

FROM SATURDAY'S DAILY, NOV. 5.

Married.—On Thursday, Oct. 27, 1881, Mr. Hyrum Stewart of the firm of Stewart & Tingey, Kaysville, and Miss Cynthia A. Hyde, of Nephi.

The Fair Awards.—Those who had gold, silver and bronze medals awarded to them at the late Fair, if they prefer it, can have cash instead of the medals, by applying, without delay, to the Treasurer, A. M. Musser.

Hurt.—On Thursday a workman named Peterson was severely hurt at the factory buildings of the Lumber and Building Company, of Provo. While at work the unfortunate man got his left hand entangled with the buzz saw, by which the member was terribly lacerated, the thumb, and all the fingers being more or less injured.

Juvenile Excursion.—There was an excursion to this city of school children from Pleasant Grove, Utah County, to-day. They merely came up to see the metropolis. They visited the Museum and Temple Block, and also came into this office and took a look at the machinery. The party returned south by the 2 p.m. train.

Returned Missionary.—To-day we had the pleasure of a visit from Elder W. J. Bean, son of Judge Geo. W. Bean, of Richfield, Sevier Co., who returned this morning from a mission to the Southern States. He left Utah on the 1st of May, 1880, and has therefore been gone eighteen months. Nearly the whole of that time he has labored in the State of Kentucky, and had a great many opportunities of preaching the gospel. The first five months he was in company with Elder Levi P. Helm, and after that he labored in conjunction with Elder A. D. Thurber. Elder Bean's health has been moderately good during his absence.

A Singular Error.—The Logan Leader tells of a singular mistake that serves to show the determination with which the search for the murderers of Joel Hinckley was maintained. A week ago yesterday, it appears, as a train stopped at Richmond station, three train men saw two men standing near the depot. Thinking they might be the murderers of Hinckley, the train men covered the two with their firearms and ordered them to throw up their hands. The two men happened to be guards on the lookout for the assassins and when the train men ordered them to throw up their hands, instead of doing so they presented their pieces. Some six or eight shots were exchanged, when the guard retreated, and it was some time before the mistake was discovered. It is a wonder it did not result more seriously. As it was no one was hurt.

FATAL ACCIDENT.

PETER JENSEN DIES FROM AN APPARENTLY SLIGHT CAUSE.

About five o'clock last evening an apparently slight accident occurred at the machinery depot of Mr. H. B. Clawson, adjoining the Council House, but which had a fatal termination a few hours afterwards.

Peter Jensen, a carpenter, about sixty years old, was standing near the entrance to the machinery department of the establishment, when a piece of hardwood scantling, about eight feet long, which is used to hold the sliding gate in its position when it is up, accidentally fell over, striking Jensen on the side of the head and shoulder. He fell backwards and appeared partially stunned. He was raised up by Mr. James Currie and his head bathed with a little brandy, a portion of which he took internally. He was taken to the First Ward street car by Mr. Clawson's teamster, his residence being a short distance from the end of the track.

He walked unaided from the car to his home and spoke a few words after he arrived there. He soon sank into a comatose condition, however, and a number of neighbors dropped in to render what aid could be given under the circumstances. He revived occasionally, but finally, at half past eight, about three hours after the accident he expired.

The deceased was in very feeble health, and it is more than probable that, his hold on life being so very frail, death was hastened by the shock he received in falling. An unprofessional examination of the body since death ensued shows no bruises upon it.

Peter Jensen was a quiet, upright, honest man. He came to this country about two years ago, during the most of which time he worked for Mr. Clawson, who has been very kind to him. Since arriving in Utah the deceased sent money to help several of his relatives to emigrate from Sweden to this country. He leaves an invalid wife and several daughters.

An inquest will be held this evening.

BRIGHAM YOUNG ACADEMY EXAMINATION.

CLOSE OF FIRST TERM, SIXTH ACADEMIC YEAR.

On Friday, Nov. 4, at 9.30 a. m., the closing exercises for the first term of the sixth academic year, were commenced. A written examination had been in progress during the preceding part of the week, and the results of the students' labors were clearly shown by the exhibit of examination papers, diagrams, maps records, etc. Beside these the tables were spread with specimens of ladies' work of all descriptions.

After the opening exercises the various teachers made their reports, each in behalf of his own department. The Primary Department was represented by Miss Caddie Daniels, the Ladies' Work by Mrs. Z. Y. Williams, the Academic Department, Section A, by James E. Talmage, Academic, Section B, by J. M. Tanner, Intermediate Department, by M. H. Hardy, and the Normal Department by K. G. Maeser. All the teachers spoke encouragingly of their departments, and the results of the past term's labors. The labors of the teachers during the term have been varied and numerous; the total number of teachers, including officiating normal students has been 19, who conducted in all 289 weekly recitations.

