THEATRE.—There was a very fine performance at the Theatre last evening of Macbeth before a large audience. The "Lady Macbeth" of Miss Dargon was an impressive and artistic impersonation, and Messrs. Cogswell and Thorne as "Macbeth" and "Macduff" gave creditable report.

This evening, "Guy Mannering" will be presented, Miss Dargon assuming the role of the Gipsey, "Meg Merrilies," Miss Cushman's famous character. This will be a treat. Miss Kent will appear as "Julia Mannering," Miss Simons as "Lucy Bertram," Carrie Carter as "Flora," Mr. Cogswell as "Dandie Dinmont," and Mr. Graham as "Dominie Sampson."

The farce of "I've written to Brown," principal characters by Mr. Graham and Misses Kent and Simons, concludes the programme.

To-morrow, Friday, benefit of Miss Dargon. A fine bill is in preparation.

On Saturday afternoon, a grand Dargon matinee.

THE MAILS.—The complaints from Cache Valley about the way the mails are carried between this city and that place are both incessant and annoying. A subscriber to the EVENING NEWS, writes from Logan that he only gets his paper about twice a week. These irregularities in mail matters between places connected by daily railroad trains appear inexcusable. We trust Col Wieklizer will see to this matter, that it may soon be rectified.

THE "ALDINE."—We have received from Mr. Harrington, of the *Herald* office, the March and April numbers of the "Aldine," for which he is agent. This is one of the finest illustrated periodicals published. Here are the titles for the illustrations, all of the most artistic character, in the March number. After the Storm, From Ghent to Aix, Thun from High Hills, Along the Mazes of the Quiet Vale, The Giaour, White Birches of the Lemanc, Sitting for a Portrait, Barnyard Pets, The Fox and the Grapes, Love's Last Service, A Metaphysical Disquisition.

For April: The Strange Dog, Tower Creek, Below the Falls, Death Warrant of Lady Stuart, Hot Springs of Gardener's River, Yellowstone Lake, Cliffs of the Grand Canon, Tower Falls and Column Mountains, I Come from Haunts of Coot and Hern, A Bare Chance, A Catskill Brook, The Peacock Complaining to Juno, Spring Flowers, O Pray my Child, Deserted Church in Volkmanrode.

The *Aldine* is not only valuable on account of its unexceptionable illustrations, but also because of the choiceness of its reading matter, some very able authors being contributors to its columns.

PICOTE.—The Picote Record of March 23, says:

Three wagon loads of chickens came into market from Utah yesterday.

Produce wagons are now arriving daily from the Utah settlements.

And the following are from that paper of March 25:

Several loads of hay arrived yesterday from the Sink of the Beaver river, Utah.

OUR GRAZING INTERESTS.—The grazing lot vests of Southern Nevada, Lincoln county, are beginning to receive the attention they merit. We think the importation of live stock from the distant valleys of Utah is about over with. We last evening had an extended interview with Jas. R Withington, long and largely engaged in stock raising in the neighbouring county of White Pine, but who is now availing himself of the fine ranges from seventy-five to eighty miles north of Picote. He has a large number of cattle there, and is here with the view of making this his main market for the sale of beef animals. Those ranges are extensive and the winters mild. We consider the respective live stock interests of this section of great importance.

FARMING PROSPECTS ON WHITE RIVER.—The farming settlement on White river is about 100 miles north-west, of Picote, and this is its principal market. From a gentleman just from there we learn that more extensive preparations are being made for farming on White river this spring than ever before. In the main valley about 1,000 acres will be in cultivation, besides what is being done in several small side canons—fertile valleys that are rapidly filling up with permanent settlers. Fruit is beginning to attract attention.

