

CITY OFFICIALS DO NOT AGREE.

Mayor Thompson and President
Buckle Again See Differently.

FIREMAN'S PAY THE CAUSE.

Resolution That the City's Executive
is Playing Politics Charge Brought
Resented by Robertson.

A communication from the mayor calling attention to the scale of wages of the fire department was the innocent cause of a hot passage at arms between President Buckle and Councilman Robertson at last night's council meeting. The mayor's statement was to the effect that the firemen were only receiving the same wages as firemen, and that the department was the poorest paid of any city of its size. His honor also expressed his opinion with regard to the salary of the police that no officer should receive less than \$3 a day.

President Buckle, who had taken the floor, sarcastically moved that the matter be referred to the committee on pensions in the coming campaign. He said no reason why the mayor should change his front at this late date with regard to the pay of the two departments unless it was for the purpose of making political capital.

Immediately Buckle sat down Robertson rose and in a voice that was heard by all present, he said that he was not a pensioner, but a taxpayer, and that he was not going to be used as a tool by the mayor to make political capital. He said that he was not going to be used as a tool by the mayor to make political capital.

BIG COTTONWOOD WATER.

Councilman Robertson presented the report of the special committee on the water supply to be obtained from Big Cottonwood canyon, recommending that \$300 monthly be appropriated for the purpose, and that the city engineer and attorney proceed to have sufficient land condemned to sink a shaft and run a tunnel. Robertson wanted the expenditure to be turned down by a vote of 8 to 7. Canning, Cottrell, Perstern, C. K. Howe, Edgar Howe, H. B. Davis, Hewlett, Robertson, Thomas, Tuddenham and Buckle were in favor of carrying the matter. A motion by Thomas was carried. A meeting may be held Friday to adopt the report.

CONFERENCE REQUESTED.

A request for a conference between the executive committee and a committee from the council was received from the D. A. & M. society. They requested that the joint committee be empowered to negotiate for the purchase of the tenth ward square by the city on terms that will enable the city to have its annual fair at Agricultural park this year. The matter was referred to the special committee and will come up Friday night.

STREET CAR FRANCHISE.

The Salt Lake City Street Railroad company sent in a communication to the effect that they had been granted in 1890 to construct a track on Ninth South from Seventh East to Tenth East and thence south to the city limits. The franchise was granted under the old law, and the company had not yet been taken up by the street car company. The communication further stated that the company had made arrangements for the purchase, subject to the approval of the council. The residents on the street car line have built to take the place of the railroad tracks, and the consent of the council was asked. The matter was referred to the committee on streets and municipal laws, with the mayor, city attorney and city engineer associated.

TELEPHONE ARREARS.

A resolution by Robertson, Hewlett and Whitmore was adopted authorizing the city to contract with the Rocky Mountain Bell Telephone company for the payment of \$1,000 for arrears of 11 cents and for the three years from January 1st last that the city have the use of long distance telephone free.

CREMATORY PROTEST.

A petition was received from thirty residents of the Warm Springs neighborhood that the dog pound be removed from their vicinity, and protesting against the rebuilding of the crematory. The reasons given were that the crematory was a nuisance, and that it was a disgrace to the city. The matter was referred to the sanitary committee.

CONTINGENT FUND.

The finance committee also recommended that \$300 be placed to the credit of the Mayor's contingent fund for the benefit of the veteran firemen to assist in completing their building. The recommendation was made on the understanding that such building would be in the line of the city.

Councilman Cottrell argued that such an appropriation would be illegal. Mr. Robertson maintained that it was not so, and that the law was on his side. He said that he had been voted for the entertainment money from Manila and for the cattle-owners' convention; he thought that it would be considered illegal to vote for such an appropriation. The report was adopted by a vote of 11 to 2. Hewlett and Cottrell voted against it.

STREET REPAIRS.

An appropriation of \$500 was made for repairing State street between Ninth and Tenth South streets.

VAGRANCY ORDINANCE.

An ordinance, introduced by Robertson, on request of the city attorney, revised ordinance 57, chapter 26 of the laws of the city of Salt Lake in relation to vagrancy, was passed. The change in the law provides for a fine of \$100 in addition to three months' imprisonment.

PAYING DISTRICT NO. 14.

