**THE LAST HEART OF A LONG SENATOR.**

WASHINGTON, 8.—A bill to transfer  
the property of the Soldiers' and  
Sailors' Orphan's Home to the  
War Department, passed.

The Senate in executive session  
confirmed the nomination of Mrs.  
Mary H. C. McQuinn as postmaster  
of Provo, Utah.

A great portion of the session was  
taken up in the reading and discussion  
of the treaty with Mexico.

One nomination, which failed of  
confirmation by the Senate is that  
of James H. Evans as Register of  
the Land Office at Lake View, Oregon.

A report presented to the Senate  
by Windom, chairman of the select  
committee to investigate the alleged  
improper use of money to promote  
or defeat the bonded spirits bill, states  
that the committee obtained much  
valuable information as to the  
whiskey trade and the methods  
employed to obtain a relief from  
over-production, but they did not  
think any money had been corruptly  
employed to promote the passage  
of the bill. The committee  
therefore recommended that no  
national associations to protect its  
interests and the influence of friendly  
legislation, and states that so far as  
the committee can discover, this  
influence is legitimately used in  
presenting the case before Congress,  
but without any corrupt use in  
purchasing the votes of members of  
Congress.

The Senate voted to adjourn  
sinister at 3 p.m. The vote against  
adjournment came from the  
Republicans. The Democrats and  
Conservatives voted to adjourn.

Anthony and Bayard were  
appointed to notify the President  
that Congress would adjourn to-day  
at 1 o'clock.

As soon as the Senate adjourned  
many of the members visited the  
President's room, and an informal  
reception took place, and  
congratulations were exchanged upon  
the termination of the long session.

A resolution was adopted by a  
unanimous vote, terminating thanks  
to Hon. David Davis, President of  
the Senate, for the uniformly able,  
courteous, and impartial manner in  
which he had presided over the  
deliberations of the Senate. The  
announcement of the chair was received  
with applause, and the members  
indulged in mutual congratulations  
and farewells.

The number of visitors and eight  
seems was much less than is usual on  
the last day of a session. Accompanied  
by his son, Secretary Folger, and  
Attorney General Brewster, arrived at  
the Capitol at a quarter past two,  
and proceeded to the President's  
room, where Sec'y. Lincoln and  
Chandler were already in waiting.

The President was kept busy for  
half an hour or more signing various  
bills submitted for his signature. All  
the bills presented were signed by  
the President and reported back to  
Congress before adjournment.

**HOUSE.**

WASHINGTON, 8.—After the reading  
of the Journal, Hiscok moved  
to take a recess for an hour.

Atkins remarked if the House  
wants to be delayed by recess from  
hour to hour, he preferred to return  
for three days.

One suggested that Hiscok make  
good use of his few minutes to reply  
to Senator Plumb.

Hiscok stated that he did not pro-  
pose to make a reply.

Several ineffectual attempts were  
then made to have private bills con-  
sidered, and at 11:15 the House took  
a recess until noon.

The House re-assembled at noon  
and took a recess till 2:45.

When the House re-assembled,  
Hiscok reported that the committee  
had waited upon the President, who  
said he had no further communica-  
tion to make to Congress.

Hear, of Michigan, from the com-  
mittee on commerce, offered and  
passed present consideration of the  
joint resolution to correct an error in  
the river and harbor appropriation bill,  
so that the appropriations for the  
Kentucky river might be im-  
mediately available.

Holdman, of Indiana, objected,  
however, and the resolution was  
withdrawn.

An attempt was made to pass the  
Senate bill, without effect.

The Speaker announced as mem-  
bers of the select committee to ex-  
amine in the cause of the decline  
of the American shipping, Page, Chan-  
ler, Robinson, Ringley, McLane and  
Cox.

The hour of three having arrived,  
Speaker Kiefer addressed the House  
as follows:

"This House is about to terminate  
its first session. It has been an im-  
portant one to the country, and  
with thanks for the generous and  
kind treatment on the part of the  
House, and with my best wishes for  
all its members, regardless of party,  
I now, as authorized and requested  
by the concurrent resolution, the  
Senate and House of Representatives,  
declare this House adjourned  
without day." (Loud applause.)

