

## A LITTLE CHILD'S SUDDEN DEATH.

Sad Ending of Decoration Day to  
The Family of Clarence  
Worthen.

## FIVE-YEAR-OLD BOY KILLED.

Collision With Street Car the Cause  
of the Fatality—Narrow Escape of  
Others in the Buggy.

The Calder's park line, which long ago won the name of the "Hoodoo" of the street car system, unfortunately claimed one more victim yesterday—five-year-old Alonzo Worthen, son of Clarence Worthen, of 473 West South street.

Mrs. Worthen and her three children were returning from the city cemetery at 6:30 last evening in a conveyance and had reached the crossing on Third South and Sixth East street, when car No. 87, inbound, struck the vehicle with sufficient force to throw all of the occupants to the ground. The mother and two of her children escaped without the slightest injury, but Alonzo, the youngest, fell between the car and the buggy, and although it was impossible to determine whether the wheels of the car passed over him, his body was mangled almost beyond recognition. He died within a minute after the collision.

There were a number of eye-witnesses to the accident and they agree upon the facts, at least. It is established that the car struck the hind part of the horse and the front part of the buggy, which swerved around against the side of the car with escaped force, and the car and the horse and buggy little Alonzo was crushed. His skull was smashed in, both legs broken, the right arm broken square off at the elbow, and his left arm reduced to pulp. The upper part of his body was also crushed and badly lacerated.

Scores of people rushed to the assistance of the family, and doctors were found, but their services were not needed in the case of the little boy. Mrs. Worthen suffered a frightful nervous shock, and was unconscious for an hour. She was not informed until late in the evening of the fate of her son. The father was out walking at the time of the accident and it was two or three hours before he knew of the sad occurrence.

J. R. Maxwell, motorman of the fatal car, states that he was running at a slow rate of speed and rang his gong upon seeing the buggy, but as the boy drove up as though to let the car pass first, he did not bring the car to a standstill. This is corroborated by S. Reynolds, the conductor. He says he heard the gong sound, and the next minute the frightful scream of Mrs. Worthen.

A double-accident might have happened. T. H. Maxwell and his family were approaching the same point from the opposite direction, and stopped for the car to pass. Their vehicle was immediately opposite the Worthen rig, and the excitement and screams frightened the horse. It plunged and started to run, but was kept under control by the firm hand of its master. The whole thing, however, sent Mrs. Maxwell into hysterics and her nervous system was badly shocked.

## DUPES IN UTAH, TOO.

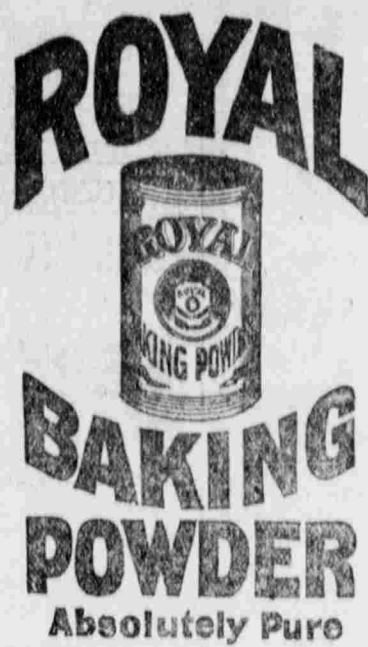

Local People Fall Into Cunning Traps  
Of Eastern Trading Concern.

New York, May 31.—An eastern trading company has captured many dupes by a cunningly devised scheme which, scarcely ever failed to catch victims, if its letter ever reached them. It told its victim he had drawn a prize he had only to send a comparatively small sum to receive it. This brought responses accompanied by the amount asked for. Letters to the bureau have been held up by the postal authorities, each containing money. Of these letters a goodly number are from Salt Lake City and other points in Utah.

