LOCAL BRIEFS.

Thomas P. Barbee, of the supreme court of Iowa, was on motion of D. H. Twomey, yesterday admitted to the Supreme Court bar at this state.
Superintendent Frank B. Cooper left last night for Chicago to attend a meeting of the department of Superintendents of the N. E. A. Mr. Cooper occupies a conspicuous part on the program.

Architect W. E. Ware returned to the city last night from a trip to Wyoming. While in Evanston he made final arrangements to build a bank building to cost \$6,000, and a Presbyterian church, to cost \$3,500, and to commence at once in that city. Mr. Ware thinks there will be no building going on in the cities of Wyoming this coming spring.

Sterling P. Thorpe, a brakeman, formerly of Salt Lake, shot J. A. Valentine, a florist, in Denver on Sunday. Although three bullets entered Valentine's body, and consequently he died, Thorpe suspected that one of the employees of the floral works was making love to his wife, and the quarrel with Valentine arose out of his efforts to hide the employee away.

Frank Conley, the man who has had a penchant for trying to pull up telephone poles at Murray, was examined touching his sanity; yesterday, however, he appeared to be very quiet, and the physicians thought if he would cease drinking he would overcome his insane tendencies, and consequently ordered him sent to the county infirmary. He landed in the smelter town from San Francisco a few days since, and has relatives living in Omaha.

During the spring two double houses are to be built on Fourth Street between Second and Third East, for Edward Pearce, the cattle and sheep man. These houses are to cost \$7,000 each, and will contain nine rooms each, and have all modern improvements. Brick and stone will be the materials used. Architect J. A. Headlund made the plans and has charge of the erection of the buildings. He is also preparing plans for a one-story double house for Asahel Woodruff, to cost \$2,000. It will be built on Seventh street.

There is a proposition on among the citizens of Murray to incorporate their town. A mass meeting was held down there last Monday night with this purpose in view, and the proposition was favorably considered. The American Smelting and Refining company, it is said, is against the move, and if the incorporation materializes, it is understood the smelter company's property will not be included within the corporate limits. Nothing of a definite character was done, but another meeting will be held in the near future to further consider the matter.

A runaway horse created considerable excitement and did some damage on First South street yesterday afternoon. The horse was a delivery animal, belonging to W. J. Paine, of 62 east First South street. Although he was anchored by a weight, he took fright at something and started off down the street on a dead run. In the effort of Beardsley's Tavern he banged into a buggy and horse belonging to Mrs. James Lawrence of Forest Dale, and damaged the buggy, knocked the horse down, and gave Mrs. Lawrence such a nervous shock that it made her sick. The runaway then continued on across the street, but was brought to a halt in front of S. S. Dickinson's market by T. H. Cutting.

County Clerk James sat as judge pro tempore yesterday afternoon and heard the examination of Leonard C. Angell, an employe of the Utah Light and Power company, who is charged with being insane, by Dr. H. A. Anderson and County Physician Mayo, who pronounced the unfortunate man to be suffering from katalonia, and said it was a rare form of mental disorder, brought on by dyspepsia and the excitement of speculating in stocks. The physicians recommended that he be sent to the asylum, which was ordered done. Angell was very violent, and it took two or three officers to handle him. He is very strong and vigorous, and about 37 years of age. Between the fits, during which he is very violent, he appears to be quite rational.

C. E. PERKINS OF C. B. & Q. RESIGNS

President of the Burlington Steps Down and Out.

SUCCEEDED BY C. B. HARRIS

His Resignation Is Due to a Desire to be Relieved of His Many Cares of Office.

Boston, Feb. 20.—C. E. Perkins, president of the Burlington road, has resigned and Vice President C. B. Harris has been chosen president. Mr. Perkins remains as director. His resignation is due to a desire to be relieved of many cares of the office of president. It is stated as a director, Mr. Perkins will practically have the same influence and control of the policy and affairs of the company as he has had for many years. He will continue to live at Burlington.

MURRAY CROSSING. County Commissioners Take a Trip Down to Inspect Grade.

The county commissioners, in company with a representative of the engineer's office of the Rio Grande Western, went down to Murray yesterday afternoon for the purpose of visiting the crossing where the company proposes to erect a bridge over the county road. In all nine people have been killed on this crossing and the county commissioners are of the opinion that if a bridge is erected that it will be of mutual benefit to the public and the railroad company alike. The county proposes to stand the expense of lowering the roadway so that it will be possible for wagons to pass under the tracks. As the ground is inclined to be swampy at this spot, it is thought that this action would have the effect of turning that portion of the road into a miniature lake in wet weather. While at Murray the commissioners also inspected the Short Line crossing, which is also a dangerous one.