After spending about half an hour  
in handshaking and taking leave of  
each other, the members left the  
hall, many of them going direct to  
the depot.

Congress adjourned very quietly  
to-day.

In the Senate, when the closing  
hour arrived, it found not more than  
twenty-five Senators present, and  
in the House, when the Speaker de-  
clared that body adjourned sine die,  
less than four score members were  
in their places to hear him. The  
last hour of the session was as un-  
interesting as could be imagined.

It is rare that a session of Con-  
gress expires without the accom-  
paniment of full galleries. To-day's  
attendance in the Senate galleries  
could be almost reckoned within a  
hundred, while in the House only  
about double that number were  
present. In the House, contrary to  
the usual custom, no resolution of  
thanks to the Speaker was offered,  
an omission that has excited much  
comment.

A select committee of the House  
to examine the contracts of applica-  
tion for an appropriation, work,  
etc., for the improvement of the  
Mississippi River, is organized and  
agreed to meet early in November  
and proceed with their work.

The committee appointed to in-  
quire into the decline of American  
shipping, is as follows: Page, of  
California, Chandler, of Ohio, and  
Setts, of New Jersey, Ding-

## AMERICAN.

**Foreign Commerce.**

WASHINGTON, 8.—The Secretary  
of the Interior has rendered his de-  
cision in the case of the Grampian  
Silver Mining Company of Utah.

The Secretary holds that it is not  
necessary that the applicant for  
patents should make proof of the  
service of notice upon the delinquent  
company owners who have not paid  
their share of assessments provided  
the objects to the issuance of pa-  
tent fail to file an adverse claim un-  
der section 2325 of the revised sta-  
tutes.

**Foreign Commerce.**

The foreign commerce of the  
country for the fiscal year ending  
June 30, embracing imports and ex-  
ports of merchandise and specie  
amounted to \$1,668,839,485, as  
against \$1,675,024,813, during the  
preceding fiscal year. The exports  
of domestic merchandise during the  
fiscal year ending June 30, amount-  
ed to \$735,073,937, against \$773,925,-  
947 for the preceding year.

**Railroad Decision.**

Judge McCreary, in the United  
States Circuit Court, rendered an  
opinion in the Hannibal & St. Joe  
Railroad case, that the com-  
pany must pay Missouri a further  
sum of money, to be apportioned  
by applying the act of March  
last, to the amount of \$100,000.

It was thought the sum to  
be paid will be less than \$100,000.  
J. W. Cravens, of Kansas City, will  
take an appeal.

**DeLong's Body.**

Secretary Chandler, yesterday,  
cabled the United States Minister at  
St. Petersburg, that Congress had  
made provision for the remains of  
Lieutenant-Commander DeLong and  
companions, and asked that they be  
sent to the United States.

It was thought the sum to  
be paid will be less than \$100,000.  
J. W. Cravens, of Kansas City, will  
take an appeal.

**Democratic Success.**

MONROVIA, 8.—The election for  
Governor, Secretary of State,  
Attorney General, Superintendent  
of Education, Treasurer, Auditor  
and Members of the General Assem-  
bly was held to-day. So far no dis-  
turbance is reported. The election  
was very quiet. A democratic success  
is conceded. Very few Republicans  
are running for the Legislature.  
Returns as yet are very meagre.

**Killed and Wounded.**

GALVESTON, 8.—A McKinney  
special agent, who was on duty at  
the Galveston station, was killed  
last night. The names of the  
killed are: Litter, Harper and Ike  
Rosen; seriously wounded: W. B.  
Fowler, conductor, and W. F. Scott,  
iron workers.

**Iron Workers.**

CHICAGO, 8.—The Amalgamated  
Iron Workers' Union, which has  
constitution and by-laws. They ex-  
pect to adjourn to-morrow, after elect-  
ing officers. They have succeeded  
so far in keeping their secret.

