A GOOD THRESHER AND ENGINE.

In this issue the Sweepstakes Threshing Machine and Canton Motor Engine are advertised. There is no mistake about both being most excellent pieces of machinery, being noted for effectiveness of work and ease of management. Mr. Geo. A. Lowe of this place and Ogden is Agent.

THE points of cutting, delivering, binding, knot-tying, compressing and consumption of twine are the indispensable essentials of a good Binder, and should be closely scrutinized by all farmers before selecting a machine. Examine the knot tied by the McCormick, the so-called Appleby Binder, and you will see that it is not a bow knot, but that the loop is drawn through and the ends cut off, consuming about 4 1/2 inches of twine. Then examine the knot made by the Wood, which is the only Binder that takes the twine furnished by the compression to make the knot. Here is a clear saving of from 2 1/2 to 5 inches on every bundle bound by a Wood machine. While the "Appleby family" of Twine Binders are pulling hair and scratching each other all up about their patents, just go quietly down to Mattison's and arrange to try one of the Walter A. Wood Twine Binders, the simplest, most durable, and the only Twine Binder that has proved its ability all over the world to handle all kinds of grain and in all conditions with perfect satisfaction to the farmer. It is made by the oldest and strongest company in the business who own and control their own patents. A full line of Wood's enclosed gear Mowers and Peerless machines in stock. s37 2 & w1

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

"EVERY DAY LIFE."

Arising in the morning, almost the first thing to be thought of is marketing, or getting the necessities of life; and should any one of the family be troubled with Coughs, Colds, Influenza, Hoarseness, difficult breathing, or any affection of the throat, bronchial tubes or lungs, leading to Consumption, a supply of that household necessity, known as HALE'S HONEY OF HOREHOUND AND TAR,

Which brings strength to the harassed frame, wearied and jaded by a hacking cough, must next be obtained. Ask that fresh, bright, rosy-cheeked girl, who, but a few weeks ago, was lying helpless on her bed, with a hectic flush about making its appearance on her cheeks; ask her what restored to her long nights of balmy sleep, renewed strength, and a final scattering of that cough that was dragging her down to her grave. Ask her what physician was so successful in her case, which seemed to baffle medicine and to defy the many alluring and tempting morsels which anxious hands prepared for her to smooth her journey from this life. Ask her who was the benefactor, and her eyes, speaking volumes, will brighten, her rosy lips will open, while the words warble from her mouth in tones of melody, "Hale's Honey of Horehound and Tar." Sold by all druggists at 50 cents and \$1 per bottle. Great saving by buying large size. Depot Crittenton's, New York City. PIKE'S TOOTHACHE DROPS cure in one minute. deod & w.

The Gentle Way is Best. In dyspepsia, liver complaint and constipation the diseased organs are preternaturally sensitive and tender. Do not use them roughly. An alternative like TARRANT'S SELTZER WATER, that tones, corrects and purifies the system without unduly exciting or irritating either the stomach, the liver, or the bowels, is the true specific in such cases. Reason teaches this, and experience confirms it.