Mrs. L. C. Glover, Vice-President Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed the testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one-half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. Glover, 614 Grove St., Milwaukee, Wis." ## TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

London dynamiters exploded bombs simultaneously in various parts of the city, including St. James' square and against the residence of Sir Watkin Winn, costing several lives and throwing the whole city into a panic.

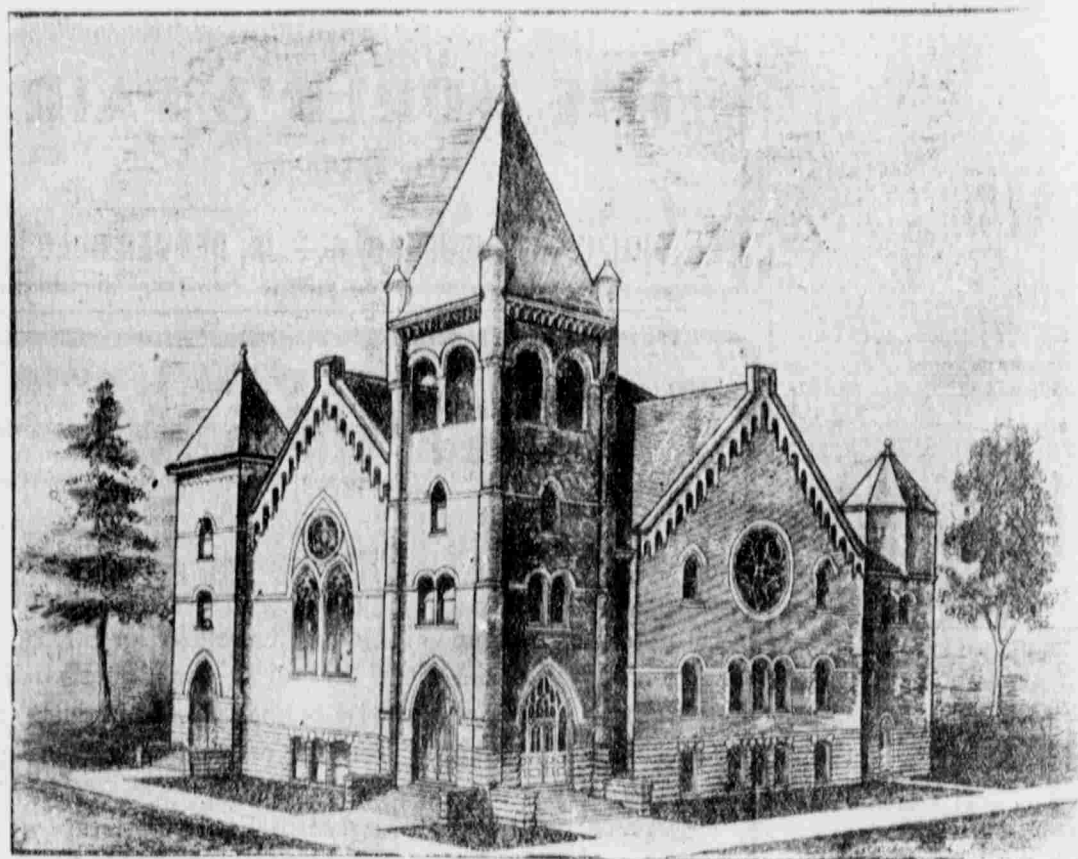

For the fourth time, Joe Biddamore was found guilty of murder and was recommended to the mercy of the court.

## TEN YEARS AGO TODAY.

The senate passed a resolution declaring that the United States would not interfere with affairs in the Hawaiian Islands. A bomb was exploded under the window of Mayor Baskin's office, leaving open the question as to whether it was "fun or intimidation."

## FIVE YEARS AGO TODAY.

John D. Rockefeller passed through Salt Lake on his way to California. Mrs. D. Rockefeller endorsed Stanford University for the further sum of \$10,000.

