Senator Zayas said that Mr. Taft had received a letter from Senator Dolz, president of the senate, proposing that the Liberals and Moderates negotiate together, as proposed yesterday, through committees of six, representing each party, but suggesting that if differences arise the negotiations cease entirely.

Commenting on this, Senator Zayas said that inasmuch as differences must arise he sees no use of even beginning the negotiations. His understanding, the senator added, had been that these points of difference could be arbitrated by Messrs. Taft and Bacon.

As Senator Zayas returned to his home he said he would write to Senator Dolz to the effect that this suggestion was not in accordance with the understanding which he had last night. Zayas asserted that Dolz was merely sparring for time, and added concerning the situation:

"This is worse and worse."

Gov. Nunez was admitted to see Messrs. Taft and Bacon at noon. He told them that he did not object to holding of new elections on Jan. 1, but he declared that with a revolution on hand, three months would not be sufficient to prepare for the elections.

ADOLPH WEBER EXECUTED.

He went to the scaffold with a firm step and to the very last maintained the nerve which has characterized him as one of the most remarkable criminals of the century. He was pronounced dead at 12:40, 14 minutes after his body shot through the trap.

THIRD SPECIAL RACE OFF.

Y., Sept. 27.—Announcement was made this afternoon that the race known as the Third Special, which has three entries, Roseben, Lady Amelia and Inquisitor, but which was really a match race between Roseben and Lady Amelia, was declared off. The race was to have been run on a fast track, but as the going was heavy it was declared off.

TWO MEN AND A DOG.

Figure in Suit Filed in the District Court by C. Crane.

Charles Crane today filed his answer to the complaint filed against him in the district court by M. Isenberg, who asked judgment for damages because of an alleged assault made upon him by Mr. Crane. Isenberg, in his complaint, alleged that he called at Crane's residence on East South Temple street to purchase junk and that Crane sent the dogs on him and that he severely bit him. The next day when he called again to ascertain the number of the house, he alleged that Crane assaulted him and knocked him unconscious and the dogs again bit him.

Mr. Crane denies the allegations made by Isenberg and sets out in his answer that Isenberg entered upon his premises and approached Mr. Crane in a threatening manner, and threatened to assault him. Mr. Crane then offered him off the place, but he refused to go, hence it was necessary to use sufficient force to eject him and prevent him from committing said threatened assault. The efforts of Mr. Crane in ejecting Isenberg constitute the grievance set forth in the complaint. The defendant prays that the case be dismissed, and that he have his costs.

A complaint was issued yesterday against Angus McLeod, charging him with failing to provide for his three children. Mrs. McLeod swore to the complaint before Judge Whitaker of the city court, and she charges that her husband has not provided for her or the children for six months.

The Utah Light & Railway company has been made defendant in a suit filed in the district court by W. W. ALLEGED ROBBERS ARRESTED HERE

Two Colored Persons in Jail at Request of Chicago Authorities.

THEFT OF NEARLY \$10,000.

Robbery Occurred at Portland And Victim Was a Wealthy Man From Windy City.

After the Crime Officers Followed the Guilty Parties for a Distance Of Over 5,000 Miles.

Chicago, Sept. 27.—The arrest today of Clara Adams, an actress, and Harry Morgan, at Salt Lake City, will solve the mystery connected with the alleged theft of nearly \$10,000 from Anton Fritz, a butcher, at Portland, Ore., and of an alleged plot to murder Morgan in a hotel in Chicago, according to local police officials who were notified of the arrest. Fritz was a native of western Pennsylvania and before he started out to see the world, owned a butcher shop. He sold the shop for \$10,000 and, it is claimed, placed the money, all in bills of large dimensions, in a wallet and started for the west. He had been in Portland several days and was sighted when he met Miss Adams. She told him she was a stranger in the city and was in need of money. Fritz claims he befriended the woman and secured her a place at a hotel. He says he also stayed at the same hotel. The following morning he reported to the police that he had been robbed of over \$9,000. In the meantime the woman had disappeared. The description of the woman as given by Fritz was recognized by the police as that of one who was known under the name of the "Giddy Kid." Harry Morgan, an intimate friend of the woman, had also disappeared. The police learned that Morgan and the woman had gone to Tacoma. From there the couple were tracked to Spokane, thence to St. Paul and finally to Chicago. Fritz claims that he saw the woman in Chicago, Portland and San Francisco. It is a fact, however, that she is colored and it is not believed that she is an actress.

