WEBER STAKE REORGANIZATION

No Change in Presidency—Per-
connel of High Council and
Other Organizations.

TROUBLES OF PROF. CLOYD

Narrow Escape in Canyon—Elks' Day
At Stradella Gardens—Sorrowful of a
Bell Boy—Dead Man Found.

Ogden, Aug. 10.—The last of the
three stakes into which the old Weber
stake was divided was organized yester-
day at the tabernacle in this city. The
new stake which still retains the name
of Weber stake of Zion, is comprised
of all that part of Weber county
south of Twenty-fourth street and the
Wilson Lane.

The present presidency of the stake
was sustained as follows: Lewis W.
Shurtliff, president; Charles F. Mid-
dleton, first counselor and John Wat-
son, second counselor.

Three members of the old high coun-
cil were chosen for the presidency of
the high priests quorum, as follows:
Henry F. McCune, Thomas S. Brown-
ing, and Charles C. Brown.

The high council was sustained as
follows, the first two named being
former members, and the third being
an alternate advanced to regular mem-
bership. The high council consists of
John McQuillie, John L. Herriek,
Wilfred O. Ridges, Thomas A. Shreeve,
Henry H. Rolapp, Edward I. Rich, J.
W. F. Volker, William B. Newman,
Felix L. Woods, Joseph C. McFar-
lane, Fred G. Clark, Alca L. Scoville.
The alternate members of the high
council were:

William G. Rackman, Chris. J.
Brown, Joseph A. Fife, James R. Beus,
Adolph G. Fennellus, David C. Eccles.
D. Ray Shurtliff was sustained as
stake clerk and clerk of the high coun-
cil.

The following were sustained as
heads of the auxiliary organizations.
Relief society—Emily M. Shurtliff,
president; Agnes Herriek and Eliza-
beth G. McCune, counselors.
Sunday schools—Heber Scowcroft,
superintendent.
Y. M. M. I. A.—Not selected.
Y. L. M. I. A.—Joan W. Emmett,
superintendent.

Primary associations—Elda Pingree,
superintendent.
Religion classes—Ernest P. Brown,
superintendent.

An announcement was also made that
the South Weber ward had
consented to annexation to the
Weber stake and by unanimous vote
that ward was adopted as part of the
Weber stake, though in Davis stake.
The attendance at all the meetings
was very large, especially at the after-
noon session. At all sessions the fab-
ricated choir was present and rendered
a number of selections under the
direction of Prof. Joseph Ballantyne.

TROUBLES OF PROF. CLOYD

Prof. David E. Cloyd, principal of
the Ogden High school, returned from
Fish Haven, Ida., where he has been
spending his vacation, in response to
a request from the city to return to
the city and deny the charges that
had been preferred against him by the
board of education.

The first intimation, Prof. Cloyd
said, that he had about the board of
education preferring charges against
him was that which appeared in the papers.
Yesterday morning when he reached
the city, his attention was called to
items appearing in the papers stating
that at a meeting held last Tuesday
evening the board of education had
already taken action against him
without giving him a hearing.

The announcement was also made
that Prof. Cloyd had been notified of
the action of the board of education.
This, he says, is not true, for the only
word he said he had from the board
was that they were waiting for him
to return to the city. He said he had
H. W. Williams over the telephone,
which Prof. Cloyd says was of a very
satisfactory nature, and he was told
not to hurry back from his vacation.
That everything would be all right in
Ogden.

Supt. William Allison and members

of the board of education have been

very reluctant in speaking of Mr.

Cloyd's case, and all action has been

kept secret from the public, and no

statement was given out to the pub-
lic. From what can be learned, there
will probably be some interesting dis-
closures made in regard to the super-
intendent and the board before Prof.
Cloyd leaves the city schools. Prof.
Cloyd has announced his intention of
fighting the case and demanding a
public hearing of all the facts, as he
claims that there is absolutely nothing
to the charges which, he says, were
trumped up against him.

NARROW ESCAPE IN CANYON.

Narrow afternoon several persons
had a narrow escape from being seri-
ously injured by the running into the
river of one of the larger passenger
autos of the Ogden Canyon Auto com-
pany, at a point in the canyon near
the Lewis grove. From the informa-
tion that could be gained, it seems
that the big car was coming down the
canyon, and as the sprinkler had just
passed over the road and left it quite
muddy the car began to skid and be-
fore the driver could get control, it
went over the bank of the river. The
prompt application of the brakes pre-
vented the entire car, which was well
filled with passengers, from going into
the river. Other than a little shaking
up, the passengers escaped without in-
jury.

VALLEY DAY.