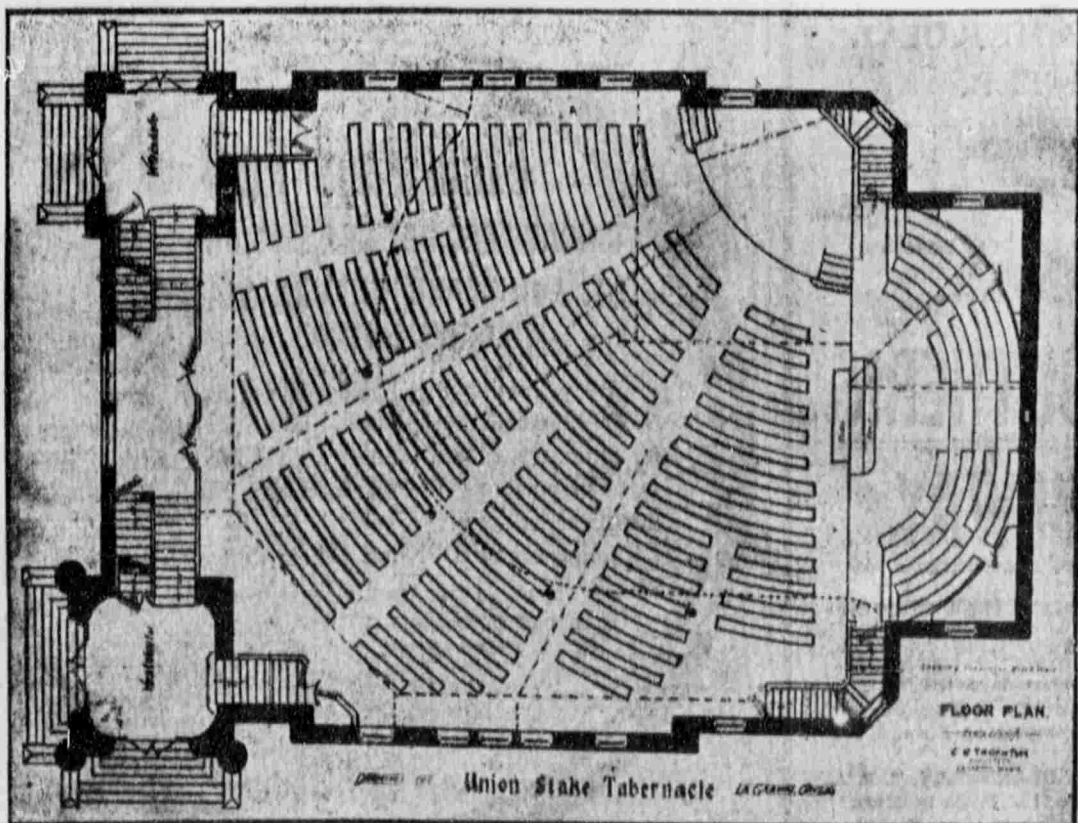

## UNION STAKE TABERNACLE.

Finest House of Worship in Eastern Oregon, Now Being Erected by the Latter-day Saints.

LaGrande, Ore.—The above is a cut of the Union Stake Tabernacle, now in course of erection at LaGrande, Oregon, the headquarters of the Union stake. The necessities of this new stake have for some time demanded greater accommodations for the great crowds who gather at conference times and other special occasions, and a movement was begun some months ago looking toward the erection of a suitable place of meeting for such occasions. The ultimate result of this movement is represented in the accompanying cut of what will be, when completed, the largest and most magnificent church building in Eastern Oregon.

