Take all your prescriptions to old reliable Godbe Pitts Drug Store.

DESERET EVENING NEWS.
Tuesday, July 16, 1895.

MR. WATERMASTER,

How About Those Other Parts of That Irrigation Ordinance?

Editor Deseret News:

Your last issue contains some extracts from the City Ordinance concerning irrigation, apparently furnished by the city watermaster and cautioning the citizens against trespass by interference with the water ditches.

This is undoubtedly quite right and proper on the part of the watermaster, but there are other sections of the same ordinance, which ought not to escape his attention, for they define some of his duties in the premises, which have not been attended to, hence an injury is inflicted upon the citizens, for which he is directly responsible.

Sections 1 and 2 of said ordinance read as follows:

"Sec. 1.—The period of artificial irrigation shall be from the first day of April to the first day of November, annually."

"Sec. 2.—On or before the first day of April, annually, the city watermaster shall apportion and allot the water flowing through the natural and artificial channels into said city to the persons entitled to water, and issue to said persons a certificate specifying the time during which each waters may be used; said apportionment and allotment shall be made with respect to time and the amount of water available in proportion to the quantity of land to be irrigated."

Now, Mr. Editor, I cannot ascertain that any such required allotments or apportionments have been made by the watermaster this year. I am certain that no such allotment or certificate thereof has been issued to me. And it strikes your correspondent, as I have no doubt it will many other citizens, that when an officer flaunts the text of a part of an ordinance as a menace to them he should first be careful that he has complied with its requirements himself.

A CITIZEN.

Novelties on Exhibition.

Among the operative exhibits that will be shown in the machinery hall at the Cotton States and International exposition at Atlanta, Georgia, this fall, is a pin machine. It is in two parts; the first of which makes pins and the second sticks them in paper. This will be shown in full view of the visitors. A slender thread of brass wire is started in one end of the machine. It is cut, pointed, and the head put on, and the completed pin is dropped into a bath which plates it with white metal. From this receptacle the pins are dropped into a slider, which carries them rapidly to the sticking machine, where they are stuck in regular rows in the paper, and a complete paper of pins is turned out. The mechanism of the machinery is delicately elaborate, and it will be one of the most interesting exhibits in the machinery hall.

The envelope machine will also be one of the most interesting operative exhibits. A roll of paper is started in one end of a machine, and at the other end the complete envelope, made, gummed and packed in boxes comes out. The paper is cut into shape and gummed, the envelope folded, sealed, and counted and packed all by machinery. The gum is dried on the envelopes by a series of rapidly revolving fans, so that there is no sticking together.

Kitchen annoyances are banished by using Dr. Price's Baking Powder.

POLITICAL BAROMETER.

H. G. Button Elected Chairman of the Republican City Committee—Sixth Ward Democrats.

There was a meeting of the Republican city committee at the office of Bennett, Marshall & Bradley last night, held for the purpose of electing a chairman to succeed Judge Bennett who has resigned after four years of service in that position.

The members present were F. D. Rimball, E. E. Ritchie, T. D. Lewis, S. H. Westerfield, J. J. Thomas, D. H. Wenger, Fred Leonard, John James, proxy for L. M. Earl, and Captain Paul.

T. D. Lewis acted as chairman and the resignation of Judge Bennett was formally presented and accepted, after which a committee consisting of Lewis and Lippman were appointed to draft resolutions endorsing the faithful party work of Judge Bennett during the time he held the office from which he was just released.

Mr. Westerfield moved that the election of a successor to Judge Bennett be proceeded with. Frank Rimball objected to such action at that time, saying that it was a most important matter and that certain facts should not be overlooked. Woman in politics promises to be a considerable element and a wise course to be chosen for the position who would give satisfaction to both sexes of the party.

Westerfield maintained that the matter had been under discussion already for two or three weeks and that all who desired to acquaint themselves on the proposition had had the opportunity of doing so. Hence no reason for delay. T. D. Lewis and H. G. Button were then placed in nomination for the position and the latter was chosen. Then came a discussion of the question of associating a number of leading women with the committee, but on motion of Leonard the matter was laid on the table to be taken up at a future meeting.

SIXTH WARD DEMOCRATS.

The Sixth ward Democrats met in the old school house last night and listened to a number of speeches on the occasion of the reorganization of their society. Addresses were delivered by Mrs. F. S. Richards, J. J. Crowley and J. R. Letcher. The reorganization was perfected with Thos. W. Green as president, George Parsons, first vice president; Mrs. Alice Butterworth, second vice president; James H. Poulton, third vice president; Miss Edith Bunnion, secretary; Arnold Irvine, treasurer.

Executive Committee — Thomas Winter Jr., Mrs. Sarah Clayton, Edward Butterworth, Mrs. Louisa Green, W. D. Irvine, Mrs. Ella Waters, Isaac Arnold, Joseph Keve and G. S. Lingren.

Committee on Membership—Albert Poulton, Nellie Watson and May Green.

Light biscuit, delicious pastry, flaky short-cake, sparkling rolls and muffins, and tempting griddle-cakes are made by using Dr. Price's Baking Powder.

THE MEXICAN MISSION.

Social and Religious Events in That Part of Zion.

COLONIA JUAREZ, Mexico,
June 29, 1895.

