LITTLE CHANGE IN THE MARKET

Stocks Continue at Low Ebb with Trading Light.

BIG ONES ARE THE LEADERS

Daily's Sales Reached 12,000 Shares for $7,501.75—Both Boards in Detail.

TODAY'S METALS:
SILVER 60½
LEAD $4.25
CASTING COPPER, 17½

On the exchanges today the business dealt in 12,000 shares for $7,501.75. The Salt Lake Board sold 1,800 for $1,242.50, while the afternoon call on the Utah, resulted in sales of 7,100 shares for $5,468.75. Consolidated showed a slight improvement in place, but on the whole the market was practically unchanged. Hurrygrand sported and lead in the trading.

BIG STOCKS YOU ORDER.

Salt Lake Board Does Business on an Average of $1,150 a Share.

Big stocks were the order on the Salt Lake exchange today, the most interesting sensation like $2.50 a share, amounting as they did to 3,400 shares for $8,525.50. Grand Central was strong and sold at $4.75, with 10 cents offered at the close, while Silver Shield, Hurrygrand, Little Chief, Northern Light and Mt. Hecla $1.50 and Ironsides the gratifying sense of it, which is always a good sign. Eight Hour was moved up a little and sold once for $1.10, but Bay Consolidated was weak, 25 cents under where the price paid for it earlier in the week.

In mining stocks Hoghain Gold Basin sold at $1.45 to $1.46, while Jim Brown had taken at 12 and Honerine at 60 because at 8. The close of today is a good one for the board to be content with, for many assurances to have a good effect in the market.

MARKET REPORTS

NEW YORK MARKETS.

New York, June 2.—The course of prices at the opening was irregular and fractionally lower. Buyers of Americans in London advanced the internationals here and Metropolitan jumped 2 points. The other's gain was almost wiped out in the first few minutes and Sugar was bonded downward. Spirited strength was shown by the Pacifics and coalers. The opening transfers of 85,000 shares and for export was recorded as a feature used to the bear favorites. The buying was in the main inspired by the market strength of the London market for Americans and the report that the directors of the not by attacking special stocks at the opening, but the decrease of the general market would result in the early buying of large amounts of the leading shares were taken. New York Air Brake gained on 5 points, Metropolitan 4 and Steel and Tinplate 2½ each, and many other shares 1 to 2 points. The market remained after a while and the market ran off on realizing and renewed short sales.

MONEY.

Money on call nominally 2@3½ per cent.

Prime mercantile paper, 4@4½ per cent.

LAND OFFICE ITEMS.

At the land office today Lucy B. H. Simmons of Baltimore, Davis county, made application for 320.51 acres of land under the Ferris lands act. The same being situated in section 26, township 4 north, range 1 west.

Circle Gray of Salt Lake City made application for 40 acres under the same act and land described as the south half of the southeast ¼, township 2 south, range 4 west.

The Company of Montreal, Park county, Utah, filed homestead application No. 1,000 for 160.0 acres situated in section 19, township 10 south, range 3 east.

THE FREIGHT-TRANSIT RATES.

One of the most important matters to come before the annual meeting of the Transcontinental Freight association will be that of the fast-freight service between the railroads. The traffic managers of the railroads interested in the business met in New York and their decisions were not made public until Tuesday. There are the railway companies in the territory embraced in the Central Passenger association, the Central and Western traffic association, the Trans-Missouri association, the Southwestern association and the Western traffic association. The latter is composed of the Atchison, Topeka & Santa Fe, the Chicago, Rock Island & Pacific, the Chicago, Burlington & Quincy, the Chicago, Milwaukee & St. Paul, the Chicago & Northwestern and the Union Pacific. The Atchison will not be supposed to be represented by the association owned by the Harriman syndicate, but the Union Pacific will be represented, and it is understood that the Harriman lines will be represented by the Southern Pacific. The Southern Pacific will be represented by the Southern Pacific. The Southern Pacific will be represented by the Southern Pacific. The Southern Pacific will be represented by the Southern Pacific.

SHE DID NOT KNOW EVERYTHING

(Chicago Journal.)

She is a sweet and charming high school girl and the boys say she is "all right."

She has reached the dignity of a woman, and like most women, she regards it as a matter of importance to have a vast amount of information. Not that she "knows it all," but she is never willing to admit that she does not know. Aside from being a belle of the Northwest Division High school, she is one of the bright intellectual stars of that institution.

On her pride her endeavors to find out "what she don't know" are futile. Miss Pollard and the teacher is on one of the rooms the other day, "when there are two children here together they are not asked things, but are told to 'Compound,' and 'Miss Pollard, prompt.'"

REAL ESTATE TRANSFERS.

Not that she "knows it all," but she is never willing to admit that she does not know. Aside from being a belle of the Northwest Division High school, she is one of the bright intellectual stars of that institution.

On her pride her endeavors to find out "what she don't know" are futile. Miss Pollard and the teacher is on one of the rooms the other day, "when there are two children here together they are not asked things, but are told to 'Compound,' and 'Miss Pollard, prompt.'"

REAL ESTATE TRANSFERS.

TWO BIG DEALS ON THE TAPIS

John Beck and A. E. Hyde East and West on Important Errands.

AST'HALTUM-GUANO BUSINESS

Colonel Wins Hendrick for $20,000—Blue Bottles Sample Nevisons Syl Shipping—Miscellaneous.

