Sanpete Items.

EPHRAIM, September 7th, 1880.

Editors Deseret News:

Harvest is now in full blast, and soon the great staple of Sanpete—small grains—will be in stack, ready for the threshers. The crops will be much below the average yield owing to the presence of grasshoppers the past season, and the prospects are gloomy for next year, as these pests have laid their eggs everywhere in our fields. Water has not been as abundant as was generally expected last spring, and the season has been extremely dry and windy. Everything is therefore dust or dusty, and traveling rather unpleasant now, but yet the people seem to be of good cheer, trusting in a kind providence and the indomitable enterprising spirit of "Mormonism."

Harvest of another kind has also commenced. Agents of various kinds are at work, and are, by way of accommodation of course, getting notes for pay after thrashing for what they have to dispose of. One representing a nursery firm obtained in a few hours notes amounting to hundreds of dollars, and will undoubtedly, before this reaches you, own Ephraim property by thousands of dollars for trees and shrubbery, that might have been furnished by Utah nurserymen as well. Often good advice in time would save much chagrin and difficulty.

The dreaded diphtheria has again made its appearance, and quarantine regulations are again adopted to check its spreading. Work on our meeting-house is resumed, to have it in a more pleasant appearance before winter sets in—the painters finishing within, and the carpenters will put up the remaining portion of the tower.

Another Juvenile Instructor will soon appear in our city, in the shape of a substantial rock lock-up, as our hoodlums are becoming too bold to be touched by the force of reason or religion. A donation was called for last Sunday and subscribed to very liberally, and a fight occurred the same evening between some of the "Liberals," as a finish to our forenoon jail sermon.

Short being the rule, this may suffice for the present from

AUCKLAND, New Zealand,
Australia, August 17, 1880.

Editor Deseret News:

With pleasure I write you again a few lines from this distant part of the Lord's vineyard. My last letter to you was dated from the other island about 700 miles from here. Since then I have come to Auckland, which is a small portion of my road to Zion, but O, how small. The work is spreading slowly in these Islands, and prejudice, darkness and superstition have gradually to give way to light.

We, the saints of Auckland held a conference on Sunday, the 15th, in Newton Hall. On the stand were Elder John P. Sorenson, Elder Wm. John McDonald, and Bro. Wm. C. Bailey. Prayer by Wm. John McDonald, after which Bro. Sorenson gave a short report of the work in the Conference. Invited remarks from any of the members who had any to make for the benefit of the Church, before proceeding to vote for the officers and sustain the higher authorities, and counseled all that whatever we do must be done in unity and love, if we expect our Father in heaven to recognize and prosper our actions.

Brother Wm. John McDonald made some fitting remarks about humbleness, faith and prayer, and God's dealings with men, after which Bro. Wm. Bailey made some remarks about our duty as Saints and the necessity to always sustain the authorities whom it pleased God to set to guide us, referring particularly to the different gifts to men as illustrated in former dispensations. The Conference then proceeded to sustain Bro. Wm. J. McDonald as President of the Auckland Branch, Bro. Wm. C. Bailey as clerk of the branch and counselor to the president; they were also unanimous

sustained as teachers of the branch. John Taylor was sustained as President of the Church, as Prophet, Seer and revelator to the Church, and his brethren the Twelve Apostles and all the General Authorities of the Church of Jesus Christ of Latter-day Saints as now constituted. Elder George Batt was sustained as President of the New Zealand Mission, and Elder John P. Sorenson as President of the Auckland Conference, and Bro. Wm. C. Bailey as traveling elder in this conference.

Conference closed with prayer by Elder Wm. C. Bailey.
W. C. BAILEY,
Clerk of Conference.

DANGER IN DISGUISE!

Summer Pestilence Unearthed: its Causes Explained and Some Timely Advice About How to Avoid it.

CERTAIN VALUABLE FACTS MADE PUBLIC.

It is well known that hot weather brings sickness, and that few people go through the summer without unpleasant symptoms. The mouth becomes dry and parched, the tongue furred and white, the pulse irregular, the head feverish, the body cramped and the limbs swollen and tired. Ladies especially, with their natural delicacy and tendency to female troubles, find the hot weather almost unbearable, while Little Children are dying every day from exhaustion and because Parents neglect precaution and care. A prominent and well known physician of New York asserts as his positive belief that more than three-fourths of all so-called Summer complaints arise from disordered secretions, and that these secretory organs, which, by being out of order cause so much trouble, are the Kidneys and Liver. These organs are the governors of the system, and by their movements the other parts of the body are regulated. The brain controls the life, but the lower part of the body rules the health.

