EASTERN.

Convicted of Murder.

ELLSWORTH, Maine, 14.—Edward M. Smith has been convicted of the murder of the Trim family at Bucksport.

Seizure of Liquor.

CHICAGO, 14.—A warrant was issued, to-day, for the arrest of Mike Dubbies, foreman of Ellinor's Distilling Company, on the north side, on the charge of tampering with barrels of liquor after they had been stamped in the bonded warehouse. It is said that he was caught in the act, yesterday, of filling up barrels which were deficient in amount, thus defrauding the government. Dubbies was not to be found, to-day, when the officer wanted to serve the warrant. The whole amount of liquor in bond, some 3,500 barrels, worth $300,000, was seized. The company were about to close business for the summer, and the proprietors disclaim any previous knowledge of the matter. They say if Dubbies has been engaged in this business it has been through his zeal to serve them, and not through any orders of theirs.

Wholesale Poisoning of Miners.

The *Tribune's* special from Streator, Illinois, says the coal miners of that place, who struck some time ago, whose places were supplied with new men, and who subsequently were, for the most part, taken back, so that only about 100 of the new men were retained, have for a long time, been kept separate from the blacklegs, as the novices were called, lest trouble accrued from their jealousy. Of late, however, the two gangs have been allowed to mingle, and to-day the rankling hate found expression by some of the old miners poisoning the food in the dinner buckets of the new ones, and to-night some sixty of these unfortunates are in the throes of agony, and many of them will undoubtedly die from the effects of the poison, and the lives of all hang upon a thread. Arsenic was the drug used, but in some cases was so plentifully administered as to counteract its own action. The whole matter is a mystery, and it is not even known when or how or in what article of food the dose was placed.

Forest Fires.

MOORE'S JUNCTION, N. Y., 14.—For several days fires have been raging through the forest along the Ogdensburg and Lake Champlain Railroad, between Clinton Mills and Altons Springs. A west wind drove the fire through the woods and across a narrow clearing to the villages of Clinton Mills, Ellenburgh, and Forest Up.

5 p.m.—About twenty buildings have been burned at Clinton Mills, and the large mills there were on fire. The railroad agent is moving everything, as there is no hope of saving the buildings at Ellensburgh. Forest and Moore's Forks depot and other buildings have been on fire several times, but the people hope to save them.

Suits Discontinued.

NEW YORK, 14.—The suits of Rufus Hatch *vs.* Jay Gould, Sidney Dillon, and the Pacific Mail Steamship Company were discontinued by consent of the plaintiff. That in the Supreme Court was to declare invalid the $2,000,000 mortgage on the company's property, and that in the Superior Court to compel the defendants to account for alleged malfeasance in office while directors of the company.

Suit Against Anna E. Dickenson.

Anna E. Dickenson was served, to-day, with papers in a suit brought by Joseph Hart, to recover damages for violation of an agreement to perform three weeks in the Eagle Theatre. By the terms of agreement it is alleged that the proceeds of matinees and benefits were to be divided between the management and Miss Dickinson.

Banquet at the Chamber of Commerce

The Chamber of Commerce gave its 109th Annual Banquet this evening. Samuel D. Babcock, Chairman of the Chamber, presided. On his right sat President Hayes, Secretaries Evarts and Schuiz, and Ex-Governor Hoffmann; to the left General Sherman, Mayor Ely, General Hancock. Covers were laid for nearly 300, and the company included representative men of the city.

After the cloth was removed, speeches began.

President Babcock said, "At no previous period in the history of the last thirty years had business been more depressed and unsatisfactory than at the present time. While the civil war resulted in releasing from bondage four millions of human beings, it inflicted upon us a system of financial measures which has put under bonds forty millions of people. With an unusual and extravagant management of public affairs and private interests, which our indebtedness has caused, is it strange that our commerce and our great industrial interests are crippled? If we fully realize these evils, we cannot fail to see that no permanent relief can be found until such as remain of the monstrous and wild speculations of the past have reached their inevitable conclusion, and until upon a safe and sound foundation of frugality and thrift our national elements, recuperation, and growth, may expand into sure and healthy progress."

Mr. Babcock then said the regular toast was one they never had the pleasure of having responded to by the incumbent of office, and he took great pleasure in giving them the toast of "The President of the United States." (Loud cheers.)

President Hayes arose, and after the hearty hurrahs, waving of handkerchiefs and a burst of music from the orchestra had subsided, said:

"*Mr. President*—It is a gratification to have this opportunity to meet such an assemblage of business men of the city of New York. I wish to make my acknowledgment to them for their invitation to enjoy with them their annual Society meeting. I wish to assure them that this hearty greeting is very welcome to me. (Cheers.) At peace with all nations of the world, with an honest purpose on the part of our people and the heart of the government (loud cheers), to strive for a restoration of the ancient concord within our own limits, (hurrah, and great applause) I believe that, notwithstanding the unfortunate army of figures which has been disentombed, that we may confidently look for early and decided encouraging evidences of the reviving of business prosperity throughout our country."

The President then sat down, and the assembly rose and cheered with heartiness and enthusiasm.

