SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

Last Night's Dispatches.

EASTERN.

A Chinaman's Opinion of Blaine's Speech.

CHICAGO, 6.—The *Tribune's* Des Moines correspondent had a long conversation with Chan Pak Kwai, while the latter was *en route* east. He said of Blaine's letter: "His letter is an eloquent summarization of all that has been said. Most of it has been refuted by an abundance of evidence. He has never been to California to see for himself, and is obliged to take the statements of others, and he does not distinguish between reliable evidence taken by Morton's Congressional committee, and that furnished by such men as Luttrell and other demagogues in the lower house of Congress."

Question.—What about the coolieism charged by Mr. Blaine?

A.—There is no such thing in China or America. It is a term which does not belong to China. It is of Hindoo origin, and was brought to Hong Kong by British traders and applied to the poorest class of people. The term would equally apply to the lower classes and unskilled labor of this country. Blaine's statement that the Chinese immigration to the United States is not voluntary, and that it has all been under a contract, is a mistake, not true. As to the lewd women, it may be true. The manners and customs of the Chinese make the women a menial, subject to the will of men. They are kidnapped or bought for use, and instead of being used there, are brought to the United States. There are hundreds of thousands of families where the family ties are kept as sacredly as among the whites, and under the influence of the mission schools and Christianity they are increasing every year. His charge that the Chinese do not assimilate with Americans or adopt their manners and customs is also false. They are slow to accept the policy of brickbats and cobble stones, it is true. You must remember that they are completely ostracised. If a Chinese marries a white woman the first thing is to kill him. Still they have married white women and established good homes. He complaints that himself after living here for fifteen years, he applied for citizenship in America and was denied it. In a like manner he regards most of Senator Blaine's arguments as either overstatements or mistakes.

About the Next Message.

WASHINGTON, 6.—There is reason to believe that the President's message to congress will be brief and confined to the subjects for which it will be convened, and that he will at the instance of the Secretary of the Treasury ask that measures be adopted for an increase of revenue, it having been decreased to the extent of $10,000 by the passage of the tobacco bill. The secretary says, to-day, but for this he would have $28,000,000 surplus revenue with which to pay the arrears of pensions recently authorized by congress.

The Reno Trial—Report and Endorsement.

The report of the Reno court of inquiry, after giving the history of the events immediately preceding the battle of Little Big Horn, and the part taken by Major Reno's command in the fight, says:

The conduct of the officers throughout was excellent, and while the subordinates, in some instances, did more for the safety of the command by brilliant displays of courage than did Major Reno, there was nothing in his conduct which requires animadversion from this court. It is the conclusion of this court, in view of all the facts in evidence, that no further proceedings are necessary in this case, and it expresses this opinion in compliance with the concluding clause of the order convening the court.

(Signed) JOHN H. KING,
Col. of the 9th, President,
J. M. LEE,
1st Lieut. and Adjutant 9th Infantry, Recorder.

The findings of the court of inquiry in the case of Major Reno are approved, and the proceeding are respectfully forwarded to the Honorable Secretary of War.

GENERAL SHERMAN.

The final endorsement is as follows:

The proceedings and the findings are approved by order of the President.

GEORGE W. MCCRARY,
Secretary of War.

The Letter-Carrier Act.

The proviso in the sixth section of the letter-carrier act has been held by the assistant attorney general for the Postoffice Department to apply only to the establishment or discontinuance of the free delivery system. It was not intended to affect the pay of letter carriers as fixed by the act.

Destructive Fire.

FAIRFIELD, Me., 6.—A fire broke out, to-night, in Trafton's Block, and has already destroyed five buildings. The flames are still raging, with a heavy wind.

Nitro-Glycerine Explosion.

RICHMOND, 5.—There was a premature explosion of nitro-glycerine at Dutch Gap, James River, killing M. C. Haggerty, government contractor for widening and otherwise improving Dutch Gap; one negro and Elias Hall, who had charge of operating the glycerine. Hall's body was blown into the river and not recovered.

A Gigantic Fraud.

BOSTON, 6.—What appears to be be another gigantic fraud has just come to light. The Mystic Valley Railroad Co. was organized some time since to build a narrow gauge road from Boston to connect towns lying along Mystic Valley to the north of the city. But 11 miles of the road have been built thus far, and this was charged at $28,000 per mile on the books of the corporation, though it was known that the expenditures for every purpose had not exceeded $80,000. This lead to an examination by railroad commissioners and, as a result, have called upon the attorney general to take action in the matter. In a letter to him, they state that the examination of the books of the company shows an apparent discrepancy, between the amounts received and paid out, of $85,000. They believe many of the subscriptions were fraudulent for the purpose of victimizing other innocent subscribers to the capital stock.

WESTERN

The Trunk Mystery.

SAN FRANCISCO, 6.—Fannie McConnologue, whose remains it was supposed were found in a trunk at Lynn, Mass., is in this city with her parents, residing at Harrison and Twenty-Third Streets. They arrived a few weeks ago from Boston. Miss Connologue says that the error as to her whereabouts and supposed identification of her remains arose from the fact that shortly before starting for California she told a friend that she did not intend to make a through trip, but would return in a few days. Chief of police Kirkpatrick has telegraphed to Supt. Adams, of Boston, in accordance with the above facts.

