THE EVENING NEWS.

Monday, - - - May, 15, 1871.

PRICE OF GOLD.

Received Daily by HOOPER, ELDREDGE & Co., Bankers.

SALT LAKE CITY, May 15, 1871.

Buying at $1.08½; Selling at $1.11.

LOCAL AND OTHER MATTERS.

THEATRICAL.—On Saturday night a very large attendance at the Theatre witnessed Emmet's last performance of "Fritz, Our Cousin German," which was a splendid success throughout. At the close Mr. Emmet was called before the curtain, and in answer to calls for "a speech," briefly responded, expressing his pleasure at the good support he had met with in Salt Lake City. He said the people here were appreciative and full of fun; he was glad he had come to see them, and he intended to come again.

To-night the sensational drama "Blow for Blow" will be presented, in which the characters will be sustained by Messrs Wallton, Margetts, Graham, Thorne, Miss Adams, Mesdames Clawson, Bowring, &c. "After Dark" is underlined to be shortly re-produced.

MESSAGES.—There are messages for Guy C. Seeley and R. Y. Anderson, at Deseret Telegraph Office.

EXPRESSES THANKS.—Mr. Robert Pixton called this morning and desired us, through the columns of the News, to tender his thanks to Mr. Edward Martin and numerous other gentlemen, for their valuable and prompt exertions in extinguishing the fire on the roof of his store on East Temple Street, on Wednesday last. Mr. Pixton says that a workman's apron which had caught fire on the roof of the next store South was carried by the wind to his roof, causing the shingles to become slightly ignited, and which, but for the prompt measures which were taken to prevent the spread of the fire, might have resulted seriously.

TERRITORIAL ITEMS.—Received by Deseret Telegraph:

SMITHFIELD, May 13.

A fire, caused from stove pipe, consumed the upper part of a new frame building, just finished, belonging to Lars Toolseon. The loss estimated at $300. Fires are seen in the fields nearly all over the country; farmers burning grasshoppers.

BEAVER, May 13.

The Pioche stage arrived here, having six passengers for Salt Lake. The *Ely Record* states that Wells, Fargo & Co. shipped, during the last few days, through their agent, Rot. Sides, by the way of Salt Lake, from Meadow Valley Company, and Raymond & Ely bullion amounting to 24,579 dollars and 58 cts.

The quantity of water delivered daily in Pioche, by companies and individuals, amounts to 5,700 gallons, at five cents per gallon, making the average cost of water for Pioche 285 dollars daily.

NEW POST OFFICES.—The following new Post Offices have been established in this Territory by the Postmaster General: Bear River City, Box Elder County; Hebron, Washington County; Richfield, Sevier County; at Clover Valley and Fort Hamblin.

DROWNED.—On Tuesday a little boy about three years old, the son of Mr. and Mrs. Stratton, was crossing the race on a small bridge at Taylor's Mill, when one of the planks of the bridge gave way and precipitated the child into the water, and he was drowned. About ten minutes elapsed between the time of the accident and the recovery of the body. Restoratives were administered but without effect.—*Ogden Junction*, May 13th.

CACHE VALLEY.—Bishop Simon Smith, writing from Clarkston, on the 7th instant, says:

"I am happy to state that we have at last got a Post Office established in this town, with a semi-weekly mail. This is a great blessing and one which we, as a people, have long desired. Much credit is due to our Delegate, Hon. W. H. Hooper, for helping us through with this matter. You can judge, in part, the disadvantages we have had to labor under since we settled here in 1864, in relation to our mail matter, by only getting it as it came by chance. On the 1st inst. we called a meeting, to take into consideration the propriety of levying a school tax, and, by a vote of two-thirds of the people of this settlement, a tax of two per cent., on all taxable property, was agreed to be levied, and thus we have a free school. I think this system will be much better than the one we have had heretofore in encouraging education. We wish the rising generation to be better prepared to bear off the Kingdom, and to do this our children must be educated that they may be prepared for the great work of the future.

We have had several good rain-storms this spring. The crops look well. Our prospects for a bountiful harvest have never been better. There are a few grasshoppers and crickets on the outskirts of our farms, but not enough, I think, to cause any alarm."

