

DESERET EVENING NEWS

TODAY'S WEATHER REPORT.

(Observations taken at 6 a. m.)
 Salt Lake City—Barometer, 25.87; current temperature, 65; maximum temperature, 81; minimum temperature, 50; mean temperature, 51, which is 4 deg. above normal.
 Accumulated deficiency of temperature since first of the month, 25 deg.
 Accumulated excess of temperature since January 1st, 722 deg.
 Accumulated excess of precipitation since first of the month, 19.1 inch.
 Accumulated deficiency of precipitation since January 1st, 416 inches.
 FORECASTS TILL 6 P. M. WEDNESDAY.
 Local forecast for Salt Lake City and vicinity:
 Partly cloudy tonight and Wednesday; slight changes in temperature.
 For Utah: (Forecast made at San Francisco.)
 Partly cloudy tonight and Wednesday.
 WEATHER CONDITIONS.
 An area of moderately low pressure covers the northern and middle Plateau region and the northern Rocky Mountain slope. Pressure is high over the lower Missouri and upper Mississippi valleys. Light rain has fallen over Texas. It is warmer over Nevada, southern Montana, Wyoming and Colorado, and cooler over the Dakotas. Maximum temperature at Salt Lake City yesterday was 81 deg., while 100 deg. was reached at Grand Junction, Miles City and Rapid City, and 104 deg. at Yuma and Phoenix.
 L. H. MURDOCH,
 Section Director.

TEMPERATURE TODAY.

Today's registrations at the weather bureau were as follows: 10 a. m., 83; 12 noon, 97; 2 p. m., 99; 3:30 p. m., 97 degrees.

LOCAL BRIEFS.

David Fitzgerald, a former inmate of the asylum, was recommitted yesterday afternoon.
 Claude A. Patterson and Matilda W. Carter, both of Salt Lake, were yesterday evening united in marriage by Justice Sommer.
 Alfred C. Weston, aged 22, and Florence Atkinson, aged 21, both of Salt Lake, obtained a marriage license at Ogden yesterday.
 Martin Rathbone, the insurance agent, has lost his wheel. It is a gonk, No. 1333, was taken from the hall of the Atlas block.
 There is a scarcity of hay in this section, and the dealers are several weeks behind with the orders, and there will be a still greater shortage at least for a few weeks.
 The celebrated chorus will meet at choir hall on Richards street, at 8 o'clock this evening. A full attendance is desired as important matters will be brought up.
 P. J. Moran began work today on the Pomeroy extension in Dennison's court on Fourth Street between South Temple and First South streets. Six inch pipe is being laid.
 On Thursday evening next, at Mrs. Ford Dickert's, No. 441 South East Temple street, St. Paul's Circle of King's Daughters will give a bazaar for the benefit of St. Paul's hospital.
 A great demand for ducks is coming from Butte, especially from the Chinamen. One commission house has sold 100 of the fowls to a Butte dealer. It is suggested that the duck business is a good one to engage in at the present time.
 Mr. Guy B. Rindson, aged 24, and Miss Beryl E. Worthington, aged 18, both of this city, were married last evening in the office of Chief Justice, Judge Timony performing the ceremony. In the presence of two friends of the contracting couple.
 The Shades of Pluto are preparing for an excursion to Ogden on Aug. 1st over the Short Line. The affair is in the hands of Gustave Kroeger, J. H. Ingham, A. A. Smith and E. E. Wilkinson. The train will leave at 8:30 in the morning, and return at 8 p. m.
 The quarterly conference of the Granite Stake primary associations, will be held at the Stake headquarters on Thursday, August 2nd, at 2 p. m. The quarterly conference of the Jordan Stake will be held at Draper Saturday and Sunday, August 4th and 5th.
 Mrs. G. W. Harrison, wife of the tour conductor of the Rock Island, died yesterday at her home, No. 425 East First South street. A month ago she returned from a protracted, but futile stay in California, for her health. The remains will probably be shipped for interment to St. Paul, her home.
 Hank Barnes of this city is confined to his bed, with a partial stroke of paralysis, his left side being almost useless. Mrs. Barnes is a Christian Scientist and she says that she is confident that by operating in the manner customary to that creed, he will be cured all right.
 A. O. Woodruff of the quorum of Apostles was hurt quite severely in Big Cottonwood canyon a few days ago. He was riding a horse when the animal stumbled and fell, throwing the unfortunate man underneath him. Mr. Woodruff was found lying in the road some time later, unable to walk on account of a very severely sprained ankle.
 Mrs. Inger A. Olsen (Gulmundson), wife of Samuel Gulmundson of Springfield, died yesterday afternoon at No. 229 South Ninth East street, from appendicitis. She had suffered for some time, and while the physicians felt certain that it was appendicitis the lady held the thoughts of an operation in

