

for the Metropolitan theatre. While the audience were being seated the band played a medley of patriotic airs. After which General Sherman called the meeting to order. Among the letters received and read was one from General Grant, in which he notifies General Sherman that he has given up his trip around the world, that after a short run into Africa he will return to Paris, where he will remain until his departure for home. General Grant's name was received with prolonged applause.

CONSTANTINOPLE, 28.—Minister Layard has received information that the Russian troops from Rostchuck, Shumla, and Varna continue to arrive at Adrianople and elsewhere in eastern Roumelia.

The Porte hesitates to appoint a governor for Eastern Roumelia for fear of a conflict between the Russian and Turkish authorities. The Russians have informed the international commission that it is impossible, at present, to restore the Turkish judiciary in Eastern Roumelia. The Russian authorities desire, in the interest of the province itself, to continue in the administration of its affairs as long as necessary.

VIENNA, 28.—The *Abend Post* states that the latest news in regard to the development of the Bulgarian rising is disquieting. The insurrection appears to have successfully resisted the first attempts at forcible suppression, and is rapidly extending. The insurgents are now advancing on Sere. On the other hand, some individual bands have been defeated. The Mahometan element is rising on all sides to assist the Porte, and a considerable force has been dispatched from Salonica to the insurgent territory. The object of the uprising is unquestionably to realize the idea of Bulgaria reaching the Aegean sea in accordance with the treaty of San Stefano. It, therefore, has a more than local significance and touches questions of an undoubtedly European character.

LONDON, 29.—At the funeral services performed over the remains of Col. T. Scott Stewart, at St. Margaret's Westminster, yesterday, Minister Welch, Miss Welch, Mr. Puleston, member of Parliament, Arthur Sullivan, nephew of the deceased, and many prominent American and Englishmen were present. After the services the body was conveyed to the railroad station en route for Philadelphia.

A dispatch from Berlin says: It has now transpired that a strong Russian force was concentrated on the Bokhara frontier until the close of the Berlin congress in readiness to enter Afghanistan.

A Vienna dispatch says: It is reported that the Russians far from resuming the retreat on Adrianople are re-occupying places which they had evacuated, especially Keshan, near the Gulf of Seros.

The agricultural laborers in Kent and Sussex threaten a general strike because of the announced intention to reduce the wages. One thousand are already on strike. The laborers declare that the course of the farmers is oppressive, and threaten to emigrate to the colonies.

Don Carlos, in a letter to ex-Queen Isabella, congratulating her on the escape of King Alfonso, declares that Demagogy shrinks from nothing in its attempts to destroy even Princess whom it has itself placed on the throne, and who are forced, perhaps unwillingly, to be its slaves.

CONSTANTINOPLE, 29.—Prince Labanoff, replying to the note of the Porte in regard to the Bulgarian insurrection, assured the latter that the Russians have taken no part in the Bulgarian uprising in Macedonia, which is merely an act of brigandage by the Bulgarian and Turkish deserters, and possessing no political character.

LONDON, 29.—The physicians of Sothorn, the actor, demand his absolute retirement from the stage for six months. The nature of the illness is not stated.

Intelligence has been received from Whydah, on the west coast of Africa, Sept. 26, that a Portuguese commander and seven soldiers, are held captive by King Dahomey, who makes them parade before him daily. The king has recommenced the grand custom of human sacrifices. Five hundred persons have been slaughtered in one month.

The Begum of Bhopat has offered to place her army at the disposal of England.

CONSTANTINOPLE, 29.—The Porte asked Prince Labanoff to explain the return of the Russian troops to positions recently evacuated by them, and also the refusal to reinstate to the Turkish authorities the district lying between Tchorlon and Adrianople.

Sixty thousand Russians have entered Roumelia by the way of Bourgas.

LONDON, 30.—A Simla correspondent understands that the home authorities have decided that another communication shall be addressed to the Ameer, setting forth explicitly the consequences of a refusal to admit the British mission. The former emissary of the Viceroy, who has just left Simla, probably bears this ultimatum.

The directors and other officials of the City of Glasgow Bank have been committed for trial on charges of fraud and theft. OLD, TRIED, AND TRUE.

People are getting acquainted—and those who are not ought to be—with the wonderful merits of that great American Remedy, the

MEXICAN Mustang Liniment, FOR MAN AND BEAST.

This Liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 35 years, until now it encircles the habitable globe.

The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast.

To stock owners and farmers it is invaluable. A single bottle often saves a human life or restores the usefulness of an excellent horse, ox, cow, or sheep.

It cures foot-rot, hoof-ail, hollow horn, grub, screw-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life.

It cures every external trouble of horses, such as lameness, scratches, swinny, sprains, founder, wind-gall, ring-bone, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the muscle to the bone, and a single application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.
