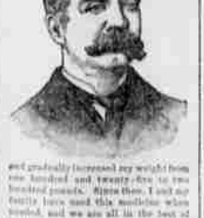
Nervous Prostration
Complete Recovery by the Use of
Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and considered all the symptoms of a decline. I took Dr. J. C. Ayer's Sarsaparilla, began to improve at once,



and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then I and my family have used this medicine when needed, and we are all in the best of health. I feel that which we attribute to Ayer's Sarsaparilla. I believe my children would have been fatherless to-day but it not been for Ayer's Sarsaparilla, of which proposition I cannot say too much."—H. O. Hyson, Postmaster and Planter, Kinsale, Va.

AYER'S Pills Save Doctor's Bills.

Nervousness
Cannot be permanently cured by the use of opiates and sedative compounds. It is too deeply seated. It is caused by an impoverished condition of the blood, upon which the nerves depend for nourishment. This is the true and only natural explanation for nervousness. Purify, enrich and vitalize the blood with

Hood's Sarsaparilla

and nervousness is all conquered. Hood's Sarsaparilla will give vitality to the blood and will send it pulsating through the veins and arteries charged with the life-giving, strength-creating qualities which it alone imparts. Then the nerves are strong, the mind active, the body full of energy. Hood's Sarsaparilla and Hood Pills are the ideal of perfection, and the only medicine of which this can truthfully be said. Do not be induced to buy any other.

Hood's Pills are the best cathartic and liver stimulant. Price 25c. per box.

"The presence of the Great Encyclopedia Britannica with its wealth of information makes a University of the humblest cottage."

The highest tribute to the great practical value of the Ninth Edition of the Encyclopedia Britannica and one which attests its unrivalled excellence is the fact that many of its articles have been adopted as text books in our leading institutions of learning.

Harvard University, Yale University, Northwestern University, Cornell University, Johns Hopkins University, Columbia College, Michigan University and others have thus honored the great Britannica.

Here are some of the articles adopted as text books by such institutions:

Algebra	Botany	Electrolysis
Anatomy	Capillary Action	Electrometer
Annuities	Clock	Energy
Architecture	Comet	Equation
Astronomy	Constitution of Bodies	Emer
Atom	Curve	Figure of the Earth
Attraction	Diagram	Ferns
Biology	Diffusion	Fungus
Breeds	Dynamics	France
Bridges	Elasticity	England
Buildings	Electricity	Political Economy

These are thirty-three only of the 23,000 articles to be found within 25 volumes THE DESERET NEWS' Edition of the Encyclopedia Britannica.

The average cost of a text-book is $1.50. These thirty-three subjects bought separately would cost you more than the entire twenty-five volumes offered by THE DESERET NEWS.

Heretofore this work could be obtained only at a great cost—from $125 to $200. It is now for the first time placed within the reach of the masses. A saving of only
