MEMORIAL SERVICES.

At a meeting of the Apostles now in this city held on Wednesday, August 20th, 1884, at 2 p. m, President Joseph F. Smith presiding, it was resolved that Memorial Services be held in the arious Stakes of Zion on Sunday August 24th, at 2 p.m., when the funeral services will be held at Kannarah and Paradise over the remains of Elders W. S. Berry and John H. Gibbs, who were martyred for the word of God and the testimony of Jesus Christ, at Condor's Farm, Lewis County, Tenn., on Sunday, August 10th, 1884. The Presidents of the various Stakes will please take notice and make the necessary arrangements for these serv-loes. We recommend that moderation and the patience of the Gospel be observed in all these ceremonies, rendering honor and respect to the slain, and remembering that our mission is not to wreak vengeance on the ungodly, but to preach peace on earth and good will to all men.

EDITORIAL NOTES.

Says the Cincinnati Times-Star: Put it in the best possible light, the killing of the Mormon Elders in Tenne appears to have been a cowardly and stroclous murder.

Blackleg exists to an alarming extent among the cattle of Wasco. Co., Ore-gon. The infection seems to be spreading, and baffles the skill of the most experienced veterinary surgeons. Much apprcheasion is felt among the stock raisers in that region.

A revolution in matchmaking is pro-mised. A patent has been swarded in Russia to the inventor of a composition with which he impregnates the wood, so that when dry it lights with a slight friction and can be used several times over, thus securing an economy of at least 75 per cent.

The Chicago News asks: What is the matter with the second volume of Mr. Blaine's book that it fails to materialize? Is the eminent statesman waiting for Mrs. Maria Hairpin's affidavit, to publish in the appendix, or hasa't the engraver completed his fac-simile of the Mulligan letters?

This is an assumption unsupported by any evi-dence whatever, and really in opposition to the facts. The most hypocrit-ical and venomous of all the comments which have been written on this sub-

ject appear, as a matter of course, in the Salt Lake Tribune. The infamous creatures who write for that infamous et, cannot conceal their delight at the results of their work, by which the public mind has been poisoned and feelings aroused which have found vent in violence and carnage. "There is not a Mormon in Utah, who would not, without a moment's hesitation, take the life of any man whom he thought was attempting to break up the peace, the happiness and the sanctity of his home. And if he had good grounds for the act, the whole world would justify him. But Mor-mons say it is tyranny and oppression for men or communities anywhere, to interfere with their preaching their gospel. Now what does that involve? Of course it includes the preaching to men and women the necessity of poly-gamy. If the matter was turned around, what would ing measures to cast husbands into a felon's cell, and wives into prison for pose of breaking up their homes. A faithful "Mormon" would rather see his daughter in the grave than wedded to a godless, unbelleving, dissomen and women the necessity of poly-gamy. If the matter was tarned around, what would Mormon fathers and brothers do? Suppose any man or set of men were to come here and try to beguile the sisters and daughters of the majority here to a fate which the fathers and brothers hold as something worse than death, what would they do? Yet it is what they claim the right to do, and denounce all who contest that right as enemies of God.

Passing over the assertion as to what every "Mormon" in Utah would do under certain circumstances, which we do not wish to discuss at present, let see. Look it at! The Tribune's docus examine the parallel that is here at- trine is, that the mob in the South tempted to be drawn, between the were justified in murdering "Mormon" actual seduction of a member of a Elders if they thought those Elders

On the hypothesis that a "Mor-mon" would take the life of a man who had broken up his home by the vie arts of the libertine, the massacre of men against whom nothing can be said but that they advocated "Mormonism" is covertly justified.