JENKINSON APPOINTED.

Chief Clerk of General Superintendent O. S. L. Succeeds Van Kuran.

Charles H. Jenkinson has been appointed local treasurer for the Oregon Short Line to succeed Van Kuran. The appointment went into effect this morning. Mr. Jenkinson is well known in local railroad circles, has held the position of chief clerk for General Superintendent Calvin for some time past and is numbered among the oldest employees in point of service in the company. Twenty years ago Mr. Jenkinson was chief clerk in the office of Superintendent Thatcher of the old Utah & Northern at Logan, to later move to Pocatello and later to Aslie from his knowledge of railroading in all its moods and tenses the new local treasurer has had an experience in book-keeping and practical banking which will come in very opportunely now that he has been promoted to the responsible position of handling the large sums of money which daily pass through the office of the local treasurer.

The selection of Mr. Jenkinson is a popular one and his numerous friends feel that it is a case of the right man in the right place. Mr. Calvin stated this morning that the appointment of a chief clerk to succeed Mr. Jenkinson would not be made for a few days.

Transfer to Southern Pacific.

San Francisco, Feb. 20.—The Call says: It has been learned that the proposed transfer of the city holdings of the Pacific Improvement company to the Southern Pacific Railroad will shortly be completed. The city properties of the Pacific Improvement company are estimated to be worth \$3,500,000 and a prominent railroad official stated that he knew the Southern Pacific would pay cash for them.

SPIKE AND RAIL.

W. H. Hancock, freight claim agent for the Union Pacific, is in from Omaha on one of his periodical trips. Traffic Manager Babcock, of the Rio Grande Western, is expected to return from New York tomorrow night.

C. Ira Tuttle has returned from an extended trip to the coast. With his characteristic good luck he missed being in the Southern Pacific wreck by a single train.

That Associated Press Burlington-Los Angeles story published in the "News" last night is said to have been entirely untrue. The city and the big road, it is stated, will complete the road towards Salt Lake just as soon as spring opens up.

On February 14 the Burlington railroad sent an unusual valentine to the Northern Pacific railway at Billings, Montana. It was in the form of the heavy trains carrying 566 passengers for points in the northwest. This was the first of the Tuesday excursions attracted by the low rates.

"Salt Lake" is the name of a new sheeping car which comes to Bonanza alternately with the car "Boise." It is a new car, elegant in all its appointments, and makes a nice addition to any train. The putting on of new sleepers is in line with the Short Line's policy, to give Boise the best service possible.—Boise Statesman.

LAND ENTRIES.

FINAL ENTRIES.

Feb. 16—George Herty, Fernon, 160 acres, section 30, township 19 south, range 8 east.
Guy W. Brady, Woodside, 161.00 acres, section 31, township 17 south, range 14 east.
Nettie May Wardell, Oakley, 160 acres, section 23, township 1 north, range 7 east.
Soren J. Johnson, Ephraim, 120 acres, section 30, township 16 south, range 4 east.

DESERET ENTRIES.

Original—Marvin Hall, Dry Dock, 40 acres, section 31, township 3 south, range 20 east.

CITY FATHERS' BUSY SESSION.

A Considerable Budget of Miscellaneous Matter Disposed of.

AS TO THE CITY WARRANTS

Auditor Reiser Sends in a Communication Concerning Them—Department Pay Rolls.

The city fathers held a short but very busy session last night. Routine matters were dispatched with great haste by President Buckle, who wielded the gavel. All the members were in attendance except Councilmen Beatty and Davis.

The congregation of of Montefiore sent in a petition offering \$2,000 for the 47½ by 165 feet of real estate the city owns adjoining the Eighth ward meeting house, which the Eighth ward Relief Society has been endeavoring to procure for the city for the past two weeks. The document was referred to the committee on public grounds, before whom the Relief Society's petition is also pending.

WANT NEW FRANCHISE.

The Salt Lake City Railroad company submitted a communication asking the city to grant it a franchise to build and operate an extension of its line on Seventh East from Ninth South on to the south boundary line of the city. It will be remembered that the Rapid Transit Street Car company is also figuring on obtaining a similar franchise on Seventh East street, from Tenth to Thirtieth South streets, and there will doubtless develop a lively skirmish between these two companies for the coveted privilege. The above petition was referred to the committee on streets and municipal laws.