There is one, and only one known vegetable that will absolutely regulate and control the Kidneys and Liver at all times and thus prevent the many dangers of the Summer. That vegetable (a West India leaf) is used as the basis of Warner's Safe Kidney and Liver Cure. It is pure, pleasant to the taste and absolutely certain in its results. It keeps those who intelligently use it in perfect health, and cures those whose secretions are deranged. For all urinary complaints of either sex it is infallible. For all bilious troubles it is certain. For the hot season it is invaluable, and it should be used upon the approach of the slightest symptoms. It may save your life or that of some dear friend; it will certainly prevent much suffering.

No remedy in America has ever received such high and enthusiastic commendations, and it is warmly

An Editor's Escape.

OFFICE OF THE "INDUSTRIAL ERA,"
ALBIA, IOWA, May 26, 1880.

TO WHOM IT MAY CONCERN:

I take great pleasure in making the following statement: I have been afflicted with a disease of the kidneys for the past two years and have tried numerous remedies with only partial and temporary relief. Warner's Safe Kidney and Liver Cure was recommended to me, and after taking it the pain and distress left me, and I am to-day feeling strong and well. I am perfectly satisfied that Warner's Safe Kidney and Liver Cure is the medicine needed and can cheerfully recommend it to others.
G. W. STAMM.

An Educational Endorsement.

The Rev. C. A. Harvey, D. D., of the Howard University, of Washington, has written the following letter:

GENTLEMEN—I take great pleasure in stating that I have for two years past been acquainted with the remedy known as Warner's Safe Kidney and Liver Cure, and that in some cases which had been given up by practitioners of both schools, the speedy change wrought by this remedy seemed but little less than miraculous. I am convinced that no remedy for kidney troubles heretofore discovered can be held for one moment in comparison with it. Respectfully yours,
C. A. HARVEY.

A Doctor's Certificate.

I hereby certify that I have been a practicing physician for twenty-seven years, and for many chronic cases in my practice do recommend Warner's Safe Kidney and Liver Cure. It was upon my advice that G. W. Stamm, the editor, obtained this valuable remedy.
A. A. RAMSAY, M. D.

A Pastor Made Happy.

I have been greatly troubled with my kidneys and liver for over twenty years, and during that entire time I was never free from pain. My medical bills were enormous, and I visited both the Hot and White Springs, noted for the curative qualities of the water. I am happy to say I am now a well man, and entirely as the result of Warner's Safe Kidney and Liver Cure. With such glorious results, I am only too glad to testify regarding the remedy which has made me so happy.

Arousing its Readers.

An alarm of fire at midnight is a startling thing, but not half so startling to many who hear it as would be the sudden knowledge of their own dangerous physical condition. Thousands of thousands are hurrying to their graves because they are carelessly indifferent to the insidious inroads of disease and the means of cure. It is the mission of H. H. Warner & Co., with their Safe Kidney and Liver Cure, to arouse men to a sense of their danger and then cure them.—*Memphis Appeal.*

The Friend of Delicate Ladies.

Warner's Safe Kidney and Liver Cure is the remedy that will cure many diseases peculiar to women. Headaches, neuralgia, disordered nerves, weakness, mental shocks, and kindred ailments are effectually removed by its use.—*The Mother's Magazine.*

Its Grand Reputation.

Warner's Safe Kidney and Liver Cure has reached a reputation that is not limited by the confines of section or country. There are no injurious substances nor false and temporary stimulants in the preparation. It is purely vegetable and compounded under a formula that has passed severe tests and won endorsements from some of the highest medical talent in the country.—*New York World.*

Journalistic Opinions.

Our exchanges come to us bountifully laden with commendatory notices of the wonderful cures effected in diseases of the kidneys and liver, and especially of dropsy, by the use of Warner's Safe Kidney and Liver Cure used in connection with Warner's Safe Pills. We feel sure if our friends who are suffering from like troubles would use these remedies they would be benefited.—*St. Alban's Advertiser.*

MESSRS. H. H. WARNER & Co.:

GENTS—My wife has been suffering for the past five years from the results of a premature birth, and during that time she has been under the doctors' care and treatment, for a disease peculiar to the female sex, and generally named as a falling of the womb. After a thorough examination the doctors finally concluded she had inflammation of the bladder, and changed their treatment accordingly, but as before without helping her in the least. We at last despaired of her ever doing any better, and after expending an enormous amount of money—gave it up. But a little while ago one of your pamphlets having been left at my house, and her symptoms being so accurately described therein, we concluded to try your Safe Kidney and Liver Cure, and I can truly state that after five years of faithful trial of physicians, this is the only thing that has done her the least good. Sincerely,
G. E. WOOD.

H. H. WARNER & Co.:

GENTLEMEN—I have known of the remedy called Warner's Safe Kidney and Liver Cure, and can personally testify to its efficiency in kidney and liver troubles. I can truthfully say that in my opinion it is the best and only efficient remedy for such troubles ever brought before the public.
Yours very truly,
(COL.) JOHN K. MCCHESENEY.