such terror, that she would not consent to one until her malady was so aggravated that the doctors could see that an operation would be futile. The remains will be taken to Springfield tomorrow for interment.
 Mrs. Isabella McGhie was given a very pleasant surprise at her home in Sugar House yesterday afternoon by the Primary Association of the ward. Mrs. McGhie was president of the association when it was first organized in Sugar in June, 1899, and remained in that position up to its reorganization two months ago, and in that time she has endeavored herself to not only the children, but the officers who worked with her. The afternoon was spent in games and music and feasting, and Mrs. McGhie was greatly touched by the manifestations of love evinced by the children and their officers. The affair was conducted by the new officers of the association, who are Mrs. William Murphy, president; and Mrs. Carl Alquist and Mrs. E. D. Stillman, counselors.
SALT LAKE BUSINESS COLLEGE.
 Templeton Bldg., 10 per cent reduction in tuition to all who enter or pay for courses by Aug. 15. Send for circular.

MEANS TO LOAN ON FIRST CLASS SECURITY.
 Interest low. No commissions charged. Zion's Savings Bank and Trust company.

 Castle Gate, Sunnyside and Clear Creek—Lump, \$5.00 per ton. Winter Quarters—Lump and all nut coal, \$4.75 per ton. Anthracite all sizes, \$3.00 per ton until Sept. 1st. 73 So. Main St. Telephone, 429. D. J. SHARP, Agt.

FOR POOR PEOPLE.

German Society Will Take Indigents Out to Salt Lake.
 The committee having in charge the excursion which will be given by the German society to Salt Lake next week is meeting with success in its appeals to merchants. Contributions are being asked to assist the society in giving to the poor people which it embraces a free outing. Everything is to be free to them, railroad ride, bath, lunch and all forms of amusements, a great many of which are being provided by the committee. Were it not for these efforts of the society many poor people would be deprived of a day's pleasure that may do them "a world of good."

BATTALION IS COMING.

Four Companies of the Twenty-third Infantry Arrive in San Francisco.
 The third battalion of the Twenty-third Infantry, commanded by Captain J. R. Clagett, has arrived in San Francisco on the transport Warren from Manila. The soldiers will come on to Salt Lake in a few days to be stationed at Fort Douglas. The battalion is composed of companies L, K, L and M. The men are heartily glad to get home, as they were among the first to be sent to the Philippines.

SALT LAKE WOMAN HURT.

Mrs. A. B. Greeson Sustains Serious Injuries in a Runaway.
 The Kokomo, Indiana, Tribune of Friday last gives the following account of an accident at that place in which Mrs. A. B. Greeson of this city, who is visiting with Mr. Greeson's parents, was seriously hurt:
 "A runaway, which resulted in the serious injury of Mrs. A. B. Greeson of Salt Lake City, occurred near the strawboard mill Wednesday evening. Mrs. and Mrs. Greeson, who have been visiting here several days, started to drive to the country home of George Greeson, west of Alto. The animal they were driving became unmanageable soon after they left the city and at a point near the strawboard mill plunged down a steep embankment with the buggy. Mr. and Mrs. Greeson were hurled violently to the ground and the latter sustained injuries that rendered her unconscious and that it took a few days to get her out of the hospital. She was taken to the residence of David Greeson on South Washington street and medical aid was summoned. After several hours she was restored to consciousness and Thursday it is thought that she will recover."

PETITION FOR A REPRIEVE.

Miss Lulu Johnson Intercedes With Gov. Wells in Behalf of Majors.
 Miss Lulu Johnson of Des Moines, Iowa, who has been unremitting in her efforts to save the life of young Al Major, petitioned Gov. Wells yesterday to reprieve the condemned youth, whose sentence is to be carried into effect on Friday, August 17th. The Governor kindly informed the lady that he could not grant the petition, and that the sentence was a life term, and that she would have to take her course.
 The petition was a most pathetic appeal for a reprieve. "In the name of God," the petition read, "I ask that you grant a reprieve in order that my friends might have further opportunity to present his case, and to submit convincing proof that he is not the demon he has been pictured to be."

THE BICYCLE ORDINANCE.

