# LITTLE WIND.

That Was the Meteorological Record for the Last Week.

Yield From Small Grain Will be Somewhat Below Average-Thrashing Under Way in Tooele County.

United States department of agriculture, Utah section, climate and crop service, weather bureau, Salt Lake City, Utah, July 23, 1901,-The week ended July 22nd was remarkably warm, maximum temperatures of 100 degrees, r over, being reached in nearly all localities. The average daily excess of temperature amounted to six or seven No rain fell and there was very little wind. The warm weather has made the use of much irrigation water necessary and, as a result, the supply is getting low in many localities. The heat also caused grain to ripen rapidly. Hye and barley harvest continue, and wheat harvest has become quite general. The yield from small grain will be somewhat below the average. Thrashing has begun in Popele county. The cutting of the second crop of lucern has begun; the yield will generally be very light. Sugar beets are in excellent condition. Corn and potatoes are doing well. Tomatoes promise a good yield. Apricots, early applies and peaches are ripe. poppers continue to do much damage in Sanpete county and are numerous in parts of Millard county. The ranges are in very poor condition.

REMARKS OF CORRESPONDENTS. Grouse Creek, Boxelder-Very warm and dry. The water is nearly all gone and grain cannot mature. Alfalfa will iverage about half a crop.-A. R. Rich-

Snowville, Boxelder.-Very warm, the maximum temperature reaching 100 degrees on the 18th. Everything that has enty of water grows nicely.-Joseph

Robbins. Tooele, Tooele,-Apricots are quite small and are beginning to ripen. Early peaches are ripening; the fruit is of ood quality but the yield will be light. Grapes will yield above the average. Dry farm wheat is nearly all cut, and thrashing has begun. The second crop of lucern is in bloom; the yield will not

e heavy.—. J. Elkington. Vernon, Tooele.—Lucern is in the tack and meadow hay soon will be. The yield of both lucern and meadow hay was below the average. The second op of lucern will be light also. Grain is being parched in spots. Potatoes are doing well. The water supply has decreased fifty per cent during the past two weeks.-W. R. Durrant. Levan, Juab.-Wheat is ripening rap-

Paradise, Cache.-Continued warm and dry. Spring wheat is rip will make a light yield. of wheat are burning badly. Sugar beets that have been watered are doing well. James Lofthouse Smithfield, Cache,-Very warm and

dly. Oats are vet green,-William

dry. Grain is ripening too rapidly. Corn and potatoes look well. Sugar beets are in splendid condition, and promise a large yield. Irrigation water is plentiful.-G. L. Farreli.

Plain City, Weber.-Very warm and dry; rain is needed. Sugar beets generally look well, but water is getting scarce and there may not be enough to mature the crop.—Charles Neal. Harrisville, Weber.—Very warm and

dry. All irrigated crops are maturing nicely and promise good yields. Sugar beets are in splendid condition.-Peter

Peterson, Morgan.-The first crop of ucern made about half of the usual yield; the second crop will be lighter on account of shortage of water. Timothy will make an average yield. Potatoes are not looking well. Shortage of water will interfere with the maturing of the grain crop. The ranges are getting very dry and bare, -Eli Whit-

Morgan, Morgan.-The warmest week Grain has done well. New potatoes and green peas are on the market. Hay is being hauled and stored. Sugar beets will make a full crop where they have received proper cultivation. Sufficient water for irrigation purposes.-S. Francis.

Morgan, Morgan.—A record breaking week for heat. Spring wheat will make a fair yield. Some fall wheat has been harvested. The first crop of lucern is nearly all in the stack; yield was below the average. On account of poor stands and the frosts, potatoes will be below the average. Other crops are doing fairly well.-T. R. G. Welch.

