Miss Pett Going to Germany—Industrial School Wins Football Trophy—Bald Man Wanted in Canada.

## Special Correspondence.

Ogden, Oct. 27.—John Young, alias Joe Payne, who was arrested about a month ago by Deputy Ben on a claim of pulling a gun on a train crew, and has since been confined in the county jail awaiting trial, is badly wanted at McCloud, Northwest Territory, Canada, by the mounted police in the charge of grand larceny, that of stealing cattle and horses.

This information was communicated to Sheriff Bailey in a letter from the detective bureau of Canada, in which it is stated that Young is wanted there on several charges of stealing stock, that he is a bad man. When on one occasion the officers were going to place him under arrest, he fought them off with pistols and made good his escape. The Montana officers, who also want Young on the same charge, have notified the sheriff that they have been delayed in getting out their requisition papers on account of one of their witnesses being out of town, making it impossible to get his affidavit, but that the papers are being prepared now, and they expect to send an officer for him in a few days. Young admits that he is wanted in both places and asked that he be not sent to Canada, as he is sure his sentence there when convicted would be from 20 to 30 years.

## MRS. ZILPHA NEIMOYER DEAD.

The last sad rites over the mortal remains of Mrs. Zilpha Harris Neimoyer, who died suddenly Sunday from heart failure, were held yesterday afternoon at the home of her son Joseph Neimoyer, 62 Twenty-second street. The funeral services were well attended by relatives and friends of the deceased. Some large and beautiful floral offerings were laid on her casket. The funeral services were provided for by High Councilor Joseph Parry. Mrs. Mary Parry sang beautifully the solo "Some Day I'll Understand." "Softly and tenderly Jesus is calling," and "O My Father," Patriarch George W. Larkin was the principal speaker. It being the request of the deceased that she be buried in Germany, the casket was taken to the city hall and placed in the hands of the undertaker. The casket was taken to the city hall and placed in the hands of the undertaker. The casket was taken to the city hall and placed in the hands of the undertaker.

## MRS. PETT WILL STUDY IN BERLIN.

Miss Dot Pett, who for a number of years has been one of Ogden's most talented and able lady music teachers and pianists, has decided to go to Berlin, Germany, to continue her already advanced musical studies. She will be in Ogden in about two weeks for the great city of music. Miss Pett has been teaching on the piano in Ogden and Salt Lake City for several years past, and has a large class of pupils in both cities at the present time. She will regret to lose her teacher, but will be pleased to learn that she is going to advance to a higher stage in her chosen profession.

## WEDDING BILLS.

## HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

the city council to issue him a liquor license for doing business in the Palace saloon, which the city council refused unless Mr. Knight made some changes in the internal arrangements of his saloon building. Judge Booth denied the application for a writ.

## STRONG-MASSEY WEDDING.

A marriage license has been issued to Thomas Massey, 31, and Helena Strong, 23, both of Provo.

## GARDEN CITY NOTES.

Mrs. Charles H. Lewis, wife of Rev. Charles H. Lewis, of the Methodist church, is suffering from an attack of consumption, from which it is feared she cannot recover.

Jensen & Hulse, the Provo Floral company, have completed their large hothouse on First South street, west of the Tabernacle.

A hatchery for the propagation of black bass has been established by Earl Allen on Boxelder island at the mouth of Provo river.

A son has been born to Mr. and Mrs. Moroni Jensen, and a daughter to Mr. and Mrs. Harrison Baum.

The city council committee on waterworks and consulting Engineer P. C. Kelsey, made a trip up the canyon today to inspect the waterworks extension.

The attachment filed on certain Provo Bench property, owned by Charles E. Bartley, et al., in the suit of W. H. Ray vs. Charles E. Bartley et al., in which plaintiff sued for \$1,500 alleged to be due him as real estate broker, for business done for defendants, has been dismissed.

Two football teams have been organized here, one by Charles E. Bartley, captain of the one and Frank Graham of the other.

In Justice Noon's court yesterday Aaron Lindsay pleaded guilty to fighting and time for sentence was set for today. Earl Allen was tried by a jury for the same offense and acquitted.

The charge preferred against the two men grew out of the row between them in the Palace saloon on the evening of the 15th, when Allen's head was very severely cut by Lindsay, who used a beer glass as a weapon. If a mistake has been made somewhere, if Allen was not guilty of fighting, Lindsay could not be guilty.

## MORGAN.

## FRUIT GROWING IN MORGAN.

Ideal Climate for Growing Apples, Pears, Small Fruits and Hardy Cherries.

Special Correspondence.

Morgan, Morgan Co., Oct. 25.—Joseph H. Parry, secretary of the state board of horticulture, made a short visit to this city the first of the week. While here he visited several of the orchards containing thousands of trees of three years' growth, with the appearance of orchards in the state. It is about 10 acres in extent and is a fortune to its owner. The condition of the trees was all that could be desired and the orchard is fairly free from weeds, and very little apparent disease or insect pest other than a little green aphid. The young orchard of Fred Kramer of about the same size was pronounced exceptionally clean, both trees and land. These two orchards had produced good crops of pears and potatoes between the rows which are 20 feet apart each way. One young orchardist had had 300 Ben Davis trees and 300 Jonathan.

The last named variety is all right but the planting of Ben Davis the secretary thought was very largely overdone and better varieties should be planted.

In the afternoon Mr. Parry met with the people of the North Morgan ward and gave an interesting address on horticulture, recommending the planting of apples and hardy cherries, both of which flourish in this valley. Inasmuch as there is a good canning

factory in the town, all the surplus of cherries and small fruit could be canned with profit. Mr. Parry was delighted with the valley and the prospect in the near future of great quantities of apples for export. He expects soon to hold a general meeting of the fruitgrowers of the country to talk up horticultural interests.

The cannery recently erected in Morgan has already greatly benefited the local farmers. A specialty was made of training these men and farmers to obtain from \$70 to \$80 per acre for the green peas, with about as little expense and labor as could be given any field crop.

The Morgan valley possesses an ideal climate for growing small fruits, pears, apples and hardy cherries, and there is no reason why it should not become as famous for its fine fruit as it is now for its potato crop.

## Consumptives Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure the dread disease. It is a cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Heron, of Anch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." Sold by F. J. Hill Drug Co.

There not being enough inhabitants in the Hurville ward to carry on a ward organization successfully, it was deemed advisable to attach the same to Kooshare ward.

## SNOW ACADEMY FLOURISHING

Prosperous Season for Farmers—Wheat Returns 80 to 82 Cents a Bushel.

Special Correspondence.

Ephraim, Sanpete Co., Oct. 24.—The farmers have had a very prosperous season in this section of the state as can be seen by the carloads of grain being shipped out to the various markets. At present the price of wheat is from 80 to 82 cents per bushel, which is a very fair figure for this time of the year.

Some of the wheat raisers, however, seem unwilling to ship for that price, thinking there will be an advance in both wheat and oats in the near future. The quality of our wheat has not been better for years and it is safe to say that there will be good demand for all that we have to spare.

## SNOW ACADEMY.

Never in the history of the Snow academy has it been in such a flourishing condition, and never have the prospects been so bright. With the increased advantages of the new building, students are coming in in greater numbers than ever before. With the addition to the faculty of teachers of long experience in school work, the institution is making such progress as has not been known in the previous history of the school. With the large attendance of bright and intelligent young men and women, bespeak a most successful school year.

Alfred Dahl, mayor of Ephraim city, who has been ailing for some time, went to Salt Lake City to undergo a surgical operation. All feel hopeful for his recovery.
