

SPECIAL MESSAGE CAUSES TROUBLE

Perkins Special Committee of the House Has Under Consideration Drastic Measure.

TWO REPORTS CIRCULATED.

One That Part of Message Would be Expunged from Record, Other That It Would be Retained.

Washington, Jan. 5.—Drastic measures were considered today by the Perkins special committee of the house appointed to recommend action in defense of that body in reply to the criticism made by the president in his annual message, in referring to secret service legislation.

After a meeting of the committee, a report spread that the committee would recommend that the portion of the message referring to the secret service be expunged from the record. Another report was that the recent message in reply to the request for more information on the subject would be returned to the chief executive. Neither report could be confirmed.

A report probably will be agreed upon by the committee tomorrow, and it is thought that the house will be called upon to take action Thursday.

Friends of the president will resist any drastic action that may be recommended. On the other hand, Representatives Tawney, Smith, Sherley and Fitzgerald are striving to defend themselves against the references to them in the message.

Washington, Jan. 5.—Several measures relating to the public lands were introduced yesterday by Representative Mondell of Wyoming, chairman of public lands. The re-survey of public lands, whenever deemed necessary by the secretary of the interior, is provided for in one bill. An amendment to the revised statutes, giving permission to change an entry in the case of a mistake of the description of tracts intended to be entered is provided for in another measure, while a third bill is "to declare and enforce" the forfeiture of grants of right of way for station grounds, made to a railroad corporation where such railroad has not been constructed and the period of five years provided by law has expired.

PUBLIC LAND MEASURES.

Washington, Jan. 5.—The government brought suit in equity to compel payment. The constitutionality of the forest reserves was the most important question involved. The question of right between state and federal laws was also brought up. Had the decision been against the government, the whole system of grazing fees would have been defeated and cattlemen would have gone on the reserves without charges. The case, it is said, will be appealed to the United States supreme court.

ACHES AND PAINS.

You know by experience that the aches and pains of rheumatism are not permanently, but only temporarily, relieved by external remedies.

Then why not use an internal remedy—Hood's Sarsaparilla, which corrects the activity of the blood in which rheumatism depends and cures the disease? This medicine has done more for the rheumatic than any other medicine in the world.

FOREST RESERVES ARE CONSTITUTIONAL

Denver, Jan. 5.—The United States government today won its case in defense of the constitutionality of forest reserves, when Judge Lewis in the United States district court handed down a decision in favor of the complainant in the case of the United States against Fred Light et al. The case involved the right of the department of forestry to charge grazing fees and was regarded as of the utmost importance in the west.

The case was brought shortly after the decision of the forestry department to charge a fee for grazing on forest land. Cattlemen of Colorado and other stockmen determined to test the right of the government to make such charges. In order to bring a test case several members of the Cattlemen's association refused to pay the fee. Fred Light and several others on "cat-tlemen, Men and Boys Cross resolutions being chosen to stand for the

Don't Blame Your Stomach

When Without Exertion Or Cost You Can Enjoy Meats and Cure Dyspepsia.

Don't blame your stomach or your luck when your meals declare war on your system.

When the stomach won't do its work it is because it cannot.

When foul smelling odors come from your stomach, when the head aches and the sourness of mouth every morning makes you hate your breakfast, when dreams and nightmares assail you, don't give up the fight.

This is the appeal of nature, and it should be heard.

Over-eating, late suppers, poorly chewed food, too rich pastries and under-done cooking are some of the causes of the stomach's ill health.

When the stomach is busy, it presses and churns all the liquid matter from food and with its juices dissolves into liquid form or pulp everything which comes into it.

If such food be poisonous it effects the juices, attacks the stomach, goes into the blood and weakens the entire system.

Stuart's Dyspepsia Tablets will digest a full meal easily without material assistance from the stomach. They will restore the gastric fluid with all the elements needed. They build up the blood, destroy sour taste, bad breath, belching, stomach and bowel trouble and quickly restore natural conditions.

One grain of Stuart's Dyspepsia Tablets will digest 3,000 grains of food in the stomach or in a glass vial without aid of the human digestive apparatus.

77 methods of Stuart's Dyspepsia Tablets are the methods of Nature.

They contain every requisite for the stomach and digestion. After a meal one of these little tablets when it enters the stomach mingles with the juices, attacks the food and digests it. It removes the fermented and decayed masses, lying stagnant there and eases the stomach at once.

It is wholly a question for you to solve. Your druggist will furnish Stuart's Dyspepsia Tablets 50c the box, or send us your name and address and we will send you a trial package free. Address, F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

MAKES STOMACH MISERY VANISH

Stops Food Fermentation in Your Stomach Relieving Dyspepsia In About Five Minutes.

PROMPT CURE RESULTS.

The Most Obtrusive Cases of Stomach Trouble and Indigestion Find a Prompt Cure in Diapiesin Which is Absolutely Harmless.

Take your sour stomach—or any of the other ailments of the stomach—Diapiesin or Catarrh of Stomach. It doesn't matter what you eat, it doesn't matter what you do, it doesn't matter what you think. It is the only medicine that will cure you in about five minutes. It is the only medicine that will cure you in about five minutes. It is the only medicine that will cure you in about five minutes.

The correct name for your trouble is Food Fermentation—food souring; the digestive organs become weak; there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is feeble and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take some Diapiesin.

PLAN FOR PAROLING FEDERAL PRISONERS

Washington, Jan. 6.—A plan for paroling United States prisoners serving a sentence of one year and over is proposed in a bill introduced yesterday by Representative Cowdrey of Missouri. A board of parole for each United States penitentiary to consist of the superintendent of prisons and prisoners at each prison and two citizens to be appointed by the president, is provided for.