"Valley day" at the Oaks this year
bids promise to be one of the greatest
in the history of the city. The man-
ager Cliff Potter has held his resort
in honor of the residents of Ogden valley.
In response to invitations the follow-
ing have signified their intention of
being present and will act as judges
of various events: Samuel Newhouse,
Harry Joseph, Judge William H. King
and Editor Spalding of the Deseret
News. In letters to Mr. Potter both
Messrs. Newhouse and Joseph mention
the fact that "Valley day" was origi-
nated by the late Henry Perry, who was
a warm friend of both.

In speaking of the day said, "I desire
to perpetuate the custom inaugurated
by that more than generous friend."
He has authorized Mr. Potter to put
his name down for several prizes.

Valley day is looked upon by the resi-
dents of Ogden as the one day for re-
laxation with their cousins from the big
Ogden valley.

ELKS' DAY AT STRADELLA.

The biggest outing of the year will
be the Elks' Purple day on Aug. 20 at
Stradella gardens, near the Elks' hotel
park. In the afternoon there will be a
baseball game between the teams from
the Salt Lake and Ogden lodges.
In the evening at 7 o'clock there will
be a parade of both lodges, which every
Ogdenite will want to see. The parade
will be followed by bicycle races at
Stradella gardens or Glenwood park.
The management of the Salt Lake track
has been generous enough to loan to the
Elks for that day Clark and Meyer, their
two best racers, and there will be a
special Elks' professional handicap race
between Clark and Meyer, McFarland
and Putnam, Hollister and others.
There will be a parade of the Elks' ho-
tel race and other races up to the stand-
ard. There will be also dancing in
the evening after the races in the new
pavilion at Stradella gardens, and the
cars will run until 1 o'clock for the
convenience of dancers. In addition
to all this, there will be various other
stunts, which cannot be particularly
described, or they will lose their flavor.
The most enjoyable time of the season
is promised to all who may attend.

SORROWS OF A BELL BOY.

The course of true vacations never
runs smooth. This is the motto which
Carl Seitz, bell boy at the Reed hotel,
has adopted and will hereafter think
about whenever he asks for a two
weeks' vacation. Last Monday morn-
ing Carl was granted a leave. He went
to the canyon on a fishing trip with
three friends much older than himself.
Upon arriving at the canyon camp,
while his friends started to empty a
number of kegs. For three days Carl
runk the camp while his friends went
back to the city for more bait. When
they returned Carl returned to the city.
Carl, determined not to be beaten out

of a few days' well-earned rest, went to
Thistle Junction to visit friends. The
day after he arrived several children
in the family were taken sick with
illness. Carl then betook himself to
Tucker, Utah, to court a girl he
met at Thistle and upon whom he had
showered a number of gifts. He pre-
sented himself at the domicile of the
fair daughter of the Behlve state and
in response to his knock he was ex-
pected to have the girl meet him with
open arms. But when the door opened
the girl's father stood there and in a
stern voice told Carl to beat it. Carl
looked at him a minute and then made
tracks for the railroad station.

When he came to take the train the
unfortunate hopper of the bells found
that he had spent his last nickel upon
the girl of his heart. He caught a
freight train in the evening and rode
as far as a tunnel when the "brakie"
spied him and told him to "cross"
himself. Carl did. A passenger train
coming along later on the slow gear
was too much of a temptation for Carl.
He arrived home Sunday afternoon.

DEAD MAN FOUND.
The police were advised last evening
by H. C. Wood at Center, Idaho, that
he had found a dead man along the
railroad track and that he had a hat
with the name of "W. Conits, Ogden,
Utah," on the inside. The police im-
mediately conferred with the Ogden
family which is one of the oldest in the
city and were advised that all the
members were in the city. William
Conits told the police that he had
about three weeks ago while at a
dance at Glenwood park. He thought
at the time that it had been taken by
mistake and thought no more about it.
The officers in the Idaho town were ad-
vised that the dead man was not from
Ogden.

MADE A BLUFF AT SUICIDE.
While in a fit of rage over some trou-
ble that she had with the chef, Mrs.
Lola Jensen, a waitress in the Pacific
hotel attempted to commit suicide last
evening at about 7 o'clock by drink-
ing carbolic acid. Whether she lost
her nerve or only committed the act to
scare other employees is not known,
but only the lips of the woman, who
slightly burned and none of the acid
got into her throat. The woman was
taken to her room and attended and in
a short time she was able to resume
her work.

COMING GRAND ATTRACTIONS.
R. A. Grant, manager of the interests
of the Northwestern Theatrical associa-
tion in Utah of which John Cort of
Seattle is president, left for Seattle
Saturday afternoon in response to a tel-
egram from Mr. Cort calling for the
company for a conference in regard to the
coming season. A number of big things
are promised the theatrical patrons of
Utah this fall by Mr. Cort, among them
being Madame Calve during the latter
part of November, in her farewell Am-
erican tour. It is also stated that
when Mr. Grant returns to Ogden next
Monday that the manager of the new
theater that is being erected in Salt
Lake City for Mr. Cort will be an-
nounced.

