

Object to What They Regard as Unjust Discrimination in the Matter of Licenses.

WANT EQUITABLE ADJUSTMENT.

Postal Telegraph Company Seeks a Franchise-Business Men Defend Soothsayers.

The city council, at its meeting last night, received a petition from the Re-Liquor Dealers' association protsting against what it regards an unust discrimination in the matter of icenses. The petition asks that the present license of \$400 a year paid by drug stores and restaurants, be raised to \$1,200 a year and that the places referred to be restricted from selling liguor on Sunday and from disposing of the soothing beverage to women after p. m. In the event that this cannot be done then the association asks that these places be prohibited from enriging in the liquor business. The pegoing in the intervent of the municipal tion was referred to the municipal aws and license committees, and the reorder was instructed to notify all parties concerned to appear before mass committees on Wednesday eve-

ning. POSTAL WANTS FRANCHISE.

Another matter to come before the suncil was an ordinance providing for be granting of a franchise to the Poscount was not a franchise to the Pos-ni Telegraph company to erect and construct poles and conduits, etc., with-in the limits of Sait Lake City. It is provided in the ordinance that the life of the franchise be for a term of 400 years and that the mayor and heads of departments shall be permitted to send telegrams free over the grantee's lines to the amoent of \$100 a, year. The franchise will give to the grantee the right to construct and maintain lines on Siale, Main and Second West streets from the city limits on the south to the city limits on the north and along First from the city limits on the south and along First and Second South streets from east to west The company's wires are to be placed underground on the streets that are now paved, but temporarily the city are now paved but temporarily the city are now paved, but temporarily the city shall permit the grantee to string its wires on the cross arms, of the Rocky Mountain Bell Telephone company's poles, to which the city police and fire airm wires are now attached. Under the franchise the right is reserved to the city to stretch wires for its alarm boxes on the poles or in the conduits of the grantee, and it is expressly pro-vided that within six months from the passage of the ordinance that the peo-ple of Salt Lake shall be provided with telegraphic facilities to all points in the United States where, the grantee mained States where the grantee main-s offices. The ordinance, which accompanied with a certified check ains offices. , was referred to the committee hicipal laws, with the city attorassociated

Davis introduced an ordinance E. H. Davis introduced an ordinate roviding for the amendment of the resent liquor ordinance so as to bring staurants and hotels under the same strictions as are saloons. This also ras referred to the municipal laws and committees.

H. O. Martin was granted permission to maintain a portable office at 22½ east Second South street, the same to be 26 inches wide. The waterworks committee recommended the appropriation of \$400 for the purchase of 10 improved hydrants to be placed in the business district, the hy-drants to be used by the sprinkling carts. The recommendation was adopt-

LEAVES OF ABSENCE.

A leave of absence for two weeks, be-ginning today, was granted to City Engineer Snow, who will visit the world's fair. Chief Bywater of the fire department, was granted a leave of ab-sence and an appropriation of \$150 to pay his expenses in attending the con-vention of the National Firemen's as-sociation to be-held at Chattanooga, Tenn, beginning Sept. 12. The department payrolls were re-ferred to the finance committee with power to act, after which the council adjourned for one week. A leave of absence for two weeks, be-

adjourned for one week.

AUGUST WEATHER.

What That Month Has Been for the Past Thirty Years.

The following data, covering a period of 30 years, have been compiled from the weather bureau records at Salt Lake City, Utah. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month: Month of August for 30 years.

TEMPERATURE.

Mean or normal temperature, 75 de-

The warmest month was that of 1878, with an average of 78 degrees. The coldest month was that of 1899, with an average of 70 degrees. The coldest month was that of 1899, with an average of 70 degrees. The highest temperature was 101 de-grees on Aug. 6, 1875. The lowest temperature was 44 de-grees on Aug. 31, 1880. The earliest date of first "killing" frost occurred in autumn, Sept. 22. Average date on which first "killing" frost occurred in autumn, Oct. 18. Average date on which fast "killing" frost occurred in spring, April 23. The latest date on which last "killing" frost occurred in spring, April 23. The latest date on which last "killing" frost occurred in spring, April 23. PRECIPITATION.

