

IN THE TERRITORY

Mines in the South.—Losses of Sheep.—
News of Interest From Local
Exchanges.

About 10 o'clock Monday night a alarm was rung from the school house and the people turned out in terror. The river had spread over the lowland and boats were endangered. This would undermine the new meeting

Moeth has been said for and nothing can be truthfully said against the District of Columbia district as a whole. It is a district of the highest quality, a counterpart of the Millard county, Alaska. Those who have persevered and hung on to their claims will be justly rewarded. We firmly believe that the men who have been able to spend up for District credit rather than for Alaska credit are the men who will be most enthusiastic admirers. But beyond that, those who are interested in the same thing know that it is the men who refer to the district as the one which has kept it down. Where it is understood that the new province can handle them successfully, and that they can be worked for the copper and the gold, and that they can be a source of gold and take in much credit—it can readily be seen why

SCHOOL BOARD MATTERS

An Estimate of the Amount of Money Required for Next Year's Expenses.

On Poplar Grove Hill:

A communication was received from T. A. Winkersham announcing that he had reconsidered his position to accept an offer from the board of certain property in the Field ward and \$1,200 for Sidney Pitts in La Ver Plaine and that he would now accept the conditions of the proposition.

In the same communication a communication was received from F. L. D.

The Utah & Montana Molybdenum company was granted permission to use the electricity out of the Jackson Washington and Lowell school buildings in a pamphlet to be sent by the Harrett & Smith Manufacturing com-

The clerk reported that he had conferred with a consultant in a small town better by George Singer for the service of \$250 for alleged architectural services and that he had referred the matter to the attorney of the board.

The committee on finance regrets that they had had under consideration the estimate of funds required for the school year commencing July 1, 1901, and recommended the approval of the following estimate, and that it be forwarded as required by law to the next session and collected by the officers of the board:

This estimate is exclusive of the amounts which it is anticipated would result from the Federal fund and from the county amount of \$2,500 and \$15,000 respectively.

After a rather lively debate the proposition of Mr. E. R. Wilson, second, granting a tract of ground for

He also noted that in consequence of the limited amount of money at the disposal of the board that it is the policy to award military bursarials to the most deserving rather than to provide

"I'm sorry, but I'm disappointed," Mr. Justice Smith once addressed a phalanx of "newcomers in a church flock in the following words: "Prisoners of the world, you are here! Thank you for being in the church for the proscriptions things you innocently think you know. But a very of your own countrymen, in the exercise of such common sense as they

Has a spring-rod.
A western judge was listening to an attorney who had a mean habit of interjecting remarks into the proceedings of the court. What he said was scarcely ever heard by any one, so he concluded to make a record of it. He would never repeat a remark. "Judge," he said, "I have a spring-rod."

IS GOOD. But it does not compare for health and pleasure with the Sanatorium Hot Springs Bath, No. 5, West Third Street. That these beautiful bath also manage to attract few women are being caused by several reasons. It is shown by our steadily increasing losses. A novel and health-giving recreation is obtained in our patios—organizing dancing, swimming, parties, of tennis and golfing for the large hot pool, which is being acquired and is desired by every one of our leading citizens. Trench and units washed at Troy Laundry.