FROM SPRING VALLEY.—H. N. Conger, one of the pioneers of the Comstock, who now resides in Spring Valley, near the base of Jeff Davis' Peak, on the west side, dropped into our sanctum last evening, and favored us with a few items of interest concerning that locality. There are about twenty farms in Spring Valley, the owners of which, like their farming neighbors in Shoshone, are putting in extensive crops. Mr. Conger informs us that there were not over four inches of snow in Spring Valley at any time during the winter, and stock continued fat during the winter months on the wild grass ranges. Mr. C. is extensively engaged in sheep raising, his animals being high-breed and wool producing and too valuable to be disposed of for slaughter. About all the agricultural lands of Spring Valley are claimed. It is about 80 miles north of Picote. The principal pursuit of the settlers is stock raising, there being all of ten thousand sheep and cattle grazing there.

GRAPE CULTURE IN SOUTHEASTERN NEVADA.—Few are aware of the adaptability of large tracts of land in Lincoln county to grape culture. The splendid valley of the Muddy, in the southeastern part of the county, presents an area of many square miles, over which vineyards can be planted, and where the grape flourishes all other species of fruit would do well. Grape culture in that section would be no experiment, the soil and climate are the same as in the neighboring valley of Santa Clara, 30 or 40 miles east of the Muddy, where the Mormons are now engaged in constructing extensive wine vaults and fruit canning establishments. Those inclined to invest in farming in this section—the surest and most profitable of all the industrial pursuits—may profit by these suggestions.

CO-OPERATION.—A meeting of the Board of Directors of the Twentieth Ward Co-operative Institution was held last night. The reports of the Superintendent of the store, secretary and the treasurer, were favorable, showing cash transactions for the past six months amounting to $16,000.

There will be a meeting of the shareholders, at the School-house, on Monday night, at half past seven o'clock.

ENTERTAINMENTS.—Four entertainments, of a miscellaneous character, have taken place since the 1st Ward School-house, admission free. The closing one of the series was given last evening, consisting of readings, music, recitations, &c., on which occasion the house was crowded.

"GUY MANNERING."—This is the opening piece on the theatrical programme for to-night, and in which the talented Miss Augusta L. Dargon, will impersonate the character of "Meg Merrilies," a role which her intense style of acting qualifies her to do eminent justice to. This character does not figure extensively throughout the play, but where she is introduced, at second or standing out in such bold individuality, and the strength, power and depth of the passions and emotions brought into play, the other characters pale before her and are almost lost sight of while she is before the audience. It is a character which will have a life like protraiture at the hands of Miss Dargon. Here is what an exchange says:

It was in the part of Meg Merrilies, on Wednesday night, that she achieved her greatest triumph, and evinced most conspicuously her remarkable talent. Everything about it was artistic in the last degree, and the death of the old Gipsey was a sublime spectacle.

The other characters of the play are in good hands.

"I've written to Brown" will finish the evenings entertainment.

BAD CONDUCT.—There is a certain line of conduct becoming prevalent among boys in some parts of this city, and which cannot be too strongly condemned, and it is to be hoped that every possible measure applicable will be tried to prevent and check it. This conduct was almost totally unknown in Utah till of late years. We allude to the writing of the most disgusting and obscene words and sentences on the walls of public buildings and other places. It is not by any means a supposable case that the majority of boys would so demean themselves as to be guilty of such an abomination, and we trust that every boy to whose attention the subject may be brought will resolve that he will reprove any action of the kind in any of his acquaintances and that he will quit associating with any boy who would countenance such conduct and not repent of it. It shows a lack of manliness and purity of character in a boy who would be so guilty.

Many of the boys have also been in the habit lately of slinging pebbles through the windows of school houses and other buildings. This is not legitimate fun, but wanton mischief.

SHARP & DUNFORD.—Mr. A. B. Dunford has gone into partnership with Dr. W. H. H. Sharp, and the firm is now known by the name of Sharp & Dunford, surgeons and mechanical dentists.

