

BY TELEGRAPH.

Passing By.
HUNDREDS of the President's enthusiastic cheerers from a large crowd assembled at the depot as they passed through this evening to Chicago, for the President's visit to the Indian Territory. The President, with many citizens, who gave the President a hearty welcome. In a speech delivered through an interpreter, the President responded, expressing great interest in the success of the nation. The following comprises the President's party: the President and Mrs. Grant, Miss Sharp, Mr. and Mrs. Borie, Miss Borie and Gen. Babcock. At St. Louis the party was joined by Gen. Harney, Mrs. John D. and Miss Shields. Gen. Sheridan met the party at Sedalia and accompanied them to Denison. On his return to Denison he took departure for St. Louis. The party will travel to Leavenworth and thence by various lines to Springfield and Chicago.

Action on the Withdrawal of

CHICAGO, 12.—The Chicago Presbytery held an adjourned meeting to-day. The subject of Professor Swing's withdrawal was discussed, the discussion being in regard to what his letter meant, whether a withdrawal or a declaration on the part of Prof. Swing to hold himself independent. The letter was finally entered upon the record. It was voted that Dr. Swing be considered as fully withdrawn.
Mr. McLeod then presented a protest, signed by Dr. H. E. Vander, James McLeod, J. G. Burrell, Francis Pelton and others, against the action. The reasons given were that the majority acted with undue haste in a request so unprecedented in the history of the Presbytery, and that the action was unconstitutional, and that the action was dangerous as a precedent, weakening the power of the church courts in matters of discipline, as it gives offending members the privilege of demanding that their names be erased if they fear admonition or censure, that the Presbytery should refuse to refuse the bold and all-around demand of the said Swing, but it would have been justified in rebuking that wayward brother on addressing to this body such a defiant letter, for we believe such expressions and such contempt of our for this court are censurable and not praiseworthy, and we believe this Presbytery seriously erred in not expressing an unqualified disapproval of such conduct.
J. B. McLeod presented against the use of the term "wayward brother." A lively discussion as to the observance of order and propriety ensued, and a considerable feeling was manifested. A committee was appointed to consider the protest. Dr. Swazey was appointed to conduct the defense for Presbytery before the synod, but he refused to serve, and Dr. Hurd was appointed. A committee was appointed to determine whether the Presbytery should take in the synod with reference to appeal. It is reported that George C. Noyes will be appointed to represent the Presbytery in all subsequent proceedings to the synod, and as preliminary to its final trial. It being understood by the committee of the constitutional rights of any of the members of the Presbytery on matters above named are subject to the call of the Moderator.

Another Diamond Field.
LONDON, 12.—Address from the Cape of Good Hope to the 18th all have been received. Another diamond field has been discovered near Philippstown.
Main and Floods.
The *Mark Lane Express* says the weather during the past week has been rough, cold and rainy, with sufficient intervals of fine weather to work the land and proceed with sowing, but in the north there have been some disastrous floods. The downward course of prices is not yet over. The moderate gain in the quantity of the hay crop seemed a real misfortune to growers, and as the weather-dependent rules abroad it may lead to the illusion that we have had a double crop. Exporting has been hampered from the growth of cereals to that of cotton, another source of supply has been cut off, and as consumption proceeds the bottom of the well may have been reached.