Destruction by Floods.

A dispatch from Napa says: The creek overflowed to-day, and the water in the suburbs of Spanishtown and Chinatown is six feet deep. It came so suddenly that there were many lives lost and several narrow escapes from drowning.

FOREIGN.

FRANCE.

The Pure Left.

PARIS, 6.—The deputies of the "pure left," yesterday, discussed the propriety of forming themselves into a more distinct group, to the exclusion of the "centreists" and "extremists." No decision was reached but the discussion is significant.

RUSSIA.

A Bloody Conflict.

ST. PETERSBURG, 6.—A telegram from Tashkend States that after the death of Shere Ali, at Mazari Sherif, a bloody conflict broke out among the followers of the various pretenders to the Afghan throne, and the partisans of Yakoob Khan were victorious. It was reported that Yakoob Khan and two other pretenders had taken refuge at Herat.

GERMANY.

Parliamentary Discipline Bill.

BERLIN, 6.—In the debate on the parliamentary discipline bill, yesterday, Baron Stauffenberg, vice-president of the Reichstag, who, in consequence of his office, is considered an authority on the subject, treated the bill sharply. He criticized government's arguments and appealed to the house to reject the bill. Herr Bebel declared that his party considered that the bill aimed at excluding them from the Reichstag as much as possible, even before the elections and destroying all freedom of speech. He related how Bismarck had once prevented him from speaking in the Reichstag, and when he subsequently published a pamphlet to explain his views he was sent to prison. He ironically suggested a law depriving all Germans of their franchise, whom police suspected of revolutionary tendencies. Such a law as is proposed by the government was possible in no other country. The budget committee of the Reichstag reduced the navy estimates 2,000,000 marks.

GREAT BRITAIN.

More Trouble.

LONDON, 6.—Berlin correspondents mention various rumors of dissension between the Czar and Czarowitch. The Vienna *Togblatt* even published a sensational story that the Czarowitch has been charged with subversive political tendencies and is forbidden to quit the palace.

UTAH STAKE CONFERENCE.

Minutes of Utah Stake Quarterly Conference, held in Provo City, commencing 10 a.m., March 1, 1879.

Present—Albert Carrington, of the Twelve Apostles, Joseph E. Taylor, of the Presidency of the Salt Lake Stake, the Presidency of the Utah Stake, and the Bishops of the Wards.

President H. H. Cluff spoke of the great assurances possessed by the Latter-day Saints of the approbation of the Almighty, the manner in which the promises made through holy men of God were being fulfilled, and of the necessity of so acting that our lives may be in consonance with the professions we make.

President Joseph E. Taylor alluded to the necessity of men holding the Priesthood understanding fully the character and nature of their callings and authority, that Zion may be built up and through the influence of the organization of the Priesthood the power of the Gospel take pre-eminence in the temporal and spiritual affairs of this life.

The afternoon was occupied by presentation of the authorities and statistical and financial reports of the Stake; followed by an address from Apostle Carrington, who made a strong appeal in behalf of gathering the poor saints from the nations of the earth through the channel of the P. E. Fund, calling on those indebted to the fund to make strong efforts to discharge their indebtedness that the means might again be used for the same blessing it had procured them.

Sunday, 10 a.m.

Bishop Paxman commented upon the exhibit of tithing payments, read, making explanations in regard thereto, and showing that the higher principles of the gospel could not be enjoyed unless prefaced by a practical observance of the minor duties of our daily lives.

Apostle Albert Carrington said when rightly understood, tithing is an investment for the temporal and present good of all members of the church, the Lord having stated positively that the payment of one-tenth of our receipts shall bring blessings greater than we can contain.

Prest. Jos. E. Taylor occupied the remainder of the morning.

Sunday, 2 p. m.

After the administration of the sacrament Bishop John Brown alluded to the joy and happiness experienced in listening to the wise instructions of the inspired servants of God, which was transitory in its nature, unless followed by a practical observance thereof.

President A. O. Smoot briefly alluded to the law of tithing; called attention to the claims and the destitution of the ungathered Saints, making a strong appeal in their behalf, and requested the Bishops of the Wards to attend to the collection of the amounts due the P. E. Fund; referred to the spirit of criticism so rife in the land; the technical application of the written word to the action of the executive priesthood and showed that while the written law must not be ignored, the living priesthood of God may receive revelations for their guidance.

Brother David Holdaway was then presented to the conference, and sustained as a High Councilor of the Stake, to fill the vacancy occasioned by the resignation of Councilor S. P. Curtis.

President David John spoke encouragingly, commending the people for their endeavors; the investments made in temples, school houses and other public institutions would bring their reward in the blessing of God.

Apostle Albert Carrington, in conclusion, urged upon the people the necessity of being zealous for the cause of God.

Conference then adjourned *sine die*.

Benediction by Prest. Joseph E. Taylor.

The improvement in President Smoot's health permitting him to appear, was a source of satisfaction to the conference. The hymns and anthems sung by the choir during the meetings were well rendered, and aided in producing the enjoyment of the conference.
