

FLOATING FRAGMENTS.

The attendance at Bishop Pyper's funeral yesterday, was very large. The Illinois editorial excursion party attended the religious services at the tabernacle yesterday afternoon.

It is feared that on account of the bad weather the potato crop in Ireland will fail. The crop of dead hounds, however, is quite abundant.

Any one who examines the place in the Alexandria forts where British cannon balls went through, will agree with Abail that a holey war has commenced.

On July 31 a large white cow, with roan neck, branded K on right hip, was lost. Information concerning her will be granted for her return to H. S. Kimball, at the U. C. R. R. office.

The inhabitants of Alexandria have been massacred many times since that city was founded, but since that time they are in fact they are not, for they are all dead.

The report that an English admiral said that the valor of the American marines at Alexandria did not surprise him, because men have enough to go to sea in an American man-of-war were reckless enough to do anything, is untrue.

A few days ago eighteen men employed in the U. S. R. R. department at Evanson, were discharged. The list of victims includes several who have been in the Union Pacific employ for many years. Cutting down expenses, is the reason assigned.

Use of our Colorado exchange says: "An unknown party struck Patrick Doyle on the nose the other night, in Pueblo, and broke his leg." This is the first time that the existence of such extreme sympathy between such distant portions of the human anatomy has been brought to our knowledge.

LOCAL AND OTHER MATTERS.

Worth Hearing.—We can promise all our friends who go to the Fifteenth Ward Concert in the fine hall of that ward, on Wednesday evening next, a pleasant entertainment from performers who would please as professionals. Go.

Subscription List.—For the benefit of those desiring to subscribe to the Great Western Match Manufacturing Company, whose premises were lately burned, to recompense business, we announce that a subscription list has been opened at the 17th Ward Store, N. J. Goulden's.

Quite Right.—A few days ago we saw an account of a Chinese boy being shot in the head by a boot-black at Evanson, who was discharged by the examining magistrate. The young culprit has been subsequently re-arrested by Sheriff Dekey, and taken before Justice Bates, of Almy, who held him to answer for the crime at the next term of the District Court. His "partner," was also held to appear as a witness. In default of bonds, they both wait in jail. The Chinaman is still living, but still in a very critical condition.

Street Railroad.—We have before announced that the Salt Lake Street Railroad Company intended to build a new branch line from the City House corner to the Denver & the Grand Central depot. The inter-lord of iron for it arrived this morning, and Supt. Arnold, with characteristic energy, will have the work put through in a short time.

When this new branch is completed, an additional track will be laid from the Eagle Emporium to the City House, to accommodate the increased number of cars that will necessarily have to traverse that portion of the road.

Whitish to Bear Lake Valley.—An Oregon Short Line Railroad west end Granger is progressing at the rate of one mile per day, thirty miles of track having been laid within the last thirty days. Montpelier, Bear Lake Valley, was the last place reached, and they celebrated Utah Pioneer Day, the 24th, and the advent of the railway, at the same time, with a grand jubilation at that burg. The distance from Montpelier to Granger is a hundred and eighteen miles. It will take about thirty days yet for the road to reach Salt Springs. Tracklayers near Montpelier are putting down about one mile per day, and the company expect to lay about sixty miles per month for the next three months, when the weather gets so cold as to stop operations. The grade is so far ahead that there will be no delay from laying to wait on the graders. New grading outfits are still going into Idaho, to work on this line.

Toole Stake Conference.—The Conference of Toole Stake was held at Grantsville on Saturday and Sunday. At the first meeting a number of the Bishops reported their wards, and Wm. Jeffreys gave an exhibit of the condition of the Sunday schools, of which he is Stake superintendent. The balance of the time was occupied by a brief discourse from Apostle Lyman.

In the afternoon other bishops reported and the remainder of the time was occupied by Elder C. W. Penrose.

There was a young people's conference in the evening, at which the usual business was done, and the audience addressed by Apostle Lyman.

At the Sunday morning service President H. J. Grant and Elders H. S. Gowans and F. M. Lyman were the speakers.

In the afternoon the authorities of the Church were presented and sustained and the meeting adjourned by John T. Rich, the balance of the time being occupied by Elder C. W. Penrose.

