

NO "DEADHEAD" OFFICIAL CARS.

Western Roads Will Decline to Haul Eastern Sleepers.

BORDERS ON IMPOSITION.

Officials Beginning to Wake Up to Fact That Courtesy Even Has Its Limits.

The private car question—that is, the official cars of railroads—is receiving attention from western roads especially by those who are inquiring why they should be required to haul such equipment without charge.

Everything points to the fact that an agreement will be entered into among the western roads, placing a fixed charge on the haulage of private cars of foreign lines, for most of the parties using the cars are abundantly able to pay a sum sufficient to meet the expense involved.

In cases where lines have heavy grades the ordinary travel taxes the limit of the engines employed. In such cases to put on another car means that another engine must be pressed into service, which, of course, adds to the cost of operation.

This New Year resolution, of course, does not contemplate the taxing of the official cars—the portable office that permits the continuous transaction of business which would be otherwise interrupted while the official was away from home.

Under the new order of things it is anticipated that the regular influx of private cars into California bearing friends of the presidents of eastern roads will be somewhat curtailed this year.

HINCKLEY FORMER MASTER MECHANIC FOR D. & R. G.

A. C. Hinckley, formerly master mechanic of the St. Joe & Grand Island, has been appointed master mechanic of the Denver & Rio Grande. Mr. Hinckley is known to old time railroaders here from the fact that for some years he was division master mechanic of the Oregon Short Line under the Union Pacific management. Mr. Hinckley is a brother-in-law of Don C. Porter of this city. He first entered the railroad service 21 years ago and in that time he has had a wide experience in his special line of work.

O. S. L. BRANCH OF LONG AGO.

Eastern Oregon Line That Has Vanished From the Earth. A dispatch to the Capital News, Boise, from Ontario, Ore., tells a story of an Oregon Short Line branch that has disappeared entirely piece by piece. It says:

The railroad talk in eastern Oregon has brought out the fact that the Oregon Short Line owns a right-of-way from Nyssa to a point west of the pass in Malheur River Canyon. Much of the patented land along this route allows for this right-of-way. The remaining land that has not been taken must hereafter be filed on subject to this right-of-way.

This right was secured 19 years since, when the route went into Malheur Park and constructed two miles of complete track. The material was teamed about 40 miles. It is pertinent here to state that the last vestige of this track has been removed. Each year marked a shortage of the material. Today there remains nothing but the records to show that a link of road was ever built in the interior. The ties and bridge timbers were the first to disappear, finally the fastenings commenced to follow their wooden friends. Later a few rails went the way of the other material, and finally not a bolt or strap of timber remained to tell the tale. Not only has the link disappeared, but nearly \$2,000 worth of tools left in the hands of one prominent man were, by him, sold and the funds appropriated.

It is rumored now that this link is to be once more constructed. The railroad obtained the title to the pass for 20 years, and still has two years to let the matter rest. It has been suggested that the Short line can send a good evangelist into the field and cause the return of the property cheaper than to let the matter drop and build it bodily from other supplies. The Short Line has no evangelists employed by the year.

U. P. Labor Difficulties.

A meeting of the executive committee of the Union and Southern Pacific companies was held yesterday at the companies' office on Broadway, New York, at which a full report of plans toward a settlement of the labor difficulties on roads was made. Chairman Charles K. Tweed of the Southern Pacific attended. Mr. Tweed's resignation as chairman of the Southern Pacific board, not as a member, was accepted, although nothing has been done toward selecting his successor.

Edison is appointed manager, in full charge of the operating department of these companies with headquarters at Denver, Colo., vice Mr. J. M. Herbert, resigned. TWO RUNS TODAY.

Fire Department Extinguishes a Blaze On Fifth East Street.

The fire department started out the new year with two runs this morning. The first was to the abode of Mrs. J. E. Goding at 232 Fifth East street, and was quite a blaze. The fire was caused by a defective flue, the flames getting under the roof, which was very low and burned rapidly until the fire-fighters got there. The loss on the building is estimated at \$25, and the loss on contents \$5. There were quite a crowd around the place while the firemen were doing the very best they knew how to prevent the spread of the flames, but as usual, there was a wiseacre present who thought he knew more about fighting fires than all the firemen in creation, and he insisted on giving directions until invited to mender far to the rear and assume a reclining position. The alarm came in at 7:50.

Secretary of State Hammond has completed his report of the receipts of his office for the past two years which shows a healthy increase. During the years 1901 and 1902 the receipts of the office were \$125,783.60, which is an increase of \$25,000 over the receipts of the five preceding years. The receipts for the past year were \$58,009.65 and for the closing three months they amounted to \$11,469.25.

The increase in fees during the past two years over the previous two years, due to the amendment to the fee bill two years ago, is \$51,822.50. CONSECRATION SERVICES.

Important Meeting in Honor of Bishop Leonard of St. Mark's.

The fifteenth anniversary of Bishop Leonard's consecration as bishop will be held in this city on the 25th inst., at which time the regular meeting of the convocation for this missionary jurisdiction will be held here. The occasion will be made more prominent by the participation in the anniversary services of Bishop Nichols of California, Moreland of Sacramento, Funston of Boise, Ida., and Olmstead of Colorado. Bishop Perrin of Vancouver, B. C., has been invited also, and is expected to attend. The entire Episcopal clergy of this jurisdiction will be present, some 15 ministers in all. There will be a reception on the evening of the 24th inst., and at the following morning service the bishop of California will preach in St. Mark's pulpit. In the afternoon there will be a children's mass meeting in the cathedral, and in the evening comes a missionary meeting with Rev. Ridgeley of China, and formerly rector of St. Paul's church in this city, as the principal speaker. Mr. Ridgeley has many warm friends in this city and they will all want to hear of the Chinese situation.