WESTFIELD NAMED.

Mayor Thompson sent in a letter appointing S. B. Westerfield as representative of the city to confer with an appointee of the farmers, those two to appoint a third and disinterested party, whose duty it is to arrange and supervise the division of Jordan canal water for Parley's canyon water. The appointment was confirmed.

SIDEWALK DISTRICT.

City Attorney Stephens submitted an ordinance creating a sidewalk district of 600 feet of Princeton avenue. Referred to committee on streets.

CANAL WATER.

Land and Water Commissioner Westerfield reported that the contract with the farmers requires that before water is run in the city canal it must be cleaned every spring, and that to do this and repair necessary flumes and bridges, it would cost \$1,800, and he requested an appropriation to cover this expense. Referred to committee on Jordan canal and irrigation.

AS TO TRESPASS.

Mr. Westerfield also sent in a communication stating he had served a written notice on William E. Cederlof, who owns a ranch about seven miles off, in Emigration canyon, that if he has been trespassing upon the city's property, which adjoins their land, by extending their fence up the mountain side and causing the road to also run over the city's property, notifying them to cease such operations at once. Received and filed.

DEPARTMENT PAYROLLS.

City Auditor Reiser submitted the department payrolls for the first half of the month, and the same were referred to the committee on finance.

WARRANTS NOT TURNED OVER.

Auditor Reiser also sent in a letter calling the attention of the Council to the fact that section 22 of the Revised Statutes, requires the city treasurer, after redeeming warrants, interest coupons, bonds, etc., to turn the same over to him, he giving Mr. Morris his receipt therefor. He stated that Treasurer Morris has not turned over any of these evidences of debt after they have been redeemed, and consequently he has been unable to post up his ledger. He asked that the Council instruct the treasurer to comply with the law in this respect. The letter was turned over to the finance committee without comment.

CITY FUNDS MIXED.

Auditor Reiser handed in another communication, citing the councilmen's attention to what he alleges to be a misuse and dividing of funds in the city treasury office. The auditor contends that moneys are transferred from one fund to another without authority of law, and some time ago he gave it out that he would not draw warrants on certain accounts if the law was not complied with in keeping the several city funds separate and apart. He cited the State statutes, and an opinion some time ago rendered by the city attorney, to substantiate his contention. Mr. Reiser closed his communication in the following language: "Your honorable body will observe how this complicates the city's business, and in tying up over \$20,000 which should be applied to the city's expense, affords opportunity for political attacks upon the administration at the expense of the taxpayers."

Mr. Reiser also gave notice that unless the funds were kept in accordance with law that he would not draw warrants on the waterworks fund in payment of pipe extension claims. Councilman Fernstrom arose and said he was present when the water script fund was created by the auditor and treasurer, and the former acquiesced in what was done. "I think," said Mr. Fernstrom, "that Mr. Reiser ought to get his own affairs in shape before he attacks the treasurer."

Robertson, chairman of the finance committee, interrupted the reading before he was through reading Mr. Reiser's communication, and moved that the further reading of what he termed the "auditor's legal opinion" be deferred, and that it be referred to the finance committee. The auditor then told the auditor and treasurer next Thursday evening at 7 o'clock. The motion carried unanimously.

LEGAL HELP.

City Attorney Stephens called attention to the fact that about May 1st, the third trial of the Parley's canyon conduit case would take place and inasmuch as it had been the custom of the municipality to always employ an associate counsel in the trial of very important cases, he asked that provision in this regard be made for this trial. The matter was referred to the committee on municipal laws with the request that they have power to act.

INTEREST CLAIMS ALLOWED.

Claims of Wells, Fargo & Co., amounting to the sum of \$2,830.98, and the National Bank of the Republic for \$1,769.09, interest on the city's over-

WATER PIPE BIDS.

The board of public works reported that in answer to its bid for, approximately, 5,000 feet of cast iron water pipe, only two bids had been received, one from Carthy & Dunbar for 69 cents per foot, and the other from P. J. Moran, for 68½ cents per foot, and they recommended that the bid be awarded to the lower contractor.

The board also reported the approval of a list of claims from its department, aggregating \$5,930.53. Of this amount, \$4,978.18 goes to Mr. Moran for work done in the waterworks department. The communications were approved.

MEETINGS CHANGED.

