A Little More Tilton.

NEW YORK, 29.—Wm. F. West, mentioned by Tilton in his letter to the Rev. Leonard Bacon, writes to that same clergyman that he regrets exceedingly Tilton's recent statement bringing him again into the controversy; he says—"The charges against Tilton were made nearly two months before my interview with him, and not four weeks afterward as he states. At the time they were made they were intended to secure the conviction of Tilton if he were guilty, to remove a stain which rested on the church and to vindicate its pastor, and they were not on the indirect and insincere method of investigating one man under the false pretense of investigating another."

A Sad Affair.

BOSTON, 29.—Joseph Sprague, a clerk for Boller & Co., bankers, yesterday, shot his daughter, six years old, and then himself, in a wood near Malden; Sprague's wife died two months ago.

The Women Ousted.

A full bench of the Supreme Court of Mass. has decided that the school committee board is the sole judge of its own membership. This decision sustains the Boston school board in refusing seats to women, and the latter must go to the legislature to obtain that privilege.

Veto Sustained—A Bill in Favor of the Ladies.

The legislature, to-day, refused to pass the license bill over the Governor's veto, by a vote of 110 to 98.

A bill was introduced and engrossed, providing that the sex shall not be disqualified for service as school commissioners.

Postal-Land Patent Issued.

WASHINGTON, 29.—Representative Houghton, to-day, obtained the promise of the post office department, to shorten the time for the mail service between Tipton and Los Angeles, from thirty-five to twenty-nine hours, thus enabling close connection to be made at Los Angeles for the south and east, instead of frequently closing at twenty hours.

A patent was issued to-day for the undivided half of the interest in the rancho Los Bolsas, Los Angeles, Co. comprising 33,460 acres, confirmed to Ramon Yorba and others.

Marshal Appointed—Sworn in.

General Fagin, of Little Rock, has been appointed marshal of the western district of Arkansas.

Edward Wilson, the new solicitor of the Treasury, was sworn in today, and entered upon the discharge of his duties.

Sherman a Cypher.

The *Chronicle*, of to-morrow, in an editorial upon the removal of General Sherman's head-quarters to St. Louis, says—"We have the highest authority for saying that the personal relations between the Secretary of War and the General of the army are cordial and friendly and that there has been no open rupture. General Sherman's removal is made at this time on account of private personal matters which in his judgment, under all circumstances, justify his course; but it is equally true that had he any duties to perform as General of the army he would remain at the Capital. His letter to the Secretary of War has, as yet, never been answered, nor its receipt acknowledged; he has no authority, nor is his position recognized in the government of the army. Orders go from the Secretary of War direct to the commander of the troops, giving orders to companies and moving regiments, which he knows nothing of unless he incidentally learns it in newspapers. Court martials are ordered, sentences received and punishment executed without even his knowledge." The *Chronicle* further remarks—"It is due to the present Secretary of War to say that the orders and the present usage of the War Department concerning the relative authority of the Secretary of War and General of the army were delivered and acted upon by his predecessor in that office, and that he has not, as has been asserted, inaugurated any new doctrine or construction of the law."

Interest to be Paid—Attack by Indians.

Secretary Bristow announces that the interest due July first on the funded debt of the District of Columbia will be promptly paid upon a proper statement and certificates of the commissioners.

Lieut. Col. Davidson, commanding at Fort Bill, reports an attack by Indians on the night of the tenth inst., and says, "Now that I have received authority to punish these Indians under certain restrictions for acts of aggression, I trust not to annoy the General with details, but to be enabled to show some results."

Secretary Bristow, this morning, ordered that advertisements be made immediately in all the principal cities, for proposals for the public cartage of merchandize in the custody of the government.

Burned to Death.

DETROIT, 29.—James Gleason and his wife and child were burned to death in their house at Evart, Mich., this morning.

Severe Storm—Struck by Lightning.

FT. WAYNE, 29.—Advices from neighboring points report another severe storm last night. At Zanesville, Indiana, Mr. Barbieau's house was struck by lightning, and his daughter, aged nineteen, killed; a young man visiting them was rendered unconscious and perfectly deaf, the rest of the family were stunned but unharmed.

WESTERN.

Daring Robbery and Outrage.

SAN FRANCISCO, 29.—Last night two men went to the house of McCormick, collector of customs at San Diego, and bound and gagged him; they then procured the combination of the custom house safe, one remained on guard over him while the other went to the custom house, opened the safe and secured three thousand dollars; the men were disguised and made their escape. A man named Williams has been arrested on suspicion of being one of the robbers. McCormick was alone in his house.

FOREIGN.

GREAT BRITAIN.

Terrific Fires.