Wheelmen Appear Before Council Committees and Enter Protest.
 A special meeting of the Council committees on laws and streets was held last evening. Councilman Thomas in the chair. The purpose of the meeting was to hear arguments both for and against the ordinance recently introduced by Councilman Buckle in behalf of the wheelmen of this city, the latter claiming that the Hartenstein resolution was altogether too sweeping in its requirements.
 The bicyclist last evening asked that the sidewalks on one side of the street in the restricted district be opened to wheelmen. This was opposed by a number of leading citizens. No definite conclusion had been reached by the committee when the meeting adjourned.

GEORGE BLAIR, YOU ARE WANTED

Red Cloud, Neb., July 25, 1900.—Noted advertised in your paper a mine by the name of Glycer Blair. There is a gentleman here who has a brother in that vicinity some place which he would be very much interested in finding. He has not been heard from by his brother for some time, his name is George Blair, and any information that you can give us in the matter will be heartily received. Hoping you may be able to give us the desired information. Very truly yours,
 R. T. POTTER.

WATER RATES ASSESSMENT.

Superintendent of Waterworks, Frank L. Hines has compiled the assessment of water rates for the east side and his report is now in the hands of City Auditor Rindson. The east side assessment totals \$41,483.89, and the west side totals \$68,919.53, exclusive of meters to the number of 467, which will add from \$20,000 to \$40,000 to the rolls.

CAMPING IN THE BIG HORN BASIN

Prodigious Irrigating Canal Project Under Way.

ROOM FOR THE INDUSTRIOUS

A Good Climate, with Plenty of Land and Water—Not a Case of Sickness in the Colony, So Far.
 Lovell, Blighorn Co., Wyo., July 25.—Although there are over 400 people here camping out in tents, there is not one case of sickness in the colony. Several ladies who were in very poor health when they came here are gaining in strength every day; they are beginning to feel as though they were having a new lease on life.
 We have two stores besides the commissary where the people can buy almost anything they need, as cheap as it can be got in Salt Lake City. We have petitioned the general postmaster at Washington, D. C., for a postoffice. We have a daily mail running now at our own expense.
 We are taking out a canal from the Shoshone river which will be about thirty miles long. It is fifteen feet wide on the bottom and twenty-five feet on top. It is intended to carry a depth of four feet of water. It covers 18,000 acres of fine looking land. A person can travel for miles and not see a rock larger than a hen's egg. President Sessions, Naville Perry and I measured the river on 23rd ult. We found that its average width was 106 feet and the average depth was 3 feet flowing at the rate of two feet per second. The river has an average fall of 32 feet to the mile.
CLIMATE.
 The climate is a good climate. I arrived here on May 26 and have never seen any frost since I came here. A cold wave swept over the basin on June 15. Most of the men worked on the canal with their coats on in the afternoon. We all thought it was the frost of next morning, but to our surprise there was none. On the 22nd ult I visited some of the gardens along the river, but the frost had done no damage. Some few potato leaves showed very little where they were very dry. It never touched a tomato or bean vine. I bought potatoes for \$1.25 per hundred pounds, they are as fine potatoes as I ever ate. A man came to our camp about two weeks ago to sell potatoes and beans. He informed us that he raised 100 bushels of the latter on one acre, and they were fine beans, too.
 The land we are working for is located on benches ranging in size from 5,000 to 10,000 acres to a bench, and they slope to the south and west. We expect to have the water on the first bench in about four or five weeks. There are about 5,000 acres on the first bench. We have over three miles of canal completed and about six feet of water flowing through the head gate. All of the colony joined together and made the first bench, and then they divided into two camps, one camp continuing on to the first bench and starting there and working up. At this date the two camps are only about a mile apart. It is expected when they meet that there will be a justification, as the backbone of the thing will be broken.

TIMBER FACILITIES.

Four experienced men went to look up the timber. They were gone five days and prospected the mountains to the south of here, up the river. They found plenty of good timber 35 mile from here; they cut it in a pine, spruce and white fir. The timber ranges from the size of a pole to a saw log two and a half feet through. There are very few limbs on it and it holds its size well. There is a good road to it, but the prospectors say that the Shoshone is a good river to float timber down. So we think that the colony will float their timber down the river and down the canal to the town.
 Mr. Black, who has a farm about a mile from where we are at work, says that he has planted alfalfa seed in the spring and cut two good crops from it the first year. He has tomatoes growing from the seed which he sowed in the garden. The tomatoes are already larger than a hen's egg. He has a fine crop of peas which are ripe. I bought some fine potatoes last week from him and they are almost ripe now. He has a good crop of wheat and oats.