The basement which is now almost finished, is built of cut stone of a brownish gray color and presents a very beautiful appearance. Above the basement, the building proper will be of pressed brick. The size of the building will be 74x110 feet with the height to the top of the spire, 96 feet. The windows will be of colored art glass and there will be four main and two rear entrances. It will be provided with the latest and best hot air heating apparatus, and will be up to date in every respect. The auditorium will be the full size of the building and will have a seating capacity of about 1,250. In the south end there will be a semi-circular alcove for the choir which will have an elevation of three feet above the main floor. The pulpit platform will be to the left of the choir platform and in the southeast corner of the room and forming a quarter circle facing the main entrance. In the northwest corner, from the pulpit platform the aisles will radiate toward the main entrance and the seats, facing the pulpit, will be slightly curved in order to give them the quarter circle effect to correspond with the pulpit platform. The sacrament stand will be directly in front of the choir platform and will be elevated 6 inches above the main floor. The main floor will be sloping, which with the seating plan described above makes the pulpit visible from every point in the room. The gallery will be supported by turned columns and will be provided with three entrances.

There are four entrances to the basement which is divided into smaller rooms for quorum and class purposes. However there is one large room about 35x75 feet in size and four smaller ones. Besides these there is a baptismal room and font and a room for the furnace and heating apparatus. The best material and skill are being used to make this building first class and up to date in every respect and it will be a building that all the people in Eastern Oregon can be proud of, especially the Saints here whose time and means have assisted in its erection and whose residence here has made such a building necessary.

## BROKE HIS LEG.

Got on an Over-crowded Car and Fell  
Off With Painful Results.

Andrew Godfrey, an 18-year-old farmer boy from across the Jordan, was badly injured yesterday by falling from a Calder's park car. The car was crowded when he jumped on it at Seventh East and Seventh South, and he clung to the side while standing on the foot rail. As the conductor came along, somebody, in making room for him, jostled the boy and he was hurled to the ground. Young Godfrey was found by neighbors, in an unconscious condition. The patrol wagon was sent for and Dr. Wilcox came with it. He took the boy to the Holy Cross hospital and found that the right leg had been fractured.

## AFTER MISSING MAN.

Salt Lake Detectives Are Searching  
For a Wealthy New Yorker.

Private detectives of this city have been searching for a wealthy New York man named Henry Baxter Kingsley, who disappeared from his home in a very mysterious manner on Nov. 14, 1903. A reward of \$10,000 is offered by a Denver detective agency for information which will lead to ascertaining his whereabouts. Mr. Kingsley left his New York home one morning immediately after breakfast, wearing his dressing jacket, with no hat or money. That was the last time he was seen by his relatives. On March 28 he was seen in Denver, and was headed for Salt Lake. No trace of him has been found here, but the detectives believe he will be located in some near-by mining camp. It is said that his mind is a total blank as to the past, and he has unknowingly changed his name.

## Not Sick a Day Since.

"I was taken severely sick with kidney trouble, I tried all sorts of medicine, none of which relieved me. One day I saw an ad. of your Electric Bitter and determined to try it. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility. This is what B. F. Hase, of Fremont, N. C., writes. Only 10c, at Z. C. M. I. Drug Store.

## PRACTICAL EDUCATION.

Results of Manual Training Shown in  
A Down Town Window.

Quite an extensive and certainly a very creditable display of work done by the pupils of the manual training and domestic arts departments of the city schools during the past term is now on exhibition in one of O'Brien's windows and is attracting considerable attention. The work has been done under the supervision of Prof. Samuel Dancy, supervisor of manual training, and Miss Alice Tomlinson, director of needlework in the city schools. The exhibit is composed of specimens of the handwork of the pupils in the different grades, and contains articles from the simplest character to the finest and most delicate pieces of workmanship.

## CONTINUAL STRAIN.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.

## HARTE BUYS A PAPER.

Former Salt Lake Times Has Purchased the  
Nampa, Idaho Times.

A special from Nampa to the Boise Statesman says:  
C. T. Harte of Utah has purchased the Nampa Times which has been conducted by F. G. Mock and will, about July 1, begin the publication of a tri-weekly paper here. Mr. Harte owns a plant in Milford, Utah, which he will move here at about the time the new paper will be published in politics.  
The publication of this paper causes the abandonment of the plan of starting a paper here by Mr. Dewey and others.  
Mr. Dewey stated today that he was not interested in any way in the new paper beyond the fact that he was greatly pleased over the fact that Nampa was to have a first class establishment.

