The President Reaches Madison, Wisconsin, and Has Another Grand Reception.

Cardinal Gibbons Reaches the End of His Journey in Safety.

The Record in the Anarchist Case Ready for Use in the U. S. Supreme Court.

Commissioners Carlton and McClernand Present a Minority Report.

THE PRESIDENT.

He Reaches Madison, Wisconsin.

MADISON, Wis., Oct. 7.—On the arrival of the presidential train here this afternoon, the party was accorded an enthusiastic reception and was escorted to the capital grounds, where the welcoming address was made by Judge Cole, chief justice of Wisconsin. In reply,

PRESIDENT CLEVELAND SAID:

After a week spent in travel and visiting the people of the great west, we have come to rest awhile at the capital of Wisconsin, known as the most beautiful in location and scenery of all the cities of the region. Though we see the good people of Madison at their homes for the first time, they are not unknown to us. We knew you at the seat of the national government through your fellow-townsman who has done honor to his home and neighbors, by a most successful and conscientious performance of important public duty, and who has earned, as he received, the respect and esteem of every citizen who desires the welfare of his country. So our desire to actually see you and to know you better is

PERFECTLY NATURAL.

It seemed to me when I planned the trip we have undertaken that Madison would be the proper place at which to make our first stop for rest. When I conceived the idea of staying at Madison over Sunday and testing the kindness of her citizens and the hospitality of the Postmaster-General, I had to do was to imagine that we would be very much fatigued when we reached here, and in need of the rest I was determined we should have. Thus, we are here and tired enough to justify my plans.

After speaking further in praise of the beauties of the city, its surroundings, university, etc., the President concluded:

I expect to heartily enjoy my stay here, and to always hereafter cherish pleasant recollections of your city and its inhabitants.

UPON THE CONCLUSION

of the speech-making the party entered the Capitol building, the doors of which were closed for a few minutes while the reception committee and ladeis were presented to the President and Mrs. Cleveland. After this the doors were opened, and for about two hours the people poured in and passed by the President. The town, though not very large itself, was crowded to overflowing with people from all about the surrounding country. When the reception ended Mrs. Cleveland went at once to the residence of Postmaster-General Vilas, where she spent the rest of the afternoon in quiet. The President, accompanied by Governor Rusk and Colonel Vilas, went to the Dane County fair grounds, where again the people had a chance to see him. This evening Mr. and Mrs. Vilas gave a dinner to

THE PRESIDENT,

it being a quiet affair of twelve or fifteen covers. Among the guests were Governor and Mrs. Rusk, Chief Justice Cole and Mayor Conklin and wife. The town is gorgeously decorated in all conceivable styles, the advertisement of the grounds and mansion of Colonel Vilas being superb.

Cardinal Gibbons Arrives.

PORTLAND, Oregon, Oct. 7.—Cardinal Gibbons, who is to confer the pallium on Archbishop Goss next Sunday in this city, arrived here this evening. He was met at the Dalles by a reception committee from Portland and came here by special boat. He stopped half an hour at Vancouver, Washington Territory, and was driven to the army headquarters, holding a short reception there. When the boat arrived here all the Catholic societies in the city assembled at the Ash Street wharf and formed a procession, escorting the Cardinal to the Episcopal residence. He is somewhat fatigued from his long journey and will devote to-morrow to rest.

WASHINGTON.

Carlton and McClernand, of the Utah Commission, Make a Minority Report, etc.

WASHINGTON, Oct. 7.—The Secretary of the Interior to-day rendered two important decisions affecting the right of land grant railroads to indemnity lands, the question being the extent to which the right of selection to such lands can be exercised.

THE QUESTION

arose upon the adjustment made by the commissioner of the general land office of the grant of the Chicago, St. Paul, Minneapolis & Omaha Railroad. The secretary reverses the position of the commissioner, that the company was entitled to indemnity on account of prior grants for other purposes, including swamp grants, Indian reserve and moieties of other roads under contemporaneous grants. The commissioner also changed the terminal limits of the grant, so as to exclude from these several thousand acres which were formerly included therein. This the secretary holds cannot be done. The commissioner treated the grant to the Wisconsin Central Railroad as being contemporaneous with that of the Omaha road and deducted from the latter's grant one-half the lands within the overlapping

TEN MILES LIMIT

of the former and six miles limit of the latter, amounting to about 139,000 acres. The secretary holds that the grant to the Omaha Company, within its six miles limit, was prior in date and awards that company all the lands within the conflicting limits. He also restores to the company 55,000 acres deducted by the commissioner for the Wisconsin Farm Mortgage Company.

The second decision applies to the Bayfield branch and deals with the company's failure to construct its road upon the line of definite location. The secretary finds ample reason for the deflection on account of engineering difficulties, etc. The effect of the decision is to allow the company about 204,000 acres additional indemnity for the main line and 125,000 acres for the Bayfield branch.