"The State of New York" was responded to by ex-Gov. Hoffmann in the absence of Gov Robinson, and "Our Merchant Marine" brought to his feet Secretary Evarts. He said, why such a nation as this should have to lament the decay of its commerce may well set us thinking. Why a nation so strong in the warlike power of its people, so rich in wealth in its fertile fields, so rich in skill and invention, so fertile in resources, why such a nation as this should find its flag desert the sea, should find much thought and solicitude. He reviewed the civil war and the cruel blows struck at our interests, and said peace then came, and then a wild predominance of political schemes to accomplish peace and harmony at home, and now this is ended, and there is greater unity of purpose and reverence for the great constitution, which has survived all its perils, and a nation which is content from one end to the other, [cheers] what can keep down the commerce of such a nation? Nothing but bad laws. (Cheers.)

Among other speakers were Ex-Secretary of the Treasury McCulloch and Gen. Sherman. The latter said:

"Thirteen years after the war, when I thought we were safe for the rest of our days, we find ourselves left out in the cold, without pay or rations or anything; neglected, slighted, hurt in feeling but not in courage. Destroy your army and your Government and you are a mob. (Cheers.) Government cannot subsist without an army, and that must be a good one too." (Cheers.)

Commodore Nicholson followed, and was succeeded by Secretary Schurz.

The Will of John T. Daly.

The *Sun* says the will of John T. Daly, the builder of the Windsor Hotel, was put on file yesterday. Daly executed the will about fifteen years ago, when he was worth at least $250,000. It is believed that his estate will net about half a million dollars. His heirs are Arabella, his wife, and Thomas, his son, and Emma Cheesborough, his daughter, of London, England, both of full age.

$50,000 Fire.

A fire broke out at Number 9 Gold Street, to-night; loss $50,000, distributed among several occupants.

$100,000 Fire.

ROCHESTER, 14.—The Rochester Paper Company's factories, at Lower Falls, were burned to-night; loss about $100,000, insurance $80,000.

Exported Beef.

WASHINGTON, 14.—In April 8,416,829 pounds of fresh beef, valued at $821, 431 was exported from the United States.

$100,000 Fire.

MILWAUKEE, 14.—A fire at Steven's Point, to-day, originating in E. M. Capp's planing mill, destroyed a large quantity of lumber. The total loss will amount to $100,000; small insurance.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 14 — The Porte has given the most satisfactory assurances relative to the distinction of British shipping at Beket, and promises full compensation.

The whole of the Russian headquarters staff will be on the Danube within a week.

Owing to the fall of water in the Danube, the remaining monitors behind the island, opposite Ibrail, in the old bed of the river, cannot get out, and must be abandoned or destroyed.

A dispatch from Bagdad describes the flood, which has overwhelmed both banks of the Tigris, as a flood hitherto unknown. The river threw out a new branch, completely blockading Bagdad, and swept away 200 houses at Kiamizie.

The worst evil which the Russians may bring by their premature invasion is cholera.

The municipality of Kischeneff have decided to raise an obelisk in memory of the Czar's stay there, and to found an asylum for invalid soldiers.

The only survivor of the crew of the Turkish monitor sunk estimates the crew at 200 souls. The ship was named *Lutfield*; and was armed with five guns, two nine inch and two five inch.

The *Times* says the war in Asia Minor will not be the kind of parade for Russia anticipated by English alarmists. The Russians run great risk of disappointment if they endeavor to repeat the triumphs of 1828 and 1829.

The Russian demonstration in Hyde Park, yesterday, was a failure.

Three columns of Russian soldiers are marching towards Guirzevo, Siminitza and Magurelli, with the probable design of crossing the Danube at these points. One object is to break the Turkish lines and separate the corps at Widdin from the main army.

The Turks appear to be contemplating crossing to Kalafat. They have at that point two monitors, one war steamer, and eight sailing barques.

Col. Cartagule, special messenger from Prince Milan to St. Petersburg, returned, without a reply, last night. Prince Gortschakoff telegraphed that if Servia desires to commence action she must do so on her own responsibility and with her own means. This intelligence caused great depression among the liberals.

An Italian transport, with two guns, took soundings last week off Durazzo. A Turkish steamer threatened the Italian Captain, who thereupon loaded his guns, but the Turkish authorities interfered and averted an engagement. The Italian Captain said sixteen Italian war vessels would shortly appear off the coast of Albania.

BELGIUM.

Russia's Great Aim.

BRUSSELS, 14.—*Le Nord*, a Russian organ, publishes a letter from St. Petersburg, containing the following:

"Russia has but one aim, namely, the amelioration of the lot of the Christians, but if at the end of the war she claim more extended guarantees, Europe must blame herself, not the ambitious designs whereof it gratuitously suspects Russia. Russia, after the war, will give fresh proof of her moderation by consulting Europe respecting the conditions to be dictated to Turkey to prevent further massacres.

Reinforcements, Etc.

RAGUSA, 14.—The rebel commander in Bosnia Despotovitch, has been reinforced, and is marching towards Lyons.

The garrison of Drieu is preventing the Herzegovinian refugees from entering Austria.

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

For more certificates of cures see large circular around each box of ointment.

$10,000 REWARD

Will be paid for a more certain and sure remedy. Sold by all the leading Druggists and country storekeepers everywhere. Warranted a sure cure or money refunded. Beware of imitations. Ask for Dr. Williams' Indian Ointment, and take no other. Depot, 338 Superior Street, Cleveland, Ohio.