A petition was received from Eliza M. Daly and seven others, owning \$18 fee of property abutting on the north side of North Temple street from Second to 17

COLDS

I regard my COLD CURE as more valuable than a life insurance policy. It not only cures colds in the head, colds in the lungs, colds in the bones, but it wards off dangerous diseases such as grippe, diphtheria, pneumonia, and consumption.—HUNYON.

Myun's Rheumatism Cure is a valuable medicine for colds in the head, colds in the lungs, colds in the bones, but it wards off dangerous diseases such as grippe, diphtheria, pneumonia, and consumption.—HUNYON.

MYUN'S EXHALER CURE CATALOGUE.

streets, that the district be made paving district No. 14, and that such part of the street be paved with asphalt and stone blocks. It was suggested that the cost might be met by the issuance of ten-year paying bonds, chargeable to the owners of abutting property. The petition was referred to the committee on streets.

POLICE REPORT.

The police department reported for the month of March 128 cases from which fines and forfeitures had been derived amounting to \$1,814.40.

CITY PAYROLLS.

The city auditor submitted the payrolls for the various city departments, amounting to \$45,890.75, which were approved.

WARM SPRINGS LEASE.

A report from the committee on finance recommending that the petition of Henry Barnes, lessee of Warm Springs, be granted, that the terms of his lease be modified so that his rental for the last five years be at the rate of \$100 a month instead of \$150, was adopted.

FOR GRADING.

A resolution introduced by Mr. Thomas that the sum of \$400 be appropriated to the street department for the grading and repaving of Eleventh East street from Tenth South to the city limits was adopted.

SECOND WEST SIDEWALKS.

A resolution by Cottrell was adopted, that sufficient filing be made for sidewalk being constructed on Second West street from Eighth to Tenth South street at a cost of not more than \$75, and that the street supervisor have a drain ditch dug to carry away surface water.

JANITOR'S REPORT.

A communication was received from the Mayor in which was transmitted the report of Peter Johnson, chief janitor for the city for the year 1900. The report shows a saving of \$19,881 over the year 1899, showing a praiseworthy economy on the part of the chief janitor.

HEALTH REPORT.

The Mayor also transmitted the report of Health Commissioner King, referred to the good work of the health department, and urged that attention to its recommendations.

STONE QUARRY LEASE.

A. B. Margolis asked that the city give him a lease on a portion of the northeast quarter of section 30, township 1 north, range 1 east, to establish a stone quarry. The matter was referred to the committee on public grounds.

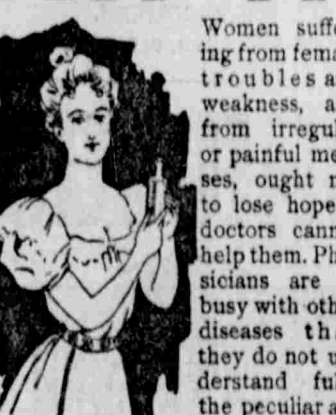

OFFER TO SELL.

An offer was received from George Busby to sell for \$3,000 74 acres in sections 28 and 33, township 1 north, range 1 east, directly adjoining on the west and north land owned by the city in said section. Mr. Busby said that the tract in question had a spring on it. The matter was referred to the committee on waterworks and public grounds.

PROPERTY TRANSFERS.

Abstract of file in county recorder's office, Salt Lake City, April 2nd:

Women suffering from female troubles and weakness, and from irregular or painful menses, ought not to lose hope if doctors cannot help them. Physicians are so busy with other diseases that they do not understand fully the peculiar ailments and delicate organism of woman. What the sufferer ought to do is to give a fair trial to

BRADFIELD'S Female Regulator

which is the true cure provided by Nature for all female troubles. It is the formula of a physician of the highest standing, who devoted his whole life to the study of the distinct ailments peculiar to our mothers, wives and daughters. It is made of soothing, healing, strengthening herbs and vegetables, which have been provided by a kindly Nature to cure irregularity in the menses, Leucorrhoea, Falling of the Womb, Nervousness, Headache and Backache. In fairness to herself and to Bradfield's Female Regulator, every suffering woman ought to give it a trial. A large 61 bottle will do a wonderful amount of good. Sold by druggists.

Send for a fully illustrated book on the subject. The Bradfield Regulator Co., Atlanta, Ga.

SCHOOL ELECTION WILL BE HELD.

April 16 Fixed as the Date—Amount
Needed \$30,000.

VISITORS IN THE SCHOOLS.

Board Discourages Practice of Using
the Schools for Commercial Purposes
as a Free Advertising Medium.