ACCIDENT.—We regret to learn that Mrs. Swan, wife of Secretary Swan, of the U. C. R. R., met with a serious accident last evening, at Wood's Cross. It appears she had crossed the track and was getting upon the platform, when she was struck and knocked down by some portion of a northern-bound freight train. Fortunately the lady did not fall upon the rails, or she might have been crushed to death. She received no further injury than resulted from the blow by which she was thrown to the ground. She was brought to town last night. The surgeon in attendance was of opinion that several of her ribs were broken.

PROSPECTUS.—We have received the prospectus of the Alta *Daily Independent*, which the publishers propose to commence printing and issuing about the fifth of April. The prospectus states that it will be in unison with its name, "strictly independent."

RECEIVED.—"Paine's Journal of Domestic Medicine," Vol. 1, No. 1. Monthly. Paine's Medical and Surgical Institute, Philadelphia.

The "Centaur Almanac" for 1873.

THE NEW ASSOCIATE JUSTICE FOR UTAH.—Of the new associate justice for Utah, the Lansing (Mich.) *Republican* says: "Hon. P. H. Emerson is now serving his second term as State Senator from Calhoun county, and is president pro tem. of the Senate. It would be hard to select from the whole State a gentleman better qualified for this position."

SICK.—We are requested to state that, in consequence of an attac of sickness, Mr. A. Thorne will be unable to appear at the Theatre to-night as "Dominie Sampson," for which he has been announced, and that Mr. John C. Graham has, on short notice, consented to assume that role. The audience will no doubt take into consideration the extremely limited time which Mr. Graham has to study the part in, and make any necessary allowance under the circumstances, although that gentleman's excellent ability will enable him to acquit himself to the general satisfaction of those who attend.

BENEFIT.—To-morrow evening Miss Dargon takes her farewell benefit, when a new piece will be produced.

WEATHER.—Between ten and eleven o'clock last night it commenced raining, continuing more or less till day light this morning. A pretty high wind also prevailed during the most of that time. There were also some loud peals of thunder this morning, and vivid flashes of lightning, besides a heavy shower of hail, which lasted about twenty minutes. There is an old weather saw to the effect that "when March comes in like a lamb it goes out like a lion."

QUAILS.—We are informed by Mr. Samuel Bringhurst, of West Jordan, that Mr. Sharp Walker, about three weeks ago, set fourteen quails, or partridges, at liberty on his place. The birds are doing nicely and are ranging on both sides of the river, and Mr. Bringhurst wishes us to warn people against killing or capturing any of them, as the object of letting them loose is that they may increase. If we recollect aright, there is a statute which makes the killing of these birds within a specified time punishable. It is to be hoped that nobody will interfere with them, but that they will be allowed to increase.

Nebraska City has commenced the operation of a steam plow factory.

SPECIAL NOTICES.

☞ JAMES WILDE, JR., & Co., Manufacturers and jobbers of men's and boys' clothing, 314 and 316 Broadway, N. Y. is acknowledged to be the leading clothing house on the continent. It is from this firm that Z. C. M. I. get their fine cloth goods, and they are also patronized by other establishments here. They manufacture their own goods, and see to it that, in all respects, whether as to style, material or workmanship, they are equal to the best custom work. They import direct their own foreign cloths, and take great pains in the selection, as regards quality and materials. They carry, at all times, a very large and complete stock of all kinds of seasonable clothing, varying in amount from $500,000 to $750,000.

The season is just commencing for the following line of goods, of which they keep an immense stock: Worsted Coatings in blue and black, diagonal, diamond and fancy wears of all kinds; English and American Fancy Coatings; English Melton suits; black and colored Chesterfield frock coats; Alpaca Coats and dusters; White Marseilles and linen duck Vests, in all styles and in endless quantities; white and cream colored linen duck suits, also in great variety and quantity.

The building occupied by the firm is 50 feet front on Broadway by 170 feet deep, with an L fronting on Pearl Street, the rear portion of the warerooms being 100 feet in depth.

Read their advertisement on third page.