Editor Deseret News:

The Saints in Colonia Juarez had a joyful time June 1st, on the anniversary of the natal day of the late President Brigham Young. The celebration was gotten up under the auspices of the Juarez brass band and the Primary association. In the afternoon the children had a happy time, and in the evening the Saints had a very enjoyable gathering in honor of the event; excellent music, an oration by Elder John C. Harper, happy reminiscences, dancing and a general social time.

Another very happy event, in our monthly record, was an afternoon family gathering at the home of Brother Miles P. Romney; some forty-seven souls, of his family and a few friends, sat down to table which groaned under the weight of the viands which covered them. The turkeys, chickens, fruit, vegetables, etc., which graced the table, were raised on the farm. After an enjoyable repast the young folks amused themselves in games and out door sports, the visitors inspected the farm, and it was a lovely sight to see about twenty acres of go den grain, just ready for the reaper, waving in the breeze. In the evening there was an excellent program of speeches, songs, essays and recitations, which were well rendered. The triumph of correct principles and a well spent life was clearly demonstrated in the appropriate remarks made on the occasion. The songs, essays and recitations were rendered by members of the family. Elder Miles A. Romney, who has lately returned from a mission to the British Isles, was master of ceremonies. He made a very feeling address of appreciation, speaking in behalf of the children, of their parents, and the happiness enjoyed at this family reunion. It was one of those gatherings never to be forgotten, so peaceful and happy.

There has been a series of ward conferences held in this mission the last month. On the 8th, 9th and 10th a ward conference was held at Colonia Pacheco, Elder Jesse N. Smith, Jr. presiding. The visitors were Elders George Teasdale and Henry Eyring, of the mission presidency, Patriarch W. R. F. Stowell, and Elder George W. Harvey. Sisters of Juarez ward, Patriarch Henry Lunt, who lives here, also took part in the services.

On Saturday and Sunday, the 15th and 16th, a ward conference was held at Colonia Dublan, Elder Frederick G. Williams presiding. The speakers were Elders George Teasdale, Henry Eyring, Samuel J. Robinson, Hesekiah Pratt, E. F. Turley, Samuel J. Robinson, George Lake, F. G. Williams, Jos. S. Curtis and Jos. W. Wright. In consequence of Elder A. B. Call, superintendent of the Dublan Sunday school, having gone on a mission to the British Isles, there was a reorganization. Samuel J. Robinson was chosen superintendent, Harry M. Pague and Joseph S. Curtis as his assistants.

On Tuesday, the 18th of June, a party of twenty-two, men, women and children, in six conveyances, left Colonia Juarez, Chihuahua, to visit Colonia Diaz, Sonora. They reached there on the fourth day out, Friday, the 21st, and were warmly received by the Saints in that colony. A three days' ward conference was held there. The Saints have built a creditable school house 12x36, where they held conference. The visitors were Elders George Teasdale, Henry Eyring, W. R. F. Stowell, George W. Sevey and Isaac Turley. Bishop Franklin Scott presided. Elder John Conrad Naegle was ordained a seventy.

Sisters Mary B. Eyring, Cynthia J. Stowell, Mary L. Teasdale and Sarah Clayton of the mission presidency of the Relief societies, Young Ladies' Mutual Improvement and Primary associations visited the ward organizations and gave excellent instructions. At all the conferences the Bishops generally gave encouraging reports. The worst feature was a disposition to cause, weak in faith, to move to an imaginary better place. The subjects treated upon at the conferences were, necessity of unity, becoming self-sustaining, honoring the laws of the country and learning its language, the value of sustaining correct principles by being exemplary, paying our debts, keeping the Word of Wisdom, living within our means, serving God and keeping His commandments, being true and faithful to our covenants. An excellent spirit was manifested and the Saints much encouraged.

The last month has been a remarkable one in the history of this mission. The colony in Sonora have labored under many difficulties but they are coming out all right. It is the healthiest colony in the mission. The land is satisfactorily settling wonderfully. All they want is a little more help of the right kind of colonists.

UD HERMANO.

Lord Rosebery, the British premier, loves good cooking. His muffins are what when made with Dr. Price's Baking Powder.

Serious Accident.

Yesterday Private Thompson of Co. E, stationed at Fort Douglas, fell from a roof and broke both legs below the knees. He was engaged as a member of the old fatigue party in repairing the roof of the old recreation hall when he slid going over and fell to the ground thirty feet below. Ten fractured limbs have been set by Dr. Hiscamn and two assistant surgeons, and they believe that amputation will not be necessary, though it is probable that lameness for life will result. In this case, of course, Thompson will be entitled to a good pension.

The studio of Miss Ruth Kurtzer, teacher of Elocution and Physical Culture will for the summer be at 59 East, First North. Reception day, Thursday.

Notice!

Persons holding due bills against Teasdel & Sons, will please present them at 134 Main Street, for payment, at once.

Every Where we Go

We find some one who has been cured by Hood's Sarsaparilla, and people of all hands are praising this great medicine for what it has done for them and their friends. Taken in time Hood's Sarsaparilla prevents serious illness by keeping the blood pure and all the organs in a healthy condition. It is the great blood purifier,

Hood's Pills become the favorite cathartic with every one who tries them. 25c. per box.