John Beck, one of Utah's best known mining men, is now in Chicago and has been there for three weeks past, negotiating a deal, which, if successful, will place in the pockets of a small number of the investors, something like half a million dollars. The property, which are looks as though it would change hands within a comparatively short time, is now about one foot back by the Utah Association company, near Bingham, consisting of ground both in Bingham, the lake of which are not disputed in the least. What amount Mr. Beck is getting on with these interested will not divulge, but the powerful head of that versatile financier that the amount is quite to most favorable.

Stopping at the Grand Hotel in San Francisco is A. E. Hyde of this city, who is there for no other purpose than the closing of a deal for the sale of the Utah Guano company's properties at Ast'haltum and Rio Mesa, Grand Salt Lake. The deal, which has been refused to something like $20,000, and the prospective purchasers are people who have been interested in the concern for some time and are prominent in S. E. Those persons are in California and have held for Mr. Hyde's arrival, and it is expected that the deal will be all practicably go through.

Soaring Like Our Boy.

Conditions of the La Sierra company concerning A. E. Day, one of its chief promoters, says the property is in splendid shape, and while the mines here in Salt Lake have remained the children for the early discovery are very favorable. The company is running the tunnel in the Mount Tabor and one on the Hocking, and both also every indication of a lode approaching. The property is in the hands of the ore, it means practically two mines at the prospects, as both have a large of the property. Mr. Day has been to work. The La Sierra is one of Provo's most popular companies and shareholders are being watched with keen interest.

Bonded for $10,000.

M. C. Morris of the Horn silver office in this city has bonded the Queen mine in the Tintic Lake district, the bond being for $10,000. Mr. Morris is interested in the property and will continue the development of it, should conditions prove satisfactory at the end of the bonding period. Morris is satisfied he has on hands one of the finest mines in the district, which more than there is a chance of it being a big producer. He has opened the property but little as yet, but enough to prove the value of the ore. The Queen is one of the oldest properties in the district, and ranks for it a large and prosperous career.

Northern Ore Shipping.

Bruce Jesse Eckels took hold of the Manhattan mine at Tintic, for him from nothing things with much value and it took it to Ogden, in a position to make a shipment. The ore is of the best grade found in the district and the property for that reason is looked upon as a valuable one. Mr. Eckels has some the property for three to see on it and the district, and ponder for it a happy and prosperous career.

Yellow Jacket Has Struck It Rich.

The Yellow Jacket of Fish Springs has made a discovery of ore assaying 17 per cent lead and 26 ounces silver to the ton. This property has contiguous to the Ohio Chief, and as the ledges on the above values carry themselves. The Utah shipment of 22 tons assayed 14 per cent lead and 12 ounces silver.

New Buyer at Bingham.

That the Ben Harper at Bingham has to it in the shape of a new buyer is no secret from rumors of ore bought by President Cox, which also values of $8 per ton. The ore is taken at the mine and sent to Ogden, as on the ton. This ore was taken from one of the tunnels and presents an excellent appearance, and while the body proper is not yet encountered, the fact that the property has to it some interest, speaks much for its value as a mine.

GOLD ORE NEAR LOGAN.

New Claims to be Worked by Logan and Salt Lake Men.

Special Correspondence.

Logan, June 1.—Jim H. Edwards, The Cowboy Miner, and Mayor L. C. Flint of this city, together with an expert mining man, left Lake today for the mountains in the Logan canyon to see the development work on several new mining claims which they have located in the vicinity of the Logan canyon. The claims are situated about ten miles east of here. According to their statements they have discovered a very rich deposit of gold ore. In fact, if the ore on the new claims here as yet been made, but assays from the ore have been worked by the Honeydew Mining and Milling company, and which is on the same lead, have returned $60 per ton in the rough as mined.

MINES AND MINING MEN.

Mr. E. Halsted has some excellent samples of ore from the Alpine prospect.

Harry Jones reports a strike of eight-inch ore in the Onion and Ketyseer.

The New Pass mine, near Eureka, has struck a shoulder of gold ore on the surface.

An important strike of high-grade mineral ore has been made in the Centennial-Eureka in Tintic.

The Golden Gate mine is in receipt of a car of ore from Tintic, it from Ossa and Lone Mountain.

The Taylor-Tintic Extension has in sight of ore from Tintic and 3 tons per day.

Bridger Bennett of Denver, recently interested in Utah mining properties, is in the city.

Sam Pollock, who is in the city from the Horn mine on Lone Hill, reports that property is good shape.

D. T. Lloyd reports continuous work

when we talk

We mean just what we say. If we sell you a shoe and guarantee it to you, you can depend on getting it at your money's worth.

STYLE IS LIFE.

When buying footwear it pays to buy the latest style. Our lines are complete, our styles are the most, our prices always right.

Hints For the Wise.

It isn't every one who knows what he is paying for—when he buys a hat. The chances are that he is buying some fashionable hatter's name. We'll tell you just as good a hat for a DOLLAR or so less if you do not care about having a name. We carry all the popular and fashionable shapes, both in soft and stiff hats, made by the best manufacturers, and are satisfied with a small margin of profit. We have the best $2.00 hat in Salt Lake—try it—you'll find it the equal of many $3.00 hats.
