SANFORD'S RADICAL CURE For CATARRH

INSTANTLY RELIEVES.

8,000 FEET ABOVE THE SEA.

The following testimonials are from Messrs. J. G. Bosworth & Co., Denver, Col., large and influential druggists. They report unprecedentedly large sales and universal satisfaction. No other disease is so alarmingly prevalent in that region. They speak of the following gentlemen as among their best citizens:

SORELY AFFLICTED.

J. G. Bosworth & Co., Denver, Col.: Gentlemen,—Prompted by a desire to relieve those afflicted with Catarrh, I wish to add my testimony in behalf of SANFORD'S RADICAL CURE. For six years I have been sorely afflicted with this fearful disease, for four years, and have tried every known remedy without relief, until I bought a bottle of the above CURE from you, which gave me almost instant relief. It being a constitutional as well as a local remedy, it ought to be all that is claimed for it, a Radical Cure for Catarrh.

Very truly yours, WM. AMETYIE.
Denver, Sept. 28, 1876. with Jamison, Bliss & Co.

GREATLY AFFLICTED.

Messrs. J. G. Bosworth & Co., Denver: Gentlemen,—I take pleasure in recommending SANFORD'S RADICAL CURE FOR CATARRH to all who are afflicted with this disease. I was greatly afflicted with it for a number of years, and used two bottles of the above CURE. About a year afterwards I was again taken with Catarrh in a severe form, and immediately sent for another bottle, which fixed me all right, giving me relief from the first dose. I am confident that this remedy will do all that is claimed for it, and more too. Wishing my success in its introduction, I am very truly yours,

W. SMITH,
of Smith & Bon.
Denver, Oct. 4, 1875.

TRIED EVERYTHING.

Messrs. J. G. Bosworth & Co., Denver, Col.: Gentlemen,—I have used SANFORD'S RADICAL CURE FOR CATARRH, and it has given perfect satisfaction. I have tried almost everything, and it is the only thing that has given me relief. Therefore take pleasure in recommending its use to all afflicted with Catarrh of any kind, and offer this as my testimony to its benefits.

W. S. DECKER
Denver, Oct. 4, 1875.

REV. J. H. WIGGIN SAYS:

One of the best remedies for Catarrh, say the best remedy we have found in a lifetime of suffering, is SANFORD'S RADICAL CURE. It is not unpleasant to take through the nostrils, and there comes with each bottle a small glass tube for use in inhalation. It clears the head and throat so thoroughly that, taken each morning, its effects are the unpleasant sensation of a beautiful sabbath morning during the entire day, but an unprecedented increase of voice and strength.—*Rev. J. H. Wiggin, in Dorchester (Mass.) Beacon.*

Each package contains Dr. Sanford's Improved Inhaling Tube, with full directions for use in all cases. Price, $1.00. For sale by all Wholesale and Retail Druggists and Dealers throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

Wool Market.

BOSTON, 6.—Wool, the past week has been the most active since the 1st of January, and the market appears to have recovered from the depression of such a long continuance. It is evident that the lowest point has been touched for the present, but the improvement is not on so firm a basis as could be desired. The manufacturing business is far from satisfactory, and it remains to be seen whether the fall demand for goods will sustain the present improvement.

The transactions in fleeces have been the largest for a long time, and, including unwashed and western Texas, have amounted to about 1,000,000 lbs.

The demand for combing and delaine fleeces still continues, manufacturers being free purchasers. Sales of the week 578,000 lbs.

Fulled wools are steady, with a fair demand. The sales for the week comprise Ohio, Pennsylvania and Western Virginia No. 1, X, and XX at 35 @ 39. Michigan X and above at 35. Washed delaines and combing at 38 @ 42½; unwashed combing and delaine at 29 @ 30. Texas at 15 @ 29. Unwashed fleeces at 22 @ 29; scoured at 40 @ to 80; super and X pulled at 27 @42½; tub washed at 39. Sales of California have been 349,000 lbs. at full previous prices, including choice northern spring at 28 @ 30, one lot bringing as high as 31; fall 15 @ 18. The total sales of domestic wool for the week has been 2,223,600 lbs.

Letter of Representative Potter to Secy. Sherman.

WASHINGTON, 6.—The following letter has been sent by Representative Potter, chairman of the Louisiana and Florida investigating committee, to Secretary Sherman:

HOUSE OF REPRESENTATIVES,
July 1st, 1878.

