

FEDERATION OF LABOR BELLICOSE

Will Continue to Publish its Boycott List Until Prevented By the Courts.

DENIES INTENT TO BULLDOSE.

Specific Denial Made of Any Conspiracy to Destroy Business of Complainant Company.

Washington, Sept. 27.—That the American Federation of Labor will continue to publish its boycott list until prevented by the courts, was specifically set forth in the answer of the federation to the complaint of the Buck Stove & Range company, asking for an injunction against such publication, which was filed in the supreme court of the District of Columbia today.

The answer announces that it is the intention of the federation "to continue to adhere to the constitution, rules and regulations of the American Federation of Labor concerning the publication of the complainant's name in the 'we do not patronize' list of the federation, and less prevented by due process of law."

The federation denies any purpose of intimidating any one, but it admits that it has given its approval to certain boycotts. It is declared, however, that the purpose of the "Don't patronize" list is to induce the persons named in it. Specific denial is made of any conspiracy to boycott, injure or destroy the business of the Buck company.

Seventy-seven for Grip and Colds

Most, all diseases are either caused by or aggravated by taking Cold—prevent the Cold and a large portion of sickness and suffering disappears.

Humphrey's "Seventy-seven" will do this and more.

It prevents Colds, stops fresh Colds, breaks up hard, stubborn Colds that hang on.

It is a small vial of pleasant pellets, handy to carry—easy to take—can do no harm.

At drugists, 25 cents per vial.

Most of all things important there should be no falling off in the vital qualities which make of the average man a good soldier as well as a good citizen.

It is absolutely essential that we should keep up a first-class fighting navy, but in the event of a land war, we should have to rely chiefly upon our volunteer forces, and when war has come, it is too late to begin to train a man how to become a really formidable shot, while good marksmanship is one of the three or four vital qualities in a soldier.

As an old national guard man myself, I feel an additional pride in your success.

"Thanking you and congratulating you heartily, I am, sincerely yours,"

THEODORE ROOSEVELT.

The president's letter to Midshipman Smith says:

"My Dear Mr. Smith: I heartily congratulate you on your victory in the president's match and the national individual match. I am exceedingly pleased that it should be a Midshipman of the United States navy who has achieved this honor, and I congratulate the service as well as yourself."

"With all regards, believe me, sincerely yours,"

WERE PEARLS SMUGGLED?

New York, Sept. 27.—The importation of three packages of pearls valued at \$10,000 and alleged by the customs to have been smuggled into this country several weeks ago, is being investigated by the customs authorities. Manuel Cornejo, a California dealer in pearls, owns the gems which were shipped to Paris by way of New York and subsequently brought back again through this city. The customs officials at San Francisco besides making a charge of smuggling against Cornejo, have begun a civil suit for the forfeiture of the pearls on the ground that the 10 per cent duty to which they are subject on importation was not paid. The customs officials say that, even if there was a reshipment, the pearls are of oriental origin, and the defendant must show that duty was paid on their first entry into the country. The owner declares that while the pearls pass in trade for oriental gems, they are really of American origin.

Not less than 25 telephone girls have been examined by Prof. de Regard of Copenhagen, who concludes that the long use of the telephone does not injure the normal ear, but that, on the contrary, it sometimes makes the hearing more acute. Expert advice should be sought, however, before adopting telephone use, calling persons inclined to nervous trouble or congestion of the blood or who have headaches, may be harmed, and should not try telephone work.
