Francis A. Pascoe Offers What He Believes Will be a Solution.

Salt Lake City, Oct. 8, 1904 .- Editor. Deseret News .- Observing that your valuable paper has taken quite an interest in the smelter smoke nulsance controversy, I send you the following brief discription of my smelter fume condenser in vention, and offer some arguments as to tis advantage and merits. The smellers managers and farmers committee meet on Monday, so that this letter at this date is opportune and timely. To produce the best results with my fume condenser it is necessary to place one battery consisting of five cylinder drums close each furnace, thus the hot flue dust to each furnace, thus the hot flue dust and fumes coming in contact and passing through spray will convert a great per-tion of the water into steam, while the flue dust will all be deposited in the dip pans from which it will be drawn off by suitable means and deposited in settling pits, from which again any surplus water can be drawn off. If there should remain any metals in solution they can be predented before

Pains in the Back Are symptoms of a weak, tor-

pid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, so important is a healthy action of these organs,

They are commonly attended by loss of energy, lack of courage, and sometimes by

gloomy foreboding and despondency. "I had pains in my back, could not sleep and when I got up in the morning felt worse than the night before. I began tak-

ing Hood's Sarsaparilla and now I can sleep and get up feeling rested and able to do my work. I attribute my cure entirely to Hood's Sarasparilla." MRS. J. N. PERRY. care H. S. Copeland, Pike Road, Ala.

"The grip left me with severe pains in my back and kidneys. I could not walk without support. I began taking Hood's Sarsaparilla and it soon relieved me. It also cured me of catarrh and indigestion." W. A. REED, 17 Mowry Avenue, East Providence, R. L.

Citizens Warned Against Paying Dog Tax to Colored Boy.

Deputy City Treasurer Wood has issued a warning to citizens not to pay their dog tax to the colored boy who drives the dog wagon as he has no authority to collect the tax and give receipts for the same. On several occasions lately Dog Tax Collector Hoefer has called upon citizens for their dog tax and they have produced receipts showing that they paid the colored boy and it is the intention to stop such practise on his part that the warning has been issued by Mr. Wood.

city, was read, requesting the council

to reconsider the matter of building a city hall at, a cost of \$10,000. Instead

of spending this amount for a hall the

petition asked that the sum be ex-

pended upon a waterworks system, that

the people might have some protection

As soon as the reading of the peti-

tion was completed, a motion was made by Councilman Wood and seconded by

Powell to lay the matter on the table

for future consideration. The entire

council agreed to the motion. Mayor Stratton offered some good advice to the council endeavoring to

impress upon them the necessity of such a system but made no impres-sion upon the solons, much to the dis-

appointment of the citizens. The road supervisor's bill of claims,

\$114, was allowed, also the street sprin-kling bill of \$88.50.

Lawrence Grow of Granger met with a painful accident on Wednesday last. The boys of Granger High school were holding a wrestling match, young Grow being one of the contestants, and during the contest he fell in such a way as to brake his left arm above the elbow and also dislocating the elbow of the same arm. He was taken to the home of a Mrs. Park, living in that vicinity, who, being skilled in that line, set the broken bone and dislocated elbow. At last reports he was getting

along nicely. TAKEN IN BY GYPSIES.

A company of gypsies has been camping near Murray for several weeks. Last Tuesday they made a trip through the city as usual, leading a string of horses behind their wagons. One of the animals was a fine looking-twoyear-old black, as fat and plump as a circus horse. Such a fine looking animal readily attracted the attention of Mr. D. B. Martin of Holliday, who hap. pened along at that time. The result was a trade, the gypsies getting con-siderable money to boot. Mr. Martin hitched the beautiful black into his new Studebaker buggy and started down the street, evidently congratulating himself on such a good trade. His joy came to grief when the animal plunged forward and droped to the ground in a dead fit, breaking both shafts of his buggy. By this time the were speeding toward Salt Lake as they could drive. Martin ed the matter to Marshal Mauss, fused to do anything, saying, "If

ad soaked the other fellow you i't have kicked." This did not Martin, who telephoned Lake police to stop the gypsies telephoned r arrival at that place. The au-es at Salt Lake took a different f the matter than the Murray I and ordered the horse returned Later in the day the gypurned the animal, and money to