Sir.—Your last letter, which is without date, was handed to me on the 24th ultimo by Governor Cox. First—As to the alleged Weber agreement, the witnesses you desired called—Kellogg, Pitkin, Jenks and Weber have all been called, and testified except Weber and Kellogg. Weber is summoned and has stated he would attend at the next session of the committee, and Governor Kellogg has gone to Chicago to return after some days. Second, as to the legality of the protest of Anderson, Pitkin and Campbell have been called as you desired. Third, as to Mr. Stoughton the committee will give you an opportunity after the testimony is further taken, either to call him or submit interrogatories as may then be decided. Fourth—The witnesses to fraud and intimidation in Louisiana, which you propose, have, I understand, testified before the former committee of this House and of the Senate and have been also contradicted. The committee are unable now to decide whether it will be proper to take that evidence. That can only be determined after the enquiry now in progress in Louisiana has further proceeded. They have, therefore, not yet acted upon the reply to your letter prepared by Mr. Morrison, a copy of which was made public by him as the communication from you to the committee had been by you. Should it later appear that any testimony as to wrong or violence before the election would be proper to the enquiry, pending into frauds and wrongs in the returns after the election or to the conspiracy referred to in the resolution appointing the committee, they will consider whether it may be practicable to take the testimony you propose, and that in contradiction, or whether the reports of the testimony taken by the former committee of the Senate and House may not be used. Any application from you in this respect will be duly considered.

Respectfully,
Your obedient servant,
CLARKSON N. POTTER.
Chairman.

To the Hon. John Sherman.

Permission to Fight Indians.

The land office, to-day, received the following telegram from the register and receiver:

"Walla Walla, Washington Territory, Land Office.—Can we close the office to fight Indians, forty miles away?"

Commissioner Williamson promptly replied: "Yes, but only so long as may be absolutely necessary."

Coin Balance in the Treasury.

The coin balance in the Treasury is about two hundred million and steadily increasing. As there is no idea the balance will fall below the present figure, this, with the present low premium on gold, form the basis of the general anticipation that resumption will occur before the first of January. The appropriations made by Congress at the session recently closed, including the various deficiency bills, is $172,069,589.

Terrible Boiler Explosion.

QUEEN CITY, Texas, 6.—The explosion of a boiler in Sewell's sawmill, killed three men, hurling them 200 feet in the air.

A Forger Arrested.

CHICAGO, 6.—Harlow F. Coy, real estate dealer, 171, Lasalle street, and a man of exemplary life so far as known heretofore, has been discovered in a number of forgeries by which he has victimized D. B. Gray, of Boston, for whom he has been acting as agent, out of from $6,000 to $7,000. Coy was arrested to-day, at the instance of Gray and, waiving an examination, was held to the criminal court in $7,000. The forgeries have been in the shape of notes, deeds, etc. He was a teacher in the Sunday school and a man highly esteemed.

Conflagration—Loss of Life.

DETROIT, 6.—Stephen's saw mill, at Fisk Lake, near Laper, burned this morning, early. Loss estimated at $30,000; insurance $15,000. Supposed incendiary.

J. D. Bothwell's house at Columbiaville, burned last night. One son aged 8, perished in the flames, and another was dangerously burned. Other members of the family barely escaped.

WESTERN.

The Indian Hostilities—Great Excitement—Settlers Fleeing for Safety.

SAN FRANCISCO, 6.—A Portland dispatch says: News from Dallas states that James Clark and a party of 14 men were out last Sunday on a scouting expedition up the south fork of the John Day River and when about 12 miles from its mouth, at Murderer's Creek, they came upon Indians, supposed to be about 1,400 strong, who endeavored to cut off the line of retreat of Clark's party and nearly succeeded in the attempt. The whites defended themselves. One man was killed and two others seriously wounded before the command made its escape. Clark and two of his men were cut off by the death of their horses. As soon as the news reached Canyon City that Clark was missing a party of 12 men went to their assistance, coming across Clark at Cummings' ranch, about two miles from the fork of the John Day River, to which point Clark had succeeded in making his escape. While at this place the Indians made an attack on them and drove them from the ranch, wounding Schuls. The hostiles took the stage stock, and burned the vehicles and all the buildings on the ranch.

Umatilla, 5.—Four men arrived early this morning from Pendleton and report a fight with the Indians at Camas Prairie. They killed one Indian and think they wounded two others. They captured the scalp and head and dress of the Indian they killed. It is believed that the Indians will not come out of the mountains if they can stay there. There were no Umatilla Indians in this fight.