☞ MESSRS. SWEET, DEMPSTER & CO., Wholesale Dealers in Hats, Caps, Furs, etc., are one of Chicago's rising establishments; and their growth is not merely a development of "good luck," but of patient industry, united with an enterprising spirit which is characteristic of Chicago business men generally, but is in no firm more conspicuously displayed than by these gentlemen in the prosecution of this business. A few years' operation has made their name familiar and extended their business to all parts of the Western States and Territories. Sweet, Dempster & Co.'s salesmen travel all through the Rocky Mountains, penetrate the most remote trading points, and wherever they go they make friends and customers.

The great fire only stopped the business of the firm for the space of two days. On the second day thereafter, the firm leased a store on West Washington Street, placed themselves in communication with their creditors and customers, and announced that they were ready for business. In resuming they were ahead of all their competitors several weeks, and met all their liabilities.

The firm have done a large business with houses in this city, especially Z. C. M. I., and have invariably given satisfaction. Their Store, 220 and 222 Madison Street, Chicago, is 50 by 198 feet, and is well adapted in every respect for the carrying on of their extensive business. See their advertisement on first page.

It is only necessary to say in recommending the above horses that they are all young, and are purely CLYDE & MORGAN THOROUGHBRED and PERCHERON stock. They expect 150 head of fine mules from the East about the 5th of April. d108 s w 1we

ORGANS

Now offered for sale, at corresponding prices, in this Territory to a trial of the following points of excellence:

Power and Quality of Tone,
Variety of Effects,
Beauty of Design,
Excellence of Workmanship,
And Durability.

We claim that the
PRINCE
is the
BEST ORGAN OFFERED TO THE PUBLIC in this market and, to convince all that we mean just what we say, we are prepared, at any time, to test our

Prince Organ against the Estey,

as follows:

$125 Prince Organ against		$125 to $145 Estey	
$150	" "	$150 to $175	"
$170	" "	$170 to $190	"
$200	" "	$200 to $250	"
$250	" "	$250 to $300	"

We propose to select our Organist; are willing to accord the same privilege to the contestant, and therefore shall not object to any Organist in America performing on the Estey, not excepting Mr. Estey himself.

Judges, selected in equal numbers by ourselves and the contestant, and an Umpire to be agreed upon by both parties shall decide upon the merits of the Organs.

We would suggest the Music Hall, 14th Ward, as a central, convenient place in which to have the Organs tested.

THIS IS THE
MEDICINE OF NATURE.
HE WHO CURES IS THE BEST PHYSICIAN.
PLANT'S
HERBAL MEDICINE STORES,
10th Ward—E. L. PLANT.

Composition Essence.

"Composition" is extensively used and much valued in Colds, Influenza, Pains in the Stomach and Bowels, Bowel Complaints, Cold Sweats, &c. As a general remedy it is a sure preventive of Colds, if taken freely, and the best substitute for all stimulants used by parties exposed to cold weather. By many it is used as a substitute for tea and coffee, and instead of brandy or such liquors, after dinner or supper, who find it much better than those stimulants, and without any of the bad effects intoxication drinks produce.

The "Essence" makes a much more agreeable tea than the "Powder"—agrees better with the stomach, does not require boiling water, is made ready at once, and will keep any length of time. Families will do well to keep so useful a remedy by them for a time of need. Prepared and sold only by E. L. PLANT.

Pulmonary Lozenges.

Nothing that has yet been discovered can be compared with these Lozenges in their beneficial action upon all diseases of the respiratory organs. In short, they may be administered with the most perfect safety to the youngest children, yet sufficiently strong to arrest the progress of many of the most dangerous pulmonary complaints, whether coughs, colds, hoarseness, bronchitis, pleurisy, asthma, difficulty of breathing, and Consumption in its first stages, of which over 60,000 die annually in England.—10, 25 and 50 cts. per package.

Plant's Waterdock and Billious Pills.

As a remedy for loss of appetite, flatulency, sick headache, giddiness, sour eructations, costiveness, impurity of the blood, jaundice, scurvy, scrofula, erysipelas,
