Smith, of San Francisco, was ou a professional visit to Helena, i would make the following statement for the bene-fit of the afflicied. I consulted the doctor about five years areo on account of a dread-ful catarrhal affection of the head, ears and throat, which for years rendered my life miserable and almost disquilified me for business. The doctor assured me that he could and would cure me. I received from him and util to f medicine and instruments which I used at home under his directions I found that my symptoms rapidly improved as soon as I began to use the treatment and before my term of treatment had expired I was entirely cured and fielt like a new man I can cheerfully recommend the doctor as akilled in the treatment of the diseases of the head, ear and throat.