Elder Lyman remained at Grantsville, and President H. S. Grant and Elder C. W. Penrose drove, yesterday afternoon, by team conveyance, to Grantsville, where they took the evening train for town.

OBSEQUIES OF BISHOP PYPER.

The services over the remains of the late Alexander C. Pyper took place in the Twelfth Ward school house yesterday, beginning at 10 a.m., according to announcement. The hall was crowded to excess, and many, unable to gain admittance, were compelled to occupy standing room on the grounds outside adjacent to the building.

On the stand were President Joseph F. Smith, President Woodruff, of the Apostles; Counselor D. H. Wells; the Presidency of the Bishopric of the Church, Edward Hunter, L. W. Hardy, and R. T. Burton; the Presidency of the Stake, A. M. Cannon, D. O. Calder, and Joseph E. Taylor; nearly all the Bishops of Salt Lake City, and many other leading Church authorities, too numerous to name. Mayor Jennings and the City Council and others were present in a body.

The stand was draped with black festooned with white, while bouquets of flowers were placed about in profusion. The casket containing the remains was decorated with beautiful wreaths and bouquets. Immediately in its vicinity, and surrounding it were the members of the family of the deceased and other relatives.

The services were conducted by Elder John Druce, who was first counselor, in the Twelfth Ward Bishopric to the deceased. The singing exercises, which were very beautifully rendered, were executed by the ward choir. The opening prayer was offered by Counselor D. H. Wells.

President A. M. Cannon, who had been acquainted with the deceased since 1858, was the first speaker. He spoke of the devotion of the deceased to the truth, as revealed through the Gospel. He had laid aside his body for a time, and ceased his labors here, but had gone to another sphere where his activity and usefulness would be continued. He would receive his body again by the power of the resurrection and the family ties he had formed here by means of eternal covenants would be renewed never more to be dissolved.

Bishop Hunter expressed himself to the effect that viewing the death of Brother Pyper from the light of the Gospel his departure should not be a cause of sorrow but otherwise, as he laid his body down with a prospect of the resurrection before him.

Elder John Druce spoke of the integrity, conscientious and fearless character of the deceased, and especially of his unwavering faith in God, which was never shaken to his latest breath.

Bishop John Sharp spoke of the blessings of the Gospel, without which death could only be contemplated with apprehension. In its light, however, its gloom was dispelled because of the brightness of the promises to the faithful.

Elder Fernstrom Little spoke of his intimacy in life with the deceased. He had been one of his friends and he did not know how anybody could have known him without being his friend. He was a man that could not well be spared by the community, being full of honesty and integrity. He was always free to express an opinion, when requested, and always had an opinion to express.

Elder D. O. Calder had known Brother Pyper for many years and enjoyed his confidence. He had seen his struggles to benefit the community in trying to inaugurate home industries. He never seemed to consider the monetary profits to be personally derived from labors of that kind, but how the people at large would reap an advantage from them. He had even brought himself to poverty by such efforts. In all the circumstances, adversity or otherwise, of his life, he was always true to his integrity for the work of God.

Elder W. Woodruff said if the veil that is over humanity, preventing morality from beholding what is beyond this life, were removed, none of us would sin. The spiritual light is obscured that men might be led. He had never mourned at the funeral of a true Latter-day Saint, except on one occasion—the death of Joseph and Hyrum Smith. Then all Israel mourned. This was not because there was the slightest doubt that their condition in the life beyond was glorious, but because of the horrible manner of their death, having been cruelly murdered by a mob. When a Latter-day Saint, who has been true to the death, lays down his life he gains a great victory. This is the way we feel about Brother Pyper. In a few years—for this is the generation in which the event will transpire—Christ shall come in the clouds of heaven, and Brother Pyper shall arise. He will be raised by some one having the keys of the resurrection. In the interim he has gone where there is plenty of work to perform. His death in this life was followed by his birth in the next, where doubtless his advent would be greeted joyfully by numerous friends.

