MUST CARE FOR MOTHER.

Weber County Sues Daughter for the Support Of Her Mother.

Test Case Against Emma J. Moyes-Lively Runaway on Madison Avenue.

The action brought by Weber county against Emma J. Moyes to test the law providing that children must take care of their parents or visa versa, providing they are in a financial position to do so. The maintenance of Mrs. Car. oline Capes, mother of Mrs. Moyes, has fallen to the lot of Weber county, and the commissioners thought that her daughter was able to care for the aged mother, who is unable to care for herself, but the county has been paying for her care in a private family in this city and brought suit against Mrs. Moyes to recover \$25 for such mainten.

County Atty, Halaniski profecuted the case. Clerk Hollingsworth testing that he had notified Mrs. Moyes at th request of commissioners that she muscare for her aged mother as the law required, but that she had failed to do Other witnesses testified to similar facts. Mr. and Mrs. Moves for the defense

testified that Mrs. Moyes is not in a financial position to care for her moth. er, and that her husband is in the same osition; that they would gladly care her if they vere able to. The court, after hearing the testi-

The day will be devoted to sports and re-creations in our city park. It is expected that a class of 25 stu-dents will be graduated from the eighth grade this term. The final examination of the students will be held at Ameri-can Fork. Saturday, May 16. Commony, took the matter under advice-

If the county wins this action it is expected that several more suits will be filed against certain individuals this action is only a test case. LIVELY RUNAWAY.

Excessive Rains Have Caused Partial Failure of Grain.

Special Correspondence.

Mt. View, Alberta, Canada, April 25. —The snow is now all gone except in the cowlees where there were large drifts. The people are all busy with field work, which is being crowded, as the spring is backward. The winter has been a long one, things froze up early last October and did not thaw out until now. Stock wintered well, with no loss to speak of. to speak of.

Mt. View now has an excellent school building. The original building is 26x36 and the new addition is 40x26, and two stories high. The upper room is used

hogs, than as grain. The greatest drawback to the rapid development of this country is the practice of holding the land in such large tracts. If it was held in smaller tracts. holdings the country would grow faster. Vegetables of all kinds thrive here, but last season potatoes were almost a failure owing to the great amount of rain.

Prospects are good this year and all are hopeful of the future.

CHILDREN'S EYES

More than one-half of the number of school children have an appreciable degree of defective vis-ion; this degree, if allowed to de-velop while the child is growing, causes irreparable injury to the eyes, necessitating a life-iong wearing of glasses. These troubles should be taken in band without delay and properly fitted to glasses. We are especiable prepared for correcting the refractive defects of children's eyes. Examination free.
