SURGICAL OPERATION. - Mr. Robert Snaddon, of Ogden, called this morning, and exhibited a piece of diseased bone, taken from his wife's arm. He informs us that it was completely enclosed in a casing of new bone, which had grown around it, and had been a source of extreme annoyance for eleven years, causing frequent gatherings and the most excru-clating pain. CRICKET MATCH .- A Cricket Match was played yesterday by the members of the Salt Lake Club. The club was equally divided, one part playing against the other. The game consisted of one innings to each division. The first made sixty-five and the second sixty-one runs, showing that the match was well and closely contested. There was some very good playing during

the game. We regret to have to state that Mr. S. Sharp Walker, a member of the club, while stan-ding point, was hit in the left eye by a ball, severely cutting and bruising his face.