The speaker related visitations to him from Joseph and Hyrum Smith, and others who had died and gone to the spirit world. After a period, however, these visitations ceased. Later he had also received the visitations of Brigham Young, Heber C. Kimball, George A. Smith, and others, notably while he was in Southern Utah and Arizona some time ago. He gave some of the details regarding President Young and Kimball, describing their appearance. The former, joined upon Brother Woodruff to be sure to exhort the people to obtain sure to live in the light of the Holy Spirit, placing them in communion with the power of God's heaven, otherwise they would be in danger, and more or less subject to the powers of darkness. He (the speaker) gave it as his view that the servants of God had, for a period after their departure from this life, still a care over the visible Church, and that subsequently they passed forward to be engaged in other work. Jesus Christ however never ceased his watch-care over the Church on the earth, and would not until His work was finished.

At the conclusion of Brother Woodruff's address Elder Druce spoke of the saddest of the saddest attention that had been given to the deceased during his last illness by Brother W. H. H. Sharp, by whose attentions much of his pain had doubtless been alleviated.

The choir sang, Nearer My God, to Thee. Benediction by Elder Joseph E. Taylor.

The large congregation passed around the casket and viewed the face of the dead, upon which, notwithstanding the intense suffering he had undergone for several months, there was a remarkably placid appearance. The procession was formed under the direction of Brother T. V. Williams. The cortege which followed the body to the cemetery was a very long one.

At the grave the choir sang, "Sweet rest in Heaven," President A. M. Cannon offered the dedicatory prayer, and all that was mortal of Brother Pyper was consigned to mother earth, there to remain until brought forth to immortality by the power of the resurrection.

Wholesale Business.—G. F. Culmer & Bros. are out in a new advt. They are large wholesale dealers in groceries, window glass, paints and oil, crockery, glassware, and are manufacturers of show cases.

St. George.—A St. George correspondent writes: The health of the people is very good; weather warm. The party who started for Mexico, had, at last accounts reached Hackberry, Arizona, all right, in good health and spirits.

Grantsville Brass Band.—Grantsville, Tooele County, has an excellent brass band, under the leadership of Brother James Ratcliffe. The performers play with admirable precision, doing credit to their able instructor.

SEVENTIES' GENERAL MEETING.

The Seventies will please take notice that their next monthly meeting transpires on Wednesday next, the 2nd day of August, at 7 o'clock p.m., at the Council House.

Robert Campbell, Clerk of First Council of Seventies, Salt Lake City, July 31, 1882.

Struck by Lightning.—About nine o'clock yesterday morning a loud peal of thunder reverberated over this valley. The electric fluid struck and damaged a tree in the lot of Mr. Paul, in the 10th Ward. Mrs. Paul, who had a pair of scissors in her hand at the time, received a slight shock in her arm, but quickly recovered from its effects.

Dastardly Doings.—Last Thursday, about a quarter of a mile south of Butte, a dastardly attempt to wreck the passenger train due in that city at 8.30 that evening was discovered by some men passing along the line. A hand-car had been put across the track and large stones placed on the rails for some distance. The perpetrators were not discovered.

Excellent Brick.—We have been shown a specimen of steam-pressed brick made by Cook, Roberts & Co., of Provo. It has the genuine ring, is smooth and solid, with every other appearance of being good an article as was ever made in Utah. The firm turn out 22,000 daily. They have the contract for the new Insane Asylum, which will take 1,845,000, of which they have already supplied 900,000. Cook, Roberts & Co. load their brick on the cars at Provo for \$3.50 a thousand.

Walker Opera House To-night.—The Danville Company give their parlor entertainment to-night, among the popular artists are G. S. Bruno, the specialist, Kelly and Stiles, the champion clog and dance men, mortimer and McKiver, the noted Dutch and Irish Teams, T. De Morney, great athlete, Jimmy Ashbrook, Johnny Davenport, Bert Holden and many others who appear in their varied specialties. Box office now open.

The Journal.—In our columns will be found the advertisement of the Utah Journal Publishing Company, of Logan, Cache County, who will begin to issue the Journal to-morrow. As this new paper will have an extensive circulation throughout the whole of Northern Utah and Southern Idaho, as well as extending into other portions of the west and north, it presents an excellent advertising medium for business men. The subscription rates for the new paper appear in the announcement, and the advertising rates can be ascertained on application. Success to the Utah Journal.

FROM "THE TIMES." Editors Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful success he had had in curing sprains and dislocations with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statement from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man as well as beast. Respectfully yours, ARNOLD PARKER. Rochester, N. Y., Sept. 1st, 1881. d & w