NO MORE WINDY THAN UTAH.

Some people condemn this country on account of so much wind, but I have not seen any heavier winds since I came here. I have seen the Utah. It hardly ever rains here and the ground is very dry so when the wind blows there is a great deal of dust flying which makes it seem to blow harder than it really does.
OPPORTUNITY FOR HOMESEEKERS.
 Persons looking for homes can find them here, for the main essentials are here, there is good climate, free from disease, enough to mature almost any kind of crop, plenty of good land and an abundance of water at all seasons of the year.
 Any person wishing to know more about this country can write to Robert Baird, and he will be pleased to give them any information possible. Address: Lovell, Blighorn Co., Shoshone Camp, Wyoming.
Offer to Refund the Money.
 Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health has been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. Bear in mind that every bottle is warranted and if it does not prove beneficial the money will be refunded to you.
 For the next ten days O. W. Hyde of Provo will be here taking orders for complete history of Scofield Mine Disaster. Books on view, and orders taken at this office.
 Hear the Tabernacle Choir and Soloists at Salt Lake Friday.

KAFKA.

The Original Talmud Coffee, strictly non-stimulant. Drink only true American hot table beverage. To be made and served just like coffee. Ask your grocer for it.
 The New Giant Polyphone is a wonder, hear it at Salt Lake City Day.
 Applegate's Milk Brand.
 Ask your grocer for the genuine.

OLD SALT LAKE FROM COLORADO

Describes Conditions at Mancos, Montezuma County.

GOOD PLACE FOR FAMILIES

Plenty of Building Material, Coal, Grain, Flour, Hay and Other Necessaries.
 Mr. W. W. White, who formerly was a citizen of Salt Lake, but who for the past thirteen years has been a resident of Mancos, Montezuma county, Colorado, made a very pleasant call upon the "News" today. In the course of a conversation upon the condition of the country where he now resides, Mr. White said:
 "Our country is in the southwest corner of the State of Colorado, Cortez being the principal town. We are following our old tradition of first raising something to eat, although we have some very fine mining prospects. We raise wheat, corn, rye, barley and alfalfa in plenty and the crops of all of these will this year be quite up to the average, although there is now a scarcity of water. During the first part of the season there was plenty of water, but it has dwindled away considerably by this time. As in Utah, the water supply is dependent upon the snowfall, although there are a number of springs supplying the Mancos river and the river bed always contains some water.
 "As to our mines, they are some very good prospects about twelve miles away from Mancos and last fall there was a considerable amount of silver ore taken out. The men who own the prospects, however, are in the main financially unable to develop their properties as rapidly as they may desire, but they will certainly develop them as soon as they are able to.
 "Our country is especially favorable to the homemaker, for we have land, water, stone, brick clay, timber, coal, etc. Coal is delivered in Mancos for \$2.50 per ton, and splendid coal at that. There are four saw mills in the immediate vicinity of Mancos and they do a considerable business.
 "The Mormon community there is building a stone meeting house 30 by 60 feet inside, and it will doubtless be finished this year. Bishop George Hall is proving the right man in the right place, as the people all feel well towards him and between themselves. Good health prevails, and I might add that we have room for some more good families down there."

Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at A. C. Smith's Drug Store, 100 South Main street, will receive a bottle of Bosche's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents.
 No throat or lung remedy ever had such a sale as Bosche's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvellous. It is really the only Throat and Lung Remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

Special Program

By members of the Tabernacle Choir at Salt Lake Beach on August 3rd.
 Who is the most popular Lady and Gent of the Tabernacle Choir? Vote at Salt Lake, Friday.

THE INDIAN OFFICE OF THE U. S. GOVERNMENT.

has recognized the educational merits of the "News" Calculating Pencil and recommended that the superintendent of all Indian schools be supplied with samples. The educational value of this invention is based on the higher Multiplication Table it contains. The ready use of these numbers assures quickness and accuracy in mental calculations. This is absolutely necessary to business success. Young people especially are recommended to use it. It will increase their ability to figure quickly and accurately. This will make their services of greater value to their employers and secure them better salaries and positions. This Wonderful Little Educator can be secured at the "News" office, or any of its agencies, at 25 cents.

Tabernacle Choir.

The Tabernacle Choir will give one of its excellent concerts at Salt Lake Beach August 3rd.
 Be sure and hear Prof. W. C. Clive's Violin Solo at Salt Lake, Choir Day.

CHILDREN GUESSES!