FOR THE BENEFIT OF THE EMIGRATION FUND.—Professor Wallace, whose exhibitions in this city occasionally during the past two or three weeks have demonstrated his ability, as a horse trainer, writes from Provo on the 11th, that he will hold an exhibition on the 25th instant, in the General Tithing office yard, in this city, the proceeds of which he will give to the emigration of the poor from Europe. The object is worthy the support of the people, and we hope there will be a very large attendance on the occasion. Remember a week next Thursday.

INFORMATION WANTED.—Of the whereabouts of Robert Poppet, who emigrated from the Asterley Branch, Shropshire, Eng., in 1848. When he left there he was about 10 years of age. He came in care of John and Harriet Evans to Council Bluffs, and is supposed to have left there for Salt Lake City. Since then no tidings have been heard of him. Information concerning him would be thankfully received by Edwin Davies, Springville City, Utah County.

SABBATH MEETINGS.—The discourses at the meetings yesterday were more than ordinarily interesting. In the morning Elder Woodruff was the first speaker and, in a very interesting manner showed up some of the points of difference between the various religions of the sectarian world and that of the Saints, or the gospel of Jesus Christ. He was followed by President Young, whose remarks will appear in a few days.

In the afternoon meeting was held in the New Tabernacle, when Elder Orson Pratt delivered a discourse which, we think, will not soon be forgotten by those who heard him, his text being the 5th and following verses of the 5th chapter of Revelations.

DIED.

At Panaca City, Lincoln County, Nevada, April 19th, 1871, WILLIAM MULLINS, born at Wainwood, Derbyshire, England, June 7th, 1820.

He died of consumption of seven years standing; was baptized into the Church of Jesus Christ of Latter-day Saints, Feb. 15, 1860, in the Sheffield (England) Conference; emigrated to the United States, May 19, 1866, and arrived in Salt Lake City, September 1st, 1867, when he went south to Toquerville, Kane County, and assisted in building up that place. In 1868, by the counsel of Elder E. Snow, he came to Panaca to try if a change of climate would prove beneficial to his health. He died in full faith of the Gospel, and leaves a wife and four children to mourn his loss.

Mill. *Star*, please copy.

At Wanship, Summit County, May 4th, of congestion of the lungs, STEPHEN WALTER, son of Martin F. and Rose Hannah Nixon, aged 2 years, 7 months and 9 days.

A lover's idea of hard drinking—sitting on a rock and drinking icicles.

"A smile," said a six-year old sentimentalist, "is the whisper of a laugh."

Dr. Sage's Catarrh Remedy is no Patent Medicine humbug, gotten up to dupe the ignorant and credulous, but is a perfect specific for Nasal Catarrh, "Cold in the head," and kindred diseases. The proprietor, R. V. Pierce, M. D., of Buffalo, N. Y., offers $500 for a case he cannot cure. Sold by druggists or sent by mail for sixty cents. A pamphlet free.

"There's nothing like it."—"Don't wish for better." "Better than any other we have used." "Like it much." "Can't speak too highly of it." "There can be no fault found with it." "Can testify to its superiority." Don't use any other." These are a few quotations from the hundreds of testimonials in favor of DOOLEY'S YEAST POWDER, which is the only chemically pure, harmless, healthy and nutritious article of the kind in market. Perfectly reliable, easy to use, convenient and recommended by all. For sale by grocers. DOOLEY & BROTHER, Proprietors, 69 New Street, New York.

THE AMERICAN SUBMERGE PUMP

BEING an Agent for the sale of this most valuable article, having seen them tried to different deep wells, and finding them give universal satisfaction, I offer them to the public as the best means of raising water for culinary use, irrigating, washing carriages, extinguishing fires, or any other use for which a force pump may be applied. From the tests I have put them to, more water can be raised than with any other pump now offered to the public with the same power. All some objections have been made to these pumps for deep wells, I have tested them in one 800 feet deep, from which I raised twelve gallons per minute. They are positively non-freezing, and will not get out of order. If references are wanted or instructions in relation to them, call at my residence on Emigration street, one block east from State Road.