HEAVY SENTENCE FOR BUR-
GLARY.
In the district court this morning
Judge Howell sentenced Dan Jordan to
the state prison for the term of three
years for burglary in the second degree,
to which charge he pleaded guilty last Friday.
Jordan was caught by the police July
12, in Nye's clothing store on the main
street. Henry Fietzer, who pleaded guilty on
Friday last to the charge of burglary
in the third degree, for robbing the
store of J. Herriek on July 14, was
sentenced to the state prison for three
years.

DIVORCE GRANTED.
On the ground of cruelty Mary Rice
was granted a divorce from Joseph
Rice by Judge Howell this morning.
She was also given the custody of two minor children, and
awarded \$10 a month alimony and
attorney's fees.

urday afternoon the residence of P.

SPANISH FORK.
JURIES DISAGREE
In Liquor Selling Cases—Damaging
Evidence Ignored.
Special Correspondence.
Spanish Fork, Utah, Aug. 5.—
After a pretty long delay from June
14 to Aug. 5, the case of illegal selling
of liquor on Sunday by the World
Drug company, of which Andrew and
Albert Enberg are proprietors, came to
trial this forenoon before Justice Dahl
and a jury of four. Judge Saxey pro-
secuted and Judge Whitcomb of Provo
defended. At the conclusion of the
trial the case was submitted to the
jury, who could not agree, three being
for acquittal and one for conviction.
The case of Spanish Fork against
Theodore Erickson, a partner of the
World Drug company, and who at
times assists when the others are busy,
was next heard. The evidence showed
that Detective Taylor, accompanied by
his assistant, Beard, had gone into the
drug store at 8:30, 8:40 and 9:30 p. m.,
called for drinks, which were supplied
by Erickson; all three drank the same
in the back parlor. Taylor pro-
duced the bottle and two of the glasses
with the liquor in court this afternoon.
All of which Erickson denied under
oath; said no such transaction took
place; had never seen Taylor or Beard
until today. The jury, as in the former
case, disagreed, three for acquittal, one
for conviction.

Today a fine boy arrived to bless the
home of Mr. and Mrs. George Proctor.

Mary E. Emmett was granted a divorce
from J. H. Emmett, on the ground of
desertion, on Aug. 12.
On Sunday last, a cloudburst of the
kind seldom seen, descended upon the
road from top to bottom, carrying off
the bridge across the Red canyon, and
the time the waters reached the bridge
the mill stream was swollen to such an
extent that the waters ran over the bridge
and all around the Syrett residence in
the barn, destroying quite a lot of
hay and carrying off their property.
Last night a benefit dance was held
for Miss Hilda V. Prince, who leaves on
Monday for the Northwestern States,
next Thursday.
Through much rain the loss of hay to
the farmers is immense.

RIVERTON.

THRESHER AND HARVESTER.

New Public Buildings and Waterworks
—Immense Crops.

Special Correspondence.

Riverton, Salt Lake Co., Aug. 8.—
The Jordan Valley Dry Farm com-
pany of this place has just installed
a steam combined harvester and
thrasher, which harvests the standing
grain, threshes and sacks the same,
ready to be put on the cars. This
immense machine, which looks at a
distance like an immense harrow,
was started up in the big
wheat fields west of Riverton the day
before yesterday, and Riverton is now
as proud as a dog with two caudal
spines.

The first steam harvester of the kind
was used last year on the dry farms
near Nephi, by the company of which
Prof. Lewis A. Merrill is manager, the
one here is the first and only steam
harvester in Salt Lake county, a some-
what similar harvester was purchased
and is being used by the Steadman
Bro. and Co. of West Jordan, it being
drawn by 25 horses.

The hard times of last fall had very
little effect on Riverton, and the neigh-
borhood is quite prosperous for the
past year. Work is plentiful, wages
fairly good; lucern has yielded heavy
crops; wheat on irrigated land is ex-
tremely heavy, but is down in many
places, so that it will be troublesome
to cut. Fruit is abundant, but hun-
dreds of pear trees are being cut down
on account of the blight.

The new water system, tak-
ing water for culinary purposes from
the mountains above Draper, across the
Jordan river and nearly half-way to
the West mountains has just been com-
pleted, and brings water of the finest
quality into the homes of the people
at a cost of about \$20,000.

The meetinghouse, which has the name
of being the finest country meeting-
house in the Church, is close to
completion, and probably will be ready
for occupancy in a course
of a couple of months. In quite
a few respects its outside ap-
pearance it resembles the Salt Palace
of Salt Lake City.

Riverton is also erecting a modern
school building, the cost of the
\$25,000 when completed, and is one of
the busiest little farming communities
in the state.
