Covered Gold by BANK OF AMERICA.
Saturday, March 29, 1914.
Selling at 100.00, buying at 99.75.

LOCAL AND OTHER MATTERS.

MEETINGS AT THE TABERNACLE—The regular meetings at eleven and two o'clock, and at the various ward meetings in the evening.

RAPID SERVICE—There will be rapid preaching by Revs. G. W. Dod and S. W. Brown, at City Hall, to-morrow (Sunday) afternoon and evening, at 2 and 7 o'clock.

THEATRE—The four-act drama, "Not Guilty," will be performed this evening. It is reputed to be a very fine piece. Messrs. T. W. and Margaret, Miss Adams, Mrs. A. Carson and other favorites, take part in the performance.

WATER DITCH—All interested in the City Creek water ditch, Twentieth ward, are requested to meet at Caste's water wheel, on Monday morning at 7 o'clock, with picks and shovels. Boys incapable of doing men's work need not come.

IMPROVING—Hon. L. E. Harrington called on us last evening. We are pleased to be able to say that his health is rapidly improving. He is fast recovering his usual strength.

Mrs. E. MITCHELL, there is a letter for you at this office. Call for it.

THAT DECISION—If the Associate Press dispatches can be relied upon in the matter, the Supreme Court will decide upon the legality or illegality of the judicial course Judge McKean on Monday. Whatever the decision may be, it is rendered, we know that it ought to be. So does every other well-informed and candid man in the United States.

REMEMBER the Elders' Quorum meeting to-night at 7 o'clock in the west wing of the Fourteenth Ward Assembly Room.

UTAH NORTHERN—"A. C." of Brigham City, writing under date of March 29th, says:

"Little progress has yet been made in tracklaying on the U. N. line, which commenced last Monday four miles from Brigham City, the tracklayers being engaged most of their time unloading the iron which is now pouring in from the East. We are informed that forty additional car loads of rails are now at Ogden."

MAIL IRREGULARITY—We commend the following to the consideration of the postal authorities:

Logan, Cache Co., March 28, 1872.

Dear Brother:—How is it that for several weeks past we have only got but one mail from Salt Lake City? We get all our daily papers by Monday's mail, and none of the rest of the week. Col. Wickizer, being absent from his post in Philadelphia, on the 10th of the "Morning Star," may perhaps account for this derangement.

Yours, Wm. H. Preston.

SYSTEM OF JUSTICE—"Some of the legal luminaries of the Japanese Embassy have done our country the honor to request the Attorney General of the United States to write out a detailed statement of our system of justice. That officer will achieve a reputation for good will and peace by his compliance with the request. And when the Oriental Cokes have labored through the 'detailed statement' they will, if it is a correct one, discover that there is as much to avoid as to imitate. 'Our system of justice' is anything but perfect. It is a system of compromise, and the wise men from the East will not have to tarry long on our shores to see plenty of illustrations of this truth."

IF THE SYSTEM of justice adopted by some of the Utah "legal luminaries" were taken as a basis for the "detailed statement," a more certain plan could not be taken to convince the Japanese gentlemen that there is no such thing in existence as "our system of justice."

A PECULIAR VERDICT—An exchange publishes the following as a verdict rendered by a coroner's jury, a short time since, upon the body of an Indian found near Buel City, Nevada:

"We, the jury empaneled to inquire into the cause of death of a deceased person, found partially buried two miles south of Buel City, do find that the deceased was a native of the northern part of the Great American Desert; that his name was James C. and between 20 and 30 years of age; that he came to his death some time during the last half century from a violent interference with the digestive system or from an over-eating of Nevada pine nuts; that he was peacefully resting in the grave which his fellow braves dug for him, and that he is now a good Indian enjoying his just reward."

ANOTHER FARMER'S AND GARDENERS' CLUB—We have received the following from Mr. Miller, under date of March 27th:

"A number of brethren, among them the leading farmers and gardeners of this place, have organized a Farmers' and Gardeners' Club, the object of the association being to improve in all things pertaining to farming or gardening."

"The officers for the present year are, James Starkey, President; Alexander McMillan, vice-President; E. M. Webb, Secretary; J. V. Garling, Treasurer; the President, vice-President, Ralph Rowley, William Anderson and Theodore Rogers constitute the Board of Directors."

"An invitation is extended to all of this kind and character, who are desirous of so doing, to join the club."

Respectfully, E. M. Webb, Secretary.

UTAH SOUTHERN—The point of the mountain south daily presents a busy scene. The day's work around the point is closed, to allow of the construction of the railroad there, and teams and pedestrians traveling to and from the south have to take to the old road to the eastward which runs over instead of around the point.

The railroad keeps the ordinary road on the highway till the latter diverges to the westward. Instead of following in that direction the railroad cuts directly through the point. At a large number of hands and teams, we are informed, are at work making this cut.

MASS MEETING AT LOGAN—On Saturday March 28th, the citizens of Logan met in mass meeting to nominate delegates to the Republican convention to be held in Salt Lake City on the 5th of April next. Hon. W. B. Preston was unanimously called to the chair, and Geo. L. Farrell was appointed secretary of the meeting.

The chairman briefly stated the object of the meeting and proposed that a committee be elected to nominate delegates to said convention, recommending that gentlemen of tried integrity and patriotism be nominated.

The committee chosen to make the necessary nominations, after due consideration, presented the following names: O. N. Linnquist, David James, E. M. Lewis, C. O. Card, Wm. H. Maughan, Wm. C. Lewis, Henry Hughes, George Barber, Geo. O. Pickett.

Those gentlemen were unanimously elected delegates to the above mentioned convention and the meeting adjourned sine die.

Geo. L. Farrell, Sec.

HOW TO COOK A BEEFSTEAK—A beefsteak is always best broiled, but the following method is recommended by a lady writer when broiling is not convenient:

The frying pan being wiped dry, place it upon the stove and let it become hot. In the meantime take the steak—if it chance to be a sirloin so much the better—pepper and salt it, then lay it on the hot dry pan, which instantly covers as tight as leather, when the raw flesh touches the heated pan, of course it seethes and adheres to it. But in a few seconds it becomes loosened and juicy. Every half minute turn the steak; but be careful to keep it as much as possible under cover. When nearly done lay a small piece of butter upon it, and if you want much gravy add a tablespoonful of strong coffee. This makes the most delicious, delicately broiled steak, full of juice, yet retaining the healthy, beef flavor that any John Bull could require. The same method may be applied to mutton chops, or lamb, only they require more cooking to prevent them from being rare. An excellent gravy may be made by adding a little cream, thickened by a pinch of flour into which, when off the fire and partially cool, stir the yolk of an egg well beaten.

Special Notices.

MILLINERY: MILLINERY: MILLINERY—For your dress goods, call on Mrs. W. S. Brown, Kimball Block, 107 First South Street. Just received a splendid assortment of dress goods, Flowers, Ribbons and Lace. Spring opening, Tuesday, April 2nd, March 31.