LONDON, 29.—Russian papers received report very destructive fires at Berditchev, in Volhynia, inhabited mostly by Jews; one day 600 houses were burned, and the next day nearly as many more; on the two succeeding days the town was again visited by fires and whole streets were laid in ashes, thousands being rendered homeless.

Locked Out Laborers on the March.

A deputation of a hundred locked-out farm laborers started from Newmarket to-day on a pilgrimage throughout the agricultural districts, in the course of which they will stop at the principal towns and plead their cause; their route lies through Cambridge, Patton, Bedford, Olney, Nothampton, Weedon and Coventry, to Birmingham. A large assemblage of their fellow laborers witnessed their departure and cheered them enthusiastically.

Canadian Secession.

In the House of Commons, this evening, Jenkins called attention to an article in to-day's *Standard*, which declared that the policy of the Canadian government aimed at secession to the United States; he asked Disraeli if there were any grounds for charging the Canadian government with such a design.

Disraeli replied that he did not consider it the duty of Her Majesty's government to find grounds for allegations contained in anonymous paragraphs in newspapers, but he would state for the information of the gentleman and the House that the relations between the Canadian Dominion and the Imperial government were most cordial and satisfactory.

PRUSSIA.

A Princess Drowned—Complications in Asia.

BERLIN, 29.—The Princess Doubrill, wife of the Russian Ambassador to this country, was drowned at Potsdam, yesterday.

The *North German Gazette*, in an article headed "Fresh Complications in Asia," says, "Caravans arriving from Central Asia bring reports that Yankoab Bey is arming against Russia, and it is believed that he is prompted to this by agents of Great Britain; there is also a possibility of a collision between Russia and China."

SPAIN.

Killed With Concha.

MADRID, 29.—Besides Marshal Concha a brigadier and two staff officers were killed in the attack by the republicans upon the Carlists' intrenchments at Muro yesterday. Martinez Compos commands the army of the north until the arrival of General Sebalta. By orders from Madrid the whole army has fallen back to Serin, eight miles from Estella.

Official News from Estella.

Official dispatches place the loss of the national troops in the engagement before Estella at 1500. Gen. Concha, after taking Abarsusa, marched directly upon Estella. He found the Carlists massed at Muro behind entrenchments. A general charge was ordered, Gen. Concha placing himself at the head of the troops, taking a position in the centre of the first line, and while advancing rapidly with the entire line he received a ball in the chest and fell from his horse and died almost the instant he touched the ground. Gen. Echague then took command and ordered the army to retreat to Oleiza, Lassaga, Berbinzana and Tafalla.

Evening.—Serrano has just arrived. Eighteen cannon have been dispatched to the army of the north. The government is organizing fifty battalions for immediate service. The spirit of the army is still good, and a very determined feeling prevails at Madrid. The body of Concha will arrive here to-morrow, and will have an imposing funeral.

FRANCE.

Fighting Before Estella.

BAYONNE, 29.—The following account of the recent fighting before Estella, and of the death of General Concha, is derived from Carlist sources. The Republicans made their first attack on the left bank of the river Ega on Thursday, and followed it up on Friday, on the evening of which day they had forced the Carlists from their first line of defence. The next day, Saturday, they attempted to carry by assault the heights immediately commanding Estella; in the attack they failed, and were driven back in disorder, and their retreat became rout, in which General Concha was mortally wounded. The total loss of the Republicans is filled, wounded and missing was 4,000. General Echagues' entire division narrowly escaped capture, and was saved only by extraordinary exertions of the artillery. An assault was made during the night, under cover of which the Republicans succeeded in withdrawing all their cannon.

Constitutional Bill Rejected.

PARIS, 29.—In the committee of thirty, to-day, the constitutional bill moved by M. Casimerperie was rejected, eighteen against six. The DeSainte Croix committe have decided to draw up a constitutional bill of its own; and for that purpose it appointed three commissioners, viz: M. Vestavon and Compte Daru, monarchists, and M. Charles De Lacombe, a liberal conservative; this selection shows that the personal septenate has triumphed, and that neither the septennial republic nor the definitive republic has anything to hope from the committee of thirty.

McMahon Determined to Retain Power.

La Patrie says that President McMahon recently declared that he would not cede his authority to any one for a single day, and he refused to hear of either a stadtholdeinate or the lieutenant generalcy of the kingdom. This is substantially confirmed by declaration to the same effect in the Journal du Havre, congratulating the troops on the success of the review at Long Champs yesterday. The Germans are very indignant at the expressions of the president.

How Concha's Death is Regarded.

The death of Concha is considered here as of seventy great political importance, as it is believed that Concha intended to persuade Prince Alphonso King to come to the campaign against the Carlists had been brought to a successful issue, and the Madrid government deeply mistrusted him.