The board of education last night ordered an election to be held on April 16th. The proposition that is submitted to the people is now presumably well known, viz., may the board borrow \$30,000 in order to maintain the schools till the end of the term? There have been many efforts to settle the matter without appealing to the people, and after the board obtained authority from the Legislature to levy an additional tax the same difficulty presented itself, because no one could be found who was willing to loan money to the board in the face of the opinion of some of the leading attorneys that the board had no legal right to borrow.

The election is regarded now by the board as the only solution to the problem and it was therefore ordered. There will be only one polling place in each precinct, and the polls will be open from 7 o'clock in the morning to 7 o'clock in the evening. All who pay taxes, whether they own real estate or not will be allowed, not only allowed but expected to vote.

The matter was settled on late yesterday afternoon by the financial committee, which recommended the special election. Before the question was put President Newman asked if the \$30,000 was sufficient to keep the schools open till June. Chairman Bamberger of the finance committee replied that the matter had been carefully figured out and it was decided that the sum named was quite adequate. The seven members present then voted for the special election.

Mr. Bamberger subsequently offered a resolution which was unanimously adopted. It was an expression of warm thanks to the firm of Dickson, Ellis & Ellis, for the courtesy it had shown the board in preparing an opinion relative to the borrowing powers of the board, all of which was done gratuitously. A copy of the resolution will be sent to the attorneys.

The board discussed in an informal manner last evening the subject of the schools being used for commercial purposes and the time of the pupils being taken up by visitors. The subject was introduced by a letter from Mrs. Susa Young Gates asking permission to go into all the schools to announce the lecture of Ernest S. Thompson. As soon as the discussion got underway it turned onto Prof. Mutch, who has been delivering lectures in the schools, and it was not reported by delivering lectures for money. It was charged that he had been working a sort of graft, using the schools and getting a lot of free advertising.

The criticism then reached out and included mothers' clubs, art and literary societies and other things that looked upon the one-time of the pupils. Afternoon entertainments were looked upon as a nuisance by some of the members, and others said that the board had sometimes been treated with courtesy in that permission had been given to various persons to speak or to occupy the time of the schools in some view in addressing the pupils. However, it was pointed out that the board being considered.

Although nothing formal was done, it is generally understood that people not connected with the schools will be asked to leave the premises. Mr. Critchlow said that in regard to addresses to pupils they were often very valuable. They should be carefully regulated, and on no account should anyone be permitted to use the schools for commercial purposes.

Superintendent Cooper was permitted to state his position, which he did very clearly. He said that he tried to guard the time of the pupils, that is, that he would not allow any person to use the schools for class recitations as anyone. In regard to Prof. Mutch, he said that if he had thought that the professor had a commercial purpose in view in the addressing, he would never have admitted him to the schools. He ventured to say, however, that every teacher and principal would be asked to guard the time of the pupils. He said that the schools were not to be used for any purpose other than that of the schools of the city. He thought, however, that in no case should the time of the classes be encroached upon.

Mr. Geoghegan said that the board had no intention of discontinuing the High School Wednesday morning program, nor to interfere with the Mothers' clubs, but it only desired to guard the time of the pupils that should properly be taken up in the classes. He said that the board approved the preliminary plans for the Eighteenth ward school house on the Armstrong lot on North street. Work on the foundation was begun at once, and bids for the building will be asked for in about a month.

The committee on teachers and school work reported the resignations of J. W. Benner, Elva B. Gothe and Nellie Hermann. Miss Mary McFadden will succeed Miss Gothe, and Miss Mattie Witt will take the place of Miss Hermann. Applications for positions as teachers were received from the following: Margaret A. Caldwell, Marie Haines, Joseph Hughes, Salt Lake; Thomas Conner, Saginaw, Mich.; Cora D. Patterson, Emmetsburg, Ia.; Isabelle Slater, Ogden, Utah; Rose Jones, Logan, Utah; N. Joann Wyatt, Weiser, Ida.; John K. Rampton, Bountiful, Utah; A. S. Hyde, Vermillion, S. D.

The treasurer reported a cash balance of \$73,221.21. The report was filed and the usual appropriation list was passed.

The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN.
All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. E. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. It was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the world."

LEADING CONTESTANTS IN THE GRAND AMERICAN HANDICAP OF TRAP SHOOTERS.

