Catarrhal POISON

Wei De Meyer's Treatise on Catarrh explains the following important facts:

1. That Catarrhal Colds become a poisonous infection, at first local, and finally constitutional.

2. That, being Constitutional, the infection is beyond the reach of mere local remedies.

3. That Impurities in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the Digestive, Respiratory and Genito-urinary organs.

4. That Catarrhal virus follows the mucous membrane and causes Deafness, Dyspepsia, Chronic Diarrhea, Bronchitis, Leucorrhoea, and Consumption.

5. That Smokes, Douches, Inhalations, and Insoluble Snuffs, cannot possibly remove infectious inflammation from the organs named.

6. That an antidote for Catarrh must possess an inoculative affinity for, and the quality of being absorbed by, the purulent mucous wherever located.

Based upon these plain theories, Dr. Wei De Meyer's Catarrh Cure has proved to be infallible. It not only relieves, it cures Catarrh at any stage. Home testimony.