Following this the Principal read his report to the Board of Trustees; from it we clip the following statistics: The total number of students registered during the term is 111, of which number 5 withdrew before the close of the term. The students have been tabulated according to their standing in the Church as follows: Elders 6, Priests 7, Teachers 3, Deacons 10, lay members 69, not baptized 4, under age 1, non-members 11, total 111. The domestic organization record shows the following schedule: Number of students from Provo 52, Springville 4, Payson 4, Goshen 2, Lehi 2, Alpine 1, American Fork 2, Pleasant Grove 3, Cache County 2, Salt Lake County 7, Tooele County 1, Wasatch County 4, Juab County 5, Sanpete County 2, Beaver County 5, Summit County 2, Iron County 2, Kane County 1, Washington County 1, Idaho 3, Wyoming 2, Nevada 1, Arizona 3. Total 111.

After the conclusion of the report, remarks were made by Hon. A. O. Smoot, President of the Board; Bishop M. Tanner, Chairman of the Executive Committee, and Hon. W. H. Dusenberry, Secretary of the Board. Each spoke in highly eulogistic terms of the labors performed and the results achieved, and expressed an earnest desire for and interest in the continued progress of the Brigham Young Academy.

An announcement was made that the second term would commence its session on Monday, Nov. 7.

ANNIE LARSEN,
Secretary B. Y. A.
Provo, Nov. 4, 1881.

FROM MONDAY'S DAILY, NOV. 7.

The Immigrants.—The coming company of immigrants, in charge of Elder L. R. Martineau, passed Omaha at 2.50 yesterday. They should reach this city on Thursday.

Another Wire.—Arrangements are being made to put an additional telegraph wire along the line of the Utah & Northern Railroad. This is said to be a much needed increase of northern telegraphic facilities.

Reported Dead.—The New York Sun reports the death, at Richmond, Missouri, of David Whitmer, the last of the three witnesses of the Book of Mormon. As we have not seen any mention made of the fact by any other journal, it may possibly be an error.

President Taylor and Party.—President Cannon and Elders F. M. Lyman and John H. Smith reached St. George yesterday. President Taylor and other members of the party expected to arrive at that point to-day. We understand Elder Erastus Snow is also at St. George. The holding of a series of meetings there, to extend over two days, will begin to-morrow.

Brutal Business.—A singular circumstance happened at Butte last Thursday afternoon, as we learn from the Miner. Gong Sing, a Chinaman, sold, to one of his countrymen, a Chinese Woman named You Kim. Instead of delivering her up he demanded more money. When this was refused, he seized a hatchet, and as the fair You Kim sat in front of him, chopped her deliberately in the back about one inch to the right of the spine. The blow cut through the clothing and all, and with a little more force would doubtless have inflicted a mortal wound. A warrant for assault with intent to commit murder was instantly issued, and Gong Sing was soon languishing in prison.

The Ladies.—The general meeting of the Ladies' Societies, in the 14th Ward Assembly Rooms, was better attended than for some time past. Those present had a profitable time.

The following ladies left to-day for Payson, Utah County, where an important meeting will open at 10 a. m. to-morrow: E. R. Snow, Smith, E. B. Wells, E. Howard and Louie Felt. This party will be joined at Provo by Sister Margaret T. Smoot.

After attending meetings at Payson, these sisters will visit other places in Utah County.

On Wednesday Sister E. Howard will be joined at Provo by Sister M. I. Horne, when the twain will proceed to Heber City to attend the Quarterly Conference of the Relief Societies of Wasatch Stake.

The Liquor Case Decision.—We mentioned in Friday's issue that Clasky & Hogle, saloon keepers, were taken before Judge Hunter on a writ of habeas corpus. The parties had been arrested at the instance of the County for doing business without license. The prosecution had proceeded under the penal code, Sec. 246, which makes it a misdemeanor to "carry on any business, trade or profession" without first taking out a license as required by law or by county regulation.

Judge Hunter gave his decision this morning, which was to the effect that the county had proceeded under the wrong statute. The prosecution should have, according to his ruling, acted under a former law, passed in 1860, which provides for the infliction of a fine not exceeding one hundred dollars, to be collected as an action of debt.

A Big Explosion and its Results.—We mentioned a day or two since that five men were blown a long distance last Tuesday by an explosion at New Chicago, Montana, on the line of the Northern Pacific Railroad, by approaching the locality where some blasts had been laid,

before they had exploded. The escape of the five persons from instant death is most marvelous. We give a portion of the description of the affair from an exchange:

"The seven-keg charge exploded with terrific force, throwing what Engineer Morgan estimates at 300 cubic yards of rock out toward and into the river, and carrying with it the men named. Some of them were thrown 120 feet out into the river, being projected even further than the bulk of the rock, which filled up the river bed and turned it out on the southern bank. Those witnessing the sight were filled with horror, and it was not supposed one of the unfortunate men would be found alive. Consternation prevailed for the moment, and the workmen flocked from all directions. Their astonishment was great when one by one the exploded men began clambering out for the shore, and was complete when every one was taken from the debris and river to the shore alive. All were more or less cut up about the head, and some had cuts and bruises on their bodies. Their faces covered with dirt and blood, clothes mired and tattered and reeking with water, they presented a horrid spectacle, and thinking only skilful surgery could save them, a messenger sped to the telegraph office at New Chicago and requested the immediate attendance of Dr. Mitchell, from Deer Lodge. When the doctor arrived he found the men had all been taken to the camp, their wounds bathed, plaster applied to the cuts, and not a bone was broken in any of the five men who had performed that marvelous vault through 120 feet of space on 300 yards of rock.