## \$50 IN GOLD COIN AS PRIZES

J. Donnan Reavis, Originator of "The Reavis System" of Home Building, Decides to Offer Prizes Aggregating More Than Half a Hundred Dollars to Bright Lads and Lassies.

Every lad and lassie, under 15 years of age, will be interested in the contest for half a hundred dollars in good United States gold coin.

This splendid prize has been hung up by Mr. J. Donnan Reavis, originator of "THE REAVIS SYSTEM" of home building, to be divided among the bright boys or girls, under 15 years, who make the greatest number of English words from the letters contained in the famous advertising expression, "WHOSE ROOF IS OVER YOUR HEAD?"

The occasion of this generous offer on the part of "THE REAVIS SYSTEM" is to promote interest in the home building business of the donors, but also to draw attention to the excursion and picnic of THE REAL ESTATE DEALERS' ASSOCIATION, which will be held at Salt Lake June 29. At this picnic, which promises to be the greatest ever held in Utah, the award of the prizes offered by "THE REAVIS SYSTEM" will be announced, and the prizes will be given to the boys and girls making the three largest lists of separate words. The highest estimator goes the first prize, \$25, second largest, \$10; third largest, \$10—all in shining gold pieces.

If the winners are present at Salt Lake on the day of the picnic, the additional sum of \$5 will be added to each prize, and the money will be paid from the purse stand of the dancing pavilion. If, however, the winners are not present, their names will be announced June 30 in the newspapers, and the money will be paid on demand at the office of "THE REAVIS SYSTEM," 32-34 Main street.

Three prominent citizens—WILLIAM FLEHART, manager of the Salt Lake Herald; PERRY S. HEATH, publisher of the Salt Lake Tribune, and ROBERT G. WHITNEY, manager Deseret Evening News—will act as judges, and absolute fairness will govern the awards.

The estimates, as received, will be dropped into a sealed metal box, the keys of which will be in the hands of the judges.

In order to give the judges time to inspect the estimates so as to make an announcement of the awards on the day of the Real Estate Dealers' picnic, June 29, the contest will close June 27 at 6 p. m., and no estimates after that time will be considered.

As the estimates are received the time of arrival will be stamped upon the envelope, so as to deal out justice to all estimators.

## RULES.

FIRST—Any boy or girl under 15 years of age is eligible to win the prize in this contest.

SECOND—The alphabetical letters in the six words, "WHOSE ROOF IS OVER YOUR HEAD?" may be used as often as desired, the only aim being to construct the greatest number of words from the letters contained therein.

THIRD—Plurals or possessives will not be considered new words.

FOURTH—Synonyms will be considered as new words.

FIFTH—Christian names, names of towns, scientific terms, proper names and mathematical terms will be counted.

SIXTH—Each word must be numbered consecutively, so as to simplify the work of the judges.

SEVENTH—Use typewriter or ink in writing your estimate, and write only on one side of the paper. Ruled paper is preferable.

EIGHTH—In case of a tie for any of the prizes, the amount of the prize will be divided equally among the estimators.

NINTH—Only one estimate can be made in one name.

TENTH—The words, "WHOSE ROOF IS OVER YOUR HEAD?" will not be counted as new words.

ELEVENTH—Send your estimates in an envelope and mail it or deliver it in person addressed to "THE REAVIS SYSTEM" "WHOSE ROOF IS OVER YOUR HEAD" GUESSING CONTEST, 32-34 Main street, The Z. C. M. I. Co., Salt Lake City, Utah.

TWELFTH—Each contestant will fill out his or her estimate in the manner stated below, and failure to do so will invalidate your claim to the prize.