Taylorsville, Salt Lake,-All crops show the detrimental effects of the hot drying winds of the past week. Sugar beets look well and, if water holds out. will yield above the average. Grain is ripening rapidly and some of it is being harvested. Second crop of lucern is narly ready to cut.-J. B. Bring-

Miller, Salt Lake .- Warm and dry. Crops that have been well watered, are looking well. The excessive heat is ausing spring wheat to ripen rapidly Corn and potatoes are growing rapid Sugar beets are looking well and where they have sufficient water, will make an average yield.—John Morgan. Goshen, Utah.—Very warm days, but cool nights. Harvest has begun; the yields will be light. No dry farm grain matured. Second crop of lucern is in bloom. Meadow hay is all cut.

 P. Okelberry. Salem, Utah.-Dry land wheat and rye have been harvested; the yield is far below the average. Irrigated grain is being cut; the yield will hardly be up to the average on account of the short water for the last watering. Sugar beets are in average condition, but it is feared that some patches will suffer for water. -Z. S. Taylor.

Fountain Green, Sanpete. - Warm and dry. Well irrigated crops have made good growth. Rye and early harley have been harvested; the yield was moderate. Wheat and oats will be cut short on account of the drouth. eets are in good condition and prom-

ise an average crop.—Lars Nielson. Manti, Sanpete.—The week ended with a maximum temperature of 101 deg. No rain. Water is getting low. The first crop of lucern is all stored; there will be no second crop, unless the grasshoppers leave and rain comes. Oats are being cut for hay. Sugar sects are away below average,-A. W.

Laketown, Rich.-Warm and dry. All crops that have plenty of water are doing well.—G. G. Weston.

Woodruff, Rich.—Very warm and dry.
All crops are suffering for water, which is very searce.—T. J. Tingey.

Heber, Wasatch.—Clear, dry and

very warm; maximum temperature of 98 deg. on the 20th. Water is falling rapidly and crops will suffer unless it ins soon. Sugar beets are in good ordition and promise a large yield. anges and pastures are getting very

y. Haying is in full progress. Tim-hy and clover are shorter than usual. Wellington, Carbon -No rain or Denver; W. C. Crum, Helena, Mont.

wind and rather warm. Crops are in favorable condition.—E. E. Branch. Vernal, Uintah.—Warm and sultry. Splendid weather for putting up hay. Crops will suffer in some parts of the country on account of the drouth. There is plenty of water for gardens, which are doing well.—William Gibson. Buena Vista, Uintah.—Warm and Some crops are in need of water. Watered crops are doing well .- Thoma

Black Rock, Millard,-The week was very warm and windy, and very severe on all growing things. Water goes only one-half as far as ordinarily in irrigation.-Willard Burbank. Deseret, Millard-Warmest week of

the season, the maximum temperature being 102 degrees. Grain is ripening very rapidly. The first crop of seed lusouth winds and the grasshoppers; the second crop is doing fairly well. rigation water is all gone.-S. W. West-

Sciplo, Millard-Very warm and dry First crop of lucern all harvested with but little prospect of a second crop. Grain is beginning to ripen; the yield will be light. Water is very scarce.—

Thomas Memmott,
Elshore, Sevier—Very warm and dry,
All crops are doing well. Wheat has
begun to ripen. Sugar beets will make
an average yield. No scarcity of water
yet.—H. P. Hansen. Sigurd, Sevier-Very warm and dry.

Much of the grain on bench land is suffering from drouth. Sugar beets are look'ng fine. Potatoes are not up to the average. Some of the second crop of alfalfa is ready to cut.—C. Meyer. Green River, Emery—Very warm. Everything is growing nicely. Apricets are nearly all gone and peaches are ripening. Second crop of lucern is being cut. Plenty of water for irrigation purposes.-J. T. Farrer, Jr.

Emery, Emery-Clear, warm and sul-try. Very unfavorable weather for grain and all kinds of vegetation falfa is nearly all in the stack. Water is getting low and rain is much needed. second crop of lucern will be very light, unless rain comes.-H. C. Wick-Moab. Grand-No rain. Maximum

temperature of 102 degrees on the 19th. Beaver, Beaver-The warmest week of the season. Irrigation water is get-ting low. Some of the grain is suffering from drouth and will soon be ready to cut.-D. Grimshaw. Circleville, Piute. A very dry week.