**The "Gold Dust."**

ST. LOUIS, 8.—Engineer Powers,  
of the steamer *Gold Dust*, states  
that as the time of the explosion he  
had just looked at the steam gauge  
which registered 140 pounds. The  
boat was then in the river. He  
had just tried the water gauge, and  
the water was flush with the upper  
cock. He was in the blacksmith  
shop, and intended to blow up the  
boiler. The explosion occurred in the  
blacksmith shop, and the boiler  
exploded in quick succession. One  
boiler remained in place and one went  
off and stuck through the cabin floor,  
and the third stayed in the engine  
room and lay with one end on each  
engine.

The pilot, Ed. Grey, and his son,  
were on watch, and Mrs. Hilde-  
brand was in the pilot house. Grey  
slept in his room over the boilers.  
Those in the pilot house fell among  
the wreck and got out without a  
scratch. Ed. Grey had one foot  
scalded and one leg scalded, but  
is not dangerously hurt. Clerk  
Langiers is not seriously hurt; he  
has been left in the pilot house. Four  
of the wounded were left in Cairo,  
and the others got to St. Louis. Capt.  
J. M. McLeod, Master, is but slightly  
hurt. Mr. Fries, first mate, and  
Lem Grey, second mate, were both  
badly injured. Henry Seifert, the  
first clerk, is but slightly scalded.  
John Langiers, second clerk, is  
badly injured. In the third clerk, and  
Wm. Travis, book-keeper, are both  
dead, and their bodies are on the  
Alton. The other officers are all  
right. There were 100 persons on  
the *Gold Dust*, of these sixty-four  
are on board the *City of Alton*, their  
teen are dead, twelve are badly  
wounded and left at Hannibal. Four  
of the wounded are missing. All the  
ladies on board were saved.

Memphis, 8.—R. B. Henly, a  
Merchant of Morriston, Arkansas,  
was also a passenger from here on  
the *Gold Dust*. A deck hand left  
here by the *City of Alton* from the  
*Gold Dust*, named Jordan, died  
this afternoon.

**Wool.**

BOSTON, 8.—Wool closes to-day  
with few demands from manufac-  
turers, and at prices indicating no  
material changes. Sales of Ohio and  
Pennsylvania fleeces have been  
at 40 @ 42 for X and 30; Michigan  
39 @ 40. Combings and delaines are  
in demand and firm; 43 @ 45 for  
fine Michigan and Ohio delaine,  
and 46 @ 47 for fine and combing.  
Unwashed fleeces in demand;  
demand; 35 @ 33 for fine and modern  
grades and 18 @ 23 for low and  
coarse. Colorado wool continues  
quiet; manufacturers still preferring  
quiet and territorial wools. The  
sales have been small in spring, 29  
@ 28. Palled wools continue in  
steady demand, and sales are 45 @  
47 for choice Montana and Maine  
superior, and 27 @ 45 for common  
and good. Foreign quiet, and in  
Cape Meridies and Australian  
nothing of any consequence has  
been done. Carpet wools are firm.

**Democracy.**

SEMA, 8.—Special to the Times  
to-night from about fifty counties  
in the State show the elections are  
all democratic for State tickets by a  
large majority, though many of the  
votes of the democratic ticket in the  
northern part of the State. In a  
number of counties the democratic

**THE WAR IN AFRICA.**

**The Egyptians Be Not Rested.**

ALEXANDRIA, 8.—Arab Pasha  
has established a six gun battery  
near Bab el Kurnah, behind Fort  
Meha and facing Ramleh. Towards  
Arabia as well as in our direct front  
the enemy's earthworks are rising  
fast.

The guns of the ironclad *Temeraire*,  
lying opposite Ramleh, cover  
the ground between the British  
lines and the outposts of the enemy.  
*Temeraire* has just begun firing, in  
consequence of the outposts making  
a forward movement. After a few  
shots from the *Temeraire* the enemy  
abandoned their position.

Two of those wounded on Satur-  
day died to-day.

The laying of the cable to Port  
Said has begun. It is expected the  
work will be finished early to-mor-  
row.

The enemy is entrenching at Sidi-  
ridge, where his principal resistance  
was made yesterday, and behind  
which numerous tents, which  
prove reinforcements have advanced  
to the ridge from Kafer El Dowar.  
The Khedive will to-morrow issue  
a proclamation declaring Arab Pasha  
and his followers rebels, and accus-  
ing Arab Pasha with the massacre  
and pillage of the 17th of
