they lack inspiration, etc., and wherein it is necessary that a strong arm should be raised up in order to steady the ark of Zion. These are the men that generally get erochets in their heads, that get in spiration (from beneath) and that are often so desirous to guide the Church, and to sit in judgment upon the Priesthood. The only asia way for us to do, as individuals, is to live so humbly, so rightsously and so faithfully before God, that we may possess His Spirit to that extent that we will be able to judge rightsously, and discern between truth and error, between wrong,—44 I will gracefully and humbly submit."
