The mine was located in 1899 by the present owners and is a free gold pro-perty. It has a 70-foot shaft and the rich ledge which runs from east to west is from five inches to two and a half feet in width, and has been drift-ed on both east and west from the shaft. The ore assays from \$20 to \$400

SMELTER TRUST'S PROFITS.

Surplus of Nearly \$2,000,000 Earned During Last Year. At the annual meeting of the stock holders of the American Smelting and

Refning company, held in Jersey City, says the New York Herald, figures showing the volume of business for the year were presented. Net carnings in-creased \$2,715,167, and \$1,921,103 was added to the surplus account. The to-tal net earnings amounted to \$7,576,786. After deducting from the net income extraordinary appropriations for im-provements and a profit and loss account for fluctuations in the price of the metal there was left a surplus of \$1.921,103, which is equal to 3.84 on the common stock. President Nash in his remarks to the

stockholders called attention to the fact that during the year the company wiped out a floating debt of \$3,799,000, which was in the shape of bills payable, and in turn accumulated a cash ac-

count of \$2,839,154, which is now in the bank. It was decided by the directors to add 11,500,000 to a fund to be called the metal stock account, which will absorb all fluctuations in the market value of netals in process of treatment. Some of the subsidiary companies taken over at the time the company was formed had outstanding bonds amounting to \$2,322,000. Of this a great amount has been paid off, leaving outstanding

> In the balance sheet the fact is disclosed that during the year there was a decrease of \$2,872,918 in the supply of metal stocks, while there was crease in the cash on hand April 30 of \$1.347,141. retiring board of directors was

re-elected and two additional directors was were added to the board, namely, Ed-gar I, Newhouse and Edward Brush,

WILL SELL NO ORES.

# Utah Con. Will Not Increase Output Un-til Smelter is Enlarged.

Manager Channing of the Utah Con-olidated Mining company, when queationed today concerning the report pub-lished in a contemporary to the effect that negotiations were pending with Utah smelters for the sale of 300 tons of ore daily, thus enabling the com-pany to involtately increase its output to 500 tons per day declared that the The second secon other smelting concerns. We propose to treat our own ores in our own smeltr. There will be no increase in the oresent daily output until the extensions to the smeller are completed, which, of course, will not be for some little time

day.

In regard to the smelter extension, Mr. Channing said no contracts had been let excepting the one to raise the present stack 50 fect. Some others were being considered, but no decision had tonight.

been reached in any of them. Yankee Con. Shipment.

The Yankee Consolidated Mining company has a good lot of ore at the samplers today. The product came from the bottom of the shaft now be-ing stink and was unsorted. The of-ficials of the company make the statethat they expect to realize more

which is to have a capital stock of 300,000 shares of a par value of \$1 each. The officers are J. A. Jacobson, president; Walter L. Maas, secretary manager, who, with Tony Jacob and manager, who, with Tony Jacobson, Mrs. W. L. Maas and L. A. Jeffs, con-stitute the board of directors. One half of the capital stock is to go into the treasury to be sold for develop-The Heligate group is promising ground and was formerly the proper-ty of Fritz Rittich, the owner of the Old Frederich mine, which adjoins on

the north. Recent development work done or

the Hellgate claims has disclosed two ledges, both strongly impregnated with copper; one of them being 10 feet in width and the other eight feet. Assays made disclosed values of from 2 to 20 per cent copper, 5 to 75 ounces silver and \$1 to \$8 in gold. It is the intention of the company to

commence at once to sink a double compartment shaft and Manager Maas compartment shaft and Manager Maas will leave for camp tomorrow morning to put a force of men to work. A hoist-ing plant and pumps will be installed later and arrangements have been made with the Columbus Con. company for power, to be supplied by its Little Cot-compand plant when completed tonwood plant, when completed,
