THE ROOT OF THE MATTER

He Cured Himself of Serious Stomach Troubles, by Getting Down to First Principles.

A man of large affairs in one of our prominent eastern cities by too close at-tention to busines, too little exercise and too many club dinners, finally began to pay nature's tax. levted in the form of chronic stomach trouble; the failure of his digestion brought about a nervous ir-ritability making it impossible to apply himself to his daily business and finally deranging the kidneys and heart. In his own words he say: 'I consult-ed one physician after another and each one seemed to understand my case, but all the same they each failed to bring about the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another. I gave up emoking. I quit coffee and even renounced my daily giass of two of beer, without any marked im-provement. case. "To make a long story short I finally bought a couple of packages at the neur-est drug store and took two or three tablets after each meal and occasionally a tablet between meals, when I felt any feeling of nausea or discemfort. "I was surprised at the end of the first week to note a marked improvement in my apportie and general health and be-fore the two packages were gone I was certain that Stuart's Dyspepsia Tablets was going to cure completely and they did not disappoint me. I can gat and sleep and endoy my coffee and eigar and no one would suppose I had ever known the hor-rors of dyspepsia. "Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets con-tained and they replied that the princi-pi ingredients were aseptic pepsin (gov-ernment test), mail diastase and other natural digestives which digest food re-gardiess of the condition of the stemach." The root of the matter is this, the di-gestive elements will digest the food, sive the evel worked stomach a chance to frouperate and the nerves and whole sys-tem to receive the neuristiment which can be observed by the neuristiment which can be observed by the neuristiment which can be over worked stomach a chance to frouperate and the nerves and whole sys-tem to receive the neuristiment which can only come from food. If the report be true that Glasmann will give Kucher his sup-port, there is little doubt but that the nomination will be tendered him.

DISTRICT COURT. The case of W. R. Swan, charged with complicity in the bounty frauds, was sailed in the district court on Saturday, and all the day was spent in an endeavtom to receive the nourishment which can only come from food. Stimulants and nerve tolics never give real strength, they give dottious strength, invariably fol-lewed by reaction. Every drop of blood, every nerve and desue is manufactured from our daily food, and if you can he-sure its pre-mpt action and complete di-geniton by the regular use of so good and wholesome a remedy as Stuart's Dysep-sin Tablets, you will have no need of nerve tonics and solutariums. Although Stuart's Dysepsia Tablets have heave in the market only a few years, probably every druggist in the United States, Canada and Great British row sells them and considers them the most peptiar and an ecseful of any preparation for stomach trouble. to secure a jury. The entire panel vas used up and a special venire was alled to complete the list of eight jur-rs. This is the first of the hounty rand cases and is attracting much atention. When the court convened yes-erday forenoon the attorneys for the effense withdrew the piea of not guilty. after which they moved to quash the information. This motion was over-ruled by the court, as was also a do-niurrer of the defense to the complaint. Swan then pleaded not guilty and in s examination of juriers was commenced.
