EXPRESSED HIS OPINION.

There is a youngster in Grand College who combines the poetic instinct with a keen sense of humor. He is not a dandy student, in fact, he regards his studies as a torment.

One of the professors picked up a book belonging to him, the other day, and found on the fly leaf this bit of verse, which no doubt expressed the student's opinion of it:

For refuge hither fly,
And should the whole world be submerged,
This book would still be dry.

Special Correspondence.

Farmington, Davis Co., June 3.—The board of county commissioners met today at 9 a. m. and transacted routine business until 10 a. m., when they organized as a board of equalization, and they have been kept busy all day in equalizing and adjusting tax valuations.

SALE OF ROY CANNING FACTORY.

On Saturday at the court house here at Farmington, Sheriff Abbott, under an order of sale issued by the District court of this county, some time since, and as advertised in the local paper, sold the real property, consisting of the machinery, buildings and most of the land, belonging to the Roy Canning and Canning company, of Clifton, Davis county, at which sale Mason Brothers, of Ogden, acting for the Plaintiff Canning company, of Ogden, owned by David Eccles, Thomas Dee and associates of Ogden, bought the property for the sum of \$10,000.

This concern has had a somewhat checkered career and was sold under foreclosure sale, at the suit of the Ogden Savings Bank.

The stock was subscribed for by farmers residing in the vicinity of the factory, for the most part, and they estimate that they have lost \$23,000 in stock subscriptions; and in addition, have lost the value of their last year's tomato crop, which the company had received and canned but had not paid for, this was valued at \$13,500.

COVOTO.

Prest. Young's Centenary—Remarkable Case of Louis King.

Special Correspondence.

Covoto, Garfield County, June 2.—The people of our little town had an enjoyable time yesterday in celebrating President Brigham Young's one hundredth birthday. At 10:30 a. m., the people congregated in the new school house, where a very interesting and appropriate program was given.

The program was very good from beginning to end, but the part which touched the hearts of the congregation and brought tears to the eyes of those who were personally acquainted with President Young was a song composed by Mrs. Josephine A. King, wife of the late Bishop C. H. King, who was accidentally shot last January and taken to Salt Lake City for treatment. It will be remembered that it was stated by the physicians that he could not live to see his wife, but she lived and he lived.

IONA, IDAHO.

OUR NEIGHBORS.

IONA, IDAHO.

BINGHAM COUNTY NEWS NOTES.

Coal Discovery—Rapid Growth—Telephone—Babe Smothered.

Special Correspondence.

Iona, Bingham Co., Idaho, June 3.—Mr. J. A. Cloward, of Castle Valley, Utah, who came here about two years since has discovered a six foot vein of excellent coal about seven miles from this place.

Sheep shearing will probably be finished here by the 20th of this month. It is estimated that from 125,000 to 150,000 fleeces are sheared at the two pens running near here.

Decorated day was observed by the people of La Balle, Rudy, Prospect and other towns by the decoration of a grave, and at Prospect the Primary marched to the burying ground, sang a beautiful memorial hymn and after prayer by Bishop Howard, attended to the reaping of flowers, graves, etc.

The annual meeting of the Bingham Stake Officers will be held in Iona Saturday, June 8th.

RAPID GROWTH OF TOWNS.

To show how this valley is being rapidly filled up we might mention the growth of Iona and Riverside. Two years since the latter had 41 families and now there are 78 families residing there, while Iona has about the same number of families as two years ago. Other towns are growing equally fast.

Haying will commence in two or three weeks and present appearances are that there will be a scarcity of hay as laborers are hard to get in the valley at this writing.

A carload of farm implements has just been received by the Iona Mercantile company and others will likely follow in a short time as the implements of that company are kept in stock a full line of machinery to supply their rapidly widening circle of customers with everything they need to run a farm.

TELEPHONE COMPLETION.

The telephone is now an accomplished fact with us, as the Rocky Mountain Bell telephone company put up the line from La Balle to Iona. The phone in the Iona Mercantile company's office.

At Priesthood meeting, June 1st, the attendance was small owing to the extremely busy time. Those who were present were Mr. J. W. Davis of Riverside and four young men from Grant were sustained as being worthy to be ordained Elders.

Mr. A. Peterson is among the latest arrivals in Iona. He came here from Idaho. Every day brings new settlers into this valley, mostly from Utah.

Mr. John Riley of Poplar is taking a canal cut of the Snake river at a higher point than any other, it being at the Alma River, about 10 miles from here, and will be about three and a half miles in length. This canal will probably cost the gentleman five thousand dollars.