The best shots in the country are contesting this week in the Grand American Handicap at the Interstate park, Queens, N. Y. This event is the largest of its kind and will continue until Friday, April 5. Among the entries are several crack shots who have been winners in former years.

INDISCRIMINATE KILLING OF BIRDS

In New York Has Caused a Revolt Among the People.

TROUBLE FOR SHOOTERS.

War to be Waged Against Such Events as Now in Progress at Interstate Park.

New York, April 3.—A revolt has started among a number of citizens of New York against the indiscriminate slaughter of birds at the tournament of the interstate association which is now in progress at Interstate Park, Queens, L. I., and it is said a movement has been started to secure legislation prohibiting such events. Among the leaders in the movement is Ralph Waldo Trine, the Boston author, who is now living in New York. The promoters of the movement will take the stand that such tournaments are a sport and that a true sportsman ought to be disgusted at such slaughter. Mr. Trine has always been a lover of animals and is somewhat of a naturalist.

ONE MILE RACE.

Yale and Columbia Freshman Crews to Meet This Season.

New York, April 3.—Announcement has been made that Yale and Columbia freshmen crews will meet on this water this season in a one-mile race. The course will be on Lake Whitney at New Haven, and the date May 15th. This will be the first time the crews have met since 1895 when Yale won.

BASKET BALL GAMES.

Danville and Logan Teams to Play in This City.

If present arrangements are carried out the B. Y. C. basketball team of Logan and the L. D. S. team will engage in a lively contest tomorrow evening. The two teams will give a dance in honor of the visitors this evening. On Friday evening at the old armory hall the Danville's will meet the L. D. S., and it is quite likely that the Danville aggregation will play the Business college on Saturday evening. Capt. Smith of the Business college team has secured a number of players of the Y. M. C. A. to strengthen his line up, and the games promises to be very lively.

The Logan team has already defeated the L. D. S. and Ogden boys, and in the event that the visitors win both contests here their claim to the State's championship will be undisputed.

DECORATION DAY RACE.

Cycle Dealers Have Taken the Matter in Hand.

It now looks as if there will be a Decoration Day road race after all. The bicycle dealers have taken the matter in hand, and yesterday afternoon held a conference with the management of the Salt Lake and Ogden Roadway company, which resulted in a contract being signed for a race over the Farmington course. Already a medal and three good bicycles have been offered as prizes, and the race promises to be the greatest affair of the kind ever pulled off in this State.

A Weak Stomach

Disordered nerves make a disordered stomach; and when the stomach fails to work the whole machinery of life is turned topsy-turvy. You may doctor the stomach all you please, but if you do not quiet the nervous irritation and strengthen the tired brain-cells it will do no good. The best remedy in the world for disordered nerves and a weakened stomach is Dr. Miles' Nerveine.