A THOUGHTFUL ADDRESS.

Bishop Leonard Delivers One at St. Mark's Cathedral Last Night.

Bishop Leonard made a thoughtful address last night in St. Mark's cathedral to a good sized congregation. The bishop reminded his hearers of the fact that at such a time they were looking in two directions—backward over the past and minding the lessons taught by the events of the year; forward, with joyful anticipations of what the new year may bring forth. One of the great lessons taught by the past year in the commercial world is that combination is the watchword of the day; and that is one of the lessons we want to learn and profit by in our Christian experience of the future. The kingdom of God in this world is a great organization of which each individual has but a small part, and does but little by himself. Yet, with others, great deeds can be reached. The question for each one to consider is what the kingdom of God should accomplish for a community during the current year. As the government is just what citizens make it—the kingdom of God is what its individual members make it. Let each one strive to realize what his own connection with God's kingdom means, and determine with God's blessing to strive to make of the kingdom a power for good.

BOXING BOOT THIS EVENING.

Jeffries and Fitzsimmons Will Show Sports a Few New Wrinkles.

GOOD PRELIMINARIES TOO.

Big Fellows Showed in Ogden Last Night—Their Work is Not Set Outside Events.

A fair sized crowd witnessed the exhibition of scientific boxing at Ogden last night between Champion James J. Jeffries and lanky Bob Fitzsimmons. The work of the two great fighters was not set and they went at each other on their merits. It is to be hoped that local ring followers will not be disappointed by witnessing a set exhibition this evening. Manager Thompson says the bout will be able to get a line on the ability of the two men. Their show at Ogden last night was well received, as they went at each other for four rounds for keeps. Besides the main show, there were a number of good preliminaries. Sid La Fontaine and Kid Thompson boxed four rounds, the former getting the better of the argument. Young Trunkhill and Tommy Maher were booked for four rounds but they fought hard from the start and in the second round Maher put his opponent down and out. Howard Ople and Doc Flynn of Butte furnished the fourth good exhibition.

FANCY SKATING CONTEST.

Four Artists Will Compete for Prize at Mellen's This Afternoon.

At Mellen's Agricultural park skating rink this afternoon four of the best skaters of the city will contest for the championship. There was a clash over the arrangements last evening and for a time it looked as though the contest would have to be postponed or called off altogether. The entries are Hugh Whytock, C. H. Heever, John Nelson, Bert Margotta. It was supposed that the contest would be according to the rules of the National Amateur Skating association, but at the last moment Margotta came forward with a set of figures fixed up by himself and claimed the championship. That the contest be according to his figures. The others balked, but after much persuasion, they were induced to go on with the contest and with Margotta's own program.

MAY GET INTO THE COURTS.

Fight Between Pacific Northwest and Pacific Coast Leagues.

Spokane, Wash., Dec. 31.—The struggle between the Pacific Coast Baseball league and the Pacific Northwest league to break into the courts. In an interview in the Chronicle today, William Goldman, representative of the old Portland club, regarding the action of the Pacific Coast league in taking over the franchise, is quoted as saying: "We will fight the decision of the directors to the end. I am heartily in favor of the Pacific Northwest league as opposed to the Pacific Coast league. The meeting here Monday was illegal. The action of the directors in taking away Portland's franchise was not right. The directors had no authority at this election to extend the life of the league for five years, nor the right to elect W. H. Lucas president for that period."

COURT BUSINESS.

Was Greater During 1902 Than Any Previous Year.

The business of the clerk of the district court's office during the year 1902 has been far above that of any year in the history of the office. There were 842 civil cases filed during the year, 202 of which were divorce cases, as compared to 732 for the year 1901, 156 of which were divorce cases. This shows an increase of 110 civil cases and 37 divorce cases. In addition to the civil cases there were 137 criminal actions filed, making a total number of 979 or an average of over three cases per day. Out of all the cases filed only 94 were inoperative cases. There were 245 judgments entered during the year and 48 abstracts of judgments filed. There were 150 executions and orders of sale issued. The receipts of the office amounted to \$5,696.25, while the salaries paid for clerks amounted to \$3,715.

The affidavit of attachment states that defendant has been concealed and is about to assign and dispose of her property with intent to defraud her creditors. WRATHY AT CURZON.

British Furniture Dealers Resent His Remarks at Delhi.

London, Jan. 1.—Lord Curzon has brought on himself the wrath of the furniture dealers of Great Britain by a disparaging allusion in his speech at the opening of the art exhibition at Delhi Dec. 29, to "Tottenham Court Road furniture, its cheap Italian imitations and flaming brussels carpets," and appealing to the maharajahs to furnish their palaces with Indian work rather than these British products. Sir Hugh Plundell Maple, M. P., who is governor of a large firm of furniture dealers of the Tottenham Road, leads the attack and clinches his indictment with showing a letter dated Calcutta from Lord Curzon, ordering carpets and requesting the order be duplicated yearly.