Water is getting very low and much of the small grain will be lost unless it rains at once, Some is past re-covery now.—H. A. Chaffin.

Fruita, Wayne—Ideal growing wea-ther. The fruit crop will make an average yield. Second crop of alfalfa

is being secured. Irrigation water is plentiful.—Abbie Clark. Thurber, Wayne-Very warm. Grain is growing rapidly.—James Grant.
Tropic, Garfield.—Very warm and dry.
Rain is much needed. Crop growth is very slow on account of shortage of water. The second crop of lucern will be very light. Chinch bugs are doing some

damage.-Joseph Hilton.
Toquerville. Washington-The warmest week of the season. Irrigated crops are in fair condition. The ranges are dry and parched. The water supply is falling rapidly. The second crop of lu-cern is all stored; the yield was better than average.-R. C. Savage. New Harmony, Washington-Very warm. All crops are growing nicely. Wheat is ripening and barley is being cut. Early potatoes are ripe. Apricots

and early peaches are ripening fast .- M A. Taylor Carmel, Kane-The week was quite favorable for growing crops. The first cutting of lucern has been stored, and there is good prospect for a second

Day, N. Nelson, Draper; J. B. Wiggenhorn,

## MORE NEW RULES FOR WHEELMEN.

Association Secures the Introduction of Another Ordinance.

WHAT ITS PROVISIONS ARE.

Imposes an Annual Tax of Fifty Cents for Construction and M intenance of Bieycle Paths.

The Wheelmen's association had a new bicycle ordinance introduced in the council last night which is meant to crowd out all other bicycle meausres now pending or in force. The proposed restricted districts are:

South Temple, between Third West and Tenth East streets; First South between Fifth West and Tenth East streets; Second South, between Fifth West and Tenth East streets: Third and Fourth South streets, between West Temple and Second East; Main and West Temple, between South Temple and Fourth South streets, State street, between North Temple and Fourth South streets; Richards, Commercial and Market strets and Frankiin avenue; Canyon road, First, Second | meet at the same place at 9 o'clock a. and Third streets, between Canyon road "A" street. Provided, that between October 10th of each year and May 31st following, bicycles may be ridden upon the sidewalks within the following described portions of such restricted dis-

All of South Temple street; First South street east of State street and west of West Temple; Second and Third South streets east of State street; all of Fourth South street.

Other new provisions of the ordinance are that bicyclists be taxed 50c a year to create a fund for the construction of bicycle paths. It is also suggested that the paths occupy the middle of the streets instead of being built next to the sidewalks as has been VETO SUSTAINED.

The Council voted unanimously to sustain the Mayor's veto of the resolution directing the committee on sanitation to advertise for bids for the erection of a new crematory, for the rec son that the bids should be received by the board of public works. REQUEST FOR HELP.

### Dr. J. F. Critchlow, chairman of the

ommittee on arrangements for the reunion of the Society of the Army of the Philippines sent in a request that the Council appropriate \$250 to help defray the expenses of the reunion. The mat-ter will be considered by the finance CANAL WATER FLOW,

A communication from the land and water commissioner drew attention to the fact that the flow in the Jordan the nights very cool.—Robert Moncur.

L. H. MURDOCH.

the fact that the flow in the Jordan and Salt Lake canal is only two-thirds of what it was at this time last year. and offered the suggestion that the city make arrangements with ditch owners for the balance of the season. The irrigation committee will take the matter up.

PARLEY'S CANYON WATER. A reslution by Fernstrom was adopted, authorizing the appointment of a special committee of five to arrange for the conveyance of all the flow of Parley's canyon into the city and to investigate the practicability of using pumping plant at the head of Jordan

TO SPRINKLE TWICE.

Hartensteln introduced a resolution, directing that S. street between Third and Fourth street be sprinkled twice a day instead of once, with an amendment by Robertson to the effect that the down town alleys be sprinkled in

place of sprinkling the midway. INSTRUCTION TO COMPROMISE.