The conspiracy to kill Morgan probably would have been successful, according to the police, but for the weakening of one of the plotters, a negro, who told to Morgan and made a full confession.

ADDITIONAL INFORMATION.

(Special to the "News.") Chicago, Sept. 27.—After a chase of nearly 6,000 miles which included a wild flight half way across the continent and back again, arrests made in Salt Lake City today by Chicago police declare will clear up a mystery and bring to justice a Chicago man and an actress who are charged with robbing and kidnapping a Pittsburgh millionaire of \$10,000 in cash, after having plotted to murder him. It is necessary to accomplish their purpose.

San Francisco and a number of other coast towns figure in the plot according to the police.

Several weeks ago Anton Fritz, having made his millions in meat business in Pittsburgh decided to retire and travel over the country. With \$10,000 in cash in his pocket he reached San Francisco. Here he met a woman who learned of his wealth. He then went to Portland followed by the actress and companion, Clara Adams and Harry Morgan by names.

In Portland, according to the police, the victim was robbed while sleeping under the influence of a drug. The couple fled to Tacoma, Wash., thence to Spokane, thence to St. Paul, and a week ago they came to Chicago. Morgan secured the service of a valet named Kennedy on the trip, but discharged him in St. Paul. Kennedy furnished information of the couple's whereabouts to Deputy Sheriff Joseph Day of Portland, who followed in pursuit.

The arrival of Sheriff Day in Chicago today and clues he discovered here led to the arrests in Salt Lake City. Day has also secured legal process to tie up \$4,500 placed in a local bank by Harry Morgan. This will be recovered for Fritz.

COUPLE ARRESTED HERE.

Last evening Chief of Police George A. Sheets received a telegram from the authorities at Chicago, asking the police here to keep a look out for a colored couple, giving their description, and stating that the couple was wanted at Portland for grand larceny or robbery.

At 9:30 last evening Detectives Chase, Burt and Raleigh arrested Harry Morgan and a woman who gave the name of Leora Morgan, both colored. They answered the description given in the telegram from Chicago and there can be no doubt that they are the ones wanted by the Portland police. They

were escorted to the city hall and there placed in cells.

The prisoners were well dressed and appeared to be well supplied with money. They refused to talk about the case except to deny their guilt, and declare their ignorance of the crime.

NO WORD FROM PORTLAND.

The police here are satisfied that they have the right persons under arrest. Chief Sheets says, however, that he is absolutely in the dark as to the facts in the case. He has wired the authorities at Portland for information. In fact has asked for a full and complete statement of the case. He notified the Chicago officials of the arrest here last evening of the Morgans and the Chicago officers at once wired to hold the prisoners at all costs. Interesting developments are expected this evening. Up to a late hour this afternoon nothing had been heard from Portland, and Chief Sheets stated to the "News" that he was unable to give any information whatever for the reason he knew nothing about the case beyond what the brief dispatch stated.

As to Clara Adams, the actress, the police here know nothing whatever. It may be that the woman with Morgan who says she is Leora Morgan, went by the name of Clara in Chicago, Portland and San Francisco. It is a fact, however, that she is colored and it is not believed that she is an actress.

The company leaves on Oct. 5, 12 o'clock at 3:30 tomorrow and excursion tickets are good returning till Sunday.

Gov. Cutler Invited.—Gov. Cutler today received a telegram inviting him to attend the annual convention of the Colorado Commercial association to be held at Ft. Collins on Oct. 4. In some respects the convention will be an interstate congress and the governors of adjoining states will be invited to attend. The governor is asked to deliver an address for Utah. The invitation is signed by Gov. McDonald, Congressman Bonyne and President B. O. Aylesworth of the Colorado agricultural college.

Pinehurst Company.—Articles of incorporation of the Pinehurst company of this city were filed with the county clerk today. Its capital stock is \$20,000, divided into shares of the par value of \$5 each. H. C. Edwards is president; L. M. Fisher, vice president; L. P. Palmer, secretary and treasurer. The company is organized for the purpose of conducting a summer resort in a canyon tributary to Parley's canyon where it owns 160 acres of land suitable for that purpose.

The aerial dimensions of the premises are 53x109 feet, and there will be 12 fine office apartments on each floor of the stories added. The building is to be fire proof, with the vault in the rooms of the Mining & Smelter Supply company, will be carried up through the building to the top, giving two fire proof vaults, accommodations on each floor, and the lighting and heating will be from the complete plant located in the rear of the Dooly block. The building is to be lighted on three sides, there will be hot and cold water on each floor, and the general finish of the annex will correspond to the main building.

