COLLECTING SCHOOL TAXES. WE received this morning the an-

nexed communication: Editors Descret News:

Dear Sirs .- The new school law provides that by a two-thirds vote a how but he had no knowledge how. The colored man protested againt tax can be assessed in each school Later in the afternoon Welcome fraud, and was driven from the district for local school purposes. Is was questioned at great length by it imperative that said tax should be several parties as to his connection collected in the year that it is voted with the whole affair, and while it was for or can it be collected at any subsequent period, that the Trustees | evident that he labored to answer may determine ppon. some of the queries put to him, yet Please answer the above through in no material point did he deviate

your columns, and oblige,

from or add to his original state-Yours truly, ONE OF THE TRUSTEES.

some kind of an answer, and when We are of the opinion that it is not imperative that the tax referred it was hinted that he was lying he to shall be collected during the year was ready in a moment with an ex- farious schemes at all hazards, even in which it is assessed, if the trus- planation. For instance, he was to have democratic bayonets at the very pointedly asked by Mr. Turner Polls. tees do not so determine. The per centage of tax is fixed by the tax- if he knew whether his son had any payers themselves, at a meeting pocket knives on him, when without to these facts at Kentall's Beat, the conclusion of the speeches, Gen. much hesitation he replied that called for that purpose, the law

limiting the maximum amount to he thought not. From the fact that Mr. Turner had found either the sum of two per cent. per annum, The assessment is made within the one or two of the boy's pocket time directed by the trustees. And knives and a pocket book in Welthe time of collection is also fixed come's satchel, this appeared to be a an inspector with a large roll of boby the trustees, with the proviso, as direct lie. But Welcome was equal we understand it, that it shall not be to the occasion. He immediately less than thirty days from the time explained that on the journey there the assessment roll is handed to the were one or two pocket knives in use collector after it has been corrected for eating purposes, and if they becollector after it has been corrected for eating purposes, and if they be-and approved by the trustees. The law longed to Johnny Turner he was the force of the statement. Five plainly says that, "They shall fix the not aware of the fact, and as for the thousand republican votes in this time within which the tax shall be pocket book he said he found it lying in the bottom of the wagon, but paid," and that the collector "shall had no knowledge who it belonged proceed to collect the same within to. He repeated over and over the time specified by the trustees." In the absence of any provision that again that what he stated was true, and that if people would not believe the tax must be paid within the him he could not help it. He had been changed, is taken away. The year, we see no reason to doubt the told the truth and if he had to die monumental fraud of the age was correctness of the view we have exthat moment he was prepared to the pretended election of August 2, pressed. stick to his statements.

We should think that the most satisfactory plan, both for the truspainful. There was Welcome sittees and the taxpayers, would be to determine when the tax should be ting with his legs chained with cratic clubs, where they could not collectable, at the meeting at which heavy irons, and his wrists tightly it is assessed. A mutual understand- held by handcuffs, an utterly helping and agreement of this kind less, dejected looking being, while in would prevent much friction and ill. his presence was the father of the feeling.