Owing to next Friday being Washington's birthday the committees will meet on Monday next. After passing the appropriations lists the council adjourned.

VICTIM OF THE FIRE.

Julian Pearlman Succumbs to Injuries Sustained in Hooper-Eldredge Blaze.

The one victim of the fire in the Hooper-Eldredge building that occurred last week, is Julian M. Pearlman, who passed away at the St. James hotel late last night. Pearlman had a room in the Hooper-Eldredge block, and was asleep when the fire occurred. Before he was aroused he had breathed smoke and hot air into his lungs until he lapsed into unconsciousness. When he was discovered he was taken to the St. James where it was plainly seen that his lungs were in a serious condition. He soon contracted pneumonia and sank with unabated rapidity until the end. Dr. C. G. Plummer attended him and did all that he could but his efforts were futile.

Pearlman came to Salt Lake about ten years ago and at once established himself in business, but failed as the proprietor of the Golden Rule bazaar a month or so ago. He was born in Germany 63 years ago. He has a wife who is living in Chicago, and a son and a daughter living in Minneapolis. All three are now on their way to the funeral in the Jordan Stake of Zion, in the interest of Church history, on the dates here given:

West Jordan and East Jordan, Sunday, Feb. 24th.
Bluff Dale and Riverton, Sunday, March 2nd.
Herriman, Sunday, March 11th.
Bingham, Sunday, March 17th.
Granite, Sunday, March 31st.
Draper and Crescent wards were visited by Elder Jensen last Sunday.

THE GRANITE CONFERENCE.

Valuable Instructions are Given by Many of the Authorities.

Apostle Heber J. Grant Advises the People to be Liberal in Giving to the Poor.

The fourth quarterly conference of the Granite Stake of Zion was held in Farmers' ward meeting house on Saturday and Sunday, the 16th and 17th of February, 1901, President Frank Y. Taylor presiding at all the meetings.

During the conference there were in attendance Apostles Heber J. Grant, John W. Taylor and Abraham O. Woodruff; Bishop John R. Winder, Presidents Angus M. Cannon and S. R. Bennion of the Salt Lake and Uintah Stakes respectively, James R. Miller and Edwin Bennion, counselors to President Taylor, members and alternates of the Stake High Council, and representatives of all other Stake organizations.

The musical exercises were rendered by the Hunter and Farmers' ward choirs, the former on Saturday and the latter on Sunday. Songs were sung by Ralph Kunkel and Victor Christensen, in a very pleasing manner. A number of the wards and Stake organizations were reported by their presiding officers, all of which are making satisfactory progress.

Apostle John W. Taylor spoke at each meeting on Saturday, treating upon the necessity of continually advocating the principles of the Gospel of Christ, contrasted the operations of the Priesthood of God with the enforcement of the authority of men, and touched upon the subject of prayer and the Word of Wisdom.

President Angus M. Cannon spoke very briefly and asked the blessing of the Lord upon the people.

Apostle Abraham O. Woodruff testified to the truth of the instructions given. On Sunday the Saints were addressed briefly by Counselors Bennion and Miller, each dwelling upon the blessings of the Priesthood of God, and the necessity of keeping all the commandments of God.

Bishop John R. Winder spoke upon the subject of fasting and the necessity of the Saints properly observing the fast and contributing for the assistance of the poor.

Apostle Heber J. Grant was the principal speaker at both meetings. He urged the people to be liberal with their means in assisting to build up the kingdom of God on earth, and to be poor; testified of the goodness of God and the truth of the Gospel, and referred in a very feeling manner to the noble qualities and remarkable career of the late Elder G. W. Woodruff.

President Taylor presided the names of the Stake officers; all of whom were sustained by unanimous vote.

The statistical report of the Stake and the financial and spiritual reports of the various Stake organizations were read by Stake Clerk Thomas Alston and were duly received.

President Taylor reported the condition of the Stake as being very good, complimented the officers upon the good work accomplished, and testified to the truthfulness of the instructions given during conference.

The closing prayer was offered by President R. S. Bennion, and the conference adjourned for three months.

PROPOSED MEASURE.

Initiative and Referendum Bill Before House Committee Today.

