Last Friday evening the Midway Dramatic company presented at the opera house the drama entitled "The Golden Giant Mine" and Saturday afternoon the same play was presented for the children. Saturday evening they played again, being pretty well patronized both evenings, and gave good satisfaction.

Dr. Redner of Michigan, who came here soon after the death of Dr. Lynch, is giving good satisfaction in this locality as a physician and surgeon, and is fast acquiring a good reputation in his profession.

The Kamas Relief society will give a dance and supper at the meetinghouse next Thursday night. The proceeds will go to purchase silver sacrament set for the meetinghouse.

Opera chairs have been ordered for the meetinghouse.

On Third Trial—Warm at Cheyenne—Laramie Ranches Burned.

Special Correspondence.

Casper, Wyo., Feb. 28.—Tom O'Day was last night convicted of horsestealing, and on Monday Judge Craig sentenced him to a long term in the penitentiary. The jury was given the case at 6 o'clock, and at 7:30 the third ballot stood unanimous for conviction.

The first trial was for conviction, the second for a long term in the penitentiary. His attorneys failed to move for a new trial, but the motion will probably not be granted.

O'Day is the last of a large band of notorious horse thieves who infested central Wyoming for years. He captured he was getting out of the country with a bunch of stolen horses.

## OAKLEY, IDAHO.

### DAMAGE BY SPRING FLOODS.

Will Go Back to Grain Growing—Stake and Ward Socials.

Special Correspondence.

Oakley, Cassia Co., Ida., Feb. 27.—The spring weather has already put in a formidable appearance, as evidenced by the turbulent streams of water which have flowed from our several canyons during the past week. It is reported that many bridges have been washed out, and that the damage, in this way, by the high water this spring will exceed that of many past years.

Farmers report that there is more moisture in the soil than has been known in recent years. This fact alone insures full crops for the farmers this year. Mr. George Haycock was the first to sow his wheat this season.

Farmers have already abandoned the cultivation of wheat in favor of alfalfa, on account of the increasing demand for stock feed, and as a result flour has gone up to \$3 per hundred and the merchants have been compelled to import the stuff of life into our settlements. The danger of this policy has dawned upon many of our farmers, and as a result there will be a larger acreage put into wheat, and the effort made to make it raise the grain necessary for home use.

## STAKE AND WARD SOCIALS.

Oakley has recently enjoyed two of the choicest social events of the year, viz. The stake officers' reunion and the direction of the presidency of the stake, and a reunion of the Relief society of the Oakley First ward under the management of Mrs. Fannie Harper, and her committee. These were models in the way of social pastimes, which were a credit to those who were interested in getting the same up.

Friends of Mr. James M. Worthington will regret to learn that that gentleman is lying in a critical condition at his home in North Oakley.

Mr. George Guyman, who has had a long siege of sickness, is now convalescent.

The old folks were given a banquet last Thursday, which was one of the most enjoyable affairs that has ever been held in St. Charles. About 140 sat down to the tables and enjoyed the repast and after dinner program. In the evening an invitation was given to all married people, lunch was served with a fine program and dancing.