ACCIDENTALLY SHOT.

NINE BUCKSHOT BURIED IN WM. HARDCASTLE'S BACK.

By special dispatch from Sandy we learn that, yesterday, at that place, a few boys went out hunting, when a severe storm came up and they went into a board shanty for shelter. While there one of the party went outside and the others were getting their guns ready, when a loose strap caught the trigger of one gun loaded with buckshot. It was discharged and the shot went through the side of the shanty and buried nine buckshot in William Hardcastle's back. The wound is not considered serious, although painful. Mr. Hardcastle was brought to this city on the train this morning for treatment.

SERIOUS ACCIDENT.

JABEZ W. TAYLOR HAS A NARROW ESCAPE.

About 11 a. m. Yesterday, Mr. Jabez W. Taylor, carpenter, of the 11th Ward, was riding in a buggy, in the 21st Ward. The animal suddenly shied, causing him to be thrown out upon the hard ground, striking upon his left temple, in which, of course, he was considerably injured. The vehicle, at the same time, turned bottom side up, striking the right thigh of the prostrate man as it descended.

Mr. Taylor was carried into the house of Mr. Irons, close by, in an insensible condition, and subsequently conveyed to his home by Mr. James White of the 11th Ward.

The horse broke loose from the buggy and ran off, at a furious rate with the shafts, fetching up at the residence of Mr. Case, near the 10th Ward school house, where it rushed through the entrance gate and stopped in front of the house, with its fore feet upon the porch.

The vehicle was rendered a wreck and portions of it and of the harness have not yet been recovered. Parties finding them will please convey them to the owner.

Mr. Taylor was very ill yesterday from the shock, but we are pleased to learn that none of his bones were broken. He will probably be able to be around again in a few days, unless seriously injured internally.

THE COMMITTEE'S REPORT.

TO THE BOARD OF DIRECTORS OF THE D. A. & M. SOCIETY.

In response to the call of the president of the Deseret Agricultural & Manufacturing Society, the board of directors met in special session Saturday night. The meeting was called to receive the report of the committee appointed to make the

award of the \$50 prize offered by George A. Meeers, Esq., for the best essay on "Utah, her Attractions and Resources," etc. The report of the committee, which is as follows, was received and adopted, the committee thanked for its labors and discharged:

To the President and Board of Directors of the D. A. and M. Society.

Gentlemen.—The committee appointed by your honorable board to award the prize of \$50, offered by George A. Meeers, Esq., for the best essay on "Utah, her Attractions and Resources," as inviting the Attention of Tourists and those seeking Permanent Homes," respectfully report that they have carefully read the several essays submitted to them, which they have numbered from 1 to 7, and after full consideration of their respective merits, and due deliberation, a majority of said committee award the prize to essay "No. 5," signed with the initials of "W. S."

Your committee are also highly impressed with the excellence of the essays numbered 1 and 3 respectively, and thinking them too good to be lost, respectfully suggest to your board the propriety of having them published in pamphlet form, in conjunction with the prize essay, provided the authors are willing, with a view to having them placed within the reach of those seeking correct information upon the resources and attractions of Utah.

Should your board not be in a position, financially, to incur the expenses of said publication, there is no doubt but the means could easily be raised by subscriptions from leading business men in the community.

Respectfully submitted,
JOSEPH R. WALKER,
WM. JENNINGS,
JOSEPH L. BARFOOT,
WM. BUDGE,
JOAB LAWRENCE,
JOHN T. CAINE,
Chairman.

SALT LAKE CITY, Nov. 2d, 1881.

Mr. Geo. A. Meeers being present when the report was read, informed the board that they need take no action relative to the publication of the essays named in the report, as he would publish them at his own expense, provided the authors were willing.

A vote of thanks was unanimously tendered to Mr. Meeers for the interest he had manifested in the recent fair, and for the pecuniary encouragement he had extended.

It having been made known to the board that the author of essay No. 5, signed with the initials W. S. was Mr. R. W. Sloan, of the Salt Lake Herald, Mr. Meeers' check for the

\$50 and the prize essay was forwarded to him.

The authors of the essays marked with the following initials can have them by calling on the secretary of the D. A. & M. Society, A. M. Musser, Esq. The following are the numbers of those to which initials have been attached: J. R. S., No. 7; J. F., No. 4; A. D., No. 2; E. S. C., No. 6.