At a meeting of the House committee on judiciary this morning Henry W. Lawrence, Judge George F. Goodwin, L. E. Hall and J. H. Hamlin, the social leader, were present to advocate the passage of and give their views on the initiative and referendum bill. The bill has the provision that all petitions for the initiative of laws by qualified electors and all petitions for the referendum of measures enacted by the Legislature in order to be mandatory shall be signed by not less than two per cent of the qualified electors of the State, and each elector shall add to his signature his place of residence, his business and his postoffice address. It further provides that if a majority of all the votes cast at a general election on a measure submitted by the referendum be for the measure it shall become a law and not subject to veto by the Governor of the State.

There was some discussion on the part of the House committee as to whether two per cent would be large enough. Mr. Lawrence explained that the attempt to make the percentage larger was what had killed the bill in the legislatures of other States. He pointed out the National Capital and the people in Switzerland and New Zealand, and also where used to a limited extent in some New England cities. In Switzerland, he said, where this form of government had been in vogue for 30 or 40 years, the people had changed but few of the laws, and the system had proved an unqualified blessing. He attacked the system of representative government, but did not carry his views so far as to advocate the abolishment of legislative bodies. The referendum system, he said, made governments more careful as the people had the right to submit and pass on the laws. Judge Goodwin said that in South Dakota, the only State where this system of government was practiced, it had proved a success.

Mr. Hall also favored the small percentage for initiative proposed in the bill. It could be raised by the next Legislature if it were found insufficient. The bill will be taken under further consideration by the committee on judiciary before it is reported to the House.

FEDERAL COURT.

Harris and company today filed in the Federal court a notice of the assignment of the judgment for \$25,446.64 and costs, to the First National Bank of Denver. The judgment was obtained against the defendants in the case of Harris and company, corporation organized under the laws of Nebraska, vs. J. F. Bradshaw and R. W. Bradshaw, doing business under the firm name of Bradshaw Brothers.

CHURCH NEWS.

HIGH COUNCIL.

The regular weekly meeting of the High Council of the Salt Lake Stake of Zion will convene at the office of the presidency of the Stake, Salt Lake City, on Wednesday, February 20th, 1901. JAMES D. STIRLING, Clerk of Council.

The High Priests' quorum of the Granite Stake of Zion will hold its regular monthly meeting on Saturday, the 23rd day of February, 1901, in Farmers ward meeting house, convening at 10 o'clock a. m.

A full attendance of the members is requested. JOHN COOK, N. V. JONES, C. L. MILLER, Presidency of Quorum.

Elder Andrew Jensen, of the Historian Office, will visit the following wards in the Jordan Stake of Zion, in the interest of Church history, on the dates here given:

West Jordan and East Jordan, Sunday, Feb. 24th.
Bluff Dale and Riverton, Sunday, March 2nd.
Herriman, Sunday, March 11th.
Bingham, Sunday, March 17th.
Granite, Sunday, March 31st.
Draper and Crescent wards were visited by Elder Jensen last Sunday.

RELIEF SOCIETY CONFERENCE.

The conference of the Salt Lake Stake Relief Society will be held Saturday, March 2nd, at 10 a. m. and 2 p. m. in the Fourteenth ward meeting house. A full attendance of officers and members is requested and all those who take an interest in the work are invited to be present. M. ISABELLA HORNE, President.

ANNE TAYLOR HYDE, CLARA C. CANNON, Counselors.

OFFICERS' MEETING POSTPONED.

The officers' meeting of the Salt Lake Stake Relief Society, called to be held on Saturday next, has been postponed indefinitely on account of conference being held on March 2nd.

M. ISABELLA HORNE, President.

Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best little pills ever made. F. C. Schramm.

Royal Bread Everybody eats it. Nothing beats it. Look for the label and ask your grocer for it every day. Health follows.

THE STANDARD.

Do you have the Standard Dictionary in your library or school room? If not, you are not up to date. It is the largest, best edited, best printed, best bound, and most modern work in all respects yet issued. Only a limited number on hand. Address the Deseret News.

ARTISTIC WALL PAPER.

Our new line is here—ready for your inspection—our prices will save you money. Remember our new location, 57 South Main street.

C. W. MIDGLEY, 57 S. Main St.

Don't let the hand of time paint wrinkles on your face. Keep young, by keeping the blood pure and the digestive organs in good condition. HERBINE will do this. Health is youth, disease and sickness brings old age. Price 50 cents. Z. C. M. I. Drug Dept.

There is probably no disease or condition of the human system that causes more suffering and distress than piles. TABLET'S BUCKEYE PILE OINTMENT cures them quickly, without pain or detention from business. Price 50 cents in bottles. Tubes, 75 cents. Z. C. M. I. Drug Dept.