A MINORITY REPORT.

John A. McClernand and A. B. Carlton, of the Utah Commission, have submitted to the Secretary of the Interior a minority report dissenting from some of the views of the majority of the commission as expressed in its annual report recently submitted. The minority say:

"While concurring in part in the majority report of our associates, we dissent from it particularly as regards the general animus and propriety of introducing theological discussion into a secular document. After a review of the effects of the new registration law upon the election of the delegate to the Fiftieth Congress, the dissenting commissioners say that early in the present year they thought they discerned a disposition among the Mormons to give up the

PRACTICE OF POLYGAMY,

and add they have used their official and personal influence to induce the Mormons to take such steps. The commissioners wish to disclaim any interference in the question of statehood for Utah, but consider that whether the territory is admitted or not, a strong advanced position is gained when the mass of the people are induced to place themselves on record in opposition to polygamy. Now, while the great mass of the Mormon people are making an effort for the abandonment of the practice of polygamy, we are asked to recommend further legislation of a hostile and aggressive character, almost, if not entirely, destructive of local self-government, thereby inflicting punishment upon the innocent as well as the guilty. This we decline to do." The commissioners, instead, recomend the adoption of

AN AMENDMENT

to the Constitution of the United States prohibiting the institution or practice of polygamy in any form in any of the States or Territories.

In the report of Minister Hubbard to the Department of State, wherein he gives information relative to the trade of Japan in 1886, he intimates that America is discriminated against in the awarding of government contracts for public works.

Rear Admiral Kimberly, commanding the vessels on the Pacific station, reports the following disposition of the vessels of the squadron: Flagship *Vandalia* was at Honolulu, September 1st, and the *Mohican* was expected there by October 1st. The *Alert* was last heard from at Callao, July 21st, and is cruising northward from that place. The *Iroquois* was at Callao July 21st, and is under orders for San Francisco. The *Juanita* and *Adams* were at Honolulu. The *Monongahela* was at Coquimbo, Chili.

Criminal Cases.

LOS ANGELES, Oct. 7.—A letter has just been received by General John Baldwin, of this city, from parties near Durango, Mexico, where his brother Lon Baldwin, was murdered by Mexican bandits a few weeks ago, concerning which outrage the State Department has instructed the United States consul at Durango to make a full investigation. The letter gives new facts concerning the affair, and states that the bandits, after robbing and killing Baldwin, went to Vantanes and robbed the store of an old man there, taking his son for ransom. The villagers pursued the bandits and surprised and killed five of them. Among these was one of the murderers of Baldwin. The letter further states that the people were greatly rejoiced that some of the worst characters in the community were thus

PUT TO DEATH.

FORT SMITH, Ark., Oct. 7.—Silas Hampton and Seaborn Green were hung to-day in the United States jail yard for murder.

CHICAGO, Oct. 7.—The work of copying the record in the anarchist case for use in the United States Supreme Court, is finished and the copy will be now sent to Ottawa for comparison and certification by the clerk of the Illinois Supreme Court. Captain Black will probably start east with the record about Monday.

Printers' Employer's

CHICAGO, Oct. 7.—An international convention of the employing printers of the United States and Canada has been called to meet in Chicago on Tuesday, Oct. 18th, 1887, for the purpose of devising plans for united action upon the recent demands of the International Typographical Union, that nine hours constitute a day's labor. Other important matters will be presented for the consideration of the convention. The call recommends that in a town where there are no existing boards of employers, meetings be held at once and delegates named, or, if this action is not practicable, that individual firms be represented.

are cordially invited by D. M. Osborne & Co. to call at the Skating Rink, south of the Continental Hotel, and look into the merits of their famous Harvesting Machines. This includes the Osborne Steel Binder No. 5, Reaper and New No. 4 Mower. So great was the demand for these machines during the harvest of 1887, that the company were six-thousand machines behind their orders. Comment is unnecessary. They are sole agents in Utah and Idaho for the Old Reliable Coates Sulky Rake, which has proven so great a favorite throughout the west.

SCRATCHED 28 YEARS.
A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.
If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me $200.0 (two hundred dollars) and an immense amount of suffering. My disease (Psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease again. I am a poor man, but feel rich to be relieved what some of the doctors said was leprosy, some ring-worm, psoriasis, etc. I took .... and .... Sarsaparillas over one year and a half, but no cure. I went to two or three doctors and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of CUTICURA, and three bottles of CUTICURA RESOLVENT, and two cakes of CUTICURA SOAP. If you had been here and said you would have cured me for $20.00 you would have had the money. I looked like the picture in your book of Psoriasis (picture number two, "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times Anything more that you want to know write me, or any one who reads this may write to me and I will answer it. DENNIS DOWNING.
