It will be observed, that the new schedule of rates makes several changes, viz: an increase of \$10 per location for a single location, or for three loca-tions embraced in one group survey. If upwards of three locations, \$30 only is charged for the first location and \$20 for each additional location. Under the old system in vogue \$20 for each loca-

tion was charged. It will also be ob-served that the \$5 heretofore charged for each conflict has been dropped, which in the majority of cases will resuit favorably to the claimants. The new schedule of rates is made up to conform as nearly as may be to the rates adopted in all other offices of U. S. surveyor general in the United States, and is less than in some other

States WILL SINK AT GREEN RIVER.

The California-Utah Oil Co. Will Pu Down Its First Well at That Point. Price, Utah, Nov. 2 .- The California

and Utah Oil company has decided to put down its first hole nine miles south of Green River town on the west side of the Green river, on what is known as the Blue Ridge. The machinery was ordered from California some time ago and is now on its way from Ogden, having been sidetracked there until the company's experts, who have been on the ground, with several leading men of the company since last Thursday, decided upon the place where the first well was to be located. The contract was made at Green River yesterday for hauling the machinery and a carload of casting. The rig is a standard and can be made to drill 4, 500 feet in depth.

These parties are the gentlemen who have been at Salt Lake City for ten days. They went to Green River the first of the week. They are largely interested at Bokersfield, Calif., also, Directors C. M. Kilburn, W. J. Berry

and Walter Scott returned to the city last evening after deciding the point at which the well will be put down. Man-ager Don C. Robbins of the company. came to the city this morning and after attending to some business, he expects to leave for camp tonight to superin-tend the hauling of 85 tons of material to the well site. The machinery is now at Green River.

DALY-JUDGE COMPANY.

Starts Out to Make a Mine With \$150,000 in Cash.

Cashler J, W. Donnellan of the Commercial National Bank, received a telegram yesterday afternor from John J. Daly, who is in New York, stating that the Daly-Judge Mining company has been organized under the laws of New Jersey with a capitalization of \$150,000 shares. The following names

appear on the directorate: John J. Daly, Allen Fowler and O. J. Salisbury of Salt Lake City, H. Otto Hanke of Cincinnati, Albert C. Wall of New Jersey and E. Hollingsworth Wood of New York were selected as directors. The officers are: J. J. Daly, president: Mr. Salisbury, vice president; Dr. Fow-ler, treasurer, and George W. The Oregon Short Line announces an excursion to the mines of Tintic tomorrow which will be taken advantage of by a great many people. It was reported today that entrance would be allow-ed the May Day mfl, but Director James Larson, who returned from the mine today, stated that he did not think the mill will be ready for inspection. It was rumored today that the mill was a decided success and that 70 tons of ore was handled yesterday. Mr. Lar-son said it was not a fact as the owners are still adjusting the parts of the plant. About a carload of concentrates

only has been turned out. Pleased With the Maxwell.

Col. E. A. Wall returned to town last evening from an inspection of the Maxwell group at Bingham, which is being developed by means of a tunnel. The colonel has just put in 1,800 feet of size line and he is operating a Leyner drill in the drift which is being run both ways on the big vein. This vein is over 100 feet wide, having been crossed by the tunnel, which is about 700 feet long. A couple of men are engaged in driving both ways on the vein. By By working alternately in both drifts they are able to make 8 feet per day. The colonel says the Leyner drill uses less air than other drills but does very ef-fective work. A big body of low grade ore has been cut by the crosscut which is expected to shortly disclose a chute

of higher grade ore.

Gold Mountain Notes. In a review of the mines of Gold Mountain, the Richfield Reaper says: The June Bug continues to keep up appearances and is turning out some ood ore. The B. W. and H. Mining company

shipped a carload of 419 sacks of ore to northern smelters Monday. Joseph H. Erickson returned from a

trip to the Golden Reef mine Monday. He reports 10 tons of shipping and 20 tons of low grade now out. A force of men are now at work on the Utica group of claims on Gold Mountain. W. F. Snyder and others

own the group and Greely Snyder is superintending the work. A miner from Marysvale informs us that a deal is on by which the Weins mine will likely change hands in the nex; few days and be passed from the ownership of Mrs. Martha Lyon to Jewett and McCullough of Gunnison, Colorado.

inquiry for the stock is quite active. Operations at the Utah Sugar factory continued on an unprecedented scale, and the 9,000,000 pound mark will be passed on Monday. Ogden Sugar has not wavered, though the output there will not be as heavy as expected. The firmness of the stock is due to the fact that it is very closely held, Mr. David Eccles and his associates owning the great bulk of it. The Utah Sugar stock, on the other hatd, is widely scattered, which is always an element of weakness in a limited market like this. The price of sugar remains steady, and is quoted by Z. C. M. I. at \$5.15 wholesale, and \$5.39 retail, for the beet product. The latest quotations are as follows:

(Special by leased wire to Burbidge, Copps & Co.)

New York, Nov. 2 .- London, irregular. The market started very strong and firm under the stimulus of the dividend of Pennsylvania and the oft repeated report that Northern Pacific settlement would be announced. We can only repeat that we hear from the best authorities that this matter has been settled some time and will be announced to the public when the people having

charge see fit. Our opinion is the same on the market, namely builish. We advise buying Canadian Pacific, Union Pacific and B & O. We understand