A convict serving a life sentence would not be able to secure a parole until after he had served an imprisonment of 15 years, according to the provisions of the bill.

SHOOTING SCRAPE WITH CROSSING TOWERMAN

Chicago, Jan. 6.—John L. Smith was the principal actor in a shooting scrape with a railway crossing towerman and an ensuing fight with four policemen in an automobile on a South Chicago thoroughfare yesterday.

The big touring car in which several men were struggling for a time as it went dashing up the street, with scores of people watching the encounter, eventually landed in a ditch. Smith and his chauffeur were arrested.

This bit of wild western life transferred to a Chicago suburb started when the towerman let down the barriers as a freight train approached. Smith kept his machine going. It is charged, breaking the barriers, and shot at the railway employee, who had climbed down and pursued him. Police-men chased the automobile, climbed into it and in the running fight, one man managed to steer the machine into the ditch, which ended the battle.

JUDGE TAFT AND BROWNSVILLE

In Letter to President Says Investigation Establishes Correctness of His View.

EMPLOYMENT OF DETECTIVES.

Expense to the Government Fifteen Thousand Dollars Already—Formal Contract Drawn Up.

Washington, Jan. 5.—It has cost the government \$15,000 already in the employment of private detective agencies to investigate the Brownsville affair, and the contracts with these agencies are still in force. This information was received by the senate today from Secy. of War Wright in response to the Foraker resolution inquiring when and by what authority of law Herbert J. Browne and W. G. Baldwin were employed. It was the report of Brown and Baldwin on which President Roosevelt based a message to Congress declaring that the guilt of certain of the discharged negro soldiers had been fixed beyond a shadow of doubt, and this report was attacked by Senator Foraker in a speech on the floor of the senate.

Attached to Secy. Wright's communication were copies of the various contracts entered into between responsible officials of the war department and the detective agencies. There was also a confidential letter from President-elect Taft, then secretary of war, under date of April 18, 1908, urging the president to make the original contract with Brown and Baldwin.

TAFT'S CONFIDENTIAL LETTER.

Mr. Taft's confidential letter to the president follows:

"Way Department, April 6, 1908. (Confidential.)

"My Dear Mr. President:

"The Brownsville investigation before the senate committee, while it establishes beyond any reasonable doubt the correctness of the conclusion reached by you on the report of the inspectors and the other evidence, has done nothing to identify the particular members of the battalion who did the shooting or who were accessories before or after the fact.

"If the bill now pending, introduced by Mr. Warner, passes, it will throw upon you the duty of further examination into the evidence to determine whether certain of those now discharged ought not to be restored on the ground that they were not parties to the shooting, did not know the persons who did it, and were unable to give any clue to the perpetrators. It becomes your duty, therefore, and that of the department, to make every effort possible to identify the men who did the shooting and to establish the innocence of as many as are innocent among those discharged.

"In pursuit of that purpose I have had a conference with Herbert J. Browne, who, under circumstances not necessary to repeat, made an investigation into the circumstances of the affair, and is a journalist of considerable experience, and with Mr. W. C. Baldwin, the head of a large detective agency at Roanoke, Va., serving the three great railroads that pass through that town. I have written to the president of the contract which Mr. Baldwin serves to know whether he is considered by them to be trustworthy, reliable and skilful, and until I have an affirmative answer from them on the subject, I shall not sign the contract. The contract has been prepared by the judge advocate general.

"I have talked with Mr. Baldwin and Mr. Browne and they think that unless within 30 days the prospect of success is bright, it would be useless to continue the investigation further. If, however, their clues are found, as they expect to find them, the use of the large force of detectives in the employ of Mr. Baldwin, then 30 days further may be needed in order to render the proofs satisfactory. There is, as you will see in the contract, the right to cancel the contract at the end of 30 days and thus save half of the expense, should it turn out that the effort is wholly useless. You will find written on the back of the contract a formal endorsement and authorization by you to sign in order that the money may be withdrawn and paid from the appropriation there mentioned. Very sincerely yours,

"WILLIAM H. TAFT."

"The contract recommended by Mr. Taft for the payment of \$5,000 in four weekly installments, and the secretary of war pointed out that it could be terminated before its expiration if the investigation by private detectives had been concluded, or if it was not successful.

"Secy. Wright's letter covers fully the employment of Browne and Baldwin. He says that since the discharge order was promulgated numerous applications for re-enlistment had been made by soldiers who asserted their innocence of participation in the Brownsville affair. It appeared to the department, says Secy. Wright, that some of the members were innocent and for that reason the contract was made with Browne, under which he was to associate Baldwin with him and undertake any independent investigation of the incident.

JUDGE WHO SENTENCED GOMPERS THREATENED

Washington, Jan. 6.—"I have not been measured for my shroud yet, nor can I say I am afraid to go home in the dark," commented Justice Daniel T. Wright, when asked about the hundreds of threatening letters sent to him by persons who were displeased over his recent decision sentencing Samuel Gompers, John Mitchell and Frank Morrison to prison for contempt of court.

"Of such communications, I have received a waste-basketful," said the justice, "but I am losing no sleep over

NIGHT SCHOOL FOR CONVICTS.

Trenton, N. J., Jan. 6.—With almost every convict enrolled as a student, night school was opened in state's prison here last night with indications that it will be a success. Instruction for prisoners has been advocated by former Gov. E. C. Stokes of New Jersey for some time past, who holds the belief that good can be done by giving the men a means of education during their incarceration. It is hoped not only to give practical instruction but to arouse ambition and perhaps have an important bearing on the future life of the men when they go forth into the world again. An interesting feature of the plan is that several of the better educated convicts are acting as tutors for their fellows.