PRECIPITATION. Average for the month, 75 inch. Average number of days with .01 of ana inch or more, 5.

The greatest monthly precipitation was 1.63 inches in 1874. The least monthly precipitation was .02 inches in 1895.

The greatest amount of precipitation recorded in any 24 consecutive hours was 1.04 inches on Aug. 29 and 30. CLOUDS AND WEATHER.

Average number of clear days, 17; partly cloudy days, 11; cloudy days, 3. WIND.

The prevailing winds have been from the southeast. The average hourly velocity of the wind is 5.8.

The highest velocity of the wind was 44 miles from the northeast on Aug. 9,

OF INTEREST TO SICK PROPLE.

OF INTEREST TO SICK PROPLE. We have all the sympathy in the world for sick people, and want to treat them in a serious way. There is no humor in pain and affliction, but hard earnest fact. It is impossible for the patient to im-press on others the extent of suffering they endure, and their anxiety for relief. To get well or be relieved is their one thought any remedy that will bring this about has their everlasting gratitude. We have thousands of letters from people who have had dyspepsia, sick-headache and billous attacks, who tell us how thank-ful they were for having used Dr. Gunn's Improved Liver Pills. They are sold at all drug stores for 25 cents per box. Only one for a dose. These pills remove the

The railroads are to elaborately dec-orate the depots. Every member of the association will be called upon to do something for the entertainment of the guests. The advertising committee, consisting of E. M. Ashton, Thomas Homer and A. Richter, will get to work at once. Another committee was in-structed to secure a building and have structed to secure a building and have a bureau of information in running order by the time the Templars arrive. The committee having the packing plant matter in hand reported progress.

Nutional Encampment. C. A. R. The Nickel Plate Road will sell tickets August 12th, 13th and 14th, at \$17.75 for the round trip from Chicago, via direct lines, with stopover at Niagara Falls

Babcock's services have come. Yield-ing to these importunities, and also having a desire to see introduced into our schools a more thorough system of her favorite art, with its refining influence, the lady has undertaken the 'ask referred to.

DEATH RATE LOW.

For Month of July it Reached 73 Per 1000-Other Data.

The report of the city board of health for the month of July was submitted at a meeting of the board held yesterday afternoon. It shows 130 births and day afternoon. It shows 130 births and 55 deaths for the month, as against the same number of births and 69 deaths for the same month a year ago. The death rate per 1,000, with an enti-mated population of 75,000, is .78. The annual death rate estimated on the same basis is 9.44 for 1904 and 11.4 for 1903. Of the 58 deaths last month, 44 were males and 15 females; of the births, 66 were males and 64 females. The report above that one is death ascribed to sunstroke and six to apo-plexy; seven of the deaths were from ascribed to sunstroke and six to apo-plexy; seven of the deaths were from pneumonia; five from organic diseases of the heart; four from cholera infan-tum. There were three persons drown-ed during the month. Only twenty cases of contagious and infectious diseases were reported dur-in the month against 51 for July, 1993. These were as follows for the same

These were as follows for the same month both years: 1904, 1903.

OVERCOME BY HEAT.

Geo. L. Eastmond Falls in Faint on Platform at Saltair.

There was a decided commotion on the platform at Saltair yesterday immediately after the arrival of the 5 mediately after the arrival of the 5 o'clock train, occasion by the falling to the platform of George L. Eastmond, the dentist. When picked up he was entirely unconscious and it looked for a time as though his case was critical if not fatal He was carried to a shady spot where Dr. Meyer attended him and under whose advice he was remov-ed to a cot on the south arm of the ed to a cot on the south arm of the great pavilion, it having been placed there at the instance of Supt. Derr.

Gradually the stricken man was re-vived and a couple of young ladies who accompanied him to the beach took him in charge. Eastmond said he was out for a good time but didn't know he was going to have it in just that way. When asked if the girls were his daughters he exclaimed jocularia: "Do they look like my daughters? I am old enough of course for them to be, but I am an old sport with money and intend to marry one of them. I have got the stuff to give them a good time today and intend to do so even though I come pretty near being called away."

I come pretty near being called away." And as he got better they did have