C. E. Pace's offer to compromise the city's suit against him for \$150 was referred to the city attorney with in-structions to withdraw the suit. The action arose through Pace's grazing his horses on the city's watershed in Dry canyon. The suit is for \$1,000.

A bad complexion generally results from inactive liver and bowels. In all such cases, De Witt's Little Early Risers produce gratifying results.—F C. Scramm, Prescription Druggist, Mc-Cornick building, corner Main and First South street.

### MAJOR M'LAUGHLIN HERE. Veteran Indian Inspector in Salt Lake For Special Work.

Maj. James McLaughlin, United States Indian inspector, who has been in the service for thirty-one years, is a guest at the Knutsford. He has recently been in the states of Washington and Oregon where he has been inspecing agencies and making land trans-fers with Indian tribes, He has made the final payment to the Siletz Indians as provided by an act of Congress un der the treaty of 1894, and these In dians are now enfranchised citizens of United States. Maj. McLaughlin also purchased the surplus lands of the Grande Ronde Indians, paying then \$28,500 for 26,000 acres of timberland. Maj. McLaughlin has been sent Salt Lake for special work and his headquarters will be here for son He expects to visit the White Rocks agency and other nearby reservations. He thinks there will be n more Indian wars and that it will only require one hundred more years to into the white race

A Deep Mystery. It is a mystery why women endure Backache, Headache, Nervousness Backache, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, now am able to do all my housework. It overcomes Constipation, improve Appetite, gives perfect health. Only 50c at Z. C. M. I. Drug Dept.

Ask your grocer for ROYAL ZWIEBACK, Pure food for children and weak stomachs. The genuine is labeled "Royal Zwieback." Purest and best.

27th, 1901, at 2 o'clock p. m. A good attendance is desired. Robert Ellwood RELIEF SOCIETY REPORTS. The semi-annual reports of the Salt Lake Stake Relief societies are due

this menth, will the presidents please see that they are sent in immediately. JULIA S. WOOLLEY, Stake Secretary. 1169 South Third East. GRANITE STAKE PRIESTHOOD.

The general Priesthood meeting of the Granite Stake of Zion will convene in the Farmers ward meeting house or Saturday, August 3rd, 1901, at 10 o'clock The High Council of said Stake will

m. of said day. A full attendance is desired at both meetings. FRANK Y. TAYLOR, JAMES R. MILLER, EDWIN BENNION,

Stake Presidency.

The Same Old Story, J. A. Kelly relates an experience similar to that which has happened in alllar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to discretize and the still best leaves and discretized and the still best leaves and discretized the still best leaves and the still best leaves. rections and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly a well known citizen of Henderson,

Children often cry, not from pain, but from hunger, although fed abundantly. The trouble arises from inani-tion; their food is not assimilated, but devoured by worms. A few doses of WHITE'S CREAM VERMIFUGE will destroy the worms, when the children will begin to thrive at once, Price 25 cents. Z. C. M. I.

For Over Fifty Years Mas. Winslow's Scotting Strup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedyfor Diarrhea. 25 cents a bottle.

### TEACHERS.

Dr. Talmage's new book, "The Great Salt Lake, Present and Past," should be in the hands of every educator. The amount of information it contains re-lating to the great saline sea, makes it an invaluable work for reference or

MAGAZINES Old Books, Music and Magazines. Put them in strong new covers for preservation. Many records of value can be saved by having them bound. The News bindery can do the work in any form at any price.

### Wise Words from Wise Minds:

The family paper is pre-emi-

nently the evening paper. Only a small percentage of any fam-

ily has leisure to do more than to scan the morning paper,

which comes into the household when the head of the family is

rushing to prepare for work, the children are bustling off to

school, and the housewife has

morning duties. At night the day

tolls are over, calm broods over the household and the evening

paper is taken up when all its contents can be heard, weighed

and discussed. The evening pa-

per is decidedly the paper for advertisers.—Common Sense.