Cillio, 5.—The following dispatch has been received by Governor Chadwick, now here on his way up the river:

Walla Walla, W. T., 5.

Nothing from General Howard since the 29th. Reports from Baker City of the 2nd state that the general advance cavalry was in John Day's Valley pursuing the hostiles. Scouting parties have been encountered 15 miles from here, south of Pendleton. To-morrow night I expect to have force enough at Pendleton to prevent the hostiles from crossing the Columbia River near the mouth of Snake River. There is a great deal of needless alarm here, though there are few troops here and further north.

(Signed) WHEATON.

Vancouver, July 5.—News from the Indian war creates great excitement and stir here. At 4 o'clock every available man was under orders to move at 8.30 to-night. Major J. A. Kress left on the steamer *Welcome* with 25 men, one Gatling gun and howitzer, having volunteered to serve as a river patrol near Wallula. Governor Ferry arrived to-night and went up on the same boat with 200 stands of arms for the citizens.

Walla Walla, July 5.—A letter received by General Wheaton from Major Throcmorton, at Pendleton, reports everything quiet there. The following is extracts from the letter from E. E. Turk, Cañon City, July 1st: I have just returned from carrying dispatches to Colonel Grover's command. Everything is disorganized. Indians all around us. We have been fighting for the last three days. Can't tell how many are killed. We know of 11 of our men. We want help. I have been in saddle for three nights. All business houses are closed.

FOREIGN.

GREAT BRITAIN.

The Congress—Russian Triumph.

LONDON, 6.—The progress already made in the Berlin congress bids fair to vindicate our prediction of an adjournment during July. Thus far all indications point to a substantial Russian triumph in the congress. England has gained nothing practical which was not offered her long before Beaconsfield made his expensive warlike demonstrations. The stipulation that Turkey may fortify the Balkans amounts to nothing. Nothing has yet occurred, or is likely to occur, changing the fact that Turkey henceforth will be Russia's ally, or vassal, and not England's. The absolute security for England which Beaconsfield set out to obtain is an impossible chimera. Russia, in the person of her Turkish vassal, still stands on the Bosphorus, and will stand there after the British forces have returned homeward. Then her action or inaction will be dependent upon Russia's will or policy alone. She will not long wear any diplomatic yoke which she finds burdensome. These are facts which had better be accepted by all who desire to forecast the new maps of Russia and Turkey and what is to follow their readjustment.

BRITISH AMERICA.

A Murderous Lunatic.

VICTORIA, B. C., 6.—Yesterday an attempt was made to murder Robson, Dominion paymaster, by a lunatic named Oliver, who fired at Robson as he was entering his door. The lunatic kept up a fire on Mr. Robson's house for nearly an hour, until seized and disarmed.

Anticipated Trouble On the 12th of July.

MONTREAL, 6.—Fletcher, after conferring with the magistrates who signed the requisition, has decided to call out the city corps, numbering 1,500 men, also 800 men from the frontier battalions, who will be detailed to preserve the peace with the city troops in reserve.

The magistrates have requested that Lieutenant-General Selby be placed in supreme command.

The Orange leaders have issued a final notice that a procession to the church will take place, and have telegraphed invitations to outside members to join in the procession.

The Irish Catholic societies meet on Sunday evening to endorse the resolutions passed by the magistrates.

The best French, Canadian, and English lawyers say the meeting of the magistrates, yesterday, was entirely illegal, and the resolutions placing all the power in the Mayor's hands contrary to act of Parliament.

The Mayor's proclamation forbidding the people to congregate on the streets on the 12th is declared to have no bearing whatever upon the Orange procession. The Orange Association issue a proclamation that they will walk and expect to be enforced from Ontario.

GERMANY.

The "Batoum Question.

BERLIN, 6.—The fourteenth sitting of the congress was prolonged till half-past five. The Batoum question, which had been previously discussed by the commission, over which Prince Hohenlohe presides, was the subject of deliberation, but no conclusion was reached. The congress has agreed in principle to three points, namely: To maintain the Dardanelles closed, as at present, to ships of war; to cede Batoum to Russia, and make it a free port. There remains the question of dismantling the fortifications and forbidding the Russians to fortify the coast. The anxiety to finish and desire to maintain the present agreement, however, is so strong that no doubt is felt. Some compromise will be found by Prince Hohenlohe's committee sufficing to calm the apprehensions of the powers without infringing on the Czar's dignity.