Up From Dixie.—President Thomas Judd of the state board of horticulture, arrived this morning from St. George, and is superintending today the location and opening of the office of the board in the Swan building. Mr. Judd reports the fruit situation in Washington county as entirely satisfactory, especially in the way of dried fruits; but full advantage can not be taken of the situation until a railroad is built down into the Dixie country. Mr. Judd found the citizens in and around Cedar City deeply interested in dry farming, and it is proposed to form a co-operative organization to engage in this. The sheep in that country are in fine condition, and the indications are that stock of all kinds will pass a satisfactory winter.

REPUBLICANS GETTING BUSY

Judge Clesson S. Kinney Becomes Candidate for the Upper House.

POLITICIANS AT LUNCHEON.

Resentment Among Americans Who Dislike Being Forced Into Swallowing Kearns Without Salt.

That the Republican party intends to make an immediate and aggressive fight was much in evidence this morning. The party leaders were in council at the state headquarters, and work was being laid out for campaigners all over the state.

Senator Reed Smoot arrived in the city this morning, and was met at the depot by James H. Anderson and Malcolm McAllister, manager of the Republican official organ. At noon State Chairman Salisbury went to lunch with former State Chairman Spry and E. H. Callister. The lunch developed an amusing incident of the political war. Just before the party arrived at the Vienna cafe, Frank J. Cannon came in and took a seat in the rear dining room. As the other lunchers began to wonder whether he would have his fried, fried, or boiled and served on toast, the second party reached the rear dining room and after looking around, about faced for the street again. It was evidently meant for a luncheon of mutual confidences and there was no desire to carry aid and comfort to the enemy at the next table, even inferentially.

Secretary Squires stated at headquarters this afternoon, that Senator Smoot had not yet called at the state offices, but that he expected him to call during the afternoon. He had one item to give out. It was that Clesson S. Kinney, who last year was a member of the lower house, is a candidate for election to the State senate, taking one of the places made vacant by the expiration of the terms of Senator Williams and Senator Bamberger. As Williams is also a candidate for the nomination, it is possible that he and Kinney will be named by the Republicans. Their American party opponents are Saloonkeeper Cahoon of Murray and Garfield, and Mormon elder Sanford of Salt Lake. The Democratic nominees are as yet untalked of, except informally. Senator Bamberger is being urged to run again and there are a number of likely men for the other place.

A large banner bearing the words "Democratic headquarters" was today hung out from the third story windows of the Atlas block reaching across the street to the car tracks. It is meant to catch the eye of the Democratic delegate the moment he steps of the Rio Grande train at the bottom of the street. The American party banner already reaches from the poles to the front door of the Cullen across the street, and the Republican banner crosses the sidewalk in front of the Atlas block.

Secretary Armstrong of the American party county committee was busy today preparing instructions to county workers, and incidentally sending the workers on their way. He has prepared a typewritten document for them of several pages in length telling them just what kind of information is wanted.

It is surprising how deep the resentment is among American party leaders to the black hand of Thomas Kearns when it is seen over party affairs. Ben R. Heywood declares with great earnestness the movement is not meant to drag affiliation back to the camp of Kearns, and senatorial candidate Sanford denies that he is in any way pledged, while Rodeback of the gentle misinformation bureau also arises in meeting to say that he is not pulling for Thomas.

FOUR VISITORS AT THE COURT OF ST. JAMES.

The quartet of Indians herewith pictured went recently from Canada to England to petition the king to protect their game preserves in the Dominion forests. The two blanketed men in the center are chiefs, and the others are interpreters. Their arrival in London was the sensation of the hour, and they were the recipients of much attention from all classes.

THE LATEST THING IN LOCOMOTIVES.

The locomotive here shown was exhibited recently at the Lands and Industrial exposition at Nuremberg, Germany. It differs from the ordinary railroad locomotive in several particulars. It is provided with a curious pointed boiler, to offer less resistance to the air. The driving wheels are nearly seven feet in diameter. It is believed by German railroad engineers that this is the locomotive of the future. It is capable of attaining a speed of ninety miles an hour.

High Endorsement

Of Evans' "One Hundred Years of Mormonism," by the General Superintendency of Sunday Schools

HE work has been carefully read and examined by a committee appointed for the purpose, consisting of Elders Francis M. Lyman, George Reynolds, and Joseph F. Smith, Jr., who speak highly of its originality, literary ability and adaptability to the purpose for which it has been written, and on the strength of their