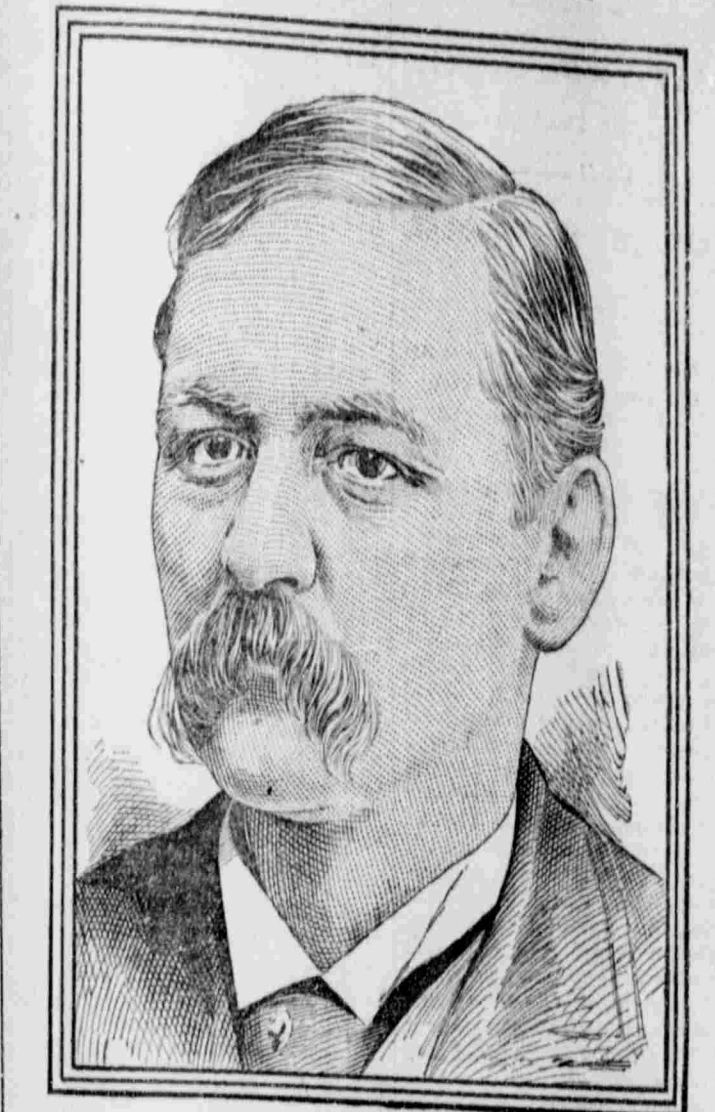

"I suffered from sick headache and indigestion until I was so weak and run-down that bread and milk would not stay on my stomach, and the least exertion caused fainting spells. I was doctored for liver and stomach troubles without avail, but when I had taken two bottles of Dr. Miles' Nerveine I could eat anything I wanted and had gained twenty pounds." JOSEPH BOLT, Forest Grove, Bucks Co., Pa.

Dr. Miles' Nerveine

Is a nerve-tonic and brain-food without an equal anywhere; and it cures where everything else has failed. Try it. Sold by druggists on a guarantee. DR. MILES MEDICAL CO., Elkhart, Ind.

GEORGIA OWES ITS RAILROADS TO HIM.

Paine's Celery Compound Was a Revolution to E. C. Machen.

Machen is one of the makers of the new South. He has changed the map of Central Georgia. Flourishing towns have sprung up along the railroad lines he has developed.

Hon. Clark Howell, in an editorial in the Atlanta Constitution, said of him: "To the people of Georgia Machen is known principally by the roads he has built in the South. He has brought all Georgia within hand-reach of Atlanta. He is a public benefactor."

While at work on the Covington and Macon railroad, Machen's health failed. After much useless expenditure of time and money he was induced by a friend who had been cured of nervous prostration to try Paine's Celery Compound. That remedy was a revelation to him; no one can doubt who reads Machen's letter:

69 Wall St., New York, Jan. 20, 1898.
Wells, Richardson & Co., Burlington, Vt.

Gentlemen: I spent many thousands of dollars, including eight months abroad, for nervous prostration, and then found Paine's Celery Compound the remedy I ought to have taken at first. Doctors periodically tinkered at and patched me up so that my nerves would hold together for a short while, seemingly just long enough for my bank account to get a respite. However, your medicine has side-tracked the doctors. My nerves don't seem to require any rest, and I am in such good spirits these days it doesn't matter much whether I have any bank account or not. I have determined on Paine's Celery Compound as my family remedy from now on.

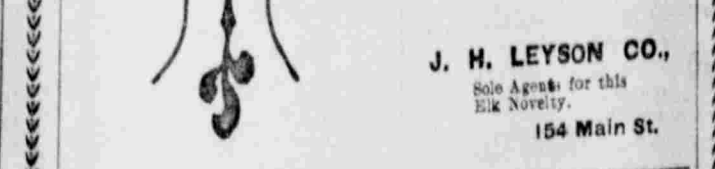

As the pioneer of a new system of railroad building in the South, Machen knows what it is to live under intense nervous strain. His joy at finding in Paine's Celery Compound a reliable means of restoring his nervous energy is shown in every line of his letter to the proprietors of this great remedy.

When thousands of men and women in every walk of life, from the humblest to the most famous and honored, voluntarily go out of their way to tell others the great good Paine's Celery Compound has done them, when the ablest physicians and the best informed pharmacists not only prescribe and recommend, but themselves use and find health in Paine's Celery Compound, the present great demand for the spring remedy is not to be wondered at.

Paine's Celery Compound is the one real spring remedy known today that never fails to benefit. It cures diseases due to nervous weakness or a bad state of the blood. The most wide awake, intelligent part of every community in this country are among its most enthusiastic vouchers and indorsees.

The agreement of opinion among the best informed, most observant class of people in the well-to-do homes of our largest cities, as well as in the more frugal town communities, places Paine's Celery Compound far in advance of any spring remedy.

It is, in fact, the only spring remedy ever heard of in the homes of practicing physicians.
